FIND *NEW* ROADS™

WHY JUST GO FROM A TO B

WHEN IMAGINATION CAN TAKE YOU EVERYWHERE

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that every road leads us to someplace we're not – but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. Roads drive us to places we've never been before. And we'll never stop seeking out new ones.

VOLT

INTRODUCING THE BEST OF BOTH WORLDS Chevrolet Volt is the everyday electric car, with a gas-powered range-extending generator for longer trips. Volt first lets you drive on pure electricity. Then an onboard generator seamlessly switches on to take you even farther. With this kind of innovation, Volt has been recognized as the “Leader in Strategic Vision’s 2013 Total Quality Award™” for Best Mid-Size Car™² and one of the “10 Best Green Cars of 2013” by Kelley Blue Book’s KBB.com.³ “Volt remains the standard for cars that combine plug-in battery-electric power with a gas engine,” says *Sierra* magazine after Volt topped the Sierra Club’s list of hybrid plug-ins. That’s the power of Chevrolet ingenuity.

The 2013 Chevrolet Volt was recognized by J.D. Power as the “Highest Ranked Vehicle Appeal among Compact Cars in the U.S., Three Years in a Row.”¹ The Automotive Performance, Execution and Layout (APEAL) Study looked at exterior styling, seating and storage space, comfort, convenience and other factors.

Volt in Silver Ice Metallic with available features.

CENTURY
AUTO.CA

EFFICIENCY IN EVERY DETAIL Volt wasn’t made to simply strike the eye. It was sculpted with powerful purpose. Chevrolet designers used extensive wind tunnel testing to shape everything from the unique front grille to the side view mirrors and rear spoiler. This attention to detail gives Volt an extremely low drag coefficient. So as it slices through the air,

Volt can travel up to 40-80 kilometres⁴ in EV mode without using a single drop of gas. Then, enjoy the spontaneity of extending your range, thanks to the gas-powered electric generator that turns on – seamlessly – so you’ll never experience the “range anxiety” that drivers of other electric cars have to live with.

¹ The Chevrolet Volt received the highest numerical score among compact cars in the proprietary J.D. Power 2013 Automotive Performance, Execution and Layout Study. Study based on 83,442 total responses from new-vehicle owners of 230 models and measures opinions after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed February–May 2013. Your experiences may vary. Visit jdpower.com. ² Strategic Vision’s 2013 New Vehicle Experience Study™ surveyed 17,568 Oct.–Nov. new-vehicle buyers after the first 90 days of ownership. Chevrolet Volt tied Ford Fusion in the Mid-Size Car segment. ³ For more information, visit kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co. Inc. ⁴ Assumes full battery charge. Actual driving range depends on terrain, temperature and personal driving techniques. Vehicle features and performance capabilities subject to change.

AN INTERIOR WITH A FLOW OF ITS OWN

Volt interior with available Jet Black leather appointments and Ceramic White accents.

CENTURY
AUTO.CA

INNOVATIVE SPACE This unique cockpit-inspired design incorporates a full centre console and sporty bucket seats for all four passengers. Volt is a roomy premium sedan that's a true pleasure to live with. The seats, finished with your choice of cloth or leather-appointed seating surfaces, are comfortable and supportive. If you don't tell them, your passengers may never suspect that your Volt is one of the most technologically advanced cars on the road.

INTERIOR CONVENIENCE Look around. You'll see cupholders, storage bins and door panel storage. There's even a dedicated umbrella pocket and another convenient storage area for the standard 120V charging cord. Plus, Volt offers up to 300 L (10.6 cu. ft.) of cargo space.¹ The split rear seats can also be folded down to provide even more room.

Volt interior with available Pebble Beige leather appointments and sueded inserts.

¹ Cargo and load capacity limited by weight and distribution.

Volt interior with available Jet Black leather appointments and Ceramic White accents.

CENTURY
AUTO.CA

STRAIGHTFORWARD TECHNOLOGY The Volt command centre is packed with advanced technology streamlined in two simple, straightforward interfaces. Instead of turning a key, you push a blue button. Rather than looking at dials and needles, you check two 178 mm (7-in.) interactive LCD colour display screens. The screen behind the steering wheel gives you a convenient look at the Driver Information Centre. The touch-screen

in the centre stack puts efficiency data, driving mode selection and music choices right at your fingertips.

