

CHEVY TRUCKS

# 1999 BLAZER

**Blazer Goes To The Ends Of The Earth  
To Bring You Driving Security.**

We drove the 1999 Chevy Blazer here to show how far it

will go to bring you driving control and security.

Blazer gives you confidence, security and peace of

mind — come rain, sleet, thunderstorms ... whatever.

For 1999, Blazer gives you even more driving confidence.

When the new Autotrac system is engaged on select Blazer 4x4

models, power is automatically transferred between the

front and rear wheels whenever rear-wheel slippage is detected.

And wherever you go, you can count on Blazer because it's a

Chevy Truck, the most dependable, longest-lasting trucks on

the road.\* When it comes to driving security,

remember — as the picture shows — Chevy Blazer has been there.

\*Dependability based on longevity: 1981-1997 full-line light-duty truck company registrations.

Excludes other GM divisions.

## The Outdoors Is Full Of Reasons To Own One.

If you seek adventure, Chevy Blazer LT 4x4 is just the sport utility to take you there. Bring on those rugged trails and sharp inclines. This ground-grabbing Blazer gives you the confidence to handle them. An exact balance of ride and handling is attained by premium suspension components. You'll appreciate how Blazer gives you a high ground clearance for managing rock-strewn terrain. And for great styling, LT models come with a color-keyed grille, aluminum wheels and body striping. Chevy Blazer LT 4x4. It's every reason you need for your adventure into new territory.

4-Door Blazer LT 4x4 shown  
in Light Pewter Metallic.

A photograph showing the rear passenger area of a vehicle. The seats are upholstered in beige leather with a quilted pattern. The interior door panel and side trim are also in matching beige leather. A window looks out onto a beach scene with waves and grass. A vertical crease or fold line runs down the center of the image.

Luxuriously Appointed.

4-Door Blazer LT interior with Custom  
Leather seating surfaces. Shown in Beige.

## Luxuriously Accommodating.

The great outdoors? Blazer LT reminds you how great it is to be inside, too. Its refined interior is filled with features that soothe you, while accentuating your individual lifestyle. There's plenty of room to stretch out and relax inside Blazer LT. Features such as front high-back reclining bucket seats with Custom Leather seating surfaces, an eight-way power driver seat and an electronic climate control are designed for optimum comfort. Rear 60/40 split-folding bench seats with Custom Leather seating surfaces let you bring along your outdoor gear — without giving up all your rear seating space. And there's plenty of convenient storage space for those odds and ends. In Blazer LT, luxury *is* accommodating.

### Electric Sunroof Option.

Just push a button and enjoy the sun, moon and fresh air. A tilt-and-slide design includes a wind deflector, sunshade and express-opening feature.

### Heated Front Bucket Seats.

For greater cold-weather comfort, choose the available heated driver and front-passenger bucket seats with two heat-level settings.

### Deluxe Overhead Console.

The optional deluxe overhead console features an eight-point electronic compass, outside temperature display, dual reading lamps, HomeLink transmitter and trip computer. The deluxe overhead console is included with LT trim.

## Your Center Of Control.

Control and confidence. You get both behind the wheel of Chevy Blazer. It's the result of an intelligent design combined with a long list of driver-focused features. A high seating position in Blazer gives you a commanding view of the road. The instrument panel features analog gauges that are always easy to read, no matter what time of day (or night) it is. All major controls, including the new available redundant steering wheel radio controls, are within fingertip reach, too. Being firmly in control. It's one of the most appealing aspects of driving Blazer.

### New Autotrac 4x4 System.

When Blazer is equipped with Autotrac and AUTO 4WD is selected, power is automatically transferred between the front and rear wheels whenever rear-wheel slippage is detected.

Blazer instrument panel shown with LT trim, with standard electronic automatic climate control and additional options.

### Bose Six-Speaker Sound System With Cassette Or CD Player.

Enjoy concert hall sound reproduction with this new available GM-exclusive Delco Bose system.

### Multiple CD Changer.

Mounted conveniently in the center console, this available new multiple CD changer holds up to six discs, and features multi-disc random play. Offered with most Blazer sound systems.

### HomeLink Transmitter.

This standard LT feature lets you program up to three home functions (garage door, lighting system, etc.) into a permanently mounted console transmitter. Just imagine: there's no more fumbling with batteries and remote controls.

### Remote Keyless Entry.

This feature, standard on LT, lets you lock or unlock doors and rear liftglass or liftgate from up to 30 feet away with the touch of a button.

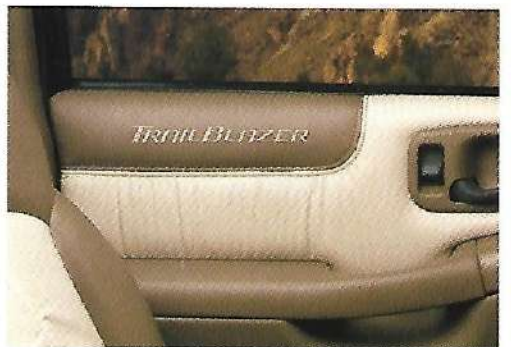

## Blaze Your Own Trail.

In a world of look-alike sport utility vehicles, the new TrailBlazer, scheduled for availability late fall 1998, has a passion for exploration and individual style. On the road, a Z85 Touring Suspension Package provides a taut ride without the harshness typically associated with traditional sport-tuned suspensions. With its new monochromatic exterior, TrailBlazer stands out no matter where you take it. Inside, you'll find enhancements above and beyond Chevy Blazer LT. Like Two-Tone Beige Custom Leather seating surfaces featuring the TrailBlazer logo, a leather-trimmed steering wheel and shift knob, as well as distinctive floor mats. For some people, the only way to go from point A to point B is with style and imagination. Make a personal statement ... with Chevy TrailBlazer.

### Leather-Wrapped Steering Wheel And Shift Knob.

For added comfort, TrailBlazer features a standard leather-wrapped steering wheel and floor-mounted leather-wrapped shift knob.

### Distinctive Styling.

The head restraints in TrailBlazer include an embroidered logo while door trim panels feature the TrailBlazer name. These and other styling touches give the TrailBlazer interior a highly distinctive look.

**For All The Times  
In Your Life.**

An afternoon with the family. Helping friends move into their new home. A special evening on the town. Your life takes you in many different directions. Enter Blazer LS. We designed it to be highly versatile because you carry both people and cargo. When the standard 60/40 split rear seat is folded down, you have up to 74.1 cu. ft. of cargo room in 4-Door models. That's big enough to hold a large object like a washing machine box. Blazer LS is full of convenience features, too, such as power windows and door locks, a rear liftgate/liftglass and a Custom overhead console that includes an electronic compass and outside temperature display. For all the times in your life, Blazer LS is there.

**Scotchgard™ Protection.**  
The fabric and carpet in Blazer features factory-applied Scotchgard™ protection. It allows these surfaces to repel most liquids, stains and dirt, while making them easy to clean.

**Split-Bench Front Seats.**  
Available 60/40 split-bench Custom Cloth seats on 4-Door Blazer LS and Base include an armrest, storage compartment and dual cup holders.

4-Door Blazer LS 2WD in Dark Copper Metallic

#### **Center Armrest.**

Included with the split-bench front seat, this center armrest includes convenient storage space for CDs, coins and other items. Two cup holders are included.

