Camaro LT Coupe in Hyper Blue
Metallic with available RS Package.

ALL NEW. ALL CAMARO.

The Chevrolet Camaro DNA will never change. We promise you that. But everything else about this sixth-generation icon was redesigned in the name of performance.

You can see it in the lower, slimmer proportions and dramatic fastback profile. You can feel it in its agile road handling and the refined interior that always puts the driver first. And you can hear it in the growl of any of three available powerplants.

It's all-new. Yet undeniably all Camaro. A combination that adds up to Motor Trend's 2016 Car of the Year.[®]

THE PURSUIT OF
PHYSICAL PERFECTION.

THIS BODY WASN'T SCULPTED IN THE GYM. Its lean, low, athletic build was shaped by hundreds of hours of wind tunnel testing, which ultimately led to refinements of the grille, hood and roofline that transformed this performance machine into the most aerodynamic Camaro ever. SS features High-Intensity

Discharge (HID) headlamps with LED signature and LED tail lamps that leave an impression both coming and going. And the RS Package, available on LT, boasts those same lighting enhancements, plus 20-in. aluminum wheels, a deck-lid-mounted spoiler, and chrome-accented upper and lower grilles.

EXTERIOR EVOLUTION.

1. The roof, seamlessly laser-brazed to shed mass, is reinforced by a "reverse mohawk" design. Pronounced rear quarter panels are a hallmark, with widened rear fender flares that signal Camaro is ready to strike.
2. Functional hood vents on SS help the LT1 V8 keep cool and reduce front end lift. And a wide, assertive grille showcases integrated brake cooling ducts.
3. Reverse-cut technology was utilized to remove weight from the wheels and give them a contemporary look. 18-in. wheels are standard on LT, while SS boasts 20-in. wheels.

SKY-HIGH TECH.

1. When it's time to play, the fully electronic convertible top lowers with the touch of the key fob or the single push of a button – even while driving up to 50 km/h.
2. The retracted top fluidly disappears under the fully automatic hard tonneau cover, maintaining the body's sculpted line.
3. The top-up silhouette respects the iconic fastback image of the Coupe.

OWN THE OPEN SKY.

AN EXTREME MASTERPIECE. From the fully automatic soft top that seamlessly disappears beneath the hard tonneau cover to modular underbody bracing that allows the same sharp, nimble handling as the Coupe, the Camaro Convertible is a high-tech masterpiece.

NO COMPROMISES HERE. The Convertible's soft top emulates the low fastback profile of the Coupe and is something to behold. The electro-hydraulic power roof system features multi-layer construction – including acoustic and thermal barriers – designed for a comfortable, quiet drive in all seasons.

TOP-DOWN PERFORMANCE. You can take this Convertible experience to the same extremes as Camaro Coupe. Choose from the LT 2.0L turbo 4-cylinder, the LT 3.6L V6 or the legendary SS Convertible, powered by the 6.2L LT1 V8.

A detailed view of the interior of a Camaro 2SS. The image shows the driver's side, including the steering wheel with the Camaro logo and SS badge, the instrument cluster with multiple gauges, the infotainment screen displaying radio information, and the center console with the gear shifter and handbrake. The interior is finished in Jet Black with Ceramic White accents on the seats and door panels.

DRIVER-FOCUSED. From the flat-bottom steering wheel to perfectly positioned pedals, Camaro is track- and street-ready. Thoughtful details – like available wireless charging¹ and a cord pass-through in the centre armrest that helps keep cords for digital devices neatly stored – are all around you.

You'll enjoy the aggressive lateral support of the contoured seats. The 2016 Camaro is premium in every way, from the cut-and-sew-wrapped stitching to the soft trim at all major driver touch points – armrests, knee pads on the doors and console, and elbow pads on the tops of the doors.

SHADES OF '67. The Camaro design team drew stylistic inspiration for the all-new instrument panel from the first-generation Camaro. The gauge cluster is ultra-modern, yet distinctly and dramatically “Camaro,”

highlighted by the two round gauges for speed and revs. With digital and analogue readouts for a total of 22 sources of information, Camaro is the classic over-performer.

AN INTERIOR THAT PUTS YOU FIRST.

1. Available 203 mm (8 in.) reconfigurable Driver Information Centre can be personalized to display the information you need and desire.
2. The manual shifter was enhanced with dimpled leather, a unique cap for SS and a grip that's ideal for every driver.
3. Premium materials surround you, including available heated and ventilated leather-appointed seating surfaces.
4. Rotating dials replace extra dash buttons for quicker, intuitive climate control.

¹ The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit chevrolettotalconnect.ca for details.

TECHNOLOGICALLY SOPHISTICATED.

1. The available Chevrolet MyLink¹ Radio lets you connect your compatible smartphone via Bluetooth^{®2} wireless technology and listen to music or make phone calls, all with a single touch.
2. The available full-colour Head-Up Display (HUD) instrumentation features readouts for each of the driver-selected modes, including track mode with g-meter, vehicle speed and engine rpm.
3. The OnStar RemoteLink[®] mobile app³ lets you remotely start your Camaro (requires available factory-installed and enabled remote vehicle starter system), lock and unlock your doors, locate your vehicle and more.
4. A Bose[®] premium audio system is standard on 2LT and 2SS. On models with the 2.0L turbo 4-cylinder engine, the available Bose audio system features engine sound enhancement, which amplifies the native growl of the turbocharger.

