

CAPRICE CLASSIC AND IMPALA

Chevrolet
84

Caprice Classic
Coupe.
Personal Luxury,
Caprice Style.

The best things in life are not always free, but sometimes they are surprisingly affordable. Witness the Caprice Classic Coupe. Here's full-size luxury and Caprice's famous smooth, quiet ride beautifully wrapped up in a very personal 2-door package. Yet it can be yours at a Chevrolet price.

Caprice
Classic
Wagon.
Luxury with
Wagon
Convenience.

Choose Caprice Classic Station Wagon and you get the ride, comfort and luxury of a Caprice. Plus 87.9 cubic feet of cargo capacity. And roomy accommodations for eight passengers with standard third seat.

Caprice Classic Wagon.

Caprice Classic Wagon's three-way tailgate permits easy loading of packages, cargo or people.

Caprice Classic Coupe.

Landau Equipment package available for Coupe only.

Caprice Classic. Chevrolet's Most Elegant Full-Size Car.

What makes Caprice Classic everything a 1984 full-size car should be? It's spacious seating for up to six. The hushed, smooth ride. The solid engineering that delivers a sense of real driving security with handling ease. The tasteful riding environment that envelops you with comfort. And a large, functional trunk. All wrapped up in an aerodynamically sophisticated shape. But you have to experience for yourself Caprice's riding comfort and acoustical

isolation from road and wind noise. Only then will you understand why Caprice was the only full-size car on *Car and Driver* magazine's list of "10 Best Cars." Foreign or domestic. (January 1983). You can spend more trying to find these virtues in other cars. But why should you?

Caprice Classic instrument panel. Note: Speedometers in Canada have major scale in km/h, secondary in MPH, and odometer in kilometres.

Caprice Classic Interior. Full-Size Comfort, Quiet and Elegance.

Chevrolet engineers made Caprice's interior the way real cars were meant to be. Real seating comfort with plenty of room for up to six. And the optional 50/50 cloth seat, shown here, provides even more individual comfort with available power controls and passenger recliner.

LOOK AT GM TODAY

A lot of new thinking has gone into GM products. New thinking aimed at completely satisfying you.

Our products are designed to slip through the wind with energy saving ease.

Optic scanners and robotics are used to build a new kind of precision.

From foundry to assembly, our people use lasers and gamma rays to monitor the building process.

At GM, we are determined that when you buy our product, you'll be more satisfied than the buyer of any other vehicle, built by any other manufacturer anywhere in the world.

Today, we are making history in aerodynamic design, quiet rides, fuel economy and more. Leaf through this catalogue and you'll see what we mean.

At GM, our products are changing. So, is our thinking. *Look at GM Today.*

Impala. Full-Size in Every Way but Price.

For 1984, Impala has a richer interior that beautifully compliments its Caprice-like

riding comfort. Now there's a standard cloth bench seat with the convenience of centre armrest.

Impala Sedan.

Continuous Protection Plan

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the Continuous Protection Plan logo shown above. This logo on all Plan material assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Continuous Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Continuous Protection Plan.

A word about assembly, components and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment. Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options

may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.

A word about engines

Some Chevrolets are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See your dealer for details.
