THE OPTIMIZER

Orlando is dedicated to helping you get the most out of your lifestyle by helping you get the most out of the vehicle you drive. That begins with an optimization of space – with standard seating for seven within a surprisingly compact form. That means Orlando can transport the number of people you'd expect with a significantly larger vehicle, yet provides the manoeuvrability you get with a compact. The space can also be easily reconfigured to your agenda, thanks to the versatile split-folding second- and third-row seats. The same rigorous approach to efficiency defines the power, with a 2.4 L ECOTEC® four-cylinder engine that offers a substantial output of 174 horsepower, while also earning an impressive 7.0 L/100 km highway fuel consumption rating.¹ You also get a choice of a standard six-speed manual or available six-speed automatic transmission. Add to that the reassurance offered by the standard StabiliTrak® Electronic Stability Control System – and from the comprehensive series of services offered through the standard OnStar®² system. Along the way, you can take advantage of a host of the latest connectivity features. Optimize your time on the road – with the 2013 Chevy Orlando.

¹ 2013 Orlando fuel consumption ratings, with 6-speed manual transmission, based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary. ² Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions.

A WELCOME PRESENCE

After a year on Canadian roads, Orlando has already changed people's attitudes about family transportation. For openers, there's the idea that you can accommodate up to seven people across three rows of seating in a vehicle that's only 4665 mm (183.7 in.) long. The versatility gives you lots of possibilities, with second- and third-row seating that folds down flat to open up a substantial 1594 L (56.3 cu. ft.) of cargo room – accessible through the large-opening rear doors. But with Orlando, it's not just the quantity of space that stands out – it's also the quality of the driving experience. Your comfort is enhanced by standard reclining front bucket seats with a four-way driver's seat adjuster – LTZ models add such premium amenities as heated front seats, a power six-way driver's seat adjuster, automatic climate control and an auto-dimming interior rear-view mirror. One and all are made welcome inside Orlando.

With all seats in the upright position, Orlando seats seven across three rows.

The split-folding second- and third-row seats adapt to your passenger and cargo carrying needs.

With all rear seats in the flat position, Orlando provides a vast amount of cargo space.

(European model shown)

You can be entertained and informed by the navigation sound system⁵ that features a 178 mm (7 in.) touch-screen display. The technology includes a CD player, MP3 playback, plus a GPS-based navigation system and rear vision camera. Available on LTZ models.

The available Vehicle Interface Package includes Bluetooth® hands-free phone connectivity, a USB port¹ and steering wheel-mounted audio system controls. All these features are standard on 2LT and LTZ models.

CONNECTED. ENTERTAINED. ASSISTED.

Advanced technology has many functions in Orlando. A series of features keep you connected while on the road – starting with available Bluetooth® hands-free phone connectivity that enables you to make, answer and end calls on compatible mobile phones. Eager for a broad choice of entertainment for your family journey? The standard SiriusXM Satellite Radio™² offers 130 channels of programming – everything from all your favourite musical genres to news, talk, comedy and sports – including more than 1000 NHL games. You'll also enjoy a range of support services through the standard OnStar®³ system with six months of the Directions & Connections Plan with Turn-by-Turn Navigation and OnStar RemoteLink™.⁴ Want to find the nearest gas station? OnStar®'s Advisors assist with these functions and so much more. There's a lot more to life on the road – inside Orlando.

01

02

03

04

01 The standard sound system includes a radio that can be flipped to gain access to a concealed storage compartment.

02 A standard auxiliary audio input jack for your iPod® or other MP3 player is standard.

03 An available USB port¹ enables you to operate an MP3 player and access music on a flash drive. Standard on 2LT and LTZ models.

04 OnStar® and six months of the Directions & Connections Plan are standard on all Orlando models. It includes a number of very useful features, such as Turn-by-Turn Navigation³ that directs you to your destination effortlessly – at the touch of a button. Hands-Free Calling⁶ combines hands-free convenience with the robust network coverage of OnStar®. And the OnStar RemoteLink™⁴ mobile app lets you access real-time vehicle data, like oil life and tire pressure⁷ – and lock and unlock doors⁸ all from your smartphone.

¹ Not compatible with all devices. ² Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details. ³ Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar® acts as a link to existing emergency service providers. ⁴ Available on select iPhone®, Android™ and BlackBerry® (interim availability) devices. Services vary by phone, vehicle and conditions. Requires active OnStar® subscription. ⁵ At time of print, detailed map coverage is available for most urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁶ Available on iPhone® and select Android™ platforms. Services vary by model and conditions. ⁷ Vehicle must be equipped with tire pressure monitoring system. ⁸ Requires automatic door locks.

TAKE TO THE ROAD WITH CONFIDENCE

Transporting your nearest and dearest carries with it a responsibility. Orlando is engineered and equipped with reality foremost in mind. So you'll find a series of driver control technologies that help you keep clear of dangerous situations. The standard features include four-wheel disc brakes with ABS and panic brake assist, plus electronic traction control and the StabiliTrak® Electronic Stability Control System – a technology that has been proven to reduce the risk of a fatal single-vehicle crash. If a collision cannot be avoided, Orlando protects the integrity of the passenger compartment with a reinforced steel safety cage and six standard airbags.¹ You can take further reassurance from the fact the 2012 Chevrolet Orlando received a 5-Star Euro NCAP Safety rating.² Drive safely – in Orlando.

¹ A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with airbags. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.
² Euro NCAP ratings are part of the European New Car Assessment Programme (NCAP) (www.euroncap.com). 2012 Chevrolet Orlando equipped with the 1.8L gas engine tested during 2012 calendar year testing.

ORLANDO MODEL OVERVIEW

ORLANDO LS

Orlando LS includes these standard features:

- 174 hp 2.4L ECOTEC® 4-cylinder engine with Direct Injection and Variable Valve Timing (VVT)
- Engine block heater
- GM Oil Life Monitoring System

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM website at **gm.ca**
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

Seven billion people. One road.

Movement is the universal language of personal freedom. Our founder Louis Chevrolet spoke it fluently. As a Swiss immigrant, he came to North America with a dream of racing cars. He wished for everyone – not just the rich or entitled – to experience the exhilaration he felt behind the wheel.

In 1911, he began building his first car. One hundred years later, a new Chevrolet is sold every 6.6 seconds. That amounts to 4.76 million vehicles in more than 140 countries – more than Louis Chevrolet could ever have imagined.

The depth of our heritage and passion is evident in everything we do here at Chevrolet. It's ingrained in the bold design, spirited performance, proven durability and exceptional value our drivers enjoy. It empowers us to be leaders in innovation. And it inspires us to continuously raise the bar – today, tomorrow and into what promises to be a bright future.

Currently, we are pioneering new propulsion technologies to meet the demanding energy and environmental needs of a global automotive brand. We're also employing alternative energy sources and investing in fuel-saving technologies to help reduce our carbon footprint with the goal of reducing 8 million metric tons of carbon dioxide emissions over the next few years.

Our global reach is expanding, yet our mission remains the same. We want every customer to feel like family – no matter where you are in the world. And no matter where you're going, we want you to enjoy the ride in a Chevrolet.

From the vision of one man to the movement of millions, it's been a remarkable journey. And at Chevrolet, we're just getting started.
