*Camaro*

## CAMARO Z28 AVAILABLE TUNED-PORT FUEL INJECTION ADDS NEW PUNCH.

You've planned this moment for a long time. Dreamed of it. Trained for it. But now they've given you the key. Split seconds seem like an eternity as eight fuel injectors pressurize against their individual tuned ports. The car's huge force ignites a capacity deep within your soul.

After that, everything comes swiftly. The big needle on the tach climbing the numbers with contemptuous ease as you will yourself down the road.

All of your dreams and fantasies fuse with a destiny that is yours alone to control.

Camaro Z28 Sport Coupe.

At General Motors, a lot of new thinking has gone into our products. New thinking

aimed at completely satisfying you, the customer. Our designers and engineers are making history in aerodynamic design, computer aided technology, fuel efficiency and safety.

As further proof of our

goal of totally satisfying you, at GM dealerships we are implementing a "Commitment to Excellence" Delivery Procedure.

The program includes: a thorough new-vehicle inspection by both the service technician and the

salesperson; a full tank of fuel; plus a follow-up survey based on your impression of the delivery process.

With a commitment like that, you've got a lot of excellent reasons to "Look at GM Today". See your dealer for complete details.

## CAMARO IROC-Z THE CHOICE OF CHAMPIONS.

Introducing one very serious contender for the title of World's Best Sports Coupe: Camaro IROC-Z.

A special Z28 designed to leave behind any car bold enough to challenge it on the race track. Yet cruise comfortably to your favourite weekend hideaway. Inspired by the Camaros specially prepared to test some of the world's best drivers in the International Race of Champions series.

Sit behind the wheel. Fill your hand with the large, leather-wrapped 5-speed shifter. And go where only world champions have dared go before.

Listed here are special IROC-Z chassis features:  
 ■ Trim height and centre of gravity reduced from Z28.  
 ■ Quick-response power steering: 2.5 turns, lock-to-lock, with higher effort valving for even more road feel.

■ P245/50VR-16 unidirectional high-performance tires, mounted on 16" aluminum wheels.

■ Modified MacPherson-strut front suspension with specific spring rates and increased caster for improved tire contact.

■ Rear suspension features Delco/Bilstein gas-filled shocks, two short control arms and a larger diameter track bar for impressive cornering control.

■ Extended Z28-type "ground-effects" rocker panels and front air dam for improved airflow management.

■ Power front disc/rear drum brakes are standard; 4-wheel power disc brakes optional.

Camaro IROC-Z Sport Coupe.

L/S Contour seat features 18 adjustment variations on the driver's side.

## CAMARO BERLINETTA. A LESSON IN TECHNICAL EXCELLENCE.

Berlinetta is ready to respond to any challenge of the road. Beneath the lean, elegant hood lurks the advanced technological muscle of a multi-port fuel-injected 2.8 Litre V6 ready to make itself heard. An engine that produces instant V8-like power with the type of economy inherent in a V6 design.

Turn the wheel sharply and you'll feel at once this Camaro's relationship to the muscular IROC-Z. Berlinetta's retuned suspension responds efficiently and smoothly.

Now equipped with all-season tires plus your choice of 5-speed manual or available 4-speed automatic transmission, Berlinetta speaks performance eloquently.

Inside Berlinetta, is a stunning display of advanced electronics that instantly telegraph your orders.

