# 2007 COBALT

## DON'T BE TIMID. WE WEREN'T.

You do have a choice. Instead of those uninspiring compact cars, choose the alternative: one of the only compact cars that is defined as much by its style, quality and performance as by its sticker price. Chevrolet Cobalt. You even have a wide range of Cobalts to choose from, with eight distinct Coupe and Sedan models. Because not everyone will opt for the all-out performance of the 205 horsepower SS Supercharged Coupe or the added luxury of the LTZ Sedan. We weren't timid about adding more sizzle to the compact car class. And you shouldn't be timid about taking full advantage of everything the 2007 Chevrolet Cobalt can do for you.

For more information on the 2007 Cobalt, visit our website at [cobalt.gmcanada.com](http://cobalt.gmcanada.com)

**CENTURY**  
**AUTO.CA**

From left to right: LT Coupe, shown with LT Sport Appearance Package in Victory Red; SS Sedan, shown in Laser Blue Metallic; and SS Supercharged Coupe, shown in Rally Yellow.

# COBALT SS

## SUPER SPORT – WHAT AN APT DESCRIPTION.

Looking for a sportier form of driving? Then set your sights on the Cobalt SS Coupe or Sedan. The 17-inch polished aluminum wheels set the tone. The 173 horsepower 2.4L ECOTEC engine with variable valve timing (VVT) sets the pace. The performance package is rounded out by four-wheel disc brakes with ABS, plus a sport-tuned suspension with monotube shocks. And to complete the experience, XM Satellite Radio\* is complemented by the extra powerful 260-watt Pioneer premium sound system. You get it all – in Cobalt SS.

\*Includes three free trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

**CENTURY**  
**AUTO.CA**

# COBALT SEDAN

## IT KEEPS MAKING A VERY POSITIVE IMPRESSION.

The confident styling of the Cobalt Sedan can't help but make a strong impression. But with Cobalt, the substance is as strong as the look. Take the Driver Information Centre that's standard on all models. It helps keep track of a number of vehicle functions. Or how about the convenience of the factory-installed remote vehicle starter on the LTZ? Sure Cobalt Sedans are easy on the eyes, but they also make life that much easier along the way.

LS Sedan, shown in Ultra Silver Metallic with available ground effects, chrome door handles and chrome aluminum wheels from GM Accessories.

**CENTURY**  
**AUTO.CA**

LT Sedan, shown in Ultra Silver Metallic with available equipment.

# COBALT COUPE

## PRECISION ASSEMBLY. PRECISION HANDLING.

Cobalt's fit and finish is exemplary – which is exactly what you should expect from GM's esteemed global compact car architecture. You can see evidence of this precision in the tight fitting exterior body panels. And Cobalt's exceedingly rigid chassis not only reduces squeaks and rattles, it also enables the suspension components to be more accurately tuned for more exacting handling. Cobalt – one solid package.

LT Coupe, shown in  
Laser Blue Metallic with  
available equipment.

**CENTURY**  
**AUTO.CA**

LS Coupe, shown in Sunburst Orange Metallic with available equipment.

# COBALT INTERIOR

Cobalt offers a number of sound system choices. All are equipped with an auxiliary audio input jack for personal MP3 players. A premium amplified Pioneer 7-speaker 260 watt sound system with a 10-in. subwoofer is standard on SS, SS Supercharged and LTZ models, and is available on LT.

SS Coupe interior, shown in Ebony with available heated, leather-appointed front seats.

## MOVING UP DOESN'T HAVE TO BE A REACH.

Heated leather-appointed front seats? Yes, Cobalt has its own unique spin on the compact car. Not that every Cobalt includes the luxurious touches of the LTZ, but all feature a quality not normally associated with cars in this price range – quiet. Cobalt incorporates 75 separate

noise-reduction features, including Quiet Steel technology. It sandwiches a layer of elastic material between two thin sheets of steel for superior insulation from sound and vibration. Upscale feel without the upscale price.

## KEY FEATURES:

**CENTURY  
AUTO.CA**

- Contoured front bucket seats with driver's seat height adjuster
- 60/40 split-folding rear seatback with trunk pass-through
- Driver Information Centre
- Air conditioning\*

- Power door locks, windows and mirrors\*
- CD player standard; MP3 playback\*
- XM Satellite Radio available
- OnStar and one-year of the Safe & Sound Plan available.\*

\*Except LS models.

# COBALT SS SUPERCHARGED

## IT'S RED HOT. EVEN IN YELLOW.

The 18-inch high-polished aluminum wheels, ground effects body work and rear aero wing spoiler fuel your high-performance ambitions. Then take your seat. Not just any seat, but the sporty two-tone leather-appointed driver's seat. Check out the boost gauge on the A-pillar. It indicates the real soul of the Cobalt SS Supercharged: its 205 horsepower 2.0L ECOTEC in-line four-cylinder engine and M62 Eaton Supercharger. Cobalt SS Supercharged – no matter which colour you choose, it's red hot.

SS Supercharged Coupe with leather-appointed interior, shown in Ebony with Yellow perforated inserts.

COBALT  
POWER

NOW THAT’S RESPONSIVE.

It isn’t only the dual overhead camshafts or the all-aluminum construction that make Cobalt’s ECOTEC I-4 engines so responsive. It’s also the choice. Cobalt’s lineup includes three different ECOTEC engines, each engineered for the specific dynamics of the model it powers. All three engines are known for their efficient power output. So you can select your preferred performance characteristics, just as you choose between the equipment levels of Cobalt’s different models. Eight models. Three engines. Now that’s responsive.