THE ENERGY-EFFICIENT POWER OF BOSE Using a proprietary design, the available Bose® audio system delivers premium, high-quality sound – but is 30% smaller, 40% lighter and uses 50% less energy than automotive audio systems with comparable performance.

SCREEN PLAY The efficiency gauge and two energy feedback displays provide a quick glance at how adeptly you're driving. In the centre stack, the colour touch-screen shows energy usage and power flow that you can use to learn how to drive more efficiently. You can also switch screens to access infotainment capabilities through Chevrolet MyLink™¹ where you can integrate your compatible smartphone, music and more.

Efficiency gauge.

Convenient in-dash storage area.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit MyLink.Chevrolet.ca for more details.

CHARGING MADE SIMPLE

IT'S TIME TO GIVE GAS A RUN FOR ITS MONEY.

CHARGE PORT Whether you want to charge from your garage, a friend's home or a public charging station while you're on the go, it's completely possible by simply plugging in.

ELECTRIC DRIVE UNIT The wheels of Volt are continuously propelled by the electric drive unit, with electricity either from the battery or the gas-powered range-extending generator. This makes Volt a significant step forward from earlier hybrids and less reliant on charge stations than battery electric vehicles.

LITHIUM-ION BATTERY The advanced 16.5-kWh lithium-ion battery was designed in a T-shape to maximize space efficiency and minimize weight for long-lasting durability. The battery also has a liquid cooling and warming system to ensure a longer life.

GENERATOR When the battery runs low, the gas-powered generator extends the vehicle's range and provides electricity to sustain the battery charge until Volt can be recharged.

CHARGE FROM ALMOST ANYWHERE Choose a standard 120V charging unit that allows you to plug into an electrical outlet and fully charge the battery in about 10 to 16 hours,¹ based on charging levels and ambient temperature. Or you can opt for an available 240V charging² station that cuts down your charging time to approximately four hours.

REGENERATIVE BRAKING This innovative system captures energy normally lost during braking and converts it into electricity that's then stored in the battery. By recycling some of the energy generated from the vehicle's motion during braking, the battery is supplied with recaptured energy without producing additional emissions.

CHARGE AHEAD WITH ASSURANCE To make sure you're always covered, the battery is backed with an 8-year/160,000 km³ Battery and Voltec™ Component Limited Warranty.

**CENTURY
AUTO.CA**

Uncovered look at the 288-cell lithium-ion battery pack.

¹ Using the portable 120V charge cord will take approximately 16 hours at the 8-amp default setting and can be reduced to 10 hours at the 12-amp setting. ² Professional installation required. For more information, visit pluginnow.com/ca for residential Bosch Automotive services. ³ Whichever comes first. See dealer for limited warranty details.

THE EXHILARATION IS ELECTRIC

Volt in Silver Ice Metallic
with available features.

Volt in Crystal Red Tintcoat (extra-cost
colour) with available features.

RESPONSIVE ACCELERATION The moment your foot hits the pedal, the adrenaline rush is immediate. It's a direct connection: head, right foot, motor, power. Without a traditional transmission, 273 lb.-ft. of low-end torque has nowhere to go except to the tires and pavement. And with the ability to reach a test-track speed of 160 km/h (100 mph), plus four versatile driving modes that you can easily shift between, it's clear that driving electric doesn't mean sacrificing performance.

NORMAL MODE In Normal mode, Volt will use the energy stored in the battery before seamlessly transitioning to the gas-powered generator. Volt always starts in Normal mode, which operates smoothly for the majority of driving scenarios. And as always, it's electric when you want it, gas when you need it.

SPORT MODE Sport mode delivers heightened responsiveness and feedback. Select Sport mode if you desire more aggressive acceleration, although the car's efficiency may be reduced slightly compared to Normal mode.

HOLD MODE Hold mode puts the battery's charge on hold — saving it for later. This mode is ideal for those with routes that begin with highway driving. This allows drivers to save their electric range for the pace of stop-and-go city traffic.