#### **Blazer LS Versatility.**

There's lots of room inside Blazer LS. That means there's room for everyone to tag along for those Saturday afternoons of errand-running.

## For Your Rugged Adventure.

The order of the day is off-road adventure.

A rip-snorting, mule-kicking Blazer ZR2

4x4 is just the machine to help you do it.

It's loaded with specially engineered components designed to put plenty of distance between you and civilization.

The distinctive ZR2 Wide-Stance Sport

Performance Package on 2-Door Blazer

LS 4x4 includes a reinforced, wide-stance

chassis with numerous upgrades, 31" x

10.5" 75/R-15 on-road/off-road tires,

46mm Bilstein pressurized shock absorbers,

Underbody Shield Package and more.

Factor in the remarkable driving control of

Blazer, and you're ready to tame those

heart-quickenng switchbacks. Rough

terrain has finally met its match.

2-Door Blazer ZR2 4x4 in Victory Red.

## There's Nothing Like Strong Performance.

When it comes to trailering, you need  
a vehicle you can count on. Let Blazer

— with its standard Vortec 4300 V6

FI engine and four-speed electronic

automatic overdrive transmission —

take a load off your mind. Properly

equipped, 2WD Blazer can tow up to

5,500 lbs. That's enough to take the

terrain vehicles with you on your

getaway. Trailering-related standard

equipment on Blazer includes an

integral step bumper with provisions

for a trailer ball, an eight-lead wiring

harness, engine oil cooler, transmission

oil cooler (except 2-Door with optional

manual transmission), power brakes

and a 100-amp alternator. Towing

strength. It's one of the many strong

points of Chevy Blazer.

2-Door Blazer LS 4x4 shown

with optional Two-Tone paint

in Meadow Green Metallic

and Sunset Gold Metallic.

Shown with additional options.

### TRAILERING BASICS

Towing a trailer involves all major vehicle systems of your Chevy truck, including powertrain, steering, suspension and brake systems. Easy and safe trailering requires a properly equipped vehicle, additional trailering equipment and an appropriate trailer. It also requires loading both the vehicle and trailer properly, using safe driving techniques, meeting regional legal requirements and following break-in and maintenance schedules. You are responsible for being sure you have the appropriate equipment and hitch for your specific trailering situation. If you plan to tow a trailer, consult your owner's manual and speak to a trailering expert at your Chevrolet dealership or visit our web site at [www.chevrolet.com](http://www.chevrolet.com).

The following chart will assist in determining how to best equip your Chevy truck for trailering. To help you understand the chart, consider these trailering factors:

**Torque:** Indicates the strength of the engine. Low-end torque reflects how much force is generated to get your vehicle moving.

**Horsepower:** Indicates how much work the engine does at a certain engine speed. At mid- to high-engine rpm, it's what keeps you moving at highway speeds.

**Axle Ratio:** Along with your vehicle's transmission gears, a higher rear axle ratio contributes to how much available torque and horsepower (mechanical leverage) can be applied to the drive wheels for launch and uphill performance. Higher rear axle ratios, however, sacrifice fuel economy when not trailering.

**Ball Hitch Trailering:** There are two types of ball hitches. A weight-carrying hitch consists of a ball and coupler with no means to distribute the hitch weight. It is used primarily for lightweight trailers. Heavier trailers, however, require a weight-distributing hitch which uses spring bars to transfer some of the hitch weight forward onto the tow vehicle's front axle and rearward onto the trailer's axle(s).

### GCWR:

The Gross Combination Weight Rating is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversion. A properly equipped tow vehicle and trailer at the maximum GCWR should be able to accelerate and merge with traffic, climb typical interstate grades at highway speeds, handle the combination on most road surfaces and stop adequately within a reasonable distance. The GCWR for your vehicle should not be exceeded.

**A Note About Trailer Ratings:** There is no industry standard for trailer weight ratings. Definitions vary by manufacturer. Chevrolet includes the weight of the most popular options as well as a driver and one passenger and required trailering equipment to ensure that trailering ratings are realistic. When comparing trailering ratings, please note that the competitor ratings may not consider the weight of optional equipment or the additional passenger, so comparisons may not be equivalent.

### TRAILERING CAUTIONS

**NOTE:** Please read this Trailering Caution safety information before trailering with your new vehicle.

**NOTE:** The safety steps described here are by no means the only precautions to be taken when trailering. See the owner's manual for the Chevy truck of your choice for additional guidelines and trailering tips.

■ If you don't use the correct equipment and drive properly, you can lose control of your vehicle when you pull a trailer. For example, if the trailer is too heavy, your vehicle brakes may be less effective. You and your passengers could be seriously injured. Pull a trailer only after taking the following steps:

### TRAILER BRAKES

If your trailer weighs more than 1,000 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is installed, adjusted and maintained properly.

■ Don't tap into your vehicle's brake system if the trailer's brake system will use more than 0.02 cu. in. of fluid from your vehicle's master cylinder. If it does, neither braking system will work well. You could even lose your vehicle brakes.

■ The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out thus far, then have a qualified individual make the brake fluid tap at the port on the master cylinder that sends fluid to the rear brakes. Don't use copper tubing because it will bend and ultimately break. Use only steel brake tubing.

### HITCHES

It's important to have the correct hitch equipment. Crosswinds, large trucks going by and rough roads are just a few of the reasons why you'll need the right hitch. Here are some rules to follow:

■ If you'll be towing a trailer that, when loaded, will weigh more than 3,500 lbs., be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size. The equipment is very important for proper vehicle loading and good handling when you're driving.

■ If you have to make any holes in the body of your vehicle to install a trailer hitch, be sure to seal the holes if you ever remove the hitch. If they're not sealed, dirt, water and deadly carbon monoxide from the exhaust can get into your vehicle.

### Rear Step-Bumper With Trailer Hitch.

Blazer has an integral rear step-bumper that includes provisions for a trailer ball and tongue weight capacity of up to 350 lbs. and a weight-carrying hitch limit of 3,500 lbs.

### BLAZER TRAILERING DATA

**NOTE:** Your vehicle may require additional special equipment to tow the maximum trailer weights listed here. The weight-carrying hitch limit for Blazer is 3,500 lb. trailer with 350 lb. tongue weight. Weight-distributing hitch and sway control required over 3,500 lb. trailer weight.

#### 2WD

ENGINE	TRANSMISSION	AXLE RATIO	MAX. TRAILER WEIGHT (LBS.) <sup>1</sup>	MAX. GCWR (LBS.)
Vortec 4300 V6	Automatic	3.08	4500	8500
		3.42	5500	9500
	Manual <sup>2</sup>	3.42	4000	8000

#### 4x4

ENGINE	TRANSMISSION	AXLE RATIO	MAX. TRAILER	MAX. GCWR (LBS.) LOAD (LBS.)
Vortec 4300 V6	Automatic	3.08	4000	8500
		3.42	5000	9500
		3.73	5000	9500
	Manual <sup>2</sup>	3.42	3500	8000
		3.73	4000	8500
		3.73	4000	8500

<sup>1</sup> Trailer ratings are calculated assuming the driver and one passenger are in the tow vehicle with all required towing equipment. Additional optional equipment, passengers or cargo may reduce trailer rating though ratings are calculated assuming most available optional equipment is ordered. <sup>2</sup> Available only on 2-Door Blazer models.