The 148 hp 2.2L ECOTEC I-4 engine is standard on LS, LT and LTZ models. All three Cobalt engines include long-life spark plugs that are designed to last 166,000 km before replacement\* and DEX-COOL engine coolant that lasts 5 years or 240,000 km (whichever comes first).\*

\*Maintenance needs vary with use and driving conditions. Please refer to the Owner’s Manual for more information.

205 hp supercharged 2.0L ECOTEC I-4 engine.

The 173 hp 2.4L ECOTEC I-4 Vt engine is standard on SS models. It features variable valve timing that optimizes combustion timing to deliver 90 percent of its peak torque at just 2400 rpm, providing excellent responsiveness.

GM Accessories  
available for  
Cobalt include:

- Ground Effects Package
- 16-in. and 18-in. aluminum wheels
- Catback exhaust
- Supercharger upgrade kit for Cobalt SS
- Rear deck-lid spoiler
- Stainless steel exhaust tip
- Custom-moulded splash guards
- Moulded hood protector
- Ventvisors
- Chrome Grille Package.

COBALT  
ACCESSORIES

COBALT HAS ITS OWN  
PERSONALITY. NOW ADD YOURS.

Cobalt has a strong character all its own. Now it’s your turn to personalize your vehicle with the added style and function provided by GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM’s 3-year/60,000 km New Vehicle Limited Warranty.\* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Cobalt, or visit gmcanada.com

\*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

ONSTAR

OnStar\* uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors can provide a wealth of information and perform a variety of diagnostic services.

They can also provide assistance in an emergency. No wonder more than 4 million people have become OnStar subscribers and over 12 million calls are made each month on the built-in voice-activated, hands-free system. OnStar and one year of the Safe & Sound Plan are available on all models except LS. See your dealer for more information on plans and services.

\*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes and existing OnStar service contract. Subscription Service Agreement required.

XM SATELLITE RADIO

What’s convinced more than six million people to subscribe to XM Satellite Radio? How about the largest playlist on the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1,000 NHL games – and all available from coast to coast? XM has revolutionized radio as we know it. And now you can enjoy XM Satellite Radio in your next General Motors vehicle – GM is the first automaker to offer factory-installed satellite receivers. Ask your dealer for more information.

\*Includes three free trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

THE GM WARRANTY:†

The New Vehicle Limited Warranty is your promise of total warranty protection. It applies to the first owner and all future owners of the vehicle, and covers repairs to correct any vehicle defect related to materials or workmanship during the warranty period.

- The warranty includes:
- 3-year/60,000 km\* Base warranty coverage
  - 6-year/160,000 km\* rust-through perforation coverage
  - 8-year/130,000 km\* coverage on catalytic converters and powertrain control modules (PCMs).

†Conditions and limitations apply. \*Whichever comes first.

EXTENDED POWERTRAIN LIMITED WARRANTY:

Every Chevrolet Cobalt is also covered by a special Powertrain Component Warranty with no deductible for 5 years or 100,000 km.\* So you can count on your Chevrolet Cobalt for much more than its styling and engineering – today, and down the road.

†Conditions and limitations apply. \*Whichever comes first.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- **Roadside Assistance** – 24/7 service via toll-free number during the Base warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the Base warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors. GMPP may be purchased at the time of your sale or lease, or subsequently during the Base warranty period†
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

†Conditions and limitations apply.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership††
- **GMAC SMARTLEASE** – a smart alternative to traditional financing††
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university†
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles†. For more information on The GM Card please call 1-800-461-3279.

†Conditions and limitations apply. ††Subject to eligibility.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

# SOLUTIONS FOR THE WORLD YOU DRIVE IN.

**At General Motors we are 100 percent committed to building vehicles that answer your specific needs. Because you demand more of your vehicle than ever before, we're committed to putting more of what you want into every vehicle we make.**

## VALUE

Value means much more than simply the price you pay for a vehicle. We are particularly proud of the value you receive for your money when you choose a General Motors vehicle – the unique combination of style, performance, safety, quality and functionality that sets GM's diverse model lineup apart from the rest.

## FUEL ECONOMY

We know how important fuel efficiency is today. GM has it covered by offering more cars that get better than 7.0 L/100 km or 40 mpg in highway<sup>†</sup> driving than any other automaker in Canada. In addition, GM offers 15 models with Active Fuel Management™ fuel-saving technology – and 17 models that can run on E85 ethanol fuel.

## QUALITY

If you're looking for a vehicle that's built to exceptionally high standards, look no further than GM's long list of quality and dependability awards, media accolades and consumer recommendations – as well as the fact that GM builds the most dependable, longest-lasting full-size pickups on the road.\*

## INNOVATIVE DESIGNS

It required ingenuity to bring utility and dramatic style together in the Chevrolet HHR. And it required pure creativity to execute the flawless lines and purposeful design of the Pontiac Solstice open-air roadster. At GM, we break the mould to develop new designs that give you more range of selection than ever before.

## SAFETY

General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks and SUVs that provide safety protection before, during and after a collision. In addition, GM builds 26 vehicles that have earned U.S. Government five-star frontal or side crash test ratings for 2006 models.\*\*

## FEATURES

GM keeps you ahead of the curve, by adding the features that really make a difference to your driving experience. Features like OnStar – the first comprehensive in-vehicle communications and assistance service. And XM Satellite Radio – the largest satellite radio provider in the world – that's now offered on more than 50 GM vehicles.

\*Dependability based on longevity; 1988-July 2005 full-size Chevrolet and GMC light-duty pickup registrations, including chassis cabs. Sources: R.L. Polk Canada, Inc. National Vehicle Population Profile – Canadian Vehicles in Operation as of July 1, 2005. Based on % of vehicles remaining in operation, weighted on age of vehicle.

\*\*U.S. Government ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (safercar.gov).

†Based on Natural Resources Canada's 2006 Fuel Consumption Guide's rating available at time of printing.
