

2013

MALIBU

INTRODUCING THE ALL-NEW 2013 MALIBU

Completely redesigned and re-engineered, the 2013 Malibu is what you need – and what you want – in a contemporary mid-size sedan. On the one hand, there's impressive fuel efficiency. A well equipped, spacious and extremely quiet five-passenger cabin. And a reassuring package of sophisticated safety features, including ten standard airbags. And on the other hand, the new Malibu is as much sheer fun to drive as its Camaro-inspired styling suggests. No matter which of the three available powertrains you choose, you'll enjoy willing, responsive performance. The handling is agile and responsive. And the driver-focused cabin is designed to help make every trip a pure pleasure. Put it all together and you've got a car that delivers everything you need – and everything you want.

(19" wheels available Fall 2012 with turbocharged engine).

STREAMLINED STYLE

Malibu 2LT Eco Shown in
Atlantis Blue Metallic
with available features.

ALL-NEW AERODYNAMIC DESIGN

This is the shape of efficiency. Malibu has a modern, all-new look, with athletic styling cues inspired by Camaro. Not only is this design easy on the eyes, its appearance also comes with an agenda. The clean, aero-optimized design works to minimize wind resistance and maximize fuel efficiency.¹ So you can turn a few heads. And take fewer turns at the gas pump.

¹Estimated fuel consumption ratings for 2.5L ECOTEC® I-4 engine – 9.2 L/100 km (31 mpg) city and 5.7 L/100 km (50 mpg) highway, 2.4L ECOTEC® I-4 engine with eAssist™ – 8.1 L/100 km (35 mpg) city and 5.3 L/100 km (53 mpg) highway, 2.0L ECOTEC® turbocharged I-4 engine not yet rated. Fuel consumption ratings based on GM testing in accordance with Transport Canada test methods. Your actual fuel consumption may vary.

AERO-SHAPED HEADLIGHTS

Available projector-beam headlights provide enhanced range and brightness. And with a shape that flows smoothly around the bodysides, they also help enhance fuel efficiency. Halogen fog lights (shown here) are standard on 2LT and LTZ models.

FLOWING RAISED REAR DECK

The eye-pleasing line that wraps from the Malibu rear quarter panel across the tail light is all about refinement and seamless airflow around the car.

AERODYNAMIC EXTERIOR MIRRORS

Even the mirrors on Malibu have been shaped and tested to optimize aerodynamic performance and reduce wind noise in the cabin.

GOOD-LOOKING, HARDWORKING GRILLE

The dual-port grille perfectly complements the wide track and swept-back headlights. It also houses hidden passive blockers that help reduce wind resistance and improve fuel efficiency.

Malibu 2LT Eco interior shown in Cocoa/Light Neutral with available features.

Malibu LTZ interior shown in available Jet Black/Brownstone.

CONTEMPORARY COMFORT

The cabin of the all-new Malibu brings luxury-class refinement to the mid-size sedan segment. There's more space than before, along with a stylish dual-cockpit design accented by chrome, metallic or wood highlights. The new Malibu also offers a full range of leading-edge infotainment technologies to keep you connected and entertained. The result is a kind of sophistication you've never known before in this class of car.

MYLINK™ TOUCH RADIO

Malibu's available MyLink™¹ Touch radio links to your smartphone wirelessly or via USB,² so you can make hands-free calls and stream your music playlists over Malibu's audio system. Key features include a 178 mm (7 in.) touch screen and voice recognition. Your MyLink™¹ Touch radio also lets you connect to Stitcher SmartRadio™.³