**NOTE:** Trailer tongue weight should be 10 to 15 percent of total loaded trailer weight (up to 750 lbs.). Addition of trailer tongue weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver-side front door or door frame. Base cooling system includes all content required to attain maximum trailer rating. No optional cooling equipment available. Z82 Heavy-Duty Trailering Equipment Package includes weight-distributing hitch platform.

#### USING GCWRs (GROSS COMBINATION WEIGHT RATINGS) TO DETERMINE ENGINE, TRANSMISSION AND REAR AXLE RATIOS:

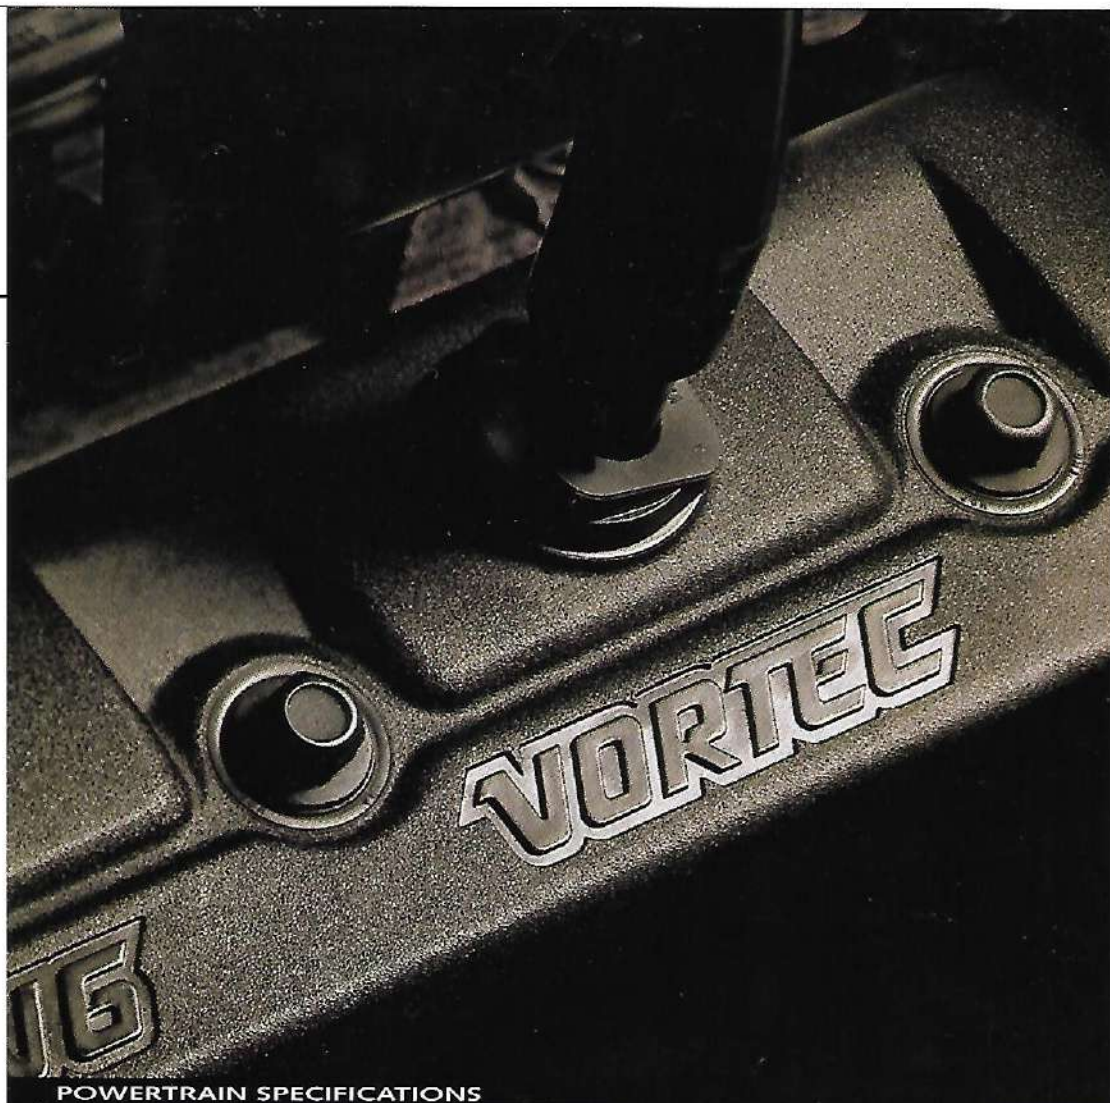

You can use your desired GCWR calculation to determine the powertrain you will require to tow a specific trailer with your Blazer. The last column to the right in the chart above shows the maximum allowable GCWR based on all available Blazer engine, transmission and rear axle combinations. The GCWR includes the total loaded weight of both Blazer and the trailer.

## There's Nothing Like The Power And Reliability Of Vortec.

For some Blazer owners, the real difference between their vehicle and other sport utilities is right under the hood. After all, Blazer comes with the strong, reliable Vortec 4300 V6 SFI as standard — the largest displacement V6 engine available in any sport utility\* today. When it comes to highway acceleration and passing, hauling and towing, this engine is designed for years of dependable performance. The Vortec 4300 is matched with a four-speed automatic transmission with overdrive for smooth, effortless shifting.<sup>†</sup> Vortec power. Just one of the reasons why Chevy Trucks continue to be so trusted by so many Americans.

\*Excludes other GM vehicles.

<sup>†</sup>The five-speed overdrive manual transmission is optional in Blazer 2-Door models.

### POWERTRAIN SPECIFICATIONS

ENGINE	VORTEC 4300 V6 SFI <sup>1</sup> (RPO L35)
Displacement (liters)	4.3
HP @ RPM	190 @ 4400
Torque (lb.-ft.) @ RPM	250 @ 2800
TRANSMISSION AVAILABILITY	
— 5-Speed OD Manual	O <sup>2</sup>
— 4-Speed OD Automatic <sup>3</sup>	S

S — Standard. O — Optional. 1 Sequential Fuel Injection. 2 2-Door only. Requires tachometer. 3 Electronically controlled, with brake/transmission shift interlock.

### 100,000-Mile Maintenance.

Platinum-tip spark plugs help Vortec engines travel up to 100,000 miles before spark plugs need replacing.\* And the recommended engine coolant change interval is up to 150,000 miles or five years, whichever comes first.\*

\*Maintenance needs vary with different uses and driving conditions. See your owner's manual for more information.

### Efficient Fuel Delivery.

Sequential Fuel Injection (SFI) ensures precise, high pressure fuel delivery to each cylinder, making more efficient use of every drop of gasoline.

