New, luxurious full-size cars

Landau • Brougham • LTD • Custom 500 • Wagon Highlights

The closer you look, the better we look.

Ford presents two exciting new 1975 LTDs.

This year, we introduce the luxurious Ford Ltd Landau. A distinguished new kind of Ford designed as a logical alternative to longer, heavier, more expensive cars. When you look into the magnificence the LTD Landau offers, you'll find you can get nearly all the things you want at a reasonable price.

We've also created a new Ford LTD that gives you traditional LTD quality now at a new level of value in a full-size car. Designed and priced as the LTD is, we believe it presents a great opportunity to buy a lot of automobile.

Our new LTD's, you see, are more than newly styled motorcars. They are quiet-riding, well-made automobiles. Each with a level of comfort, convenience and luxury that you'd normally associate with more expensive cars.

But don't take our word for it. Prove it for yourself. Inspect all the new Fords now at your Ford Dealer's. You'll find 11 tempting new Fords to choose from. Two LTD Landaus. Two LTD Broughams. Two LTDs. Two Custom 500s. And three new Wagonmaster favorites.

New Fords offer you the room, comfort and security of a well-made car.

Better ideas in design give you further reasons to select Ford. Space for six to sit tall, stretch out, relax in. And a roomy interior concept we call the Ford Front Room.

Another attraction: Ford seats are built for comfort. With a steel-support frame.

And intermeshed springs thickly covered by foam cushioning.

All Fords are built with Ford Safety Design Features. Extra-securities like steel side door beams, protective bumpers, and many others. The frame has five rugged crossmembers instead of four. Full coil suspension and shock absorbers maintain firm road contact as they help reduce noise and vibration.

And, gas-saving steel-belted radial ply tires are standard.

All Fords include these standard features.

Here's a partial list of basic values that come standard: 351 2V V-8 engine with Solid State Ignition ☐ SelectShift transmission ☐ Power steering ☐ Power front disc brakes ☐ Power ventilation ☐ Steel-belted

radials ☐ Wiper-mounted washer jets ☐ Centre

pillar windows on 2-Door models ☐ Front bumper guards. Luxury refinements like: Fine upholstery fabrics ☐ Color-keyed cut-pile carpeting ☐ Deluxe steering wheel ☐ Deep-well trunk. In addition all LTD's feature items such as: Vinyl insert bodyside moldings ☐ Wheel lip moldings ☐ Woodtone appliques ☐ Brocade Cloth upholstery ☐ Hood ornament ☐ LTD sound package and more.

LTD Landaus and LTD Broughams offer extra distinctions like: Vinyl roof ☐ Wheel covers ☐ Special Knit Cloth upholstery ☐ Fold-down centre armrest ☐ Electric clock, and more.

Ford tells you how and where to look for quality and value in a new car.

Cost of ownership. To get your money's worth, look into price, upkeep and trade-in value. **Price.** Consider what you get for what you pay. Look at what comes standard. Ford's impressive standard feature offerings are listed on pages 3, 6, 7, 8 and 10.

Operating economy. Ask about gas mileage—and upkeep. Many Ford owners find that adjusting how they drive results in good gas mileage. Ford's maintenance schedule emphasizes service savings. **Trade-in value.** Ford popularity extends beyond its desirability as a new car. Ask your Ford Dealer about Ford's good resale value.

An indication that for many owners standard-size luxury can be practical. **Look into quality.** You'll improve your ability to choose the well-made car you want by making certain interior, exterior and test-drive quality inspections detailed in "The Closer You Look Book," available **free** at your Ford Dealer's. Get your copy soon.

The closer you look, the better we look.

LTD LANDAU

A new, luxurious full-size car designed as a logical alternative to longer, heavier, more expensive cars.

Ford presents the distinctive new LTD Landau. Easily one of the most luxurious Fords ever built. With fine-car features, plus prestigious styling certain to challenge that of more expensive cars.

Both the 2-Door and 4-Door Pillared Hardtops are proud ways to get a lot of car for your money. Each gives you nearly all the things you'd want from a costlier car. And LTD Landau does it without adding a lot of unnecessary weight and size.