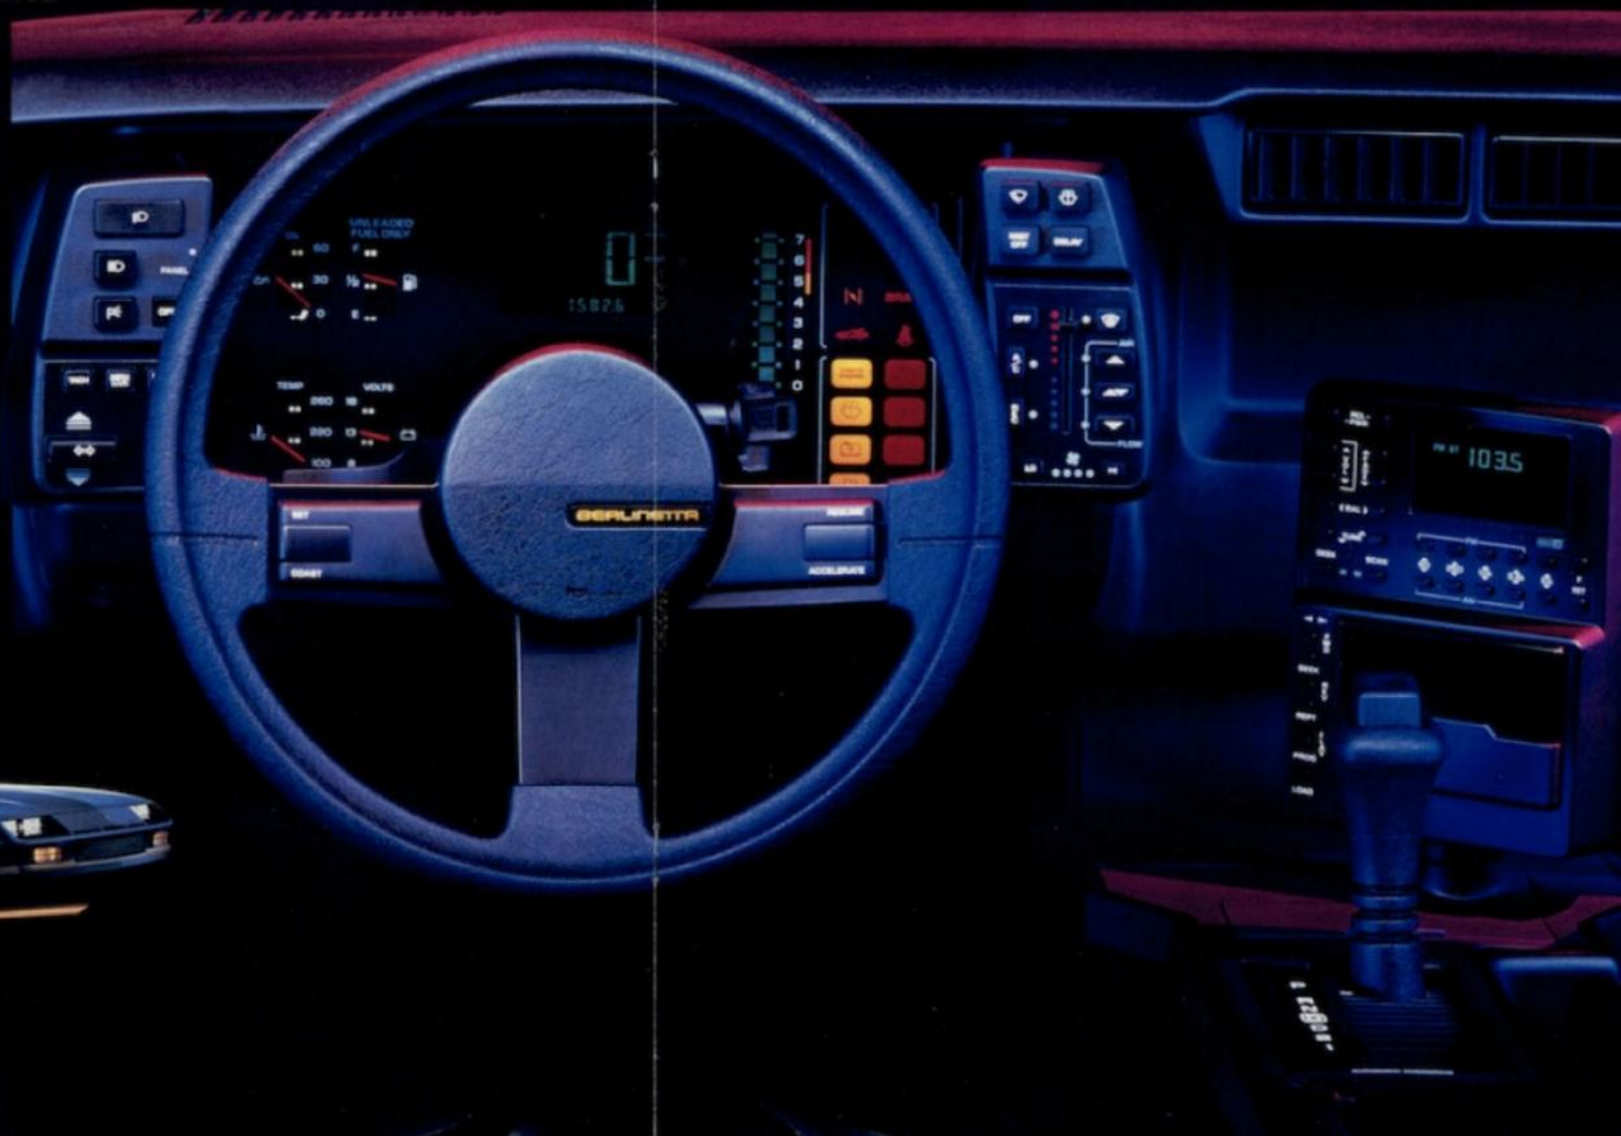

Systems so comprehensive that even the available electronic speed control increases or decreases speed in programmed increments at your touch.

You'll find the electronically tuned, 4-speaker AM/FM stereo radio features a swivel-mounted remote control for easy operation by driver or passenger. Seek and scan and digital display including clock and tuning graphs, front coaxial and rear extended range speakers are standard.

Graphic equalizer and cassette player optional.

Camaro Berlinetta Coupe.

## CAMARO SPORT COUPE. PUT ONE IN YOUR CORNER.

What makes our Sport Coupe a favourite Camaro with so many buyers? A dazzling combination of footwork, style and power.

The footwork comes from a chassis and suspension configuration directly derived from the 1985 Z28.

The style speaks for itself everywhere you drive. Beautifully detailed and painted. Acoustically hushed, if you choose, by the available Quiet Sound Group.

The power is yours to apply how and when you choose. From a standard 2.5 Litre L4 that features Electronic Fuel Injection for smooth, rapid response to the 5.0 Litre V8.

Or you can choose the new multi-port fuel-injected 2.8 Litre V6 option.

The Custom Interior shown here (available Sport Coupe, Z28 and IROC-Z, standard Berlinetta) is a panoply of rich colours chosen to complement the blackout of Camaro's sensuous dash. Elegant new striped

cloth seat bolsters accent your car's serious purpose.

This is an interior that invites long-distance travel.

Seat-backs recline. The Quiet Sound Group acoustically isolates you from road and wind noise. Adjustable head restraints help support your driving posture.

Camaro offers a variety of options\*. So you don't have to pay for equipment you don't want.

### Appearance and Protection

Deluxe luggage compartment trim (Std. on Berlinetta)  
Dual horns (Std. on Berlinetta)  
