COMPLETE CARE

We're with you all the way. Chevrolet Complete Care reflects our commitment to you and your new Corvette. Please visit chevrolet.ca or see your dealer for full details.

YOUR COMPREHENSIVE OWNER BENEFIT PROGRAM.

2-year/48,000 km ¹⁴ Complimentary Oil Changes ¹⁵
3-year/60,000 km ¹⁴ New Vehicle Limited Warranty
5-year/160,000 km ¹⁴ Powertrain Component Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge
5-year/160,000 km ¹⁴ Courtesy Transportation
5-year/160,000 km ¹⁴ 24/7 Roadside Assistance
6-year/160,000 km ¹⁴ rust-through perforation coverage
8-year/130,000 km ¹⁴ coverage on catalytic converters and Powertrain Control Modules (PCMs)
OnStar ¹⁶ Guidance Plan for 6 months, including Automatic Crash Response, Stolen Vehicle Assistance, Roadside Assistance and Turn-by-Turn Navigation (trial excludes Hands-Free Calling minutes)
OnStar Basic Plan ¹⁷ for 5 years on most Chevrolet vehicles, including limited OnStar RemoteLink [®] Mobile App services.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS¹⁸

- GM Protection Plan (GMPP) — the only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.
- Chevrolet Certified Service — to help your Chevrolet vehicle live up to its performance promise, Chevrolet Certified Service — found exclusively at your Chevrolet dealer — is there. With all the engineering excellence in your vehicle, GM-trained technicians have the expertise to care for all of it.
- Chevrolet Owner Centre — as an owner, take advantage of the Chevrolet Owner Centre. This online owner's destination gives you access to contests, current offers and the latest driving and maintenance tips. Find out more at chevroletowner.ca.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE

- Purchase Financing and Leasing — on-the-spot financing; see dealer for full details.¹⁹
- GM Student Bonus Program — students or recent graduates of high school, college or university¹⁹ may be entitled to receive a Student Bonus Vehicle Redemption Allowance of \$500 or \$750¹⁸ (tax inclusive) (purchased vehicle dependant) to use towards the purchase, lease or finance of one eligible new Chevrolet vehicle.
- GM Card[®] — cardholders may redeem Earnings towards the total purchase price or lease down payment of an eligible new Chevrolet car, truck or crossover. Restrictions and limitations apply. For full program details, visit gmcard.ca.

INFORMATION RESOURCES You can find more information about these programs from your Chevrolet dealer, or at these information centres:

- The Chevrolet website at chevrolet.ca
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on the latest available competitive information. Excludes other GM vehicles.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your

vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

TRADEMARKS The marks appearing in this brochure including, but not limited to, General Motors, GM, Chevrolet, the Chevrolet emblem, Corvette and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Active Fuel Management, Find New Roads, Magnetic Ride Control, MyLink, OnStar, the OnStar emblem and RemoteLink are trademarks of General Motors LLC, OnStar LLC and/or General Motors of Canada Company, its subsidiaries, affiliates or licensors. ¹⁴ Whichever comes first. Conditions and limitations apply. See dealer for details. ¹⁵ Limit of four complimentary Lube-Oil-Filter services in total. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. Conditions and limitations apply. See dealer for details. ¹⁶ Visit onstar.ca for coverage map, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ¹⁷ The OnStar Basic Plan is available for 5 years from the date of delivery of the eligible new 2016 Model Year vehicle and is transferable to subsequent owners for the remaining term. The Basic Plan includes access to: (1) monthly OnStar Vehicle Diagnostics emails (capabilities vary by model); (2) Dealer Maintenance Notification; and (3) limited OnStar RemoteLink Mobile App services which include remote start (requires factory-installed and enabled remote start system), remote lock/unlock doors (requires automatic locks) and remote horn & lights activation. The OnStar RemoteLink Mobile App is available on select Apple, Android, BlackBerry and Windows devices. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service or Hands-Free Calling. These and other services are available under a paid plan. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1.888.4ONSTAR (1-888-466-7827). ¹⁸ Conditions and limitations apply. ¹⁹ Subject to eligibility.