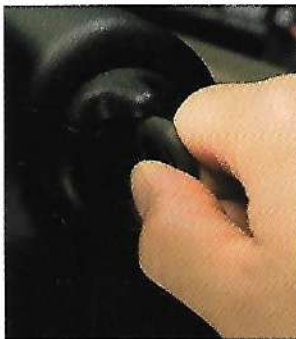

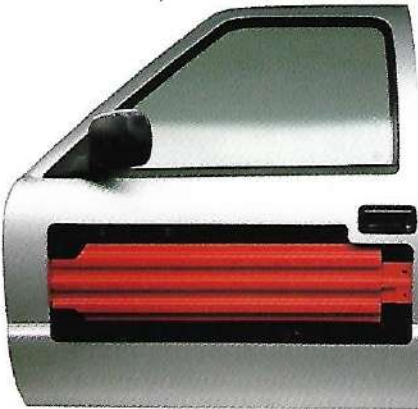

# Peace Of Mind: It Comes With Every Chevy Blazer.

Rest assured, Blazer has been engineered with features that help keep your safety and security a top priority. That level of commitment is exemplified by several important new features. When "Auto 4WD" is selected on the Autotrac system for select 4x4 models, power is automatically transferred between the front and rear wheels whenever rear-wheel slippage is detected. A standard flash-to-pass feature activates high beam lamps to alert a driver in front of you that you intend to pass. A warning light on the instrument panel alerts you when the liftglass isn't closed. Add all this to mainstay features such as Next Generation driver and right front-passenger air bags,\* and you'll have an added sense of peace in Chevy Blazer.

\*Always use safety belts and proper child restraints, even with Next Generation air bags. See the owner's manual for more safety information. See note on this page about child safety.

## Side Door Beams.

Double-wall steel doors are reinforced with structural steel beams and are designed to help avoid intrusion into the passenger compartment during shallow-angle side impacts.

## Passlock® Theft-Deterrent System.

Standard on all Blazer models, Passlock® automatically disables the vehicle's fuel system if the proper key is not used. On models with Remote Keyless Entry, a new content theft alarm activates headlamps and the horn when unauthorized entry is attempted.

## Daytime Running Lamps\* And Automatic Exterior Lamp Control.

During the day, reduced-intensity headlamps help alert others to your oncoming vehicle. Headlamps automatically switch to full intensity during low-light driving conditions.

\*Not available on Blazer ZR2 models at the start of 1999 production. See your Chevy dealer for details.

## Standard Four-Wheel Antilock Disc Brakes.

Four-wheel disc brakes with four-wheel ABS help the driver maintain steering control by reducing wheel lockup while braking hard on most slippery surfaces.