MOUNTAIN MODE Driving in this mode helps Volt maintain a power reserve for climbing long, steep grades.

**CENTURY
AUTO.CA**

PROVEN TECHNOLOGY

EMPOWER YOUR DRIVING EXPERIENCE.

CHEVROLET MYLINK¹ The 178 mm (7-in.) diagonal colour display touch-screen of the Chevrolet MyLink¹ Radio is your direct source to an array of entertainment options. You can use the touch controls or voice commands to access Stitcher SmartRadio.² Enjoy commercial-free music with SiriusXM Satellite Radio.^{TM3} Organize your music library with Gracenote.[®] With the available navigation system, easily plan and navigate trips. You can also keep track of real-time traffic reports

with three trial months of available SiriusXM NavTraffic.³ Volt also comes with OnStar[®] Turn-by-Turn Navigation, part of the OnStar Directions & Connections[®] Plan,⁴ included for three years.

MYCHEVROLET MOBILE APP⁵ Easily find your Volt in the parking lot by creating a reminder with a photo and mark on a map. Get roadside assistance when you need it while completing other convenient tasks.

ONSTAR REMOTELINK MOBILE APP⁶ Check the battery level and charge mode of your Volt right on your smartphone. Schedule a future charging time and receive alerts that tell you when your battery is fully charged or when your car is plugged in. This app also lets you contact an OnStar Advisor, lock or unlock your doors and precondition your Volt from almost anywhere you have cell phone service.

TOP SAFETY RATING The 2014 Volt received a 5-Star Overall Vehicle Score for Safety⁷ from the National Highway Traffic Safety Administration. When it comes to safety, this accolade speaks volumes.

PREVENTATIVE MEASURES Your drive begins with the aid of an available rear vision camera that alerts you to certain obstacles when travelling in reverse at low speeds. You can also activate an audible alert that helps

caution pedestrians who may not hear Volt driving quietly in electric mode while approaching at low speeds. The standard StabiliTrak[®] Electronic Stability Control System with traction control is also there and helps you keep on the course being steered in case of adverse conditions.

Available Forward Collision Alert[®] uses a forward-facing camera to alert you of slowing vehicles. The available Lane Departure

Warning[®] monitors lane markings and warns you if you unintentionally drift out of your lane without signalling.

IMMEDIATELY RESPONSIVE Volt automatically relays crucial information to the OnStar Command Centre via OnStar Automatic Crash Response.⁴ There, trained OnStar Advisors utilize GPS technology to pinpoint your exact location and can request that assistance be sent right away — even if you're unable to respond.

Rear vision camera.

myChevrolet[®] mobile app.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit MyLink.Chevrolet.ca for more details. ² Data plan rates apply. ³ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. ⁴ Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the complimentary trial period, an active OnStar service plan is required. ⁵ Requires Apple iOS or Android platform. ⁶ Available on select Apple, Android and BlackBerry devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan. ⁷ U.S. Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.SaferCar.gov). ⁸ Included with available Enhanced Safety Package 2 which requires available Enhanced Safety Package 1.