¹ Chevrolet MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ² Visit chevrolettotalconnect.ca to find out which phones are compatible with the vehicle. ³ Available on select Apple, Android, BlackBerry and Windows devices. EASY ACCESS TO YOUR SMARTPHONE.

With available Android Auto[™] compatibility,⁴ you can interact with select smartphone apps. This system takes some of your Android phone's features and puts them on the available Chevrolet MyLink¹ display in a smart, simple manner. You can access your phone, text messages, music, navigation and more.

APPLE CARPLAY COMPATIBILITY.

With Apple CarPlay,^{™4} you can connect with your most used iPhone[®] features, including Maps, Music, Messages and Phone, mirroring your phone right on your Camaro display. You can even interact with some of your favourite audio apps.

ENJOY THE SHOW. Interior spectrum lighting, available on 2LT and standard on 2SS, courses around the radio, door trim and cupholders, transitioning between 24 selectable colours. The colour spectrum reacts to changes in drive modes. The lighting gives off an ambient nighttime glow. By selecting "show mode" when parked, it triggers a pulsing, full-colour light show.

Camaro SS Coupe in Black.

A CAR AND DRIVER 10BEST. As a *Car and Driver* 10Best, the 2016 Camaro once again sets a performance-car benchmark. After driving the Camaro SS, *Car and Driver* editors praised Camaro for “elevating an entire genre.”

SS OWNS THE ROAD. AND THE RACETRACK. On SS, the 6-speed manual transmission with Active Rev Matching anticipates downshifts with throttle blips for smooth, precise shifting – a technique pros master after years of dedication – and 4-piston Brembo® brakes help bring it all to a controlled stop from any speed. Its track-ready credentials are stamped

with available Magnetic Ride Control™ that stiffens the suspension for high-performance driving while never sacrificing a smooth ride. On Coupe, auxiliary cooling for the engine, transmission and differential oil is standard. And the available dual-mode exhaust system lets you refine the sound of the 6.2L LT1 V8 engine with each of four drive modes.

A NEW LEVEL OF STEERING PRECISION. New variable-ratio Electric Power Steering (EPS), standard on every Camaro, provides world-class driving feel and precision. The SS steering system is specifically tuned with a fast 2.5 turns lock to lock.

LESS MASS EQUALS GREATER PERFORMANCE AND PRECISION.

1. An all-new architecture that's at least 91 kg (200 lb.) lighter and 28% stiffer vs. the fifth-gen. The suspension was engineered to be 21% leaner, with aluminum suspension components that reduce unsprung mass – giving the driver an incredible connection to the road.

2. Brembo 4-wheel disc brakes with 4-piston fixed calipers front and rear – optimized for the car's mass and performance capability – are standard on Camaro SS.

3. The dual-mode exhaust system, available with V6 and V8 powertrains, features quad outlets and electric valves that open and close the active exhaust. It's tuned to allow peak performance at high speeds and aggressive idle, and a less aggressive presence at steady cruising speeds. Also, the Driver Mode Selector calibrates a unique exhaust note for each mode.

4. Magnetic Ride Control, available on Camaro SS, is a real-time damping system that “reads” the road every millisecond. This cutting-edge technology is adjusted using the Driver Mode Selector and delivers more precise body motion control to ensure the highest level of performance possible.

¹ Coupe models only. ² Convertible models only. ³ Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement and Software Terms. After the trial period (if applicable), an active OnStar service plan is required. ⁴ The OnStar Basic Plan is available for 5 years from the date of delivery of the eligible new 2016 Model Year vehicle and is transferable to subsequent owners for the remaining term. The Basic Plan includes access to: (1) monthly OnStar Vehicle Diagnostics emails (capabilities vary by model); (2) Dealer Maintenance Notification; and (3) limited OnStar RemoteLink Mobile App services which include remote start (requires factory-installed and enabled remote start system), remote lock/unlock doors (requires automatic locks) and remote horn & lights activation. The OnStar RemoteLink Mobile App is available on select Apple, Android, BlackBerry and Windows devices. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service or Hands-Free Calling. These and other services are available under a paid plan. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1.888.4ONSTAR (1-888-466-7827). ⁵ Included with available Convenience and Lighting Package. ⁶ Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. ⁷ Included with available Heavy-Duty Cooling and Brake Package. ⁸ Included with 6-speed manual transmission. ⁹ Interim availability. ¹⁰ Included with 2.0L turbo I-4 engine. ¹¹ Available with 3.6L V6 engine. ¹² Includes Active Fuel Management with 3.6L V6 engine. ¹³ Includes Active Fuel Management. ¹⁴ Included with available 8-speed paddle-shift automatic transmission. Not available with 6-speed manual transmission. ¹⁵ Included with available RS Package. ¹⁶ Requires available RS Package. ¹⁷ Visit chevrolettotalconnect.ca to find out which phones are compatible with the vehicle. ¹⁸ Chevrolet MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ¹⁹ Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. ²⁰ Included with available Technology Package. ²¹ At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ²² Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca. ²³ Not compatible with all devices. ²⁴ The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit chevrolettotalconnect.ca for details. ²⁵ Requires available Convenience and Lighting Package. ²⁶ Requires available RS Package. ²⁷ Rear spoiler on Coupe only. † All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the "winter tire" symbol  may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area. †† Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details.

A WORD ABOUT THIS BROCHURE Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on the latest available competitive information. Excludes other GM vehicles.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.