CORVETTE Z06 COUPE WITH AVAILABLE C7.R SPECIAL EDITION. Shown in Corvette Racing Yellow Tintcoat (extra-cost colour). This special package pays tribute to the C7.R race car. Supply is extremely limited; please see your dealer for more information.

CORVETTE C7.R WINS TRIPLE HONOURS. The Corvette Racing team stood atop the podium at the 24 Hours of Le Mans for the eighth time in 2015. With drivers Oliver Gavin, Tommy Milner and Jordan Taylor, the No. 64 Corvette won top honours in the GTE Pro Category. The 2015 season also included class wins for the Corvette Racing team in the Rolex 24 At Daytona and the Mobil 1 Twelve Hours of Sebring.

**CENTURY
AUTO.CA**

BLACK SUEDE

More than merely artistic triumph, this is the ominously elegant Corvette. Exterior colour choices include Black, Blade Silver Metallic, Arctic White and Torch Red. A Jet Black sueded microfibre interior – with sueded microfibre-wrapped steering wheel and shifter – adds drama. Other designer touches include Satin Black wheels with Red-painted accent stripes, Red brake calipers, Carbon Flash exterior badges, and Satin Black hood extractor and graphics. Available on Stingray and Z06 models.

TWILIGHT BLUE

Boldly customize your Stingray or Z06 with the available Twilight Blue Design Package. Exterior colour choices include Shark Grey Metallic, Blade Silver Metallic, Arctic White or Night Race Blue Metallic accented with Shark Grey vents. The convertible is further set off by a Blue top and Shark Grey tonneau cover inserts. This exclusive package also includes a Twilight Blue full-colour interior plus Motorsports-style wheels on Stingray and 20-inch 10-spoke aluminum blade wheels in Pearl Nickel on Z06. You can also opt for a Red, White and Blue Full-Length Racing Decal Package.

SPICE RED

As provocative as it is premium, the Spice Red Design Package is offered in new Long Beach Red Metallic Tintcoat (extra-cost colour), Shark Grey Metallic, Blade Silver Metallic and Arctic White. The convertible features a Spice Red top. All models include a Spice Red full-colour interior plus Motorsports-style wheels on Stingray and Pearl Nickel blade wheels on Z06.

S T I N G R A Y

It's been called "stunning," even "astonishing." *Car and Driver* named it as one of its 10Best cars for 2015. The acclaimed Corvette Stingray takes on all challengers with the prowess and aesthetic impact you expect from one of the world's most desired sports cars.

CENTURY
AUTO.CA

PRECISION-FOCUSED FORM. Provocative design meets race-proven technology, making Stingray Coupe low, light and lean. Impressive downforce keeps the vehicle planted, while functional exterior vents help reduce lift and minimize drag.

ENGINEERING MASTERPIECE. With 460 horsepower¹ and 465 lb.-ft. of torque, the Stingray LT1 V8 delivers 0-96 km/h (0-60 mph) times of 3.7 seconds with the available Z51 Performance Package and 8-speed paddle-shift automatic transmission. Compact engine design lowers the hoodline and vehicle centre of gravity.

PADDLE-SHIFT AUTOMATIC. The available 8-speed paddle-shift automatic transmission offers smooth control with quick, precise shifts that rival its dual-clutch competitors. You can override the automatic with the paddles or take over with full manual control.

MAGNETIC RIDE CONTROL.™ For 2016, this sophisticated suspension option is available on all models. The advanced third-generation technology stiffens the suspension for high-performance driving without sacrificing a smooth ride. It includes larger wheels and a spoiler when ordered without the Z51 Performance Package.

¹ With available performance exhaust.

PERFECTLY BALANCED PERFORMER.

