**WHY JUST GO
FROM A TO B**

**WHY JUST GO FROM A TO B
WHEN IMAGINATION CAN TAKE YOU EVERYWHERE.**

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that each one leads to some place we're not – but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. They drive us to places we've never been before. We'll never stop seeking out new roads.

A BOLD NEW VISION. The Chevrolet Orlando is a true expression of what a 7-seater should be. Its groundbreaking design provides confident

styling that never gets in the way of flexibility or practicality. The Orlando strikes the perfect balance between the convenience of a utility

with the soul of a family car. The Orlando is a true Chevrolet original – highly functional with a distinctive design.

A CAR WITH A PERSONALITY.

The Orlando effortlessly stands out from the crowd. Its sweeping lines, shaped and sculpted, deliver a strong but unique feel. The result is a muscular 'wheels out, body in' silhouette and a

stance that can't be ignored. The real beauty of the Orlando is in the details, with new side indicators in the side rear view mirrors and 17" alloy wheels.

STYLE AND ENTERTAINMENT AT ITS CORE.
The unique interior finishes mirror the strong personality of the exterior. A Corvette-inspired dual-cockpit provides the centrepiece of the interior, while slick panelling flows through the spacious cabin in a wave-like manner.

Dials and driver-aids are intuitively located, with key audio and MP3 controls either on the

steering wheel or on the dash. Chevrolet ice-blue lighting illuminates the instruments and the dials clearly. You can also Plug-in and Play your compatible USB device via the USB port or stream your favourite tunes straight from your compatible Bluetooth mobile device.

SEVEN SEATS, COUNTLESS POSSIBILITIES.

The Orlando is all about flexibility. With 16 different seating combinations, the interior is simple to configure according to passengers or luggage. Additional space, should it be needed, is provided by cleverly placed storage

compartments found behind the radio, in the doors and in the rear cargo areas.

Up to 7 seats spread over 3 rows with the passenger's seat, the second and third row all folding flat effortlessly, offering more than 2.6

metres length of cargo space. With its multiple seating combinations, Orlando can adapt with ease to your lifestyle, whatever it might be.

AN MPV THAT PERFORMS LIKE A COMPACT.

The Orlando may have the versatility of an MPV, but its handling feels like no other vehicle in the segment. It hugs the curves with sure-footed confidence and settles in for a smooth, enjoyable ride on the open road, whatever the conditions.

Chevrolet engineers have worked relentlessly to design and calibrate the Orlando to bring the pleasant drivability of a compact car into a utility. The dynamic drive is delivered via our frugal 1.8 Litre ecoTech engine with 5-speed manual transmission.

360° SAFETY FOR ALL-ROUND SITUATIONS.

With a 5-star NCAP rating, the Orlando is designed with passenger safety in mind.

Standard features include front, side and curtain airbags, ABS brakes with Electronic Brake-force Distribution (EBD) and Hydraulic Brake Assist (HBA).

The Orlando also features a tough reinforced safety cage that incorporates a 'long cradle' high-energy absorbing system to lessen the effect of any impact and safeguard occupants. Children are kept secure thanks to the dual ISOFIX system, which anchors child seats to the vehicle both quickly and effectively.

Park Assist

Parking is also made a little safer – it offers an intelligent park assist system to protect the vehicle's exterior from unnecessary damage.
