FIND *NEW* ROADS™

WHY JUST GO FROM A TO B

WHEN IMAGINATION CAN TAKE YOU EVERYWHERE

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that every road leads us to someplace we're not – but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. Roads drive us to places we've never been before. And we'll never stop seeking out new ones.

BE IN THE SPOTLIGHT Let the wallflowers wear beige. You're a downtown dweller with style to match. Spark lets you strut your stuff with an assortment of spirited colours, including Lemonade, Denim, Salsa and Jalapeño.⁴ So pick the colour that suits you, and you'll be turning heads at every corner.

And every city slicker knows that sleek sneakers are a must for urban living. Now you have a car that has equally funky footwear.

Catch admiring eyes with standard 15-inch split 5-spoke silver-painted aluminum wheels or 15-inch machined-face aluminum wheels with dark grey-painted pockets (standard on 2LT). Plus, you'll enjoy the convenience of five doors with the sharply shaped rear hatch. Spark proves that sporty looks and practical design can exist in one brilliant package.

Spark 2LT in Jalapeño⁴ and Salsa, Spark 1LT in Grape Ice and Spark 2LT in Black Granite (extra-cost colour).

PERSONALIZE YOUR SPACE

CITY CHIC Spark has international style – inside and out. Pop the door open and step into an interior that's 100% your style. Enjoy the contoured comfort of the heated leatherette front seats on 2LT models. Get added style from colour-coordinated interiors and trim in hues like Red, Green and Silver. Bask in the soft glow of available blue ambient lighting. No matter which model you find is right for you, you'll get the smart motorcycle-inspired instrument cluster. It's just one more

element that gives Spark its fun, flashy appearance. With style like this, it's easy to see why Spark was named one of *Ward's* 10 Best Interiors for 2013.

PACK IT IN Commuting to work? Craving a night out? The surprisingly spacious interior means that even with three of your best friends in tow, you'll never find yourself looking for more elbow room. That's more space¹ than FIAT 500, smart fortwo and Scion iQ. Plus, with five doors and 883.6 litres (31.2 cubic feet) of maximum cargo space², you can indulge in all your weekend hobbies without worries.

60/40 flip-and-fold rear seat.

Room for whatever your weekend brings.

Convenience within reach.

¹ Based on latest competitive information available at the time of printing. ² Cargo and load capacity limited by weight and distribution.

STABILITY IN THE CITY

GETTING AROUND TOWN JUST GOT A LITTLE EASIER.

Spark 2LT in Denim.

Spark 2LT in Lemonade.

MOVE MAGNIFICENTLY Exploring city streets is easy and oh so fun in Spark. For optimum driver control, choose the 5-speed manual transmission. Or for a smooth drive, opt for the available Continuously Variable Transmission (CVT). Either way, you'll love the adaptability. With a highway fuel consumption rating of 5.0 L/100 km¹ and a city rating of 6.5 L/100 km¹ you're getting a whole lot of efficiency from one mini car. Even parking is a joy. With a tight turning radius that better the MINI Cooper, you won't have to back down from city driving manoeuvres.

SPARK STAYS THE COURSE Handling hills? Navigating city streets? Bring it on. Hill Start Assist keeps the brakes engaged for the split second it takes to move your foot from the brake pedal to the accelerator, so slipping up is a thing of the past.

GO WITH CONFIDENCE Even rock-solid drivers know that city driving can be unpredictable. But you can breathe easy knowing you have the support of OnStar.² In the event of a collision, the built-in vehicle sensors can

automatically send an alert to an OnStar Advisor who can send help, even if you are unable to respond. Plus, you and your fellow adventurers can go confidently with 10 standard airbags.³

REAR VISION CAMERA To help you when travelling in reverse at low speeds, a rear vision camera, standard on 1LT and 2LT, provides a real-time picture of the area behind your Spark on the 178 mm (7-in.) colour touch-screen display.

OnStar.²

¹ 2014 Spark equipped with available Continuously Variable Transmission (CVT). Fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary. ² Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the complimentary trial period, an active OnStar service plan is required. ³ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and the child safety seat instructions for more safety information.