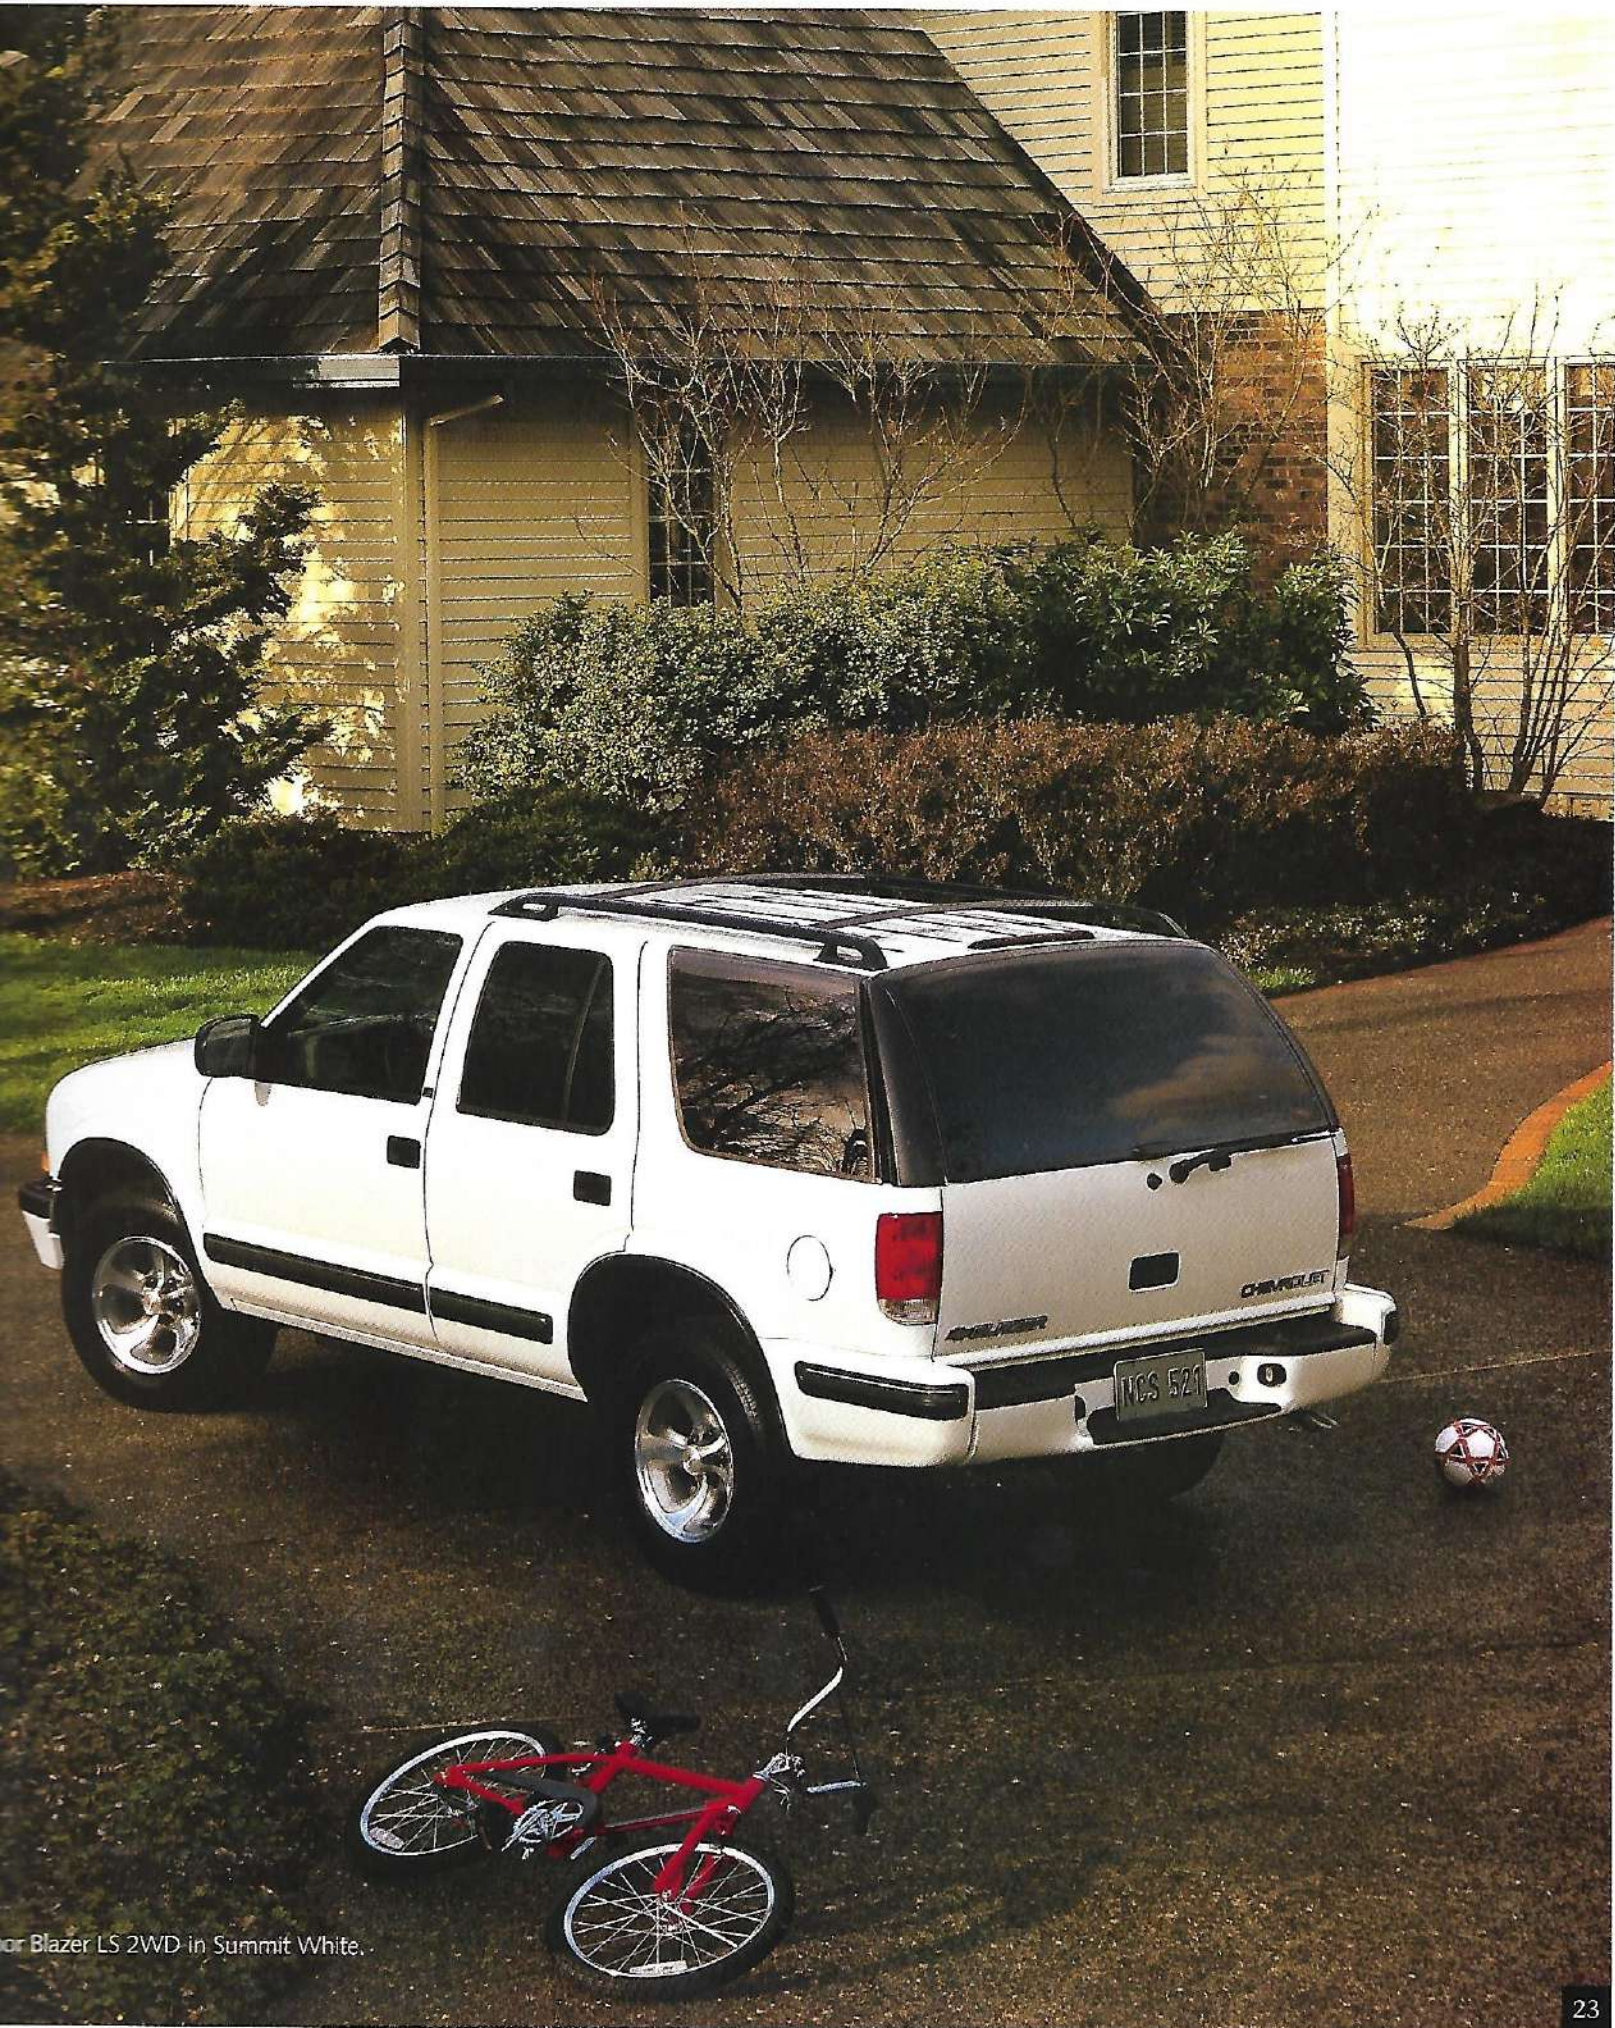

## Safety Belt Comfort Guides.

Blazer rear outboard shoulder safety belts feature adjustable comfort guides to better fit older children and small adults. See your owner's manual for details.

## A NOTE ON CHILD SAFETY:

Children are generally safer if they ride in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing child restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle owner's manual and child safety seat instructions for more safety information.

Blazer LS 2WD in Summit White.

## Engineered For Driving Security.

Look over Chevy Blazer, and you'll see just how far our engineers have gone to offer you driving security during expected — and unexpected — weather conditions. Now look underneath. The story is the same: quality features designed to last season after season.

### **Crush Zones.**

The Blazer front and rear structures are designed to help absorb energy by deforming in a controlled manner during a collision.