ALUMINUM AND CARBON FIBRE contribute to a 50/50 weight distribution and a world-class power-to-weight ratio for optimal handling and acceleration. One-third the weight of steel, the latest-generation Corvette aluminum space frame is 45 kg (100 lb.) lighter and 57% more rigid than its steel predecessor.

**CENTURY
AUTO.CA**

THREE-PART POWER. A trio of innovative technologies rarely seen in any elite sports car – Direct Injection, Variable Valve Timing and Active Fuel Management® – combine revolutionary power with fuel efficiency.

DIRECT INJECTION. This technology moves the point where fuel feeds into the engine closer to the point where it ignites, enabling greater combustion efficiency. Direct Injection provides a more complete burn of the fuel in the fuel-air mixture, so less fuel is required to deliver the equivalent horsepower of a conventional port injection fuel system.

VARIABLE VALVE TIMING. This advanced technology optimizes camshaft timing to improve high-rpm horsepower and low-end torque. An intelligent position sensor detects engine operating conditions and adjusts the timing of intake and exhaust valves.

ACTIVE FUEL MANAGEMENT (AFM). AFM temporarily deactivates four cylinders and seamlessly reactivates them when the driver demands full power. When cylinders are deactivated, real-world fuel economy improvement is realized. The transition is virtually imperceptible.

7-SPEED MANUAL TRANSMISSION WITH ACTIVE REV MATCHING. The Active Rev Matching technology provides a signal from the transmission to the engine controller. With this information, the engine rpm is controlled to better match the next gear selection, which enhances driveability.

OIL-SPRAY PISTON COOLING. In this high-performance application, eight oil-spraying jets in the engine block drench the underside of each piston and the surrounding cylinder walls with an extra layer of cooling, friction-reducing oil. The oil spray reduces piston temperature, promoting long-term durability.

PERFORMANCE EXHAUST. Available on Stingray, the performance exhaust system increases horsepower from 455 to 460. The system provides a more aggressive exhaust note and features polished stainless steel tips.

OWN THE RACETRACK.

CORVETTE COUPE in Torch Red with available Z51 Performance Package and other available features.

ELECTRONIC LIMITED-SLIP DIFFERENTIAL.

Included in the available Z51 Performance Package, the intelligent Electronic Limited-Slip Differential continuously modulates torque split to improve traction and acceleration out of corners, enhancing stability on the highway and steering turn-in responsiveness.

PERFORMANCE TRACTION MANAGEMENT.

With this system, five separate settings of torque reduction and brake intervention help facilitate maximum grip on the road for more confident driving. Requires available Z51 Performance Package and Magnetic Ride Control suspension.

RACETRACK-PROVEN BREMBO BRAKES.

Ventilated 4-piston Brembo® brakes are standard on all Stingray models. The available Z51 Performance Package includes larger 345 mm (13.6 in.) front rotors with slotted discs and 338 mm (13.3 in.) rears.

**CENTURY
AUTO.CA**

“The clear message this car sends to the rest of the world: Bring it on.”

— Motor Trend

Z06

Call it a close link. Z06, codeveloped with the Corvette C7.R race car, is the fastest, most powerful production Corvette ever. With the available Z07 Performance Package and 8-speed paddle-shift automatic transmission, Z06 will sprint to 96 km/h (60 mph) in 2.95 seconds and run the quarter-mile in 10.95 seconds.

SHARED ALUMINUM FRAME. The ultra-high-strength, lightweight aluminum frame used on Stingray and Z06 formed the basis for the Corvette C7.R race car frame — only minor modifications were made, including the addition of the mandated roll cage.

TENACIOUS GRIP. Z06 is further differentiated from the Stingray with flared fenders that accommodate larger, wider wheels and tires for more grip, enabling Z06 equipped with the available Z07 Performance Package to achieve

1.2 g. Larger vents enhance airflow to the engine, brakes, transmission and differential for increased track capability.

