IN THIS COMPLEX WORLD,

IT IS OFTEN THE SIMPLE

LUXURIES WE CHERISH MOST.

*Indulgences*  
WE COME TO APPRECIATE

*Genitrix 600*  
THOSE THINGS THAT ARE...

IT IS THIS THINKING THAT INSPIRED US

TO CREATE PARK AVENUE BY BUICK...

AN AUTOMOBILE DESIGNED TO

STRIKE A PERFECT BALANCE

BETWEEN STYLE AND SUBSTANCE,

TO OFFER ENDURING QUALITY

AND... *Luxury,*

*pure and simple.*

*Park Avenue Ultra interior in Taupe with leather trim, shown with optional equipment.*

FROM ITS STANDARD 10-way power front seats

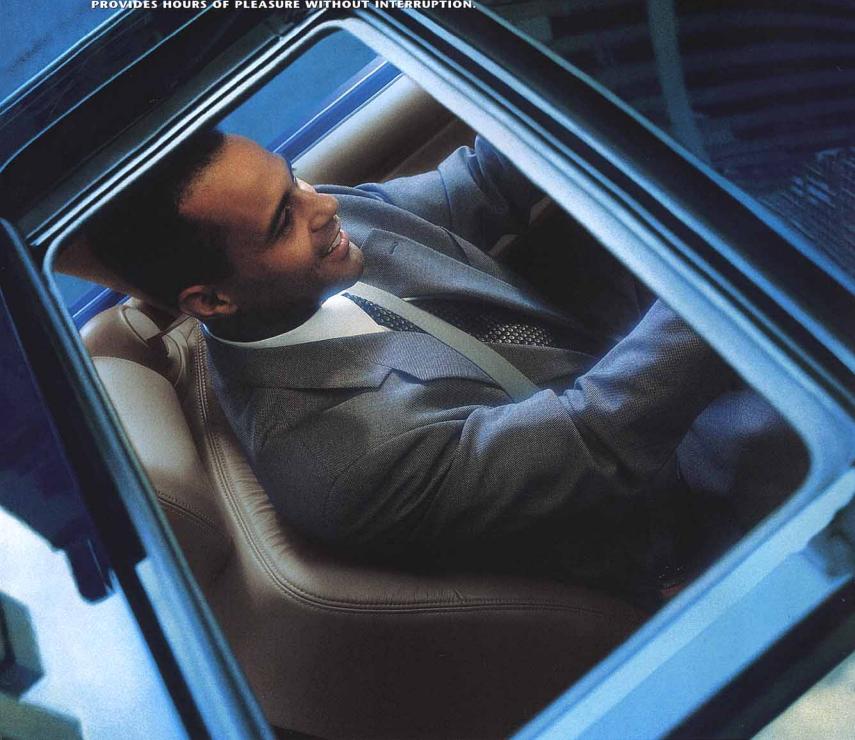

TO ITS OPTIONAL power sunroof, PARK AVENUE

OFFERS AN ABUNDANCE OF FEATURES THAT BLEND

ELEGANCE WITH THOUGHTFULNESS. ULTRA'S OPTIONAL

12-disc CD changer, FOR EXAMPLE,

PROVIDES HOURS OF PLEASURE WITHOUT INTERRUPTION.

# Confident...

IN VIRTUALLY ANY SITUATION

FIRST CAME ANTI-LOCK BRAKES, THEN TRACTION CONTROL.

NOW, WITH THE *StabiliTrak*<sup>®</sup> SYSTEM.\*

PARK AVENUE TAKES DRIVER CONTROL TO THE NEXT LEVEL.