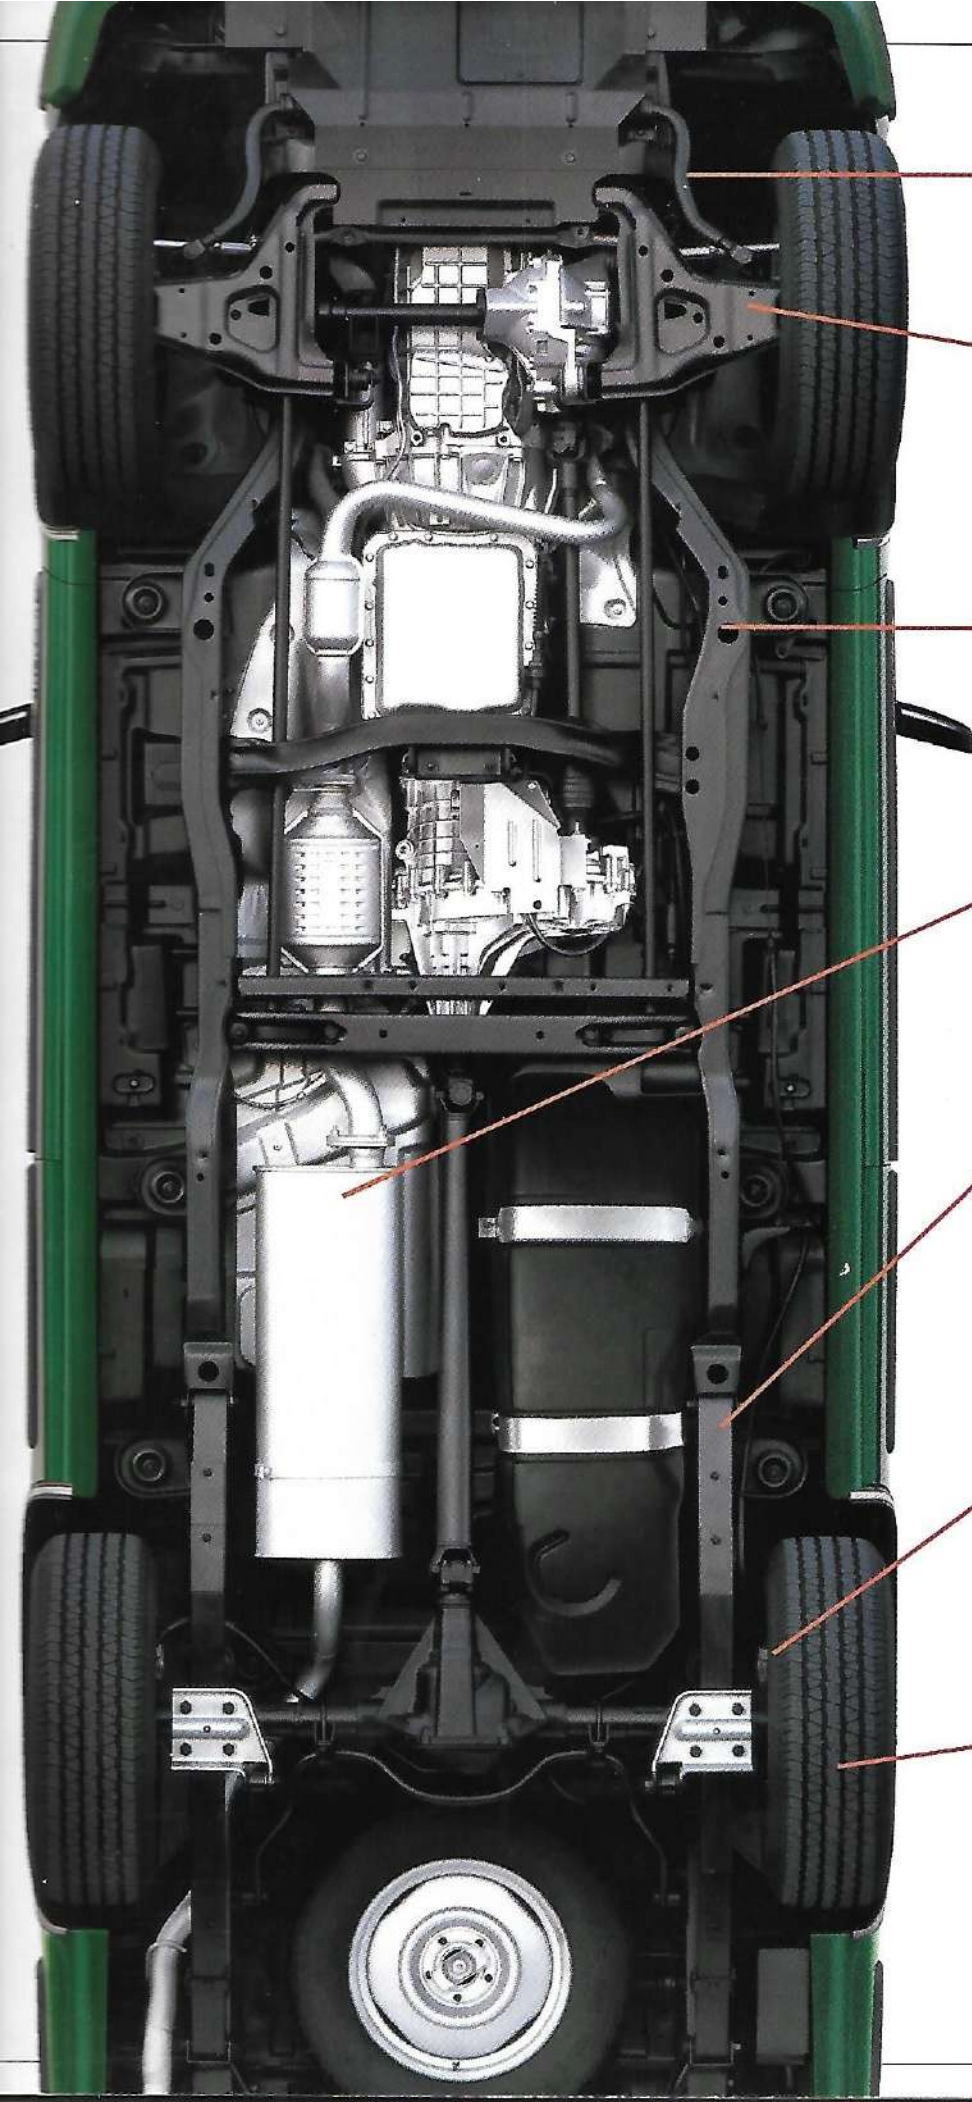

### **Autotrac Push-Button 4x4.**

New-for-1999, this 4x4 system automatically transfers power to all four wheels, based on road conditions. Or, the driver may select full-time 2WD, 4WD High or 4WD Low, as needed. The system also has a provision for Neutral, a handy feature when the vehicle is being towed on all four wheels.

### **Corrosion-Resistant Exterior Panels.**

Exterior body panels (except the roof) are made of two-sided galvanized steel. This helps to virtually eliminate corrosion on the outside surface (resulting from scratches and chips) and rust-through corrosion originating on the inside surface.

**Front And Rear Stabilizer Bars.**

Drop-link stabilizer bars that are large in diameter help keep the driver in control by reducing body lean when cornering.

**Independent Front Suspension.**

Blazer features a rugged and reliable independent front suspension (torsion bar design in 4x4; coil spring design in 2WD). It helps keep the front wheels virtually straight up and down at all times for a stable ride and precise control.

**Steel Ladder-Type Frame.**

A steel ladder-type frame that is boxed for much of its length provides impressive torsional rigidity while helping to support the engine and front suspension.

**Stainless-Steel Exhaust System.**

The Blazer muffler and exhaust system (from the catalytic converter back) is made of corrosion-resistant aluminized stainless steel, designed to provide long-lasting durability.

**Advanced Suspension Components.**

Specially designed second-stage springs engage as load weight increases to provide additional support without sacrificing ride quality. Large urethane jounce bumpers in the rear of Blazer reduce the "kick" effect of suspension-to-frame rolling contact and soften the jarring that often accompanies traveling over rough roads.

**Stopping Power.**

Standard power-assisted four-wheel disc brakes recover quickly from water immersion and provide impressive fade resistance. Standard four-wheel ABS helps keep drivers in control by reducing wheel lockup while braking hard on most slippery surfaces.

**Specifically Tuned Tires.**

Steel-belted radial-ply tires can handle dry, wet and snowy conditions with ease, providing a smooth, quiet ride in both 2WD and 4x4 models.

## Choose Your Ride.

be forewarned. Should the mood strike you, Chevy Blazer can turn an ordinary afternoon of travel into an exhilarating event. This metamorphosis is courtesy of an advanced combination of suspension components that work in sync to help give you driver control, security and confidence. Best of all, Blazer offers a choice of several suspensions (on most models) that deliver excellent driver control, so you can tailor your ride to your own preference.