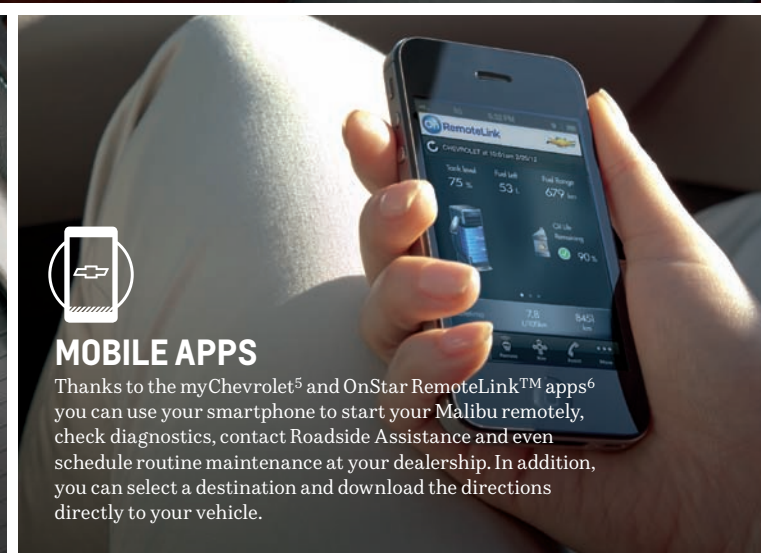

KEYLESS ACCESS WITH PUSH-BUTTON START

There's no need to hunt for your key fob in your purse or pocket – simply pull the door handle and Malibu will unlock. Once you're inside the car – still with your key fob safely tucked away – you can start the engine with the push of a button. Available on LTZ models equipped with the available 2.0L turbocharged engine.⁴

STAY CONNECTED

Connect your iPod®, MP3 player or music-loaded flash drive to the available USB port² in the centre console – a small feature that helps you enjoy personalized listening. You may even choose to step up your audio experience with the Pioneer® premium audio system. Standard on LTZ, available on 2LT.

MOBILE APPS

Thanks to the myChevrolet⁵ and OnStar RemoteLink™ apps⁶ you can use your smartphone to start your Malibu remotely, check diagnostics, contact Roadside Assistance and even schedule routine maintenance at your dealership. In addition, you can select a destination and download the directions directly to your vehicle.

¹ MyLink™ functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone and USB connectivity for some devices. ² Not compatible with all devices. ³ Data plan rates apply. ⁴ Interim availability. ⁵ Requires iPhone® or Android™ platform and active OnStar® subscription. ⁶ Available on select iPhone®, Android™ and BlackBerry® (interim availability) devices. Services vary by phone, vehicle and conditions. Requires an active OnStar® subscription.

Malibu 2LT Eco interior shown in Cocoa/Light Neutral with available features.

DESIGNED FOR DRIVING

Take your seat in the driver's cockpit of the all-new Malibu and everything is about keeping you firmly in control. The tilting and telescoping wheel – complete with audio system controls – works with the height-adjustable driver's seat to put you in just the right position. And to ensure you're always fully informed, the analogue gauges are supplemented by a multi-function Driver Information Centre.

AMBIENT LIGHTING

Malibu keeps it light with the just-right illumination from the ice-blue ambient lighting on the instrument panel and doors. Standard on 1LT, 2LT and LTZ.

REAR VISION CAMERA

This is what it's like to have eyes in the back of your head. When travelling in Reverse at low speeds, the available Rear Vision Camera provides a real-time picture on the available touch-screen display of the area immediately behind Malibu.

BEHIND-SCREEN STORAGE

Tuck away smaller items like a phone, MP3 player or sunglasses in the hidden storage area behind the available 178 mm (7 in.) diagonal colour touch-screen.

POWER-SLIDING SUNROOF

The available power-sliding glass sunroof opens at the touch of a button to let you add the sun, or even the moon and stars, to every drive.

POWERFUL CHOICES

Malibu lets you choose from three powerful, fuel-efficient engines. All three feature engineering advancements like Direct Injection and Variable Valve Timing (VVT). Direct Injection allows for a more complete combustion of fuel, which helps improve both efficiency and power while also resulting in lower emissions. Variable Valve Timing also boosts performance by delivering near-peak torque over a wide rpm range. No matter which engine you choose, you'll enjoy an excellent blend of power and efficiency.

ENHANCED 2.4L ECOTEC® ENGINE WITH eASSIST™

Malibu Eco boasts 182 horsepower, yet it has a highway fuel consumption rating of only 5.3 L/100 km.¹ The advanced Eco powertrain features eAssist™ technology, which adds a 115-volt lithium-ion battery and an electric motor generator. It all works together to achieve greater fuel efficiency for you.

Malibu LTZ shown in Silver Ice Metallic.

ALL-NEW 2.5L ECOTEC® ENGINE

This state-of-the-art 4-cylinder is one of the most refined and efficient engines available today, yet it still packs a 197 horsepower punch. Its economical 5.7 L/100 km (50 mpg) highway fuel consumption rating¹ helps make for an even more enjoyable drive.

ALL-NEW 2.0L ECOTEC® TURBOCHARGED ENGINE

Malibu's new turbo engine delivers the exhilaration of V6 power packed into a fuel-efficient 4-cylinder engine. This available turbocharged engine's² 259 horsepower and 260 lb.-ft. of torque deliver fun without all the extra fill-ups.