In cost of ownership, you'll find that the new LTD Landau gives you a lot of standard equipment for what you pay—including gas-saving radial ply tires. You get a maintenance schedule that helps make LTD Landau economical to own. It is so distinctively styled and well-made it is designed to maintain popularity and hold its value until you're ready to trade again.

LTD Landau offers outstanding features, standard. Hidden headlamps, for distinctive styling. Vinyl roof. Wide new color-keyed vinyl bodyside moldings. Front cornering lamps that help you see into turns. Wheel covers. And that's just outside.

Equally impressive are interior luxuries. Flight bench seat, with a fold-down armrest, trimmed with lush Knit Cloth. Padded door panels. Cut-pile carpeting. Right- and left-hand remote control mirrors. Automatic parking brake release. Electric trunk lid release.

Going for LTD Landau are great features like a 351 2V V-8 engine. SelectShift transmission. Power steering. Power front disc brakes, and more. Check the Notable Standard Features list below.

When it comes to options, Ford offers a wide variety of ways in which you can design more driving fun. Which is also why we say the Landau is a sensible alternative to longer, heavier, more expensive cars. The closer you look, the better we look.

FORD LTD

Traditional LTD quality. Value priced.

Ford LTD 2-Door Pillared
Hardtop in Dark Blue Metallic
(Code 3G).

Roomy, six-passenger comfort. In 2-Door or 4-Door Pillared Hardtop. With the luxury and convenience features that have long been associated with LTD. Plus even greater news.

And for 1975, LTD comes to you newly styled and value-priced.

A price we believe will be within reach of families who previously might have settled for less. Designed and priced as it is, we think it offers a great opportunity to buy a lot of automobile.

Consider LTD's long-standing popularity. Consider LTD's reputation for quality, comfort and quiet ride. Consider that it runs on steel-belted radials, and has many service-saving maintenance features. Consider the peace of mind you get from its solid construction. Consider LTD's resale value. And the value for the price becomes more meaningful.

The best way to determine cost-of-ownership benefits and get your money's worth is to take a close look at the new LTD. Consider its price. Then look at what you get for that price in standard equipment, luxury and refinements. We're confident that you'll choose all LTD has to offer.

What to look for in a luxurious full-size car.

Cost of ownership.

To get your money's worth, compare price, operating economy and trade-in value. **Price.** Compare what you get for what you pay. Look at what comes standard. Ford gives you an impressive list of standard features. See pages 3, 6, 7, 8 and 10.

Operating economy.

Ask how far you can go on a tank of gas. Also, how often your new car will need routine maintenance in the course of 50,000 miles. Many Ford owners find that adjusting *how* they drive results in good gas mileage. Solid state ignition means you don't have to replace points or condenser. Battery, muffler, and key underbody parts are designed for long life.

Trade-in value.

The well-made, attractively styled Ford has a history of providing its owners with smooth, quiet-riding comfort. Any car with all this going for it tends to be competitive in retaining much of its original value when you're ready to trade again.

Look at these important factors, too.

Features that let you drive in confidence.

'75 Fords are built with all of the Ford Safety Design Features including side door beams, protective bumpers, and many others. The Tot-Guard and Infant Safety Carrier shown here offer security for little ones, peace-of-mind for you. They are available from your Ford Dealer. Ask him about them. We care about you and those you care about.

Quality.

Ford takes quality very seriously. We want you to check the care taken to give you quality fit and finish of body seams, doors and trim. Uniformly lustrous paint. Snug, flat carpeting. And we urge you to test-drive Ford's quiet ride, comfort and handling — hallmarks of excellence you have to experience.

You'll find these and other measures of quality in the free "Closer You Look Book" you can pick up at your Ford Dealer's.

Notes:

Replacement Parts. Your 1975 Ford comes with factory engineered Motorcraft battery, oil filter, shock absorbers, Autolite Powertip Spark Plugs and other Ford approved precision parts. For continued top performance, be sure to specify Motorcraft Parts and Autolite Powertip Spark Plugs whenever replacement is necessary.

For your convenience, Ford colors and interior trims are coded. Example: Polar White (Code 9D). Your Ford Dealer will be pleased to show you actual color chips and sample swatches of vinyl roof and interior trim colors.
