

CHEVROLET

CHOOSE TO CRUZE

Introducing the all-new Chevrolet Cruze. A car that breaks stereotypes while staying true to its DNA. Bold. Stylish. Aggressive. It's faster, stronger, safer. Developed by a global design team, the Cruze features a push-button start, Jet Black interiors, twin-cockpit sports car interiors and an exhilarating ride that only people who love to drive understand. The Cruze is a category breaker, a car that's in a class of its own. A car that's value without compromise. **Choose to Cruze.**

A detailed, high-contrast close-up of a diesel engine's internal components, including pistons, valves, and a large flywheel. A white callout box with a star icon points to the engine.

★
NEXT GENERATION
VCDi DIESEL ENGINE

CHOOSE A DIESEL ROCKET

The Cruze is designed for those who love a powerful drive. With driver-focused thinking and technology that delivers maximum fuel efficiency. With the biggest and the meanest engine in its class, it effortlessly combines muscular performance with dynamic smoothness.

NEXT GENERATION VARIABLE GEOMETRY TURBO COMMON RAIL DIRECT INJECTION (VCDi) DIESEL ENGINE

The Cruze's powerful 2.0-litre VCDi diesel engine is all about muscle power. The state-of-the-art Variable Geometry Turbocharger (VGT) gives excellent throttle response, particularly during pick-up from low speeds. The high-performance Common Rail Direct Injection system improves fuel economy and reduces emissions. The Exhaust Gas Recirculation (EGR) contributes to increased power with a running refinement of reduced noise and vibration. With 150PS of power and 327 Nm of torque, the Cruze is ready to growl.

6-SPEED AUTOMATIC TRANSMISSION

Precisely attuned to maximise the dynamic performance of the Cruze, the 6-speed Automatic Transmission delivers superb gearshifts without any loss of power and momentum. The fully-electronic system offers a clutch-to-clutch shift operation for precision and smoothness. A wide spread gear ratio for quicker acceleration. A sixth gear for increased fuel economy at cruising speeds. Enjoy the power at your fingertips.

DYNAMIC DESIGN

DUAL BEZEL DESIGN HEADLAMPS

TAIL LAMPS

16" ALLOY WHEELS

CHOOSE BIG AND BOLD

Whether stationary or on the move, the big and bold nature of the Cruze never fails to make an immediate impression. From its dynamic coupé-like proportions to its signature muscular front grille, there is nothing meek about the car. It's longer, wider, meaner and the biggest car in its class – both in size and attitude.

1 DYNAMIC DESIGN WITH A WIDE TRACK, LONG WHEELBASE AND CRISP SCULPTED SHOULDER LINES

2 DUAL BEZEL DESIGN HEADLAMPS

3 SPLIT-DESIGN TAIL LAMPS

4 LARGE 16" ALLOY WHEELS

THE CORVETTE INSPIRED DUAL COCKPIT – A SIGNATURE CHEVY DESIGN CUE – ENSURES AN AUTHORITATIVE AND A SPORTS CAR LIKE IMPRESSION.

INSTRUMENT CLUSTER

STEERING WHEEL

CENTRE STACK

CHOOSE SOPHISTICATED INTERIORS

Built on an all-new architecture and philosophy, the Cruze's interior has a new dimension of style and sophistication. The Corvette inspired dual-cockpit. The ergonomically designed steering wheel. The ice-blue illuminated dashboard. All these features combine to create an ambience that is designed to make the driver feel good.

1 THREE-GAUGE INSTRUMENT CLUSTER

Centre-positioned Driver Information Display sets out digital text information like odometer, average fuel, fuel consumption and average speed. Plus its ice-blue dash illumination heightens cabin sophistication and improves instrumentation and easy reading.

2 THREE SPOKE STEERING WHEEL

Thicker rim design enhances grip and feel while driving.

3 INTEGRATED CENTRE STACK

Advanced integrated centre panel with graphic infotainment display, radio, HVAC controls and a CD player with MP3 compatibility, Bluetooth music streaming and USB port.

★
GIVES MAXIMUM COMFORT
WITH ITS SPACIOUS INTERIOR
AND PROVIDES AMPLE HEAD,
SHOULDER AND LEGROOM.

STORAGE

AUTO AIR CONDITIONING

REVERSE PARKING SENSORS

TILT & TELESCOPIC STEERING

CHOOSE SPACE AND CONVENIENCE

Designed and executed with exacting craftsmanship, the interior is not only luxurious and dynamic but it's also comfortable. From storage compartments to Follow Me Home lights to reverse parking sensors, the Cruze accommodates all your needs.

