LeSABRE

It is easy to look at the LeSabre and regard it as just another family car. In reality, nothing could be further from the truth. For LeSabre demonstrates how luxurious and comfortable a traditional family car can be.

Look, for example, at what LeSabre offers. It's a full-size, very roomy, six-passenger car. It has a trunk big enough to swallow at least half-a-dozen good-size pieces of luggage, and still have room for odd-shaped sundries. That's the kind of room a lot of people want, most likely, you do too.

What LeSabre offers above and beyond size and roominess is the one feature many find important: the quality Buick ride. In fact, it's the very reason a great many people bought LeSabres in the first place. You will find this high comfort level and hushed quiet in every LeSabre.

There are LeSabre Custom Coupes and Sedans, and there are LeSabre Limited Coupes and Sedans. The LeSabre Custom offers, standard, what lesser cars charge extra for: while the LeSabre Limited is the most luxurious LeSabre made. Many items that are extra-cost on other cars are standard on LeSabre Limited. In fact, when you look these Limiteds over, you may well conclude that these cars are in a class by themselves.

Consider, for a moment, the more practical aspects of LeSabre. You certainly want a powerplant that is smooth and efficient. LeSabre's standard 3.8 litre V-6 measures up.

You may want more reserve power. In this case, we offer an available 5.0 litre V-8. And for most impressive fuel economy, consider a LeSabre with the 5.7 litre diesel V-8.

The 5.0 litre V-8 engine, when specified, comes with an automatic transmission with overdrive. All other engines come with a regular automatic transmission, standard.

A Delco Freedom II Plus battery concentrates extra cranking power in a more compact case for gasoline engines.

There are 11 new exterior colours among the 12 choices available, plus a choice of Designers' Accent paint treatments, vinyl tops, and trailer towing equipment, among many other things offered.

LeSabre. Practical? Of course. Luxurious? Naturally; it's a Buick. But ordinary? Never.

LeSabre Custom Coupe

A long time ago, the Buick LeSabre Estate Wagon changed a lot of people's ideas about what a station wagon should be: a sturdy cargo hauler combined with outstanding passenger car luxury. The 1983 LeSabre Estate Wagon, we can happily report, continues this tradition.

Outside, it's LeSabre styling at its best. Inside, it treats you to a choice of standard all-cloth or all-vinyl interiors with a notchback front seat. Or, you can have a cloth front, vinyl rear seat combination. The practical side of LeSabre is its 87.9 cubic feet (2488 litres) of

LeSabre Limited Sedan

space with the second seat folded down. LeSabre has a power tailgate window for more convenience; a two-way tailgate for easy loading; and a "tailgate ajar" indicator, all standard.

You'll find air conditioning, Soft-Ray tinted glass, and extensive acoustic insulation standard.

The LeSabre's standard powerteam is the 5.0 litre V-8 with the automatic transmission with overdrive or you can order an available 5.7 litre diesel V-8.

The 1983 LeSabre Estate Wagon. It changed people's ideas about station wagons years ago. The Buick way.

LeSabre Estate Wagon

LeSabre seating may surprise you with its luxury look and feel. For example, the LeSabre Custom's standard notchback front seat is covered with a rich velour. LeSabre Limited seats with a comfortable plush pillow design and knit fabric are a 55/45 concept which permits individual seat adjustment. Of course, you can order available 6-way power seats for driver and passenger for even more convenience. Available electric seatback recliners offer special comfort.

The interiors have generous portions of cloth and carpet for a most luxurious feeling. And in all LeSabres, the seat belt and ignition key buzzer has been replaced by a pleasing electronic tone. LeSabre Limiteds feature, standard, a chime to remind you if you inadvertently leave your headlamps on.

All of the interior comforts and luxuries that you'd expect in a LeSabre are there: a generous group of courtesy lights; multi-function control lever for turn signal, headlamp high/low beam, and windshield wiper/washer; front seat armrests, and more.

LeSabre's interiors offer further proof that LeSabre is, in fact, the certifiable "best buy" in many observers' minds.

A word about assembly, components, and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment.

Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.