WHEN TURNING ON SLIPPERY SURFACES OR IN

EMERGENCY SITUATIONS — SUCH AS AN UNEXPECTED

OBSTACLE IN THE ROAD OR EVEN A SUDDEN STRONG

GUST OF WIND — *StabiliTrak* IMMEDIATELY

REACTS TO ACTIVELY HELP KEEP YOU ON YOUR

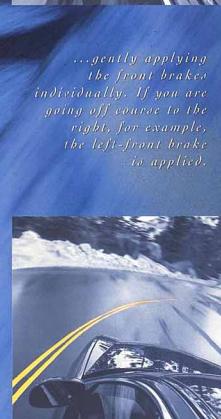

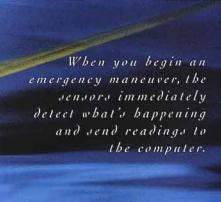

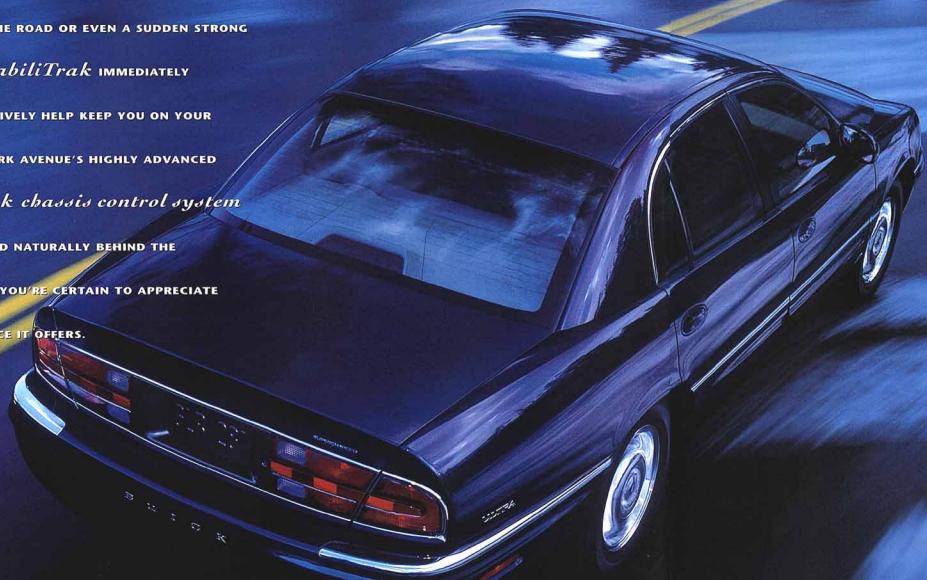

INTENDED COURSE. PARK AVENUE'S HIGHLY ADVANCED

*StabiliTrak chassis control system*

WORKS SMOOTHLY AND NATURALLY BEHIND THE

SCENES — AND YOU'RE CERTAIN TO APPRECIATE

THE ADDED CONFIDENCE IT OFFERS.

*StabiliTrak's*  
sensors — located  
strategically throughout  
your Park Avenue —  
are constantly at work,  
monitoring your  
vehicle's stability.

*When you begin an  
emergency maneuver, the  
sensors immediately  
detect what's happening  
and send readings to  
the computer.*

*StabiliTrak uses the  
brakes to enhance your  
control of the vehicle's  
direction and help  
keep you on course.*

*Reserved...*

BUT HIGHLY AUTHORITATIVE

IN PARK AVENUE, YOU EXPERIENCE A REMARKABLY

*quiet interior environment,*

A NOTABLY SMOOTH AND GRACEFUL RIDE AND FLUID,

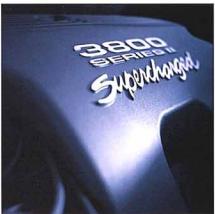

NEARLY effortless handling. YET

EVEN WITH ITS RESERVED DEMEANOR, PARK AVENUE

DISPLAYS QUIET BUT *unwavering power* —

RESPONDING READILY TO YOUR EVERY COMMAND.

Park Avenue's refined 5800 Series II V6 provides 265 horsepower, while the supercharged version (standard on Ultra) delivers an impressive 240. Both offer ample power on command.

*The inviting quietness is the result of many elements, including triple door seals, flush-mounted door handles, an abundance of sound-deadening materials and a very rigid body structure.*

*Park Avenue's rigid unitized body structure also contributes to a reassuring sense of solidity, stability and predictable, surefooted control.*

IT IS IMMENSELY SATISFYING  
WHEN EVERYTHING YOU NEED AND  
*everything you want...*

...COME HARMONIOUSLY TOGETHER.

*Park Avenue in Medium Red Pearl, shown with optional equipment.*

*Full-range traction control ingeniously detects drive-wheel slippage at any speed and automatically reduces torque and modulates the brakes until you regain a better grip on the road!*

*In addition to front air bags, Park Avenue also includes dual front side air bags for added safety! And please, always use your safety belts.*

*The tire inflation monitoring system automatically alerts you when one of the tires contains less air pressure than the other three!*

**FROM ITS STRONG STEEL SAFETY CAGE TO ITS SIDE DOOR**

**BEAMS, PARK AVENUE IS ENGINEERED TO PROVIDE**

**YOU WITH A SENSE OF SECURITY AND CONFIDENCE.**

**ANY DRIVING SITUATION.**

*Reassuring...*  
WHEN CIRCUMSTANCES THREATEN

<sup>1</sup>Standard on Ultra, optional on Park Avenue.

<sup>2</sup>Always wear safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Front side air bags help reduce the risk of certain injuries to front seat occupants in side impacts. See the Owner's Manual for more safety information.