Floor covering: Mats, colour-keyed (carpeted), front and/or rear

Halogen High and Low Beam headlights  
Mirrors: Sport LH remote-control and RH manual (Std. on Berlinetta and Z28); Sport twin electric remote  
Mouldings: Body side, black; Door edge guard, black; Roof drip, black  
Power door lock system  
Removable glass roof panels (with tinted glass).

### Comfort and Convenience

Air conditioning  
Air conditioning, electronic control (Berlinetta only)  
Auxiliary lighting  
Clock: Electric quartz (Std. on Z28)

Comfortilt steering wheel  
Console, roof (Std. on Berlinetta; requires Custom Interior)  
Electric rear window defroster  
Intermittent windshield wiper system  
Locking rear floor storage cover  
Power hatch release  
Power windows  
Quiet Sound Group (Std. on Berlinetta)  
Rear Compartment cargo area cover  
Six-way power seat (driver's side)  
Special instrumentation (Std. on Berlinetta and Z28)  
Speed control, electronic; with resume speed  
Split folding rear seat back  
Tinted glass.

### Performance

Axes: Limited slip differential; Performance axle ratio (Z28 only)  
F41 Sport Suspension: includes special front stabilizer, added rear stabilizer, special shock absorbers and "high-effort feel" power steering  
Four-wheel power disc brakes (requires V8 and limited slip differential)  
Heavy-duty battery  
Heavy-duty cooling  
Rear spoiler (Std. on Z28).

### Audio Equipment

GM-Delco radio equipment (All radios include dual front speakers; all stereos include dual rear speakers)  
AM/FM radio  
ETR\* AM/FM radio  
ETR AM/FM stereo radio with stereo cassette tape and digital clock  
ETR AM stereo radio with seek and scan, stereo cassette tape, clock and graphic equalizer  
ETR AM/FM stereo radio with digital clock  
ETR AM/FM stereo radio with cassette tape, remote control, graphic equalizer and digital clock (Berlinetta only)  
Power antenna  
Speakers, dual rear.