¹ Fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary. ² Available Fall 2012.

6-SPEED AUTOMATIC TRANSMISSION

All Malibu models come standard with a 6-speed automatic transmission. Feel like choosing your own gears? The Driver Shift Control feature allows you to shift gears manually.

POISED PERFORMANCE

If you appreciate the solid, connected-to-the-road feel of a sophisticated sedan, the all-new Malibu is sure to impress you. This all-new mid-size Chevrolet is engineered with premium chassis technologies so every ride feels smooth and planted. You'll enjoy a new kind of confidence in virtually every driving situation.

PRECISE VARIABLE-EFFORT STEERING

The premium ZF electric rack-and-pinion steering system delivers crisp, responsive handling and excellent on-centre feel. A tight steering radius, combined with a variable-effort feature that increases the level of power assistance during low-speed manoeuvres, makes city driving a breeze.

Malibu LTZ shown in Crystal Red Tintcoat (extra-cost colour) with available features.

STABILITRAK® ELECTRONIC STABILITY CONTROL

Every Malibu is equipped with the StabiliTrak® Electronic Stability Control System to help assist you with directional control of the vehicle in difficult driving conditions. Sensors continually monitor both the path being steered and the direction the car is actually travelling. If StabiliTrak® detects a difference, it selectively applies brake pressure to the appropriate wheel to help direct the car back to the path being steered.

ALL-NEW INDEPENDENT SUSPENSION

There's a reason Malibu rides and drives like a premium sedan. The sophisticated, fully independent suspension has been tuned and tested on highways, rural roads and test tracks around the world. A wide stance and stiff structure contribute to the smooth ride and nimble handling.

4-WHEEL ANTI-LOCK DISC BRAKES

The confidence of a 4-wheel anti-lock disc brake system is standard on every Malibu. Ventilated front discs help cool the brakes and maintain stopping power. An integrated Brake Assist system is designed to modulate situations, reducing stopping distances.

THE MOTOR GENERATOR, POWERED BY THE LITHIUM-ION BATTERY, ASSISTS THE POWERTRAIN IN VARIOUS SCENARIOS TO SAVE FUEL.

03

eASSIST™ CAPTURES ENERGY DURING DECELERATION.

01

STATE-OF-THE-ART HEART

Malibu Eco features eAssist™, an innovative technology created to help increase fuel efficiency. By adding a 115-volt lithium-ion battery and replacing the traditional alternator with a 15 kW motor-generator unit, Malibu Eco's fuel consumption is rated at 8.1 L/100 km (35 mpg) in the city and it has a highway fuel consumption rating of just 5.3 L/100 km (53 mpg).¹

HOW IT WORKS: USE YOUR MOMENTUM AND DON'T WASTE FUEL

eAssist™ works to first capture energy, then release that energy to assist the powertrain – and help save fuel:

- Regenerative braking captures energy normally lost during braking or when coasting off-throttle and converts it into electricity to charge the lithium-ion battery.
- When slowing down, the fuel is cut off and the motor-generator unit continues to spin along with the engine. This provides smooth take-off power when you want to accelerate again.
- The engine automatically shuts off when the car is stopped, while the battery continues to power amenities such as climate control and infotainment systems. When you release the brake pedal, restarting is immediate and seamless.
- Electric power stored in the battery delivers up to a 15 horsepower boost of electric power assistance during heavy acceleration.

CAPTURED ENERGY IS CONVERTED INTO ELECTRICITY TO CHARGE THE LITHIUM-ION BATTERY.

02

Malibu 2LT Eco shown in Atlantis Blue Metallic with available features.

QUICK-READ EFFICIENCY GAUGES

Malibu Eco drivers get an instant read on their system status from two full-colour, high-resolution screens – one in the gauge cluster and one in the colour touch-screen radio display. The Power Flow Display indicates which mode eAssist™ is in. There's also an Eco gauge that tells you when you're driving in the ideal "green zone." And the Auto Stop indicator in the tachometer shows when the engine is stopped.

FUEL-EFFICIENT DESIGN

In addition to the wind-cheating styling it shares with the rest of the Malibu family, Malibu Eco features aerodynamic underbody panels that help reduce air turbulence. The bold Malibu Eco grille houses active Aero Grille Shutters that close electronically so air can flow around the car, decreasing wind resistance. The shutters open intuitively, when the engine needs air for cooling, using only electricity. To further increase efficiency, Malibu Eco sports low-rolling resistance tires that reduce friction.