# Accommodating...

WELL BEYOND THE EXPECTED

THOUGHTFUL, CONVENIENT FEATURES ARE A HALLMARK

OF PARK AVENUE'S DESIGN. THE OPTIONAL

*EyeCue*<sup>®</sup> Head-up Windshield Display,

FOR EXAMPLE, PROVIDES A RANGE OF KEY

INFORMATION WHILE YOU KEEP YOUR EYES ON THE ROAD.

THE ELECTROCHROMIC INSIDE REARVIEW MIRROR

HELPS REDUCE GLARE BEHIND YOU.\* A rear-seat

pass-through, REMOTE TRUNK RELEASE

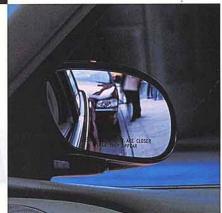

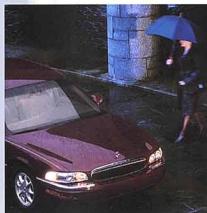

AND AN AIR FILTRATION SYSTEM

ARE ALL STANDARD.

When set at the Delay position, the rain-sensing wipers activate automatically as moisture hits the windshield — and they increase their speed as the amount of moisture increases.\*

When you use the remote keyless entry to open the doors, the perimeter lighting system is activated, illuminating Park Avenue's exterior and interior lights simultaneously.

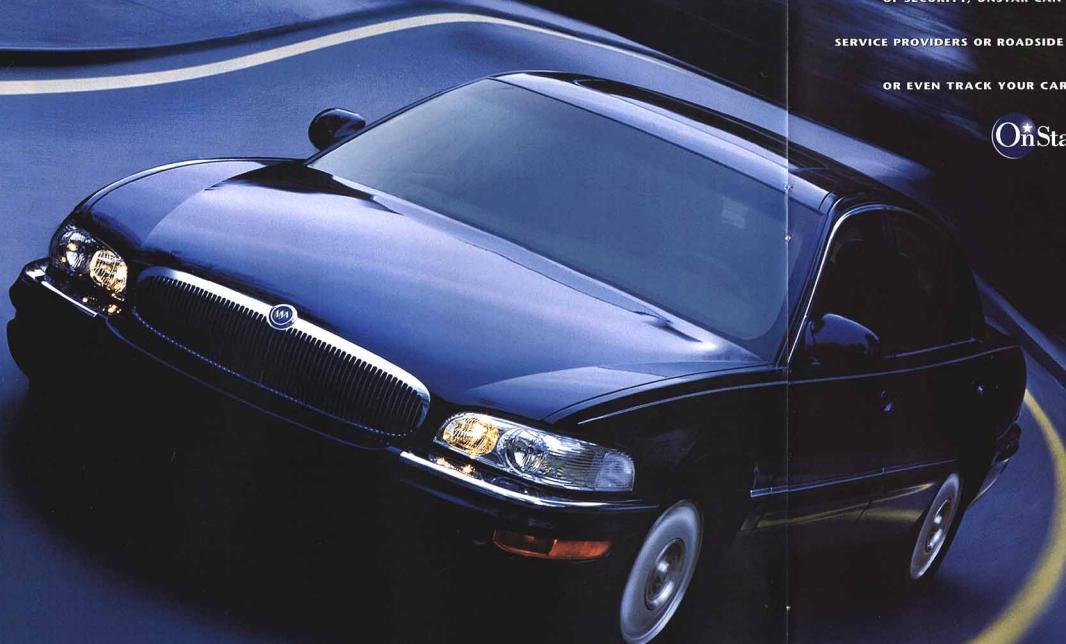

When in reverse, the parallel park assist can be programmed to automatically adjust the outside passenger mirror to provide the driver with a clear view of the curb area.\*

\*Standard on Ultra, optional on Park Avenue.

**A word about this catalog** We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Some information may have been updated since the time of printing, so please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

**Child safety** Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle's Owner's Manual and child safety seat instructions for more safety information.

**Engines** Buicks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

**Assembly** Buicks and their components are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buicks with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**Updated service information** Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. You can receive these bulletins too. Ask your dealer or, for ordering information, call 1-800-551-4125.

**Warranty** The GM 3-year/36,000-mile New Vehicle Limited Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (including tires) will be covered for 3 years or 36,000 miles, whichever comes first. (Excludes normal maintenance.) See your Buick dealer for terms of this limited warranty.

**The GM Card®** For information or to apply for The GM MasterCard® call 1-800-8GM-CARD.

**SmartLease® by GMAC®** For information about SmartLease or any of the other quality GMAC financing options, see your Buick dealer or call 1-800-32-SMART.

**GM Mobility Program™** Buick recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility adaptive equipment for drivers or passengers. For details and free resource information, call 1-800-525-9955 (TTY users) 1-800-853-9955.