1 AUTO AIR CONDITIONING

Automatic climate control system maintains constant programmed temperatures, while a pollutant and odour filtration system ensures clean air inside the cabin.

2 TILT AND TELESCOPIC STEERING

Adjustable steering column to give that perfect driving position.

3 REVERSE PARKING SENSORS

Four sensors send ultrasonic waves when the Cruze is driving in reverse, notifying the driver of the rear object's proximity.

4 STORAGE

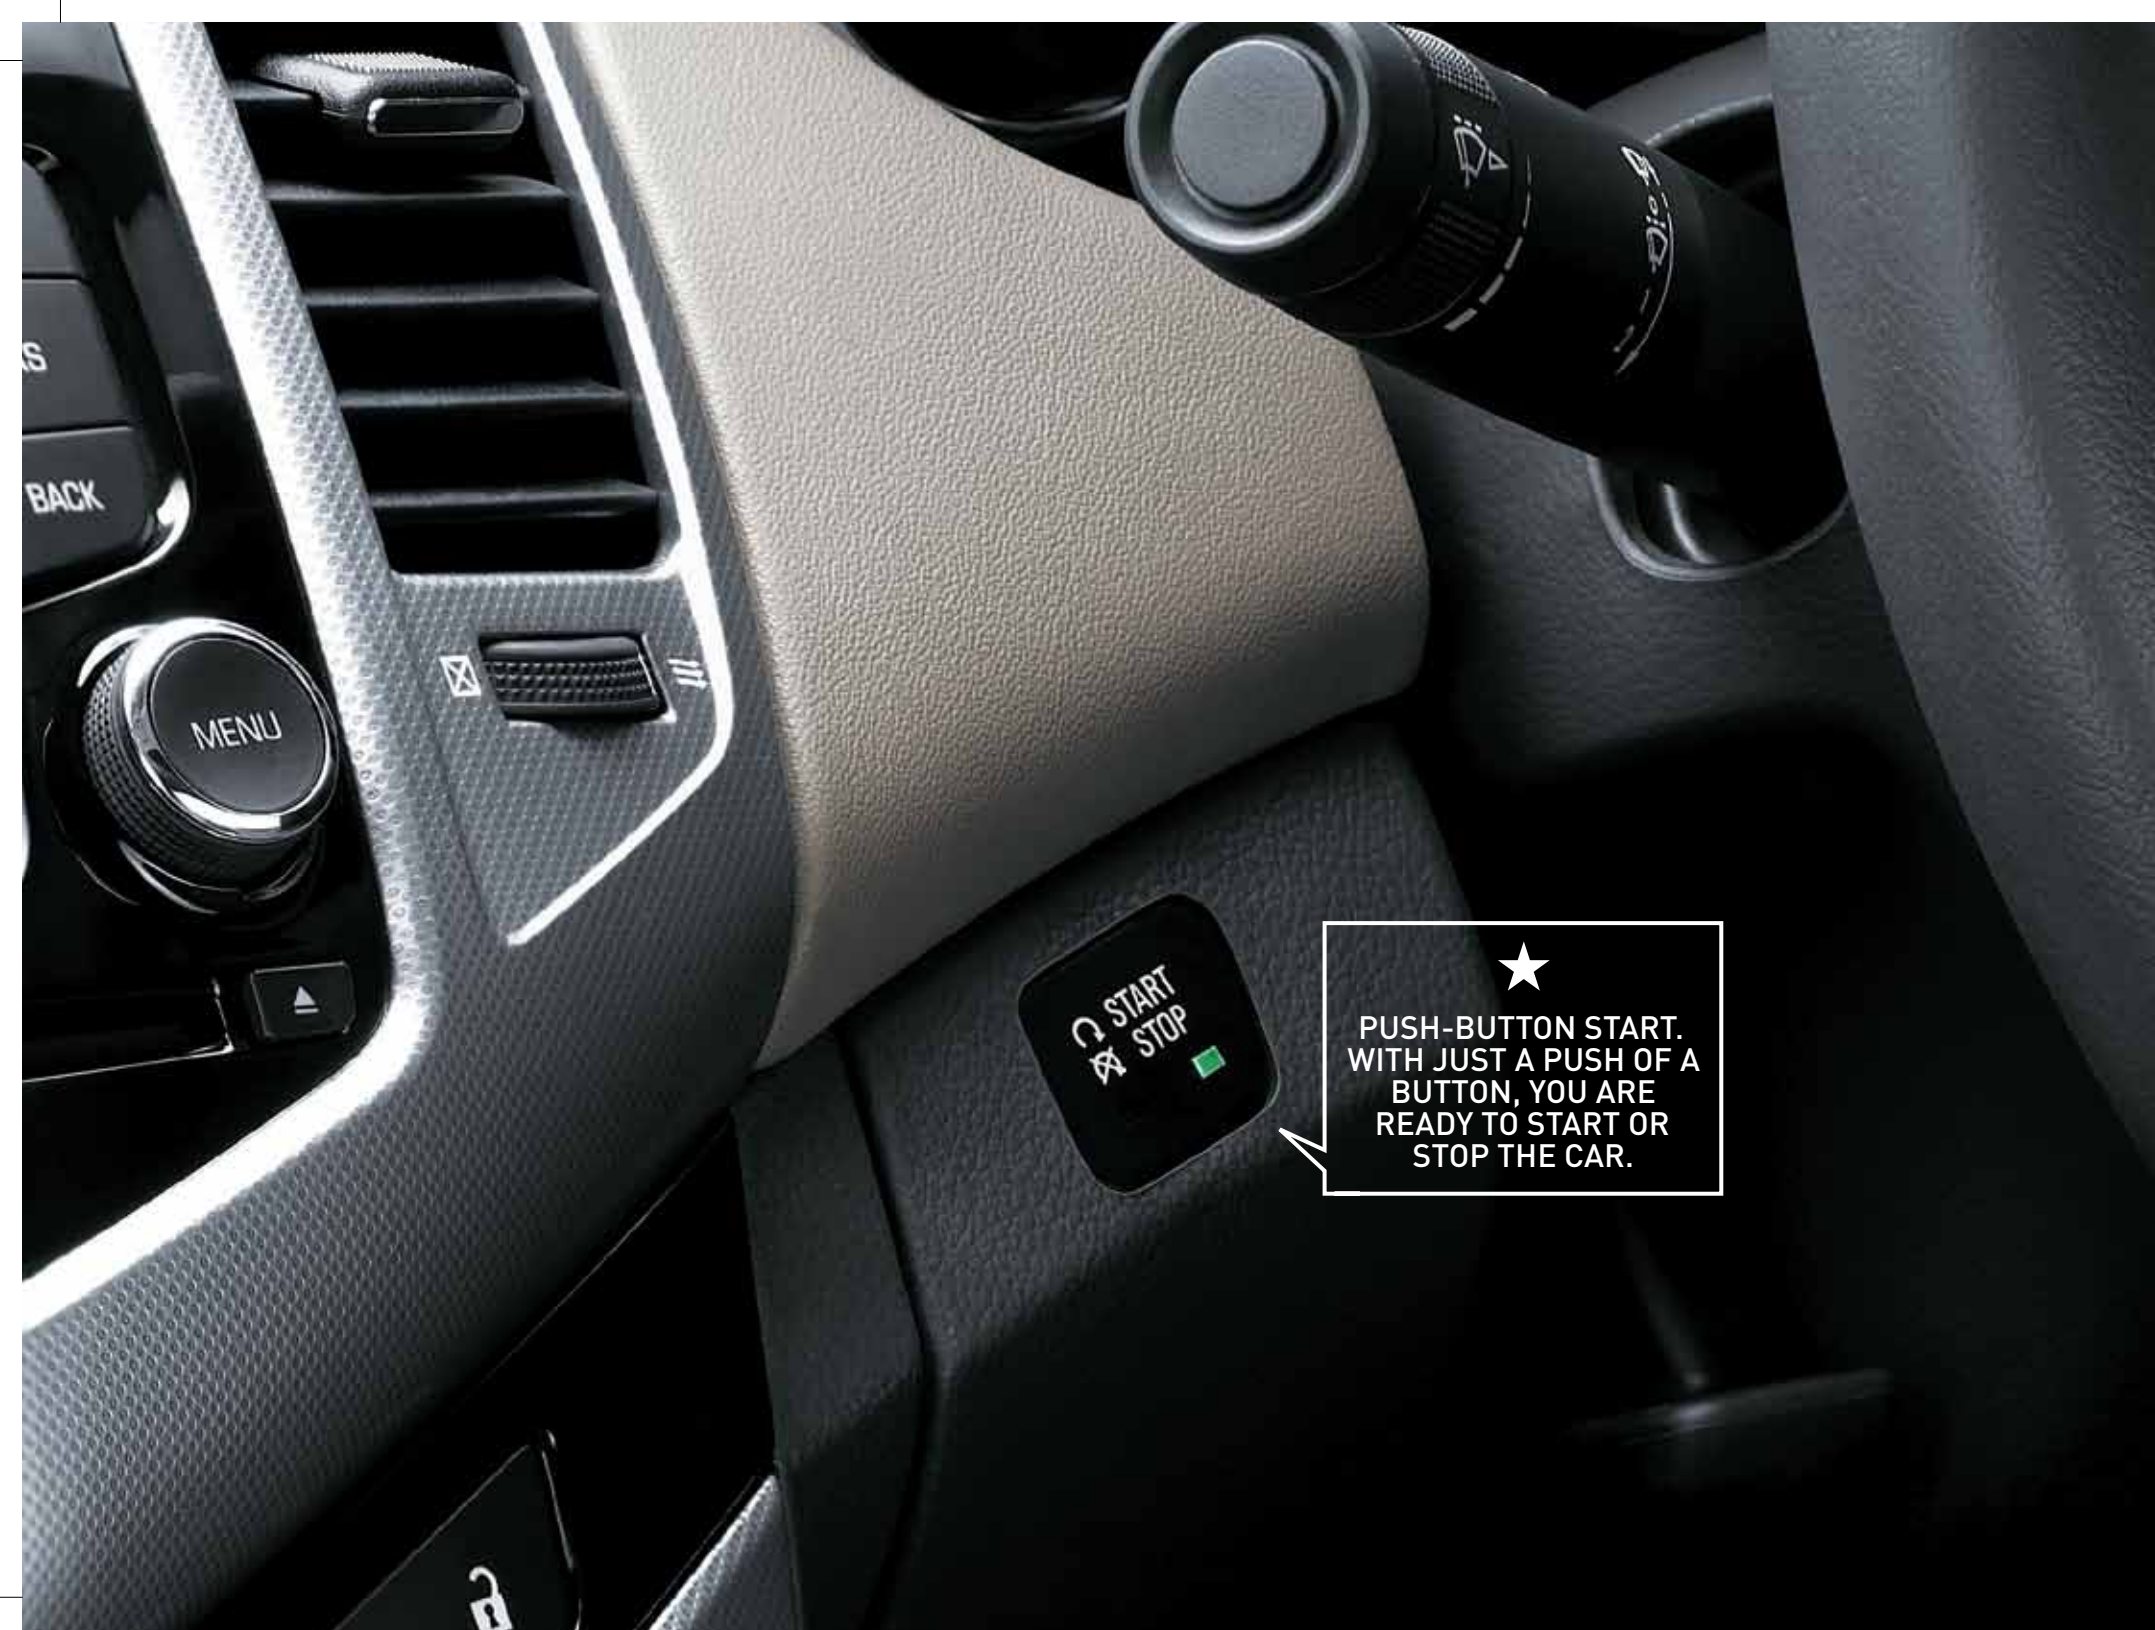

Comes with numerous storage compartments, which are functional and convenient for storing objects like sunglasses, bottles and CDs.

5 FOLLOW ME HOME LIGHTING

Headlights to stay on for up to two minutes after locking the car, so that you can see where you are walking. This feature can be programmed through the Smart Screen.

6 ANTI-THEFT MECHANISM AND IMMOBILISER

Prevents the Cruze from starting without the correct key and sounds the horn if an intrusion is attempted.

★
PUSH-BUTTON START.
WITH JUST A PUSH OF A
BUTTON, YOU ARE
READY TO START OR
STOP THE CAR.

CHOOSE STYLISH FEATURES

Expansive and feature laden, the Chevrolet Cruze comes with must-haves that are not found in any other car in its class. What you get is comfort, luxury and technology that are beyond your expectations.

1 PASSIVE ENTRY PASSIVE START (PEPS)

Allows operation of central locking system, anti-theft alarm system and ignition and starter system without the use of a mechanical key. This, together with the push-button start, ensures a complete keyless experience.

2 CRUISE CONTROL

Automatically controls the speed with the added advantage of steering mounted controls.

3 RAIN SENSING WIPERS

Automatically starts when precipitation is detected and adjusts wiper speed based on rain intensity.