¹ Fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

Malibu LTZ shown in
White Diamond Tricoat (extra-cost colour).

CAREFUL CONSIDERATIONS

Malibu engineers not only paid attention to fuel efficiency, design and amenities, they also put a top priority on safety. Every Malibu model includes a wide range of features designed to help you avoid collisions, and to protect you if a crash does take place.

10 AIRBAGS

All Malibu models feature dual-stage frontal and knee airbags for driver and front passenger, head curtain side-impact airbags for front and rear outboard passengers and front and rear seat-mounted airbags to further help protect outboard passengers in side impacts.

LANE DEPARTURE WARNING

Available on LTZ, the Lane Departure Warning system is a major step forward in driving safety. Should your Malibu cross a detected lane (above 55 km/h) without signalling first, the system alerts you via an audible chime. An indicator light also flashes in the gauge cluster.

IIHS TOP SAFETY PICK

The new Malibu has been honoured as a Top Safety Pick – the highest possible rating – by the Insurance Institute for Highway Safety (IIHS).¹ The 2013 Malibu has been engineered not only to help drivers avoid collisions, but also to help protect occupants if one does occur.

FORWARD COLLISION ALERT

This all-new collision-prevention system, available on LTZ, features a camera mounted on the windshield that continuously monitors the proximity of the vehicles driving in front of you. Based on your speed and the distance to the vehicle in front of you, a warning sound and visual indicator alerts you to help avoid a potential collision.

ONSTAR®

The safety of OnStar® is standard for six months.² Should a collision occur, crucial information can be relayed to the OnStar® Centre via OnStar®'s Automatic Crash Response feature. Even if you can't respond, an OnStar® Advisor can pinpoint your exact position using GPS technology and can request that assistance be sent right away.

¹ For more information, visit iihs.org/ratings. ² Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar® acts as a link to existing emergency service providers.

MALIBU MODEL OVERVIEW

MALIBU LS

Malibu LS includes these standard features:

- 197 hp 2.5L ECOTEC® 4-cylinder engine with Direct Injection and Variable Valve Timing (VVT)
- GM Oil Life Monitoring System
- 6-speed automatic transmission with Driver Shift Control
- 4-wheel disc brakes with ABS and Intelligent Brake Assist
- StabiliTrak® Electronic Stability Control System
- Traction control
- 4-wheel independent suspension
- 16-in. 5-spoke painted alloy wheels
- Heated, power exterior mirrors with integrated turn signals
- Remote keyless entry system
- 10 airbags
- Driver Information Centre
- Air conditioning with air filtration system and particulate/pollen filter
- Power windows and door locks
- Tilt and telescopic adjustable steering column
- Cruise control
- Steering wheel-mounted Bluetooth®, cruise and audio system controls
- Front bucket seats with power driver height adjuster
- Cloth seating surfaces
- 60/40 split-folding rear seats
- 6-speaker audio system with AM/FM stereo, CD player and auxiliary audio input jack
- Bluetooth® hands-free phone connectivity
- OnStar® with 6 months of the Directions & Connections Plan featuring Turn-by-Turn Navigation³ and OnStar RemoteLink™.⁴

MALIBU 1LT

Malibu 1LT enhances LS features with:

- Halogen projector headlights
- Dual exhaust system with hidden tips
- Remote vehicle starter system
- Interior LED ambient lighting system
- Premium cloth seating surfaces with leatherette bolsters
- USB port⁵
- Bluetooth® wireless audio streaming
- XM Satellite Radio™⁶
- Chevrolet MyLink™⁷ entertainment and communications system with 178 mm (7 in.) colour touch-screen display.

MALIBU 1LT ECO

Malibu 1LT Eco enhances 1LT features with the following unique equipment:

- 182 hp 2.4L ECOTEC® 4-cylinder engine with Direct Injection, Variable Valve Timing (VVT) and eAssist™ fuel-saving light electrification technology
- 120-volt Lithium-Ion eAssist™ battery pack
- 17-in. split 5-spoke painted alloy wheels
- Automatic dual-zone climate control
- Driver Information Centre with multi-colour display
- Tire pressure monitoring system.

