## PERFORMANCE/TECHNOLOGY

Take the driving experience to the next level with superior technology that combines power and comfort designed to simplify life whatever your lifestyle.

### 1. ELECTRIC POWER STEERING

Highly precise and accurate, the Electronic Power Steering allows you to maneuver with less effort and is especially useful when turning at low speeds.

### 2. 6-SPEED AUTOMATIC TRANSMISSION WITH MANUAL MODE

Choose the Manual Mode for more control over your gear selection and to enjoy driving dynamics similar to a conventional manual transmission. You can also switch between 2WD or 4WD depending on the terrain.

### 3. CHEVROLET MYLINK

Chevrolet MyLink comes fully equipped to meet all your infotainment and entertainment needs. Available phone integration with Apple CarPlay™ takes your favorite smartphone features and displays them in a smart, simple manner on a touchscreen with available Thai language. Use voice command to make calls, send and receive messages, play music and access the navigation system by using conveniently located controls on the steering wheel.

### 4. REMOTE START

The remote start is a feature that lets you start the engine from up to 20 meters away. When Trailblazer starts remotely, the doors remain locked and climate controls activate to 25°C, cooling the interior for comfort that welcomes.

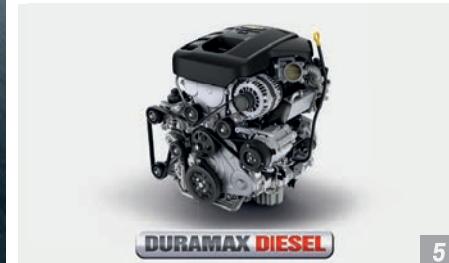

### 5. 2.5L DURAMAX TURBO DIESEL ENGINE

Feel confident wherever the destination with an engine built and copyrighted by Chevrolet worldwide. The 2.5 L Duramax diesel direct injection engine features 4 cylinders, 16 valves, DOHC with Variable Geometry Turbocharger (VGT) with an intercooler that delivers 180 hp @3,600 rpm and 440 Nm of torque @2,000 rpm.

\*The Trademark of Apple and iPhone is the copyright of Apple Inc. of the United States of America and supporting countries. Apple CarPlay™ system is copyrighted by Apple Inc. Apple CarPlay™ is compatible with iPhone as noted in [www.apple.com/ios/carplay/](http://www.apple.com/ios/carplay/)

Classy, Sporty and Distinctive.

**6. BLACK BODY SIDE MOLDING**  
Stylish and unique.

**7. NEW BLACK INTERIOR DESIGN (JET BLACK)**  
The new jet black Interior is luxurious yet sporty.

## SAFETY

**1. SIDE BLIND ZONE ALERT** LED-lit symbols on both exterior mirrors alert you when another vehicle ventures into one of your blind zones.

**2. TIRE PRESSURE MEASURING SYSTEM** TPMS checks the air pressure of individual tires and alerts you if your tires are over or under-inflated.

**3. REAR VISION CAMERA** The rear vision camera is activated automatically when reversing. Through a live feed with dynamic guide lines on your touch-screen display, you can now see and avoid stationary objects behind you when backing up.

**4. REAR CROSS TRAFFIC ALERT** Rear-Cross Traffic Alert uses radar sensors to warn you of vehicles crossing your path as you back out of a parking lot. Visual and audible alerts are triggered if moving vehicles are detected.

**5. FORWARD COLLISION ALERT** This available feature works at speeds of 40 km/h upwards and uses a high-resolution camera to scan for vehicles ahead, helping you maintain a safe distance to the car in front of you by alerting you to any potential crash risk with both audible and visual alerts.

**6. LANE DEPARTURE WARNING** Lane Departure Warning work at speeds above 60km/h to alert you of any fast approaching vehicles in the adjacent lane from up to 25 meters away.

**7. SAFETY CAGE** Built to meet the American Automotive Standard, the Safety Cage utilizes a high-strength steel and side impact beams to help absorb any crash impact energy from the front and side with the dual SRS airbags and driver's knee airbag.

**8. ARP – ANTI ROLLING PROTECTION** ARP evenly distributes the brake force between all four wheels for extra control and balance on every drive.

**9. ESC – ELECTRONIC STABILITY CONTROL** ESC regulates the brake pressure to the wheels while limiting the engine power when necessary to prevent your vehicle from skidding out of control.

**10. TCS – TRACTION CONTROL SYSTEM** TCS helps you quickly regain control of your vehicle in the event of any loss of traction due to wet or sandy roads.

**11. EBD – ELECTRONIC BRAKE FORCE DISTRIBUTION** EBD helps you maintain control of your vehicle by applying just the right amount of braking needed to each wheel when slowing down.

**12. HDC – HILL DESCENT CONTROL** Hill Descent Control (HDC) allows for a smooth and controlled descent down steep inclines.

**13. HSA – HILL START ASSIST** It works to stop the vehicle from rolling back when on a steep incline and helps stabilize the vehicle by holding it stationary for up to 3 seconds.