SUPERIOR AERO. The aerodynamic bodywork generates incredible downforce for cornering grip and stability. Compared with the Stingray, rear fenders are widened by 80 mm and the front by 56 mm, creating a more aggressive stance and enhanced handling. Plus, Z06 comes standard with larger Michelin® Pilot® Super Sport ZP summer-only tires¹

¹ Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer.

SUPER-TUNED SUPERCAR.

650 HP. Z06 is powered by the LT4 6.2L supercharged aluminum V8 delivering 650 horsepower and 650 lb.-ft. of torque. It incorporates an efficient next-generation supercharger, as well as a dry-sump oil system and titanium intake valves for reduced mass.

HIGH-PERFORMANCE EFFICIENCY. While advanced engine technologies enable supercar performance, Corvette engineers have managed to increase LT4 fuel efficiency by leveraging the same trio of advanced technologies introduced on the Corvette Stingray powertrain: Direct Injection, Active Fuel Management and Continuously Variable Valve Timing. Z06 is available with either a 7-speed manual transmission with Active Rev Matching or an 8-speed paddle-shift automatic.

CORVETTE Z06 COUPE in Corvette Racing Yellow Tintcoat (extra-cost colour) with available Z07 Performance Package and other features.

**CENTURY
AUTO.CA**

THIS CORVETTE READS ROAD AND TRACK.

CORVETTE STINGRAY COUPE. Shown in Laguna Blue Metallic Tintcoat (extra-cost colour) with available Z51 Performance Package.

¹ Included with available Magnetic Ride Control suspension.

With the turn of a dial, everything changes. The available Driver Mode Selector allows you to easily customize your driving experience. By selecting one of five distinct driver modes – Weather, Eco, Tour, Sport and Track – your Stingray or Z06 controls the complexity of up to 12 performance variables.

WEATHER MODE. In inclement weather, the vehicle senses and adapts to road conditions, distributing appropriate power to the rear wheels. Tailored traction control and throttle progression promote more confident driving in rain or snow.

ECO MODE. To reduce engine workload and help conserve fuel, Eco Mode maximizes Active Fuel Management to limit power when travelling at cruising speeds. Fuel efficiency is automatically optimized until aggressive acceleration is called for.

TOUR MODE. Tour Mode is the default setting for everyday driving that enhances comfort. The customizable gauge cluster can display audio, navigation and phone data.

SPORT MODE. Optimized for spirited driving, steering effort and Magnetic Ride Control suspension damping are stiffened but tempered. The exhaust note becomes more aggressive.

TRACK MODE. Designed for legitimate race settings, Track Mode enables launch control to provide maximum off-the-line acceleration. Steering effort and Magnetic Ride Control suspension damping adjust to supply maximum responsiveness. Performance Traction Management¹ is enabled. Throttle progression optimizes for track performance. Gauge configuration offers a GTLM (GT Le Mans) Corvette Racing-inspired display complete with shift lights and lap timer. The lap timer is linked to the available Performance Data Recorder, if equipped.

**CENTURY
AUTO.CA**

CAPTURE THE EXCITEMENT. Record, share and analyze your driving experiences on and off the track with the available award-winning Performance Data Recorder (PDR). Add an extra dimension to the Corvette experience by logging video of your drives, along with real-time performance data, onto an SD memory card stored in the glovebox. Four modes allow you to capture video, audio (except in Valet Mode), driving stats, date and time, and much more. Previously available only to race engineers, this tool makes you a better driver and helps you get the most out of your Corvette.

FOUR SELECTABLE OVERLAY MODES. Track Mode overlays the maximum level of data onto your drive video, including speed, rpm, throttle and braking, g force, location-based track map, lap times and more. Sport Mode shows fewer details, but includes key data such as speed and g force. Performance Mode records 0-96 km/h (0-60 mph) acceleration, quarter-mile speed and elapsed time, as well as 0-160-0 km/h (0-100-0 mph) runs. For everyday driving and scenic road trips, Touring Mode has no data overlay.

