A WORD ABOUT THIS BROCHURE Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on the latest available competitive information. Excludes other GM vehicles.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce

Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

UPTOWN, DOWNTOWN AND EVERYWHERE IN BETWEEN.

Take on the road with style. With a highway fuel consumption rating of 5.7 L/100 km¹ and the technology to keep you in touch with your world, Spark is the fuel-efficient small car that turns heads and turns new corners in providing confidence, control and connectivity. Apple CarPlay™ and Android Auto™ compatibility² provides a simple and smart way to use some of your phone's features through the standard Chevrolet MyLink®³ Radio. And thanks to nimble handling, Spark is perfect for narrow streets and getting you into all the hot spots — like the last parking space on the block.

¹ 2016 Spark equipped with available CVT transmission. Fuel consumption ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary. ² Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. ³ Chevrolet MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. MyLink on Spark does not include functionality such as enhanced voice recognition, Gracenote and CD player.

FIND NEW ROADS™

EVERYTHING YOU WANT, WHERE YOU WANT IT.

1. With the seats down, Spark offers 770 L (27.2 cu. ft.) of cargo room! Or for a night out on the town, it comfortably seats four with 2351 L (83 cu. ft.) of passenger room when the seats are up.
2. The 2016 Spark features an all-new sophisticated and refined design that includes the Chevrolet signature dual-port grille with elliptical headlamps that sweep back into the front fenders.
3. Enjoy the fresh air while running errands with the power tilt/sliding sunroof, available on 1LT and standard on 2LT.

¹ Cargo and load capacity limited by weight and distribution.

COMFORT IN ALL DIRECTIONS.

Slide behind the wheel of the all-new 2016 Spark and prepare to be impressed. From premium materials to excellent interior space and comfort, Spark will surpass all your expectations. Sporty,

colour-coordinated seats are designed for comfort, with heated leatherette seats on the 2LT model. The centre stack provides easy access to information, and Chevrolet signature blue ambient lighting guides you to port connections.

Spark 2LT interior in Jet Black leatherette with Beige seat inserts and Beige dash trim.

TECHNOLOGY THAT CAN COVER YOU FROM ANY ANGLE.

FORWARD COLLISION ALERT.

This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Spark is following a detected vehicle too closely.

LANE DEPARTURE WARNING.

If you unintentionally change lanes without signalling, this available camera-based system sends an alert. The camera, mounted near the interior rear-view mirror, reads traffic lane markings when identifiable and provides audible and visual alerts.

REAR VISION CAMERA.

Standard on Spark, the rear vision camera displays a view of the area immediately behind the vehicle on the 178 mm (7 in.) diagonal colour touch-screen – making it easier to see what's behind you while backing up.

REAR PARK ASSIST.

This available feature helps you back up by sounding an audible alert and providing a visual indication on the rear vision camera display when it detects certain stationary objects up to 2.4 m (8 ft.) behind the vehicle.

STABILITRAK® ELECTRONIC STABILITY CONTROL.

In challenging weather and road conditions, this standard system helps you stay the course by detecting the difference between the path being steered and the direction the vehicle is actually going. It then uses the brakes and, if necessary, adjusts engine torque to help you keep your Spark on track. This innovative safety technology is especially helpful during emergency manoeuvres and difficult driving conditions.

ONSTAR AUTOMATIC CRASH RESPONSE.¹

In a crash, built-in sensors can alert a specially trained OnStar Advisor who is connected to your Spark to see if you need help – even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. OnStar is standard for the first six months.

10 STANDARD AIRBAGS.²

Every Spark includes dual-stage frontal and knee airbags for driver and front passenger, head-curtain side-impact airbags for front and rear outboard passengers, and front and rear seat-mounted side airbags.

SAFETY STARTS WITH YOU.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Spark Owner's Manual for more important safety information.

¹ Visit onstar.ca for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles can transmit all crash data. ² Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information.

TECHNOLOGY

¹ Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement and Software Terms. After the trial period (if applicable), an active OnStar service plan is required. ² Devices must be WPA2 compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ³ Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.

STAY IN THE KNOW WHEN YOU'RE ON THE GO. Seamlessly connect your smart devices and Spark to the Internet. After initial setup, whenever your Spark is on, available OnStar with 4G LTE Wi-Fi^{®1} is automatically on too. It offers great signal quality and bandwidth for up to seven devices². The strong signal means you have a fast, easy and reliable connection.

APPLE CARPLAY AND ANDROID AUTO. With standard Apple CarPlay[™] and Android Auto[™] compatibility,³ you can interact with some of your smartphone apps from your phone in a smart, simple manner, similar to the way you're used to through voice controls or the touch-screen in your car. Plug in your compatible iPhone[®] or Android smartphone to the USB port⁴

to enable some of your favourite apps to be displayed on the standard Chevrolet MyLink⁵ 178 mm (7 in.) diagonal colour touch-screen. Each system is engineered to present many of the features you rely on most.

⁴ Not compatible with all devices. ⁵ Chevrolet MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. MyLink on Spark does not include functionality such as enhanced voice recognition, Gracenote and CD player.
