

SONIC

SONIC/

THE NEW CHEVROLET
SONIC IS "SO YOU"

SLEEK, SMART AND SENSATIONAL... Sonic is a great expression of yourself. It steals the limelight with its dynamic design that is simple, yet stylish and its dazzling exterior features such as

large 3-dimensional halogen front lamps and new side mirrors that act as clear and distinctive turn signals. Everywhere you go, this car says “SO YOU”.

MyLink

LIFE SIMPLY CONNECTED

MyLink allows you to command connectivity at your fingertips without taking your eyes off the road. With a 7" touch screen and control buttons embedded in the steering wheel, you will remain connected to your smartphone for instant communication and access to your favorite entertainment. Driving has never been more safe and fun.

- **AUDIO** Multiple sources of entertainment available with AM, FM, AUX, USB and Bluetooth connectivity.

- **PICTURE & MOVIE** Watch your favorite movies from USB and AUX connections. Gallery Photos can easily be viewed in a slideshow mode. Safety is not compromised with the built-in automatic viewing stop function.

- **TELEPHONE** Use wireless Bluetooth technology for telephone calls, phonebook access and voice commands through your smartphone applications.

- **SMARTPHONE LINK** Keep up-to-date with unrestricted connectivity to music and news by accessing online worldwide radio stations via your smartphone application.

- **SETTING** Customize various functions of Sonic to your preferences such as warning signals, lighting functionalities and automatic door locks.

OPEN THE DOOR... DISCOVER THE DIFFERENCE

The dual-cockpit style interior is striking with a super-comfortable two-tone seating upholstery and sporty digital meters in ice-blue colors. The rear seats can be folded in a 60:40 configuration, adding flexibility and extra storage for all your needs.

PERFORMANCE

MORE FUN WITH INSTANTANEOUS DRIVING RESPONSE

As you drive, surge forward confidently with instant-response delivered by Sonic's powerhouse engine that makes it so much fun to drive.

1.6 LITRE ENGINE Sonic is powered by the ECOTEC benzene DOHC (Double Overhead Camshaft) powertrain with a 4 in-line cylinders, 16 valves and Double CVC variable valve system with MPFI (Multipoint Sequential Fuel Injectors). This 1,598 cc engine pumps out 115 horse-power at 6,000 rpm with a maximum torque of 155 nm at 4,000 rpm. It also runs on E85 alternative fuel.

1.4 LITRE ENGINE Another benzene option, the 1,398 cc engine, delivers 100 horsepower at 6,000 rpm with a maximum torque of 130 nm at 4,000 rpm. Lightweight, yet highly efficient, this engine is available with a 5-speed manual transmission or a 6-speed DSC (Driver Shift Control) automatic transmission.

EURO-RIDE TUNING SUSPENSION You can tackle any road in confidence with the euro-ride tuning suspension which offers an excellent road grip and firm support. You will also feel completely secure with the MacPherson strut independent suspension system with coil springs, gas shock absorbers and Stabilizer bar in the front, and the compound crank (torsion beam) suspension with double-walled V-beam design with coil springs and gas shock absorbers in the rear.

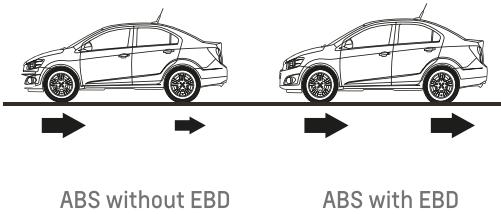

6-SPEED AUTOMATIC TRANSMISSION Get extra acceleration when you need it with the 6-speed automatic transmission off-on-axis design paired with a toggle switch for an even more exhilarating drive.

SAFETY

GLOBALLY-TESTED SAFETY FEATURES LET YOU

RELAX AND ENJOY THE JOURNEY BFI or body frame integral structure is designed with collapsible areas and side impact beams which work in unison with front airbags to ensure maximum safety should an accident occur.

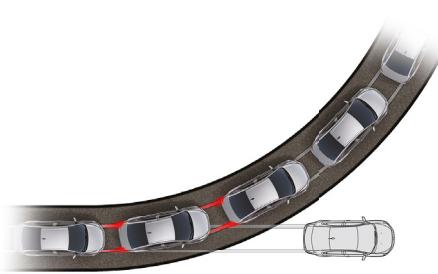

ABS without EBD

ABS with EBD

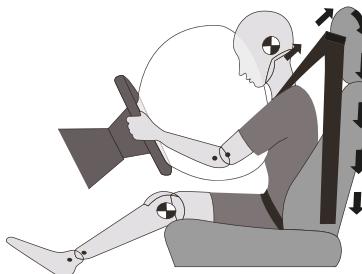

EBD (Electronic Brake-force Distribution) system automatically distributes brake force that matches the load and driving conditions and weight.

QUIET RIDE TECHNOLOGY This reduces exterior noise to a whisper, ensuring a pleasant, peaceful drive through NVH (Noise Vibration Harshness) technology. The acoustic package is comprised of three noise absorbing panels in between the engine compartment and the passenger cabin.

4-sensor, 4-channel ABS.

Sealed buffers are added at the seams of the structure. Thicker front and rear windshields increase impact resistance. Hydraulic engine mount reduces vibration and noises from the outside for a genuine quiet ride.

Front safety belts with adjustable height and pre-tensioners.

ACCESSORIES

ADD A UNIQUE SIGNATURE TO YOUR VEHICLE WITH A RANGE OF DASHING
ACCESSORIES SPECIFICALLY DESIGNED FOR SONIC.

- 1. Side window air deflectors
- 2. Roof decal
- 3. Strip sport decal
- 4. Mirror cap - chrome
- 5. Rear bumper protector
- 6. Sill plates
- 7. Scuff plate
- 8. Pedal kit - sports
- 9. Fuel door cover - chrome
- 10. Body side skirt
- 11. Fog lamp cover - chrome
- 12. Chrome garnish fog lamp
- 13. Daytime running light
- 14. Headlamp bezel - red ring finish
- 15. Door handles - chrome
- 16. Applique kit - chrome handle
- 17. 17" alloy wheel
- 18. Ground effect kit
- 19. Parking aid kit
- 20. Grille chrome
- 21. Bumper guard kit
- 22. Spoiler
- 23. CD/DVD/MP3 player
- Ambient footwell lighting
- Cargo tray
- Floor mats
- Cargo net
- Wheel lock set
- Repair tire kit