TOOLBOX. You can analyze your driving technique using Cosworth Toolbox software that can be downloaded from the Corvette website. Developed by the same motorsports engineering company that supplies the Corvette Racing data acquisition and telemetry system, the Cosworth Toolbox software lets you comb through performance and lap metrics with a race-derived program that acts as a virtual driving coach. You can even pull in a hot lap from another driver — one of your buddies or even a pro — and analyze it side by side with yours.

ANALYZE YOUR DRIVE. Data is captured using a seamlessly integrated, windshield-mounted HD camera module, as well as a performance processor, internal accelerometers and a GPS system. Play your video back on a computer or tablet, or relive your drive right inside your Corvette (when stopped, of course) on the 203 mm (8 in.) diagonal touch-screen.

VALET MODE. Keep tabs on your Corvette when you're not the driver by setting the PDR to Valet Mode, which can record outside forward video and data.

CRAFTSMANSHIP IS NOT A LOST ART.

HAND-STRETCHED LEATHER. Napa leather, available on the 3LT trim level, is a testament to the finely crafted Corvette interior. Free from imperfections, its natural grain dismisses the notion of synthetic textures. A hand-stretched, leather-wrapped instrument panel swathed and sewn to meticulous fit and finish is included on 3LT and 3LZ, and lightweight aluminum accents adorn doors, pedals, shifter and cockpit instrumentation.

PADDLE-SHIFT CONTROL. Paddles initiate Active Rev Matching on the 7-speed manual transmission or manual shifting on the available 8-speed paddle-shift automatic.

EXACT COMFORT. The passenger air vent includes an interior temperature control and indicator, plus controls for the available heated and ventilated seats. In every detail, this interior is designed for total comfort.

TAILORED TO YOU. Now included on all Corvette models, the flat-bottom steering wheel provides more knee room for entry/egress and heel/toe shifting. This leather-wrapped power tilt and telescopic wheel also includes controls for Bluetooth® wireless technology,¹ cruise control, audio system and Driver Information Centre.

¹ Visit chevrolettotalconnect.ca to find out which phones are compatible with the vehicle.

PERFORMANCE, PRECISELY MEASURED.

RIGHT: An available colour Head-Up Display projects critical data into the driver's line of sight. LOWER LEFT: The customizable gauge cluster is optimized for each driver mode. LOWER RIGHT: The retractable, tablet-inspired colour touch-screen provides information at a glance.

CHEVROLET MYLINK.¹ Using steering wheel-mounted controls, hand gesture recognition and voice recognition capabilities, you can take calls and receive text messages hands-free. Or stream music services like Stitcher SmartRadio.² Plus, access a broad range of functions including OnStar³ and available

SiriusXM Satellite Radio.⁴ Other features include available 3-D navigation maps,⁵ an auxiliary input jack and Bluetooth[®] wireless technology.⁶

THE CONNECTED CORVETTE. Seamlessly connect your smart devices and Corvette to the Internet. After initial setup, whenever your Corvette is on, available OnStar 4G LTE⁷ Wi-Fi[®] is automatically on too. It offers great signal quality and bandwidth for up to seven devices.⁸ OnStar with 4G LTE provides a strong signal and delivers a fast, reliable connection.

EASY ACCESS TO YOUR APPS. With Apple CarPlay^{™9} compatibility, you can interact with select iPhone[®] apps. This system takes some of the iPhone features you'd want to access and puts them on your vehicle's display in a smart, simple manner. You'll have access to Phone, Music, Maps and Messages, as well as some of your favourite audio apps.

¹ Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ² Data plan rates apply. ³ Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. ⁴ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca. ⁵ At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁶ Visit chevrolettotalconnect.ca to find out which phones are compatible with the vehicle. ⁷ Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. ⁸ Devices must be WPA2 compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ⁹ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.

ACCESSORIES

CORVETTE UNMATCHED. These are just a few of the impressive features available for your 2016 Corvette. For a complete list of features and accessories, check out chevrolet.ca.

