

# 2000 LeSabre

Over the years, LeSabre has helped define the  
full-size family sedan — offering generous room, true comfort and  
a reassuring sense of security and peace of mind.

The totally new 2000 LeSabre, available spring 1999, is designed

## *The Next Generation of a Family Favorite*

not just to continue that tradition, but to enhance it.

This is the smoothest, most comfortable LeSabre ever — with more

safety features, more usable space, more luxury

features and a quiet, confident feeling of driver control.

*LeSabre Limited Sedan in Light Bronzemist Metallic, shown with optional Gran Touring Suspension Package.*

# Control

When you feel confident, you feel in control. With its excellent handling and stability, the 2000 LeSabre is designed to inspire a sense of confidence. The rigid body structure helps make this LeSabre exceptionally quiet, and a longer wheelbase and wider track make it the smoothest riding LeSabre ever. The refined 3800 Series II V6 engine and optional full-range traction control add even more assurance.

LeSabre's innovative Catcher's Mitt® seats are engineered to help hold you in place. In a low-speed rear-impact collision, these high-retention front seats<sup>1</sup> are designed to absorb energy and pocket the occupant's pelvis and lower back, while the self-aligning head restraints rotate forward — to help reduce the head motion that may cause neck injury.

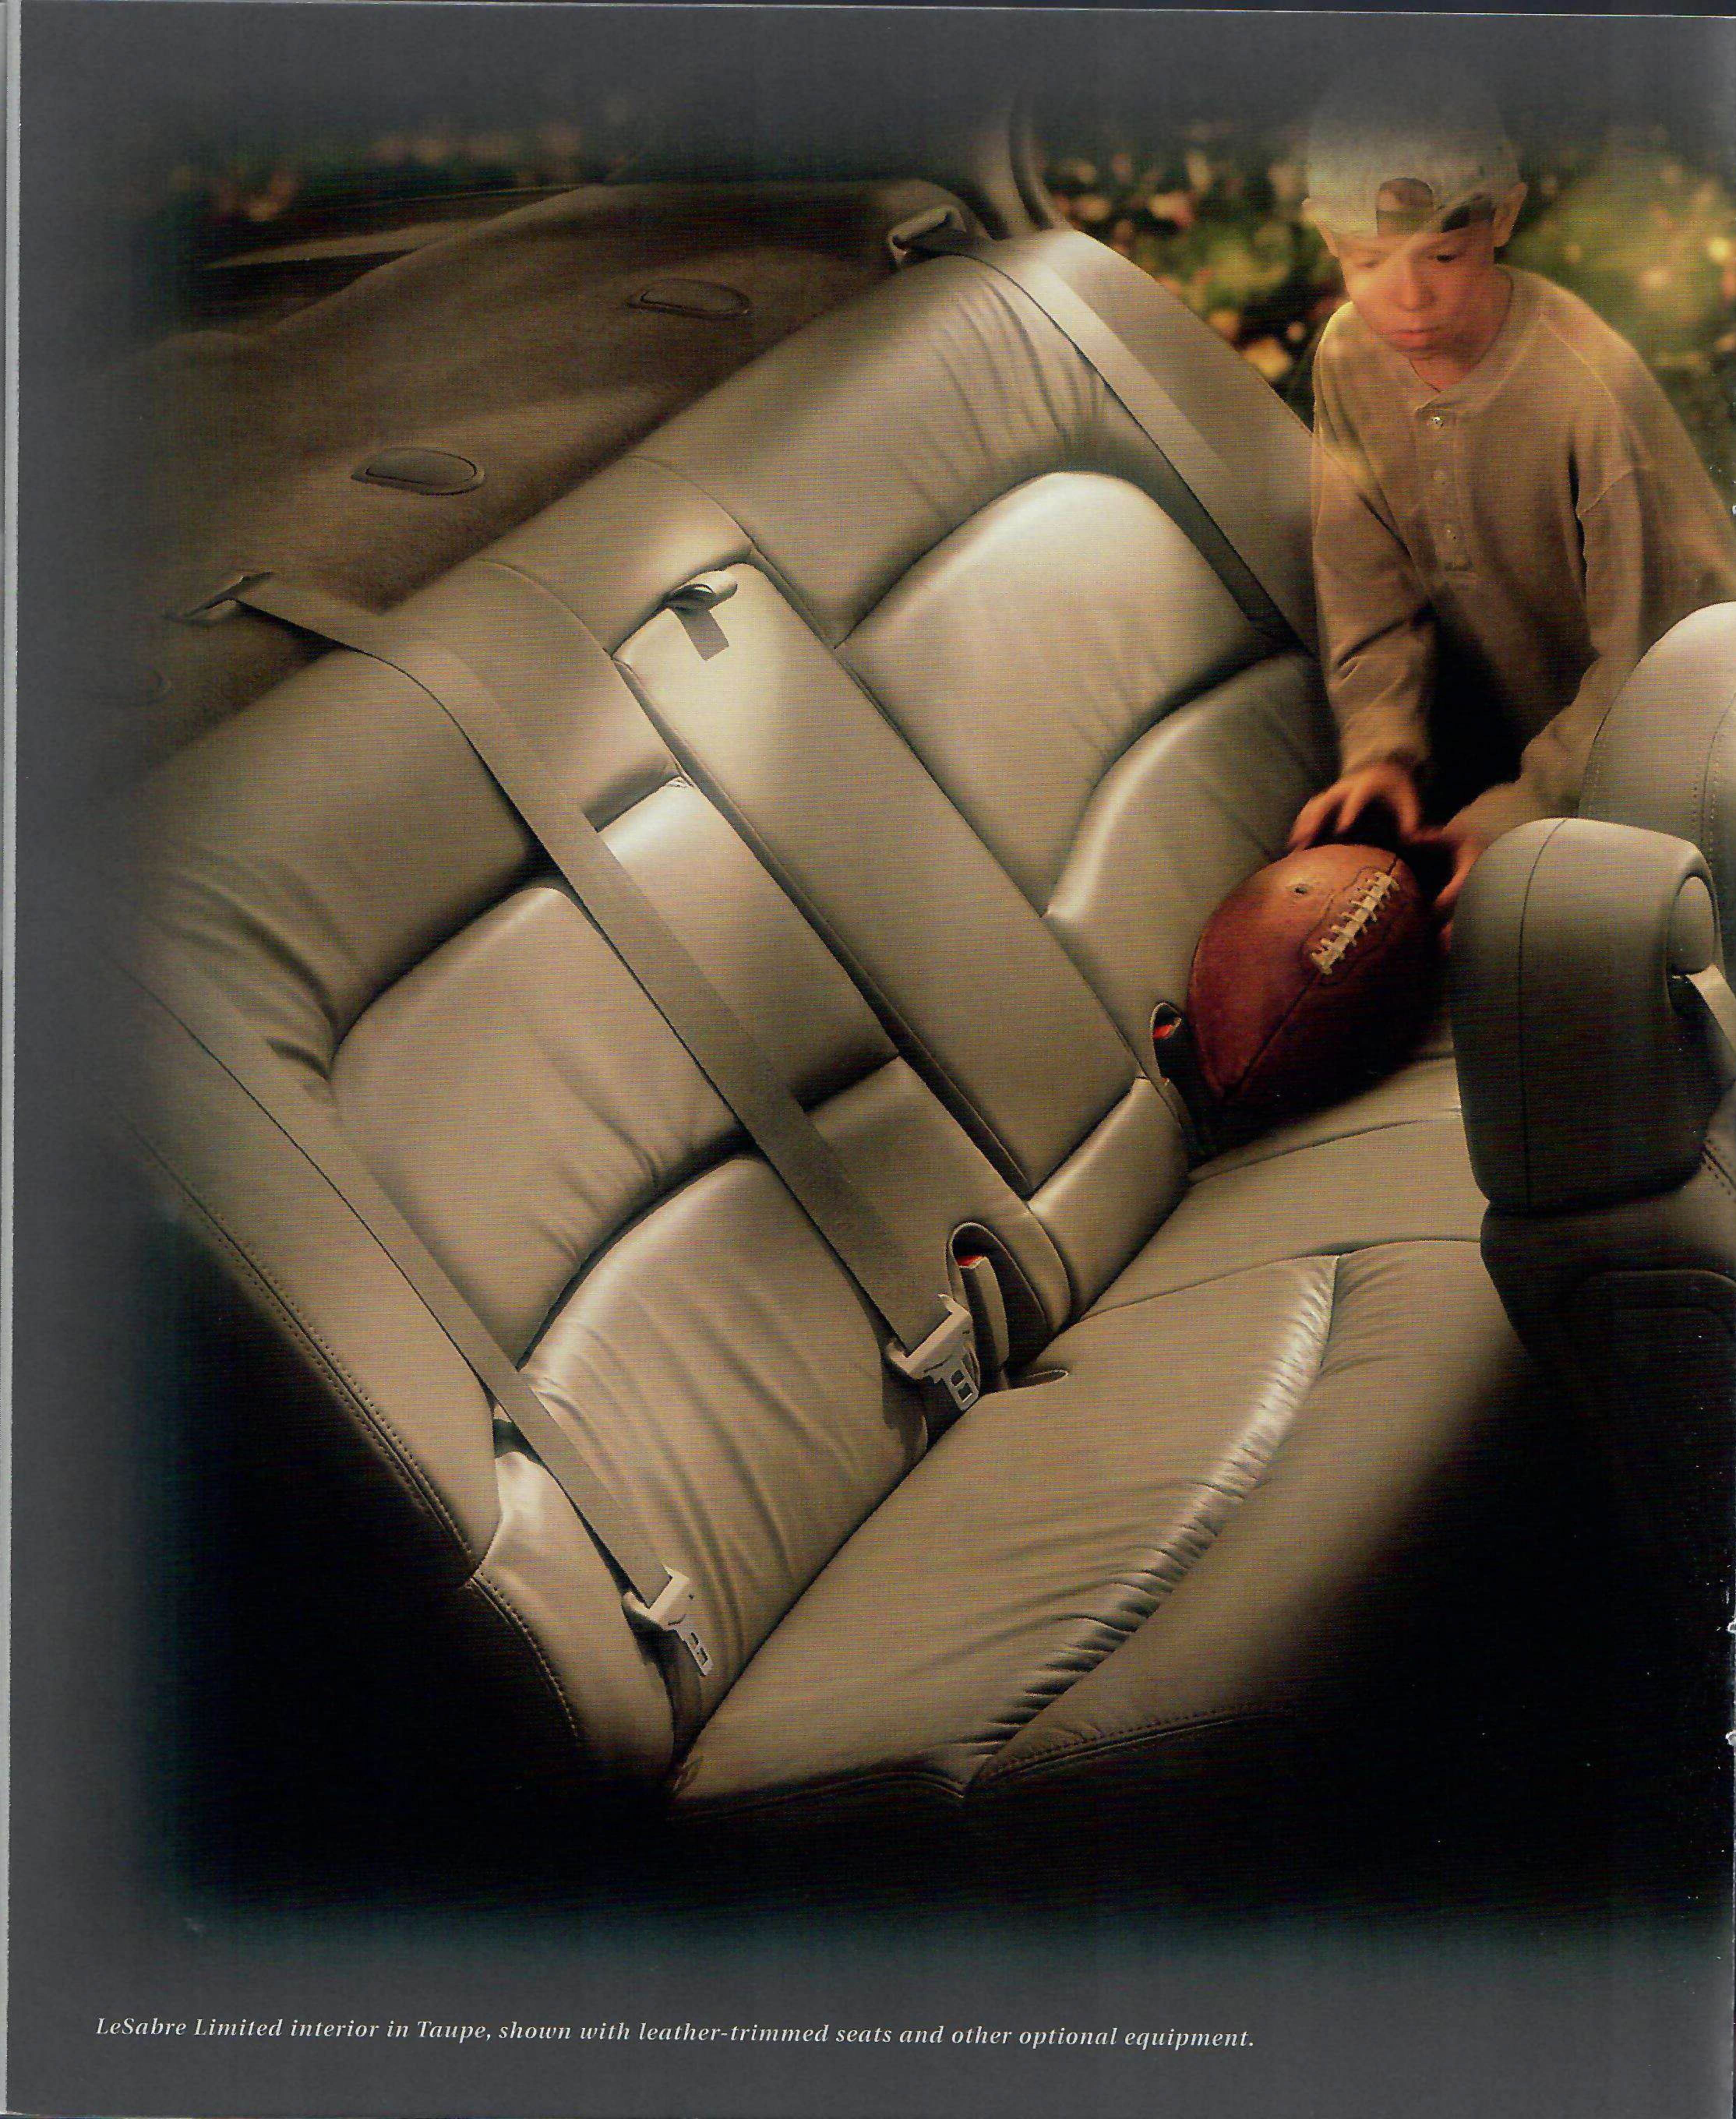

