

The First-Ever All-Electric  
**Equinox EV**

Connected by

Together  
let's drive™

A red Chevrolet Equinox EV SUV is parked on a city street in front of a modern building with large windows. The car is shown from a three-quarter rear perspective. The building has a dark, textured facade and large glass windows reflecting the surrounding environment.

Introduction

# An Electrifying Connected Experience.

Get ready to unleash electrifying power and precision, every time you get on the road. Meet the all-electric Equinox EV, where daring design meets a bold, electrifying performance. This first-ever Equinox EV is engineered to excite and crafted to lead with OnStar®<sup>1</sup> Connected Services<sup>2</sup> now standard, drivers can get to enjoy a seamless connected driving experience.

It starts with our innovative battery platform and ends with you making an easy transition to a fun-to-drive, electric SUV that gives you what you need.

And does precisely what you want it to do.

1 Requires equipped vehicle, active OnStar plan, and Wi-Fi data plan with carrier. OnStar plans and Wi-Fi data plans not available in all countries. See [onstararabia.com](http://onstararabia.com) for equipped vehicles, service availability and system limitations.

2 OnStar Connected Services are currently available in Kuwait, UAE, KSA and Bahrain. Wi-Fi plans are available in Kuwait and UAE only. Services vary by country.

## Overview

# Electrifying Equinox EV RS

### Embrace the thrill of the RS.

- EPA range of up to 513 kilometers on a full charge<sup>1</sup> with FWD
- Black bowtie emblems
- Black roof rails
- 21-inch Black-painted aluminum wheels
- Heated flat-bottom steering wheel, front seats and outside mirrors
- Ventilated front seats
- Multi-color ambient interior lighting
- Hands-free start system
- 3 Years OnStar<sup>®2</sup> Connect & Protect Plan<sup>3</sup> now standard with complementary monthly Wi-Fi<sup>6</sup> for 1 year from the date of activation
- 11-inch diagonal Driver Information Centre
- 17.7-inch diagonal display touch-screen<sup>4</sup>
- Google built-in<sup>5</sup> powered by OnStar<sup>®2</sup>

1 Epa estimated. On a full charge. Actual range may vary based on several factors, including ambient temperature, terrain, battery age and condition, loading, and how you use and maintain your vehicle.

2 OnStar Connected Services are currently available in Kuwait, UAE, KSA and Bahrain. Wi-Fi plans are available in Kuwait and UAE only. Services vary by country. See [onstararabia.com](http://onstararabia.com) for equipped vehicles, service availability and system limitations.

3 Requires paid OnStar subscription. Services are subject to user terms and limitations. Remote start requires GM factory-installed and enabled remote start system. Lock/unlock feature requires automatic locks. The Connect Plan does not include emergency or security services. See Plans and Pricing for details.

4 Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

5 Google built-in services are subject to limitations, and availability may vary by vehicle, infotainment system and location. Certain Google actions and functionalities may require account linking. User terms and privacy statement apply. Google, Google Play and Google Maps are trademarks of Google LLC.

6 Customers who have purchased a MY25 Chevrolet Equinox EV are eligible for a 10GB monthly Wi-Fi plan in the UAE, or a 25GB monthly Wi-Fi plan in Kuwait and Bahrain for 1 year from the date of OnStar activation, in addition to their 3GB/90 day (whichever comes first) initial data trial.

ying style

embodies an active, dynamic performance that an EV doesn't just aspire to. Go electric with sleek, performance-oriented design and a new benchmark in

Design

# Exterior

## Puts a smile on your face.

### Arrival Headlight Animation

An electric smile greets you as you approach the bold Equinox EV. The curve of the headlight is designed to make driving an electric vehicle a pleasant one.

### Standard Flush Door Handles

Unlike traditional door handles that jut out, these sleekly designed flush handles sit in the recess cut of the door. A simple push of the flush handle allows it prop out and opens the door to an electric experience.

### Two-tone Black Roof

The two-tone black roof adds an extra touch of class to the Equinox EV's design. Elevating its modern appeal and providing a bold contrast with the body color - choose to make a statement when you stand out with style.

Design

# Interior

## Bright and breezy.

### Standard Multi-Color Ambient Interior Lighting

Light up the interior of your Equinox EV with a color that matches your style.

### Available Dual-Panel Power Panoramic Sunroof

To bring a more spacious feel to the interior of your Equinox EV, our built-in panoramic sunroof easily allows you to take in the natural light and city views.