C7.R Vehicle Dust Cover (included with C7.R Special Edition).

Stingray Interior Doorsill Plates.

Z06 Blade Accessory Wheels.

MAXIMIZING THE CORVETTE EXPERIENCE.

BUILD YOUR OWN ENGINE. The available Engine Build Experience allows Z06 customers to assemble the 650-horsepower supercharged engine that will power their new Corvette Z06. The experience includes a full day with a Performance Build Center engine assembly technician who instructs and oversees the build. See your dealer for complete details.

PERSONALIZED INTERIOR PLAQUE. Make your 2016 Corvette one-of-a-kind with the available personalized interior plaque. The plaque features your name, as well as your Vehicle Identification Number and the Corvette crossed-flags logo.

GO TO DRIVING SCHOOL. Get the most from your new Corvette through the Ron Fellows Performance Driving School. This two-day program is available to 2016 Corvette owners at a reduced rate. Developed and managed by legendary Corvette racer Ron Fellows, the performance driving curriculum at Spring Mountain Motor Resort and Country Club in Pahrump, Nevada, accommodates drivers of all skill levels.

Through the Ron Fellows Performance Driving School, you'll be able to make the most of Corvette technologies such as the Driver Mode Selector and Active Rev Matching and delve deeper into the vehicle's capabilities, resulting in a more fulfilling driving experience. Owners do not have to bring their own Corvette to the school; the school has its own fleet of Corvette Stingray models. See your dealer for details.

Frameless auto-dimming interior rear-view mirror
Heated and ventilated bucket seats with power bolster and lumbar adjusters
Driver-side 2-position Memory Package
Luggage compartment convenience net
Luggage compartment shade (Coupe)
Universal home remote 3-channel programmable transmitter
10-speaker Bose Centerpoint® surround sound system.

CORVETTE STINGRAY 3LT In addition to or replacing 2LT features, 3LT includes:

Chevrolet MyLink ⁷ Radio with Navigation ¹⁶ and 3 trial months of SiriusXM NavTraffic™ ¹¹
Performance Data Recorder and video recorder
Custom Leather-Wrapped Interior Package includes leather-wrapped upper instrument panel, upper door trim panels and console storage cover
Sueded Microfibre-Wrapped Upper Interior Trim Package includes sueded microfibre headliner, visors, trim above windshield and rear window cover, A-pillar trim and area around quarter window (Coupe); sueded microfibre visors, trim above windshield and rear-window cover and A-pillar (Convertible)
Napa leather seating surfaces.

¹ Based on GM testing. ² With available Z07 Performance Package. ³ Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details. ⁴ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and the child safety seat instructions for more safety information. ⁵ Visit chevrolettotalconnect.ca to find out which phones are compatible with the vehicle. ⁶ Not compatible with all devices. ⁷ Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ⁸ Requires available Chevrolet MyLink and compatible iPhone running iOS 6 or later. ⁹ Requires a compatible smartphone with Bluetooth profile (M.A.P.) and applicable text messaging features. ¹⁰ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. ¹¹ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca. ¹² Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ¹³ The OnStar Basic Plan is available for 5 years from the date of delivery of the eligible new 2016 Model Year vehicle and is transferable to subsequent owners for the remaining term. The Basic Plan includes access to: (1) monthly OnStar Vehicle Diagnostics emails (capabilities vary by model); (2) Dealer Maintenance Notification; and (3) limited OnStar RemoteLink Mobile App services which include remote start (requires factory-installed and enabled remote start system), remote lock/unlock doors (requires automatic locks) and remote horn & lights activation. The OnStar RemoteLink Mobile App is available on select Apple, Android, BlackBerry and Windows devices. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service or Hands-Free Calling. These and other services are available under a paid plan. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1.888.4ONSTAR (1-888-466-7827). ¹⁴ Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. ¹⁵ Devices must be WPA2 compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ¹⁶ At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.