4 SMART SCREEN

A graphic information display on which numerous settings are possible. It also detects outside temperature and shows date and time.

ILLUMINATED VANITY MIRROR

TITANIUM STITCHING

CHOOSE LUXURY

The best-in-class Cruze keeps getting better. The car now comes with all new luxurious jet black interiors and a host of neat little features that make life at 100 Km/hr an absolute breeze.

1 BLUETOOTH MUSIC STREAMING

Turn your Bluetooth on and listen to your favourite songs. No wires or complications necessary.

2 AUTOMATIC INSIDE REAR VIEW MIRROR

Never take your hands off the steering wheel with an automatic mirror adjuster on your steering wheel.

3 USB PORT

Put your pen drive in the USB port next to the driver's hand rest and let the stereo do the rest.

4 ILLUMINATED VANITY MIRROR

Look the part at all times with an illuminated vanity mirror. Perfect for last minute touches.

5 TITANIUM STITCHING

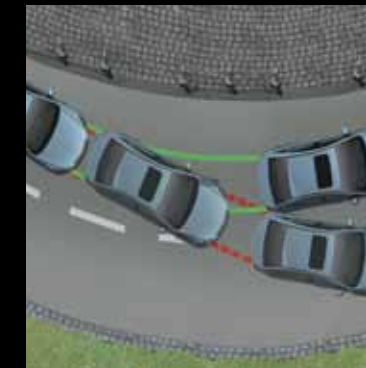

The Cruze is all about the details. The new titanium stitching in the more luxurious, more comfortable seats makes the Cruze well and truly a class apart.

★
SERIOUS SAFETY
FEATURES MEANS THAT
THE CRUZE IS BUILT
TO PROTECT

CHOOSE 5-STAR SAFETY

With a precisely designed network of active and passive safety mechanisms, the Chevrolet Cruze is serious about giving you maximum protection. Its 4-wheel disc brakes with Anti-lock Braking System (ABS) and occupant protection system keep you protected every time you drive.

ABS

DUAL AIRBAGS

1 DUAL AIRBAGS

Equipped with dual front airbags.

2 ANTI-LOCK BRAKING SYSTEM (ABS)

Prevents the wheels from locking while braking and allows the driver to maintain steering control, especially on slippery surfaces.

3 ALL WHEEL DISC BRAKE

Provides excellent stopping and stable braking capability, reduces brake noise and enhances pedal feel.

4 FRONT AND REAR CRUMPLE ZONE

Maximises your safety by absorbing the energy from an impact.

5 PEDESTRIAN PROTECTION

A Pedestrian Protection design to the hood and relating hinge structure is to reduce the chance of pedestrians striking the engine block.

6 SAFETY CAGE

The strong and rigid safety cage has reinforced pillars with tubular bars, which provide optimum protection to passengers.

7 CHILD SEAT PROVISION

Specifically designed to protect children during collisions. They can be secured in any of the three rear seats.

CHOOSE DYNAMIC DRIVING CONTROL

Driving fast and hard with competitive precision is an integral part of Chevrolet's DNA. With the same fundamental designs used in Chevrolet's World Touring Car Championship (WTCC) racecars, the Cruze has been designed to race – on and off track. With its specifically engineered wider track, stiff body structure and quick-acting steering and braking systems, it delivers better handling, improved aerodynamic performance and greater sensitivity to set-up changes. The ride just got tighter, faster and better.

1 SUSPENSION

A McPherson strut-type front suspension enables an optimal balance of comfort and handling agility, resulting in a better and quieter performance. At the back, its U-shaped rear suspension with torsion beam and gas-charged shock absorbers ensure a smooth and comfortable ride.

2 STEERING

Quick acting steering systems with excellent on-centre and driver feedback. Its standard hydraulic power rack-and-pinion power steering is tuned for more responsiveness with a relatively quick reacting ratio.

3 BRAKES

A four-wheel disc brake system provides excellent stopping and stable braking capability. ABS uses input from speed sensors to regulate individual wheel brakes for reduced stopping distances, maximum stability and improved steering ability in braking situations.

DIAMOND WHITE

CHOOSE TO WIN

12 races. One grueling season, the Chevrolet Cruze is No. 1 in the FIA 2010 world touring car championship. It benefits from some of the road car's fundamental design advantages, such as a wider track, close-to-the-ground stance and a stiffer body structure that promises better handling, improved aerodynamic performance and a greater sensitivity to set-up changes.