### Tires and Wheels

P195/75R-14 all-season steel-belted radial ply white-stripe  
P205/70R-14 all-season steel-belted radial ply blackwall (Std. on Berlinetta)

**Protection Plan**

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the GM Protection Plan logo shown above. This logo on all Plan material assures you that the

### SAFETY FEATURES

#### OCCUPANT PROTECTION

- Manual lap/shoulder belts for driver and right front passenger (driver side includes visual and audible warning system)
- Manual lap belts at each rear seat position, (and centre front, when applicable)
- Energy absorbing steering column
- Energy absorbing instrument panel
- Energy absorbing tops, front seats
- Laminated safety glass windshield and tempered safety side and rear window glass
- Safety interlocking door latches
- Passenger-guard inside door lock handles
- Inertia-locking, folding front seat backs
- Safety armrests
- Safety strength seat attachments
- Head restraints, driver and right front passenger (adjustable/integral).

#### Accident Avoidance

- Side marker lights and reflectors
- Parking lamps that illuminate with headlamps
- Four-way hazard warning flasher
- Backup lights
- Directional signal control and lane change feature
- Windshield defroster, washer and dual-speed wipers
- Inside rearview mirror with vinyl-bonded glass
- Outside left rearview mirror
- Brake system with dual master cylinder and warning light
- Starter safety switch
- Dual action hood latch system
- Low glare finish on instrument panel top, inside windshield mouldings, wiper arms and blades, and metallic steering wheel surfaces
- Illuminated heater and defroster controls
- Illuminated windshield wiper and washer controls
- Tires with built-in tread-wear indicators.

#### Anti-Theft

- Audible reminder for ignition key removal
- Anti-theft steering column lock
- Visible vehicle identification number.

A word about assembly, components and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for

particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment. Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requires the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.

### FOR YOUR PROTECTION

#### New Vehicle Limited Warranty—

This warranty covers any repairs needed during the basic coverage period due to defects in material or workmanship. Any required adjustments will also be made during the basic coverage period of 12 months or 20,000 kilometres, whichever comes first. The complete vehicle, except tires, is covered during this period.

**Powertrain Coverage—**This powertrain warranty covers gasoline engines and other powertrain components up to a total of 24 months or 40,000 kilometres, whichever comes first. This powertrain warranty also covers specific diesel engine

components to 36 months or 80,000 kilometres, whichever comes first. All powertrain warranty repairs are subject to a \$100 deductible for each repair visit.

#### Corrosion (Rust-Through)

**Coverage—**General Motors warrants for 1985 passenger cars, light duty trucks and vans that your General Motors dealer will repair or replace at no charge any body sheet metal panel found to have developed perforation (rust-through) due to corrosion. This warranty begins on the date the vehicle is first delivered or put in use and extends for 36 months, regardless of distance travelled by the vehicle.

**Battery Coverage—**If your battery should fail under normal service due to a defect in material or workmanship after the basic coverage period expires, but before the vehicle has been in use 36 months, it can be replaced on a pro rata adjustment basis for a new Delco battery. The pro rata adjustment price of the new battery will be based on the number of months the original battery was in use since the start of the new vehicle warranty. Contact a dealer handling your vehicle for further details on such adjustments.

**Tires are warranted by the tire manufacturer.**

**Owner Assistance—**The satisfaction and goodwill of owners are of primary concern to GM dealers and General Motors of Canada Limited. In the event a warranty or some other matter is not handled to your satisfaction, the following steps should be taken:

1. Discuss the problem with your dealership management.
2. Contact the General Motors Zone Office closest to you as listed in the Owner Assistance Section of your Warranty and Owner Assistance Booklet.
3. Contact the Customer Service Representative, General Motors of Canada Limited, Oshawa, Ontario.

#### Special Policy Adjustment

**Program Beyond the Warranty Period—**General Motors is proud of the protection afforded by its warranty coverages. In order to achieve maximum customer satisfaction, there may be times when General Motors will establish a Special Policy Adjustment program to pay all or part of the cost of certain repairs beyond the terms of the warranty. Check with your General Motors dealer or the nearest GM Zone Office to determine whether any special policy adjustment program is applicable to your vehicle.