Dual front and side air bags<sup>2</sup> and four-wheel disc ABS are also standard.

<sup>1</sup>Front outboard seats only. <sup>2</sup>Always use safety belts and proper child restraints, even with air bags. See Owner's Manual for more safety information. Also see full brochure for additional information.

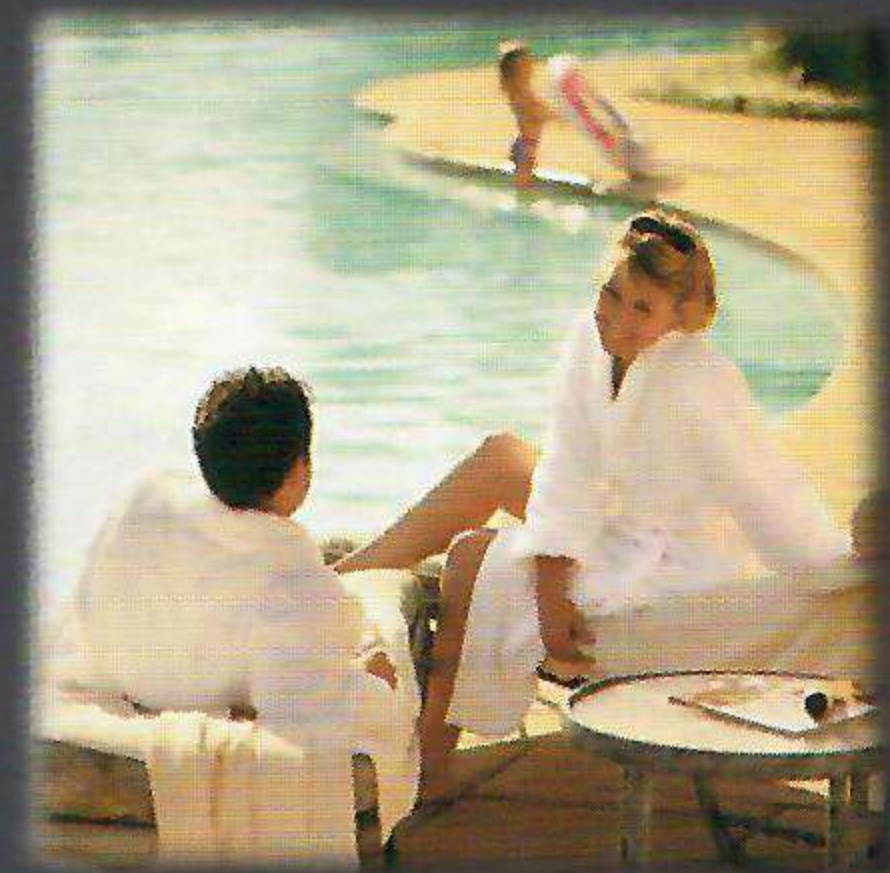

# Safety

*LeSabre Limited interior in Taupe, shown with leather-trimmed seats and other optional equipment.*

True luxury is something useful that puts your mind at ease.