SAFETY AND SECURITY	
Airbags	
– driver and front passenger, dual-stage, frontal with Passenger Sensing System and airbag suppression	■
– driver and front passenger, seat-mounted side-impact	■
– driver and front passenger, knee protection	■
– front-to-rear, outboard seating positions, head curtain side-impact	■
Door locks – rear doors, child-security, electronic	■
Forward Collision Alert	□ ¹
Lane Departure Warning	□ ¹
OnStar In-Vehicle Communications and Assistance Service – includes three years of the Directions & Connections Plan with Turn-by-Turn Navigation* and OnStar RemoteLink**	■
Safety restraints	
– 3-point belts for all seating positions, front safety belt pre-tensioners, dual-mode retractors and shoulder belt height adjusters	■
– LATCH (Lower Anchors and Top tethers for CHildren), rear seats	■
Security system	
– content theft alarm, audible/visible, programmable	■
– portable charge cord theft alarm; alarm will sound if charge cord is removed prior to unlocking vehicle doors	■
StabiliTrak – Electronic Stability Control System	■
Theft-deterrent system – electronic immobilizer	■
Traction control – electronic, full-function, all-speed	■
Enhanced Safety Package 1 – includes interior auto-dimming rear-view mirror, rear park assist and rear vision camera	□
Enhanced Safety Package 2 – includes Forward Collision Alert, front park assist and Lane Departure Warning	□ ²
MECHANICAL	
Battery	
– 120-volt charge cord (5.5 m in length)	■
– accessories, 12-volt with run-down protection	■
– propulsion, 16.5-kWh lithium-ion rechargeable Energy Storage System; includes liquid thermal management system with active control	■
Brakes	
– electro-hydraulic 4-wheel disc with regenerative braking system on front brakes	■
– 4-wheel Anti-lock Braking System (ABS)	■
Drive – front-wheel	■
Drive mode control switch – Normal, Sport, Mountain and Hold modes	■
Electric drive unit – Voltec with 149 horsepower (111 kW) motoring power, 273 lb.-ft. of motoring torque, 74 horsepower (66 kW) generator motor	■
Range extender – ECOTEC® 1.4L DOHC I-4 VVT with 83 horsepower (62 kW), requires premium fuel	■
Exhaust system – aluminized stainless steel with hidden outlet	■
Steering – power, electric, rack-and-pinion, variable-assist	■
Suspension – front MacPherson strut/rear compound crank	■
Transmission – electric drive unit, continuously variable	■
Vehicle starter system – remote	■

■ STANDARD □ AVAILABLE

EXTERIOR	
Glass – solar-absorbing, tinted	■
Lights	
– daytime running lights, LED with automatic light control	■
– halogen headlights, projector beam	■
– tail lights, LED	■
Mirrors – power remote control, heated with integrated turn signal indicators	■
Pedestrian-friendly alert – driver-activated horn chirp via turn signal lever button	■
Park assist	
– front, obstacle detection with audible warning	□ ¹
– rear, obstacle detection with audible warning	□ ³
Rear vision camera	□ ³
Spoiler – rear deck-lid	■
Tires	
– P215/55R17 all-season ¹ Goodyear® Assurance® Fuel Max® low rolling resistance tires	■
– tire sealant and inflator kit	■
Wheels	
– 17" x 7" lightweight painted aluminum	■
– 17" x 7" lightweight polished aluminum	□
Windshield wipers – 2-speed with variable delay (intermittent)	■
Bullfrog Power® Edition – includes 2 years of 100% renewable energy from Bullfrog Power, Bullfrog Power Edition emblem and key fob insert; see your dealer for details	□
INTERIOR	
Assist handles – rear outboard	■
Cargo area – cover	■
Climate control	
– automatic, single-zone, climate control with cabin preconditioning	■
– rear floor heating and cooling ducts	■
Console	
– front floor with covered storage and dual cupholders	■
– rear floor with open storage and dual cupholders	■
Cruise control – electronic, steering wheel-mounted controls	■
Defogger – electric rear-window	■
Floor mats – front and rear, carpeted	■

INTERIOR (CONTINUED)	
Instrumentation	
– digital cluster, reconfigurable (includes speedometer, trip odometer, battery efficiency display and engine generator tachometer and fuel gauges)	■
– centre console-mounted 178 mm (7-in.) reconfigurable colour touch-screen with efficiency display	■
– Driver Information Centre (includes compass, oil life monitoring system, tire pressure monitoring system, engine generator fuel efficiency, vehicle programmable features and message centre)	■
Lighting – dome, delayed entry/exit, theatre dimming, roof courtesy, dual map lights and rear cargo area	■
Locks	
– power, programmable with lock-out protection	■
– Keyless Access system – includes door unlock/lock passive entry, rear hatch passive opening, push-button start and panic feature	■
Mirror	
– rear-view, manual day/night	■
– rear-view, auto-dimming	□ ³
Power outlets – three, 12-volt auxiliary located in front console, rear of centre console and upper instrument panel storage bin	■
Retained accessory power	■
Steering column – tilt and telescopic adjustable	■
Steering wheel – 3-spoke leather-wrapped with Bluetooth®, cruise and audio system controls	■
Sunshades – LH and RH padded, illuminated vanity mirrors with extensions	■
Universal home remote – 3-channel transmitter	■
Windows – power, driver express-up/-down, express-down all other windows and rear window lock-out features	■
SEATS	
Reclining front bucket seats with adjustable head restraints	
– with premium cloth seating surfaces	■
– with leather-appointed seating surfaces	□ ⁴
Manual 6-way driver-seat adjuster	■
Manual 6-way front passenger-seat adjuster	■
Heated front bucket seats	■
Seatback – rear, 60/40 split-folding	■
Premium Trim Package – includes leather-appointed seating surfaces, premium door trim and rear-seat centre storage armrest	□