### **Smooth Ride Suspension.**

Ideal for everyday driving, the standard Blazer suspension combines a comfortably soft ride with impressive handling.

### **Premium Ride Suspension.**

Available only on 4-Door models, this impressively smooth suspension delivers an excellent ride and surefooted agility. This is achieved through the orchestrated interaction of premium gas-charged shock absorbers and additional suspension refinements.

### **Touring Ride Suspension.**

Designed for the true driving enthusiast and available on 2-Door and 4-Door models, this suspension utilizes premium gas-charged shock absorbers and firm spring rates to provide a taut, well-controlled ride.

### **4x4 Off-Road Suspension.**

Available only on 2-Door Blazer 4x4, this package includes extra-large 46mm Bilstein high pressure gas-charged shocks designed to provide impressive suspension control while keeping their cool in the heat of serious off-road action. Tuned for off-road use, this suspension delivers a very firm ride.

### **ZR2 Wide-Stance Sport Performance Package.**

Please see page 16 for information about the ZR2 Wide-Stance Sport Performance Package.

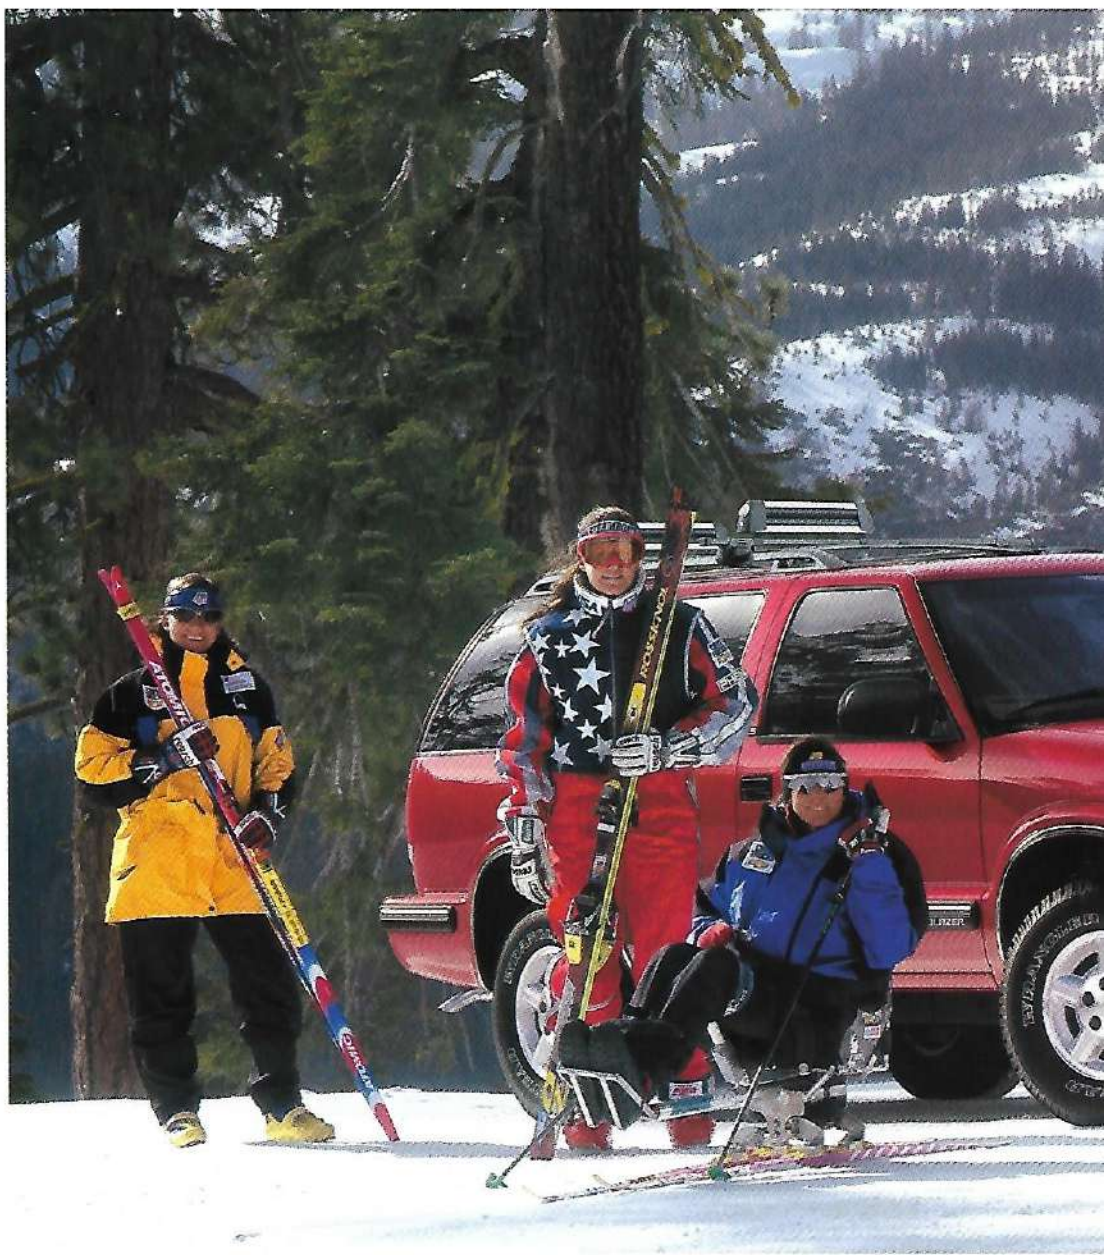

Foreground: 4-Door Blazer LS 2WD in Indigo Blue Metallic. Background: 2-Door Blazer LS 4x4 in Victory Red. Both models shown with additional options.

## The Gold Medal Of Versatility.

From their perspective, the U.S. Ski Team finds Chevy Blazer an ideal choice. It has the versatility the team members need to help them reach their dreams. Four-door convenience, a variety of cargo and passenger seating configurations, and available four-wheel-drive capability with Autotrac make Blazer LS an invaluable part of their quest. As the Official Vehicle of the U.S. Ski Team, Chevy Truck helps make it possible for athletes to compete all over the world. With its tremendous flexibility, Blazer continues to be tops with this group of skiers.

4-Door Blazer LS 4x4  
in Dark Cherry Red  
Metallic. Shown with  
additional options.

#### Rear Load Convenience

An intelligently designed  
rear compartment makes  
loading and unloading your  
Blazer a snap.

#### Liftgate/Liftglass.

Standard on 4-Door LS and  
LT models, a liftgate with  
integral liftglass provides  
easy access to the rear  
compartment. There's no  
need to open the entire  
liftgate — just use the lift-  
glass to place small items  
like duffel bags or shopping  
bags inside Blazer.

#### Liftglass/Dropgate.

If you seem to be always transport-  
ing large items, an available rear  
liftglass/dropgate is a must. It opens  
easily in tight spaces, too.

## Add Your Personal Touch.

A wide selection of available GM Accessories makes it easy to personalize your Chevy Blazer to your own specifications. Make Blazer more attractive or more versatile with a brush guard or running boards. Add special conveniences, such as a bike or ski rack. It's up to you. See your Chevy dealer for the complete list of these available GM Accessories.