The 2000 LeSabre offers an abundance of functional luxury features. The optional power sliding Astrorooftop, for example, includes a tilt feature and a retractable sunshade. The optional rain-sensing wipers activate automatically as moisture hits the windshield. And the wide range of audio systems includes the optional Concert Sound II and a trunk-mounted 12-disc CD changer.

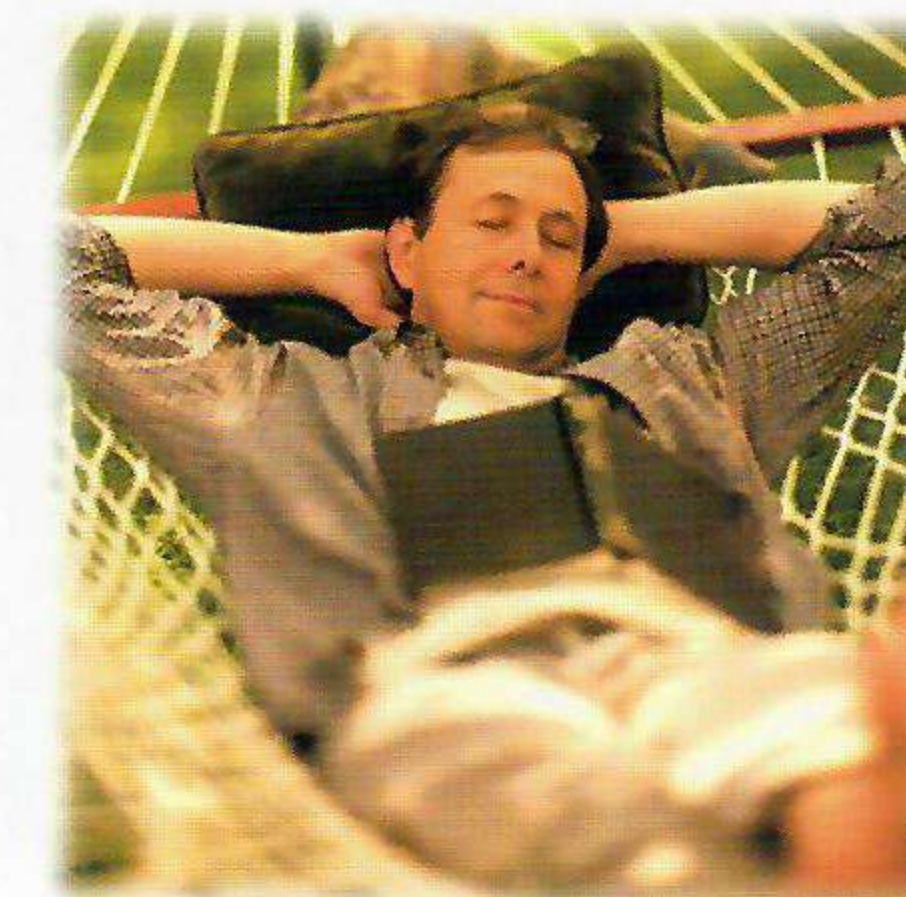

*Luxury*

*Comfort*

The 2000 LeSabre is designed to make you feel thoroughly comfortable.

It has genuine room for six passengers with two more inches of hip room front and rear than the 1999 model. The optional 10-way power seats\* have been redesigned for solid support and real accommodation. And there are 10 different storage areas throughout the interior. LeSabre is renowned for comfort, and this is the most comfortable LeSabre ever.

\*Standard on Limited.