ENTERTAINMENT	
Chevrolet MyLink ⁵ Radio infotainment system – includes 178 mm (7-in.) diagonal colour touch-screen display, AM/FM stereo with CD player, MP3 playback, seek up/down, scan, auxiliary audio input jack, TheftLock, ⁶ digital clock, personal media connectivity by Bluetooth to vehicle audio system; voice-activated technology for audio, phone, phone book and music selection; Gracenote® music database and Stitcher SmartRadio [®] compatibility	■
Chevrolet MyLink ⁵ Radio with Navigation ^{††} and SiriusXM NavTraffic [‡]	□ ⁷
6-speaker audio system	■
7-speaker premium Bose® Energy Efficient Series audio system with subwoofer	□
Bluetooth	
– hands-free phone connectivity	■
– wireless audio streaming	■
SiriusXM Satellite Radio ^{™†‡}	■
USB port ^{†‡}	■

¹ Included with available Enhanced Safety Package 2. ² Requires available Enhanced Safety Package 1. ³ Included with available Enhanced Safety Package 1. ⁴ Requires available Premium Trim Package. ⁵ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit MyLink.Chevrolet.ca for more details. ⁶ Data plan rates apply. ⁷ Requires available 7-speaker Bose audio system.

* Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required.
** Available on select Apple, Android and BlackBerry devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan.
† All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the symbol may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area.
†† At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.
‡ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details.
‡‡ Not compatible with all devices.

WARRANTY INFORMATION

Chevrolet puts the same care into its warranty and support programs that it does into the cars and trucks it builds. So you can have peace of mind knowing that every Chevrolet is backed by this comprehensive coverage:

- 3-year/60,000 km New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Component Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs)*
- 8-year/160,000 km Volt battery and Voltec Component Limited Warranty*,**

* Whichever comes first. Conditions and limitations apply; see dealer for details.
** The Volt battery warranty covers 161 battery components in addition to the thermal management system, charging system and electric drive components.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

• GM Protection Plan (GMPP) – the only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period

• GM Goodwrench Service – with GM-certified technicians and GM-approved parts, nobody knows your Chevrolet vehicle better

• Goodwrench Service Maintenance Plan (GSMP) – the only maintenance plan designed specifically for buyers of General Motors vehicles, and is backed by the resources and commitment of General Motors. GSMP may be purchased at the time of sale or on vehicles up to 3 model years old or 60,000 km

• Chevrolet Owner Centre – as an owner, take advantage of the Chevrolet Owner Centre. This online owner’s destination gives you access to coupons, contests, current offers and the latest driving and maintenance tips. Find out more at chevroletowner.ca

† Conditions and limitations apply.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

• Purchase Financing and Leasing – on-the-spot financing; see dealer for full details^{‡‡}

• GM Student Bonus Program – students or recent graduates of high school, college or university[‡] may be entitled to receive a Student Bonus vehicle redemption allowance of \$500 or \$750^{‡‡} (tax inclusive) (purchased vehicle dependant) to use towards the purchase, lease or finance of one eligible new Chevrolet vehicle

• The GM Card – GM cardholders may redeem up to \$3500 GM Card[®] Earnings (subject to Vehicle Redemption Allowances) towards the Total Purchase Price on eligible new GM vehicles.^{‡‡} For full program details, please visit thegmcard.ca

†† Subject to eligibility. ‡ Conditions and limitations apply. ‡‡ Program subject to change.

INFORMATION RESOURCES:

You can find more information about these programs from your Chevrolet dealer, or at these information centres:

- The GM website at gm.ca
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

Chevrolet vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Chevrolet vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.