4-Door Blazer 4x4 in Light Pewter Metallic. Shown with available GM Accessories and additional options.

### 2WD and 4x4 Steel Wheel.

Standard on Base 2- and 4-Door models. Includes black hubcap and bright trim ring (4x4 wheel shown).

### 2WD Torqued Five-Spoke Aluminum Wheel.

Included with LS or LT trim. Optional (RPO N60) on Base models. Includes bright machined-face and argent-painted accents.

### 4x4 Flat Five-Spoke Aluminum Wheel.

Included with ZR2 Performance Package on 2-Door models. Optional (RPO PA3) on Base 2-Door models. Includes bright machined-face and medium gray accents.

### 4x4 Five-Spoke Aluminum Wheel.

Included with LS trim on 4-Door models. Optional (RPO N90) on Base 4-Door models.

**4x4 Directional Aluminum Wheel.**  
Included with LT trim on 4-Door only. Includes bright machined-face and black accents.

**TrailBlazer 4x4 Flat Five-Spoke Aluminum Wheel.**  
Included with the TrailBlazer Package. Includes bright machined-face with gold-painted accents.

**TrailBlazer 2WD Torqued Five-Spoke Aluminum Wheel.**  
Included with the TrailBlazer Package. Includes bright machined-face and gold-painted accents.

#### **Cargo-Area Organizer.**

Put everything in its place, from groceries to sporting equipment, with this available removable cargo-area organizer. It features deep sidewalls and individual dividers. Plus, it cleans up quickly with soap and water.

#### **Hood Deflector.**

Help keep your Blazer exterior looking good with this hood deflector. It helps prevent bugs, stones and road debris from chipping or dinging the hood of your Blazer.

#### **Ski Rack.**

Skis have a way of taking up valuable interior room. With this deluxe ski rack, you can hold four pairs of skis or two snowboards. It snaps open and closed easily.

## Vehicle Limited Warranty

Warranty is for GM vehicles registered in the United States. Please see your Chevrolet dealer for complete terms and conditions of this New Vehicle Limited Warranty.

### What Is Covered For 3 Years Or 36,000 Miles\*:

- |   |   |
|---|---|
|  The complete vehicle                        |  Sheet-metal coverage: <ul style="list-style-type: none"><li>■ Corrosion coverage</li><li>■ Rust-through coverage†</li></ul> |
|  Tires                                       |  Repairs made to correct any vehicle defect  |
|  Towing to your nearest Chevrolet dealership |  No charge for most warranty repairs.  |

\*Whichever comes first. †6 years or 100,000 miles, whichever comes first.

## Courtesy Transportation

Customers who purchase or lease a Chevrolet Blazer are eligible for Courtesy Transportation when their vehicles are at a participating dealership for repairs under the 3-year/36,000-mile New Vehicle Limited Warranty. Courtesy Transportation at participating dealers only.

May include shuttle service, expense reimbursement or, if the repair requires the vehicle to stay at the dealership overnight, vehicle rental. Actual services may vary at the election of the participating dealer. See your dealer for details.

## Roadside Assistance\*

Roadside Assistance service is provided through a 24-hour toll-free number. 24 hours a day, 365 days a year, roadside Assistance advisors can assist with mechanical concerns over the phone or coordinate a variety of services through skilled and professional service providers.

\*Roadside Assistance membership is free. **Some services may incur costs.** Courtesy Care is available to retail, retail lease and corporate lease customers operating 1994 and newer Chevrolet vehicles for a period of 3 years/36,000 miles. All Courtesy Care services' associated costs must be prearranged by Chevrolet Roadside Assistance or dealer service management and must be driver-initiated. Basic Care and Courtesy Care are not part of or included in the coverage provided by the New Vehicle Limited Warranty. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time. See dealer for complete details of the Chevrolet Roadside Assistance Program.

## Courtesy Care Provides:

- |  |   |
|--|---|
|  Toll-free access 1-800-CHEV-USA                    |  Basic over-the-phone technical advice   |
|  Free towing to nearest dealer for warranty repairs |  Dealer services at a reasonable cost (i.e., wrecker services, locksmith/key service, glass repair, etc.). |

## Courtesy Care, Which Applies For 3 Years/36,000 Miles, Provides:

- |  |  |
|--|--|
|  Basic Care services  |  Free fuel delivery       |
|  Free locksmith/key service (when keys are lost on the road or locked inside) |  Free non-warranty towing |
|  Free flat tire change service  |  Free jump start.         |

## Additional Information.

### Please Contact Us ...

For any additional information on 1999 Chevrolet car or truck products, call 1-800-950-2438 or visit us on the Internet at <http://www.chevrolet.com>.

### Customer Assistance Center.

The Chevrolet Customer Assistance Center has a special toll-free number: 1-800-222-1020. It puts you in contact with Chevrolet Specialists who can handle any product or service question or concern you may have with your new Chevy Blazer.

### SMARTLEASE By GMAC.

SMARTLEASE by GMAC makes it easy to enjoy the excellence of Blazer. With SMARTLEASE, qualified customers can be approved in about one hour, and you'll enjoy low SMARTLEASE monthly payments. Plus, SMARTLEASE offers you choices at the end of your lease. You can either buy your Blazer at a price guaranteed up front, or return your truck with no other obligations — providing the terms of the lease have been met. For more information about SMARTLEASE or any of the other quality GMAC financing options, see your Chevy dealer or call 1-800-32-SMART.

### Turn Plastic Into Steel With The GM Card®.

The GM MasterCard® with no annual fee (standard GM Card only) gives you an important financial advantage on your next purchase or lease of a GM vehicle. Use The GM Card for purchases and you'll receive up to 5% of that purchase amount in GM Card Earnings. That's over and above any other discount or incentive. To request your GM Card, call 1-800-8GM-CARD.

### The GM Mobility Program.

Chevrolet recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility adaptive equipment for drivers or passengers, \$200 of which may be applied towards a siren detector for drivers who are deaf or hard-of-hearing. For details and free resource information, call: 1-800-323-9935. (TTY users: 1-800-833-9935).

### Updated Service Information.

Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer or, for ordering information, call toll-free: 1-800-551-4123.

### Assembly.

Chevrolets and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet trucks with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

### Engines.

Chevrolet trucks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

### Corrosion Protection.

Chevrolet trucks are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years/100,000 miles (whichever comes first). Application of additional rust-inhibiting materials is not required and none is recommended. See your Chevrolet dealer for terms of this limited warranty.

### GM Protection Plan.

The GM Protection Plan offers service protection in addition to that provided by GM's New Vehicle Limited Warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.

### A Word About This Brochure.

We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment specifications, models and availability. Since information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

LIKE A ROCK.

*It's more than just a song.*

*They're the words we live by.*

*They mean we build Chevy Trucks to be the most dependable,  
longest-lasting trucks on the road.\**

*Trucks that carry that responsibility as easily as they carry a load of lumber.*

*Built rugged to take what the world can dish out.*

*Built dependable, because we know people are counting on us.*

*Built for the people who get the job done, day after day.*

*There's a quiet satisfaction in that.*

*And a whole lot of pride.*

*Because we don't just build trucks to carry people and their loads.*

*We build the trucks that carry their dreams.*

\*Dependability based on longevity: 1981-1997 full-line light-duty truck company registrations. Excludes other GM divisions.