MALIBU 2LT

Malibu 2LT enhances 1LT features with:

- Fog lights
- 18-in. 10-spoke painted alloy wheels
- Automatic dual-zone climate control
- Driver Information Centre with multi-colour display
- Tire pressure monitoring system
- Leather-wrapped steering wheel and shifter
- Power 8-way driver seat adjuster with power 4-way lumbar adjuster.

MALIBU 2LT ECO

Malibu 2LT Eco enhances 2LT features with the following unique equipment:

- 182 hp 2.4L ECOTEC® 4-cylinder engine with Direct Injection, Variable Valve Timing (VVT) and eAssist™ fuel-saving light electrification technology
- 120-volt Lithium-Ion eAssist™ battery pack
- 17-in. split 5-spoke painted alloy wheels.

MALIBU LTZ

Malibu LTZ enhances 2LT features with:

- 259 hp 2.0L ECOTEC® turbocharged 4-cylinder engine with Direct Injection and Variable Valve Timing (VVT) (interim availability Fall 2012)
- Performance 4-wheel disc brakes (interim availability Fall 2012)
- 18-in. machined-face alloy wheels with painted pockets; 19-in. alloy wheels when available 2.0L turbocharged engine is ordered (interim availability Fall 2012)
- Dual exhaust system with dual bright exhaust tips
- Chrome front grille
- Chrome door handles
- LED tail lights
- Auto-dimming interior rear-view mirror
- Power windows with driver express up/down feature
- Leather-appointed seating surfaces
- Heated driver and front-passenger seats
- Power 8-way front-passenger seat adjuster with power 4-way lumbar adjuster
- 9-speaker Pioneer® premium audio system with high-output amplifier.

³ Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. ⁴ Available on select iPhone®, Android™ and BlackBerry® (interim availability) devices. Services vary by phone, vehicle and conditions. ⁵ Not compatible with all devices. ⁶ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit xmradio.ca for details. ⁷ MyLink™ functionality varies by model. Full functionality requires Bluetooth® and smartphone, and USB connectivity for some devices.

TOWING	
2.5L ECOTEC® I-4 VVT – 2.89 final drive ratio; 454 kg (1000 lb.) maximum gross trailer weight‡	
2.4L ECOTEC® I-4 VVT with eAssist™ – 2.64 final drive ratio; 454 kg (1000 lb.) maximum gross trailer weight‡	
2.0L ECOTEC® turbocharged I-4 VVT – 2.77 final drive ratio; 454 kg (1000 lb.) maximum gross trailer weight‡	

‡ When properly equipped, includes weight of trailer, cargo, passengers and equipment. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combinations. See your dealer or refer to the Malibu Owner's Manual for details.

WARRANTY

IT ISN'T FINE PRINT – IT'S A COMMITMENT.

Chevrolet puts the same care into its warranty and support programs that it does into the cars and trucks it builds. So you can add peace of mind knowing that every Chevrolet is backed by this comprehensive coverage:

- 3-year/60,000 km New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Component Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs).*

* Whichever comes first. Conditions and limitations apply; see dealer for details.

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM website at [gm.ca](#)
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to General Motors, GM, Chevrolet, the Chevrolet emblem, Malibu, and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as eAssist, ECOTEC, MyLink and StabiliTrak are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

Seven billion people. One road.

Movement is the universal language of personal freedom. Our founder Louis Chevrolet spoke it fluently. As a Swiss immigrant, he came to North America with a dream of racing cars. He wished for everyone – not just the rich or entitled – to experience the exhilaration he felt behind the wheel.

In 1911, he began building his first car. One hundred years later, a new Chevrolet is sold every 6.6 seconds. That amounts to 4.76 million vehicles in more than 140 countries – more than Louis Chevrolet could ever have imagined.

The depth of our heritage and passion is evident in everything we do here at Chevrolet. It's ingrained in the bold design, spirited performance, proven durability and exceptional value our drivers enjoy. It empowers us to be leaders in innovation. And it inspires us to continuously raise the bar – today, tomorrow and into what promises to be a bright future.

Currently, we are pioneering new propulsion technologies to meet the demanding energy and environmental needs of a global automotive brand. We're also employing alternative energy sources and investing in fuel-saving technologies to help reduce our carbon footprint with the goal of reducing 8 million metric tons of carbon dioxide emissions over the next few years.

Our global reach is expanding, yet our mission remains the same. We want every customer to feel like family – no matter where you are in the world. And no matter where you're going, we want you to enjoy the ride in a Chevrolet.

From the vision of one man to the movement of millions, it's been a remarkable journey. And at Chevrolet, we're just getting started.