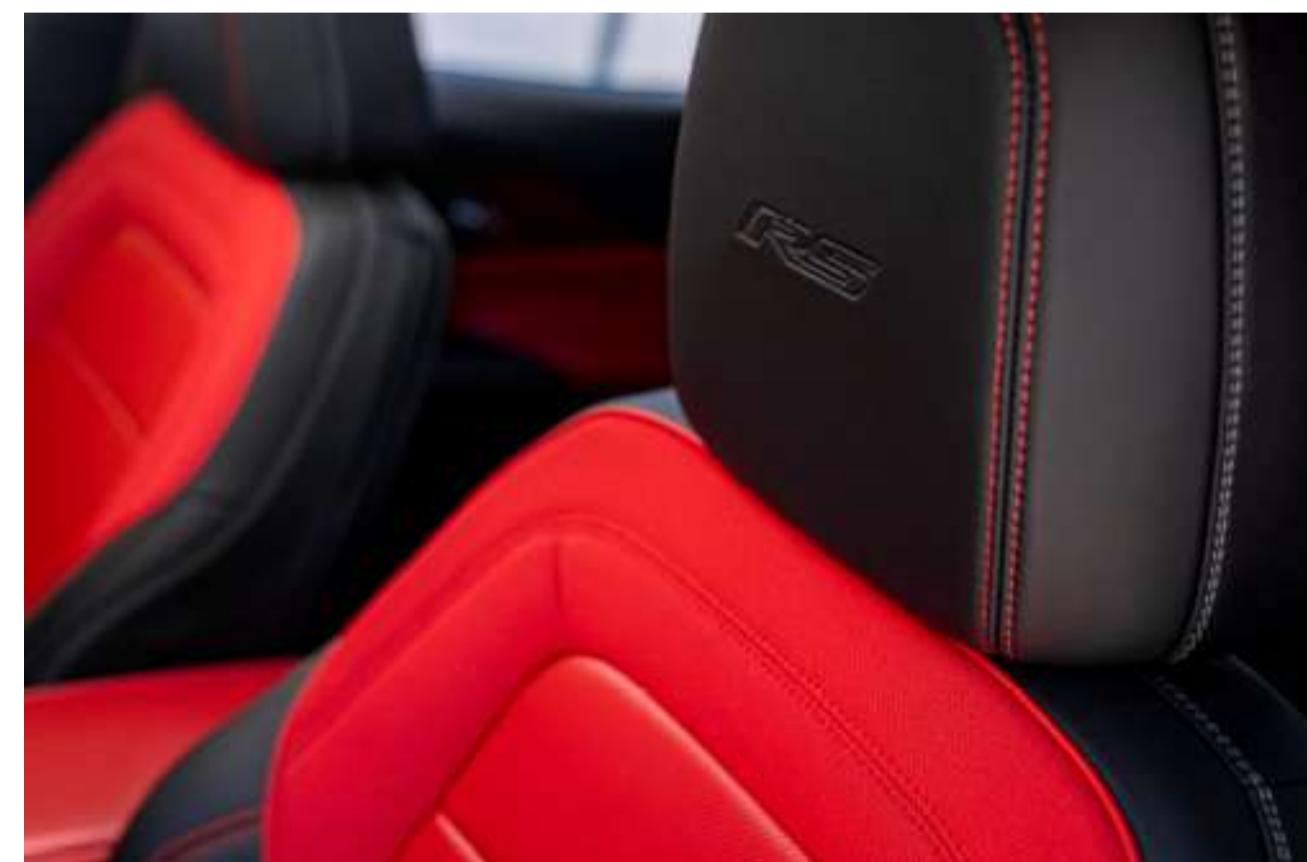

### Adrenaline Red and Black Interior

The Equinox EV is fitted with an Adrenaline Red and Black interior giving your Equinox EV the sporty look it deserves.

### Front Ventilated Seats

Beat the rising heat with this cool option for the driver and passengers' seats.

### Standard 21" Black Aluminum Wheels

## PERFORMANCE & RANGE

# Our Battery Platform

## Designed to power up our latest, electric addition.

Our Battery Platform allows for the Equinox EV to offer a variety of performance and driving capabilities with near instant electric torque. With adrenaline-fueled acceleration, the Equinox EV brings raw power to every city street, turning urban drives into a unique driving experience.

With near instant torque, the raw power of the Equinox EV's battery Drive System energizes its spirited drivers, who can enjoy every experience behind the wheel. The standard front-wheel-drive system is built for thrill-seekers, delivering up to 213 HP and 320 NM of torque that push boundaries and redefine power.

Whether it's a quick jaunt or long journey, Equinox EV has you covered with EPA-estimated 513 KM<sup>1</sup>. When enabled, Regen on Demand<sup>TM2</sup> and One Pedal Driving<sup>3</sup> help convert the vehicle's kinetic energy into energy stored in the battery to help you get the most out of every KM.

<sup>1</sup> Epa estimated. On a full charge. Actual range may vary based on several factors, including ambient temperature, terrain, battery age and condition, loading, and how you use and maintain your vehicle.

<sup>2</sup> Regenerative braking performance may be limited when the battery is cold or near full charge. See [www.chevroletarabia.com](http://www.chevroletarabia.com) for details.

<sup>3</sup> One-Pedal Driving and deceleration features may be limited when the battery is cold or near full charge. See the Owners' Manual for details. Always use the brake pedal when you need to stop urgently. You should still use your brake pedal for emergency braking or when you need to stop suddenly.

CHARGING

# EV Charging made easy

With over thousands of public chargers and convenient home charger, charging up your Equinox EV is as simple as charging your phone. And with the myChevrolet mobile app<sup>1</sup> powered by OnStar<sup>®2</sup>, you can plan your routes, access thousand of Superchargers and see exactly where available public chargers are located.

Our Battery Platform boasts two, innovative charging options for you. It includes overnight charging with its standard 7kW home wall-box charging<sup>3</sup> and DC Fast Public Charging for an approximate 50 KM of range every 10 mins of charging (30%-80% of range in 35 mins).

1 Available on select Apple and Android devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Device data connection required. Actual images and features may vary and are subject to change.  
2 Requires equipped vehicle, active OnStar plan, and Wi-Fi data plan with carrier. OnStar plans and Wi-Fi data plans not available in all countries. See [onstararabia.com](http://onstararabia.com) for equipped vehicles, service availability and system limitations.  
3 The 7kW wall box charger is included with the purchase; however, installation fees are separate and not included. Check with your local dealer for more details on installation and warranty.

## CHARGING

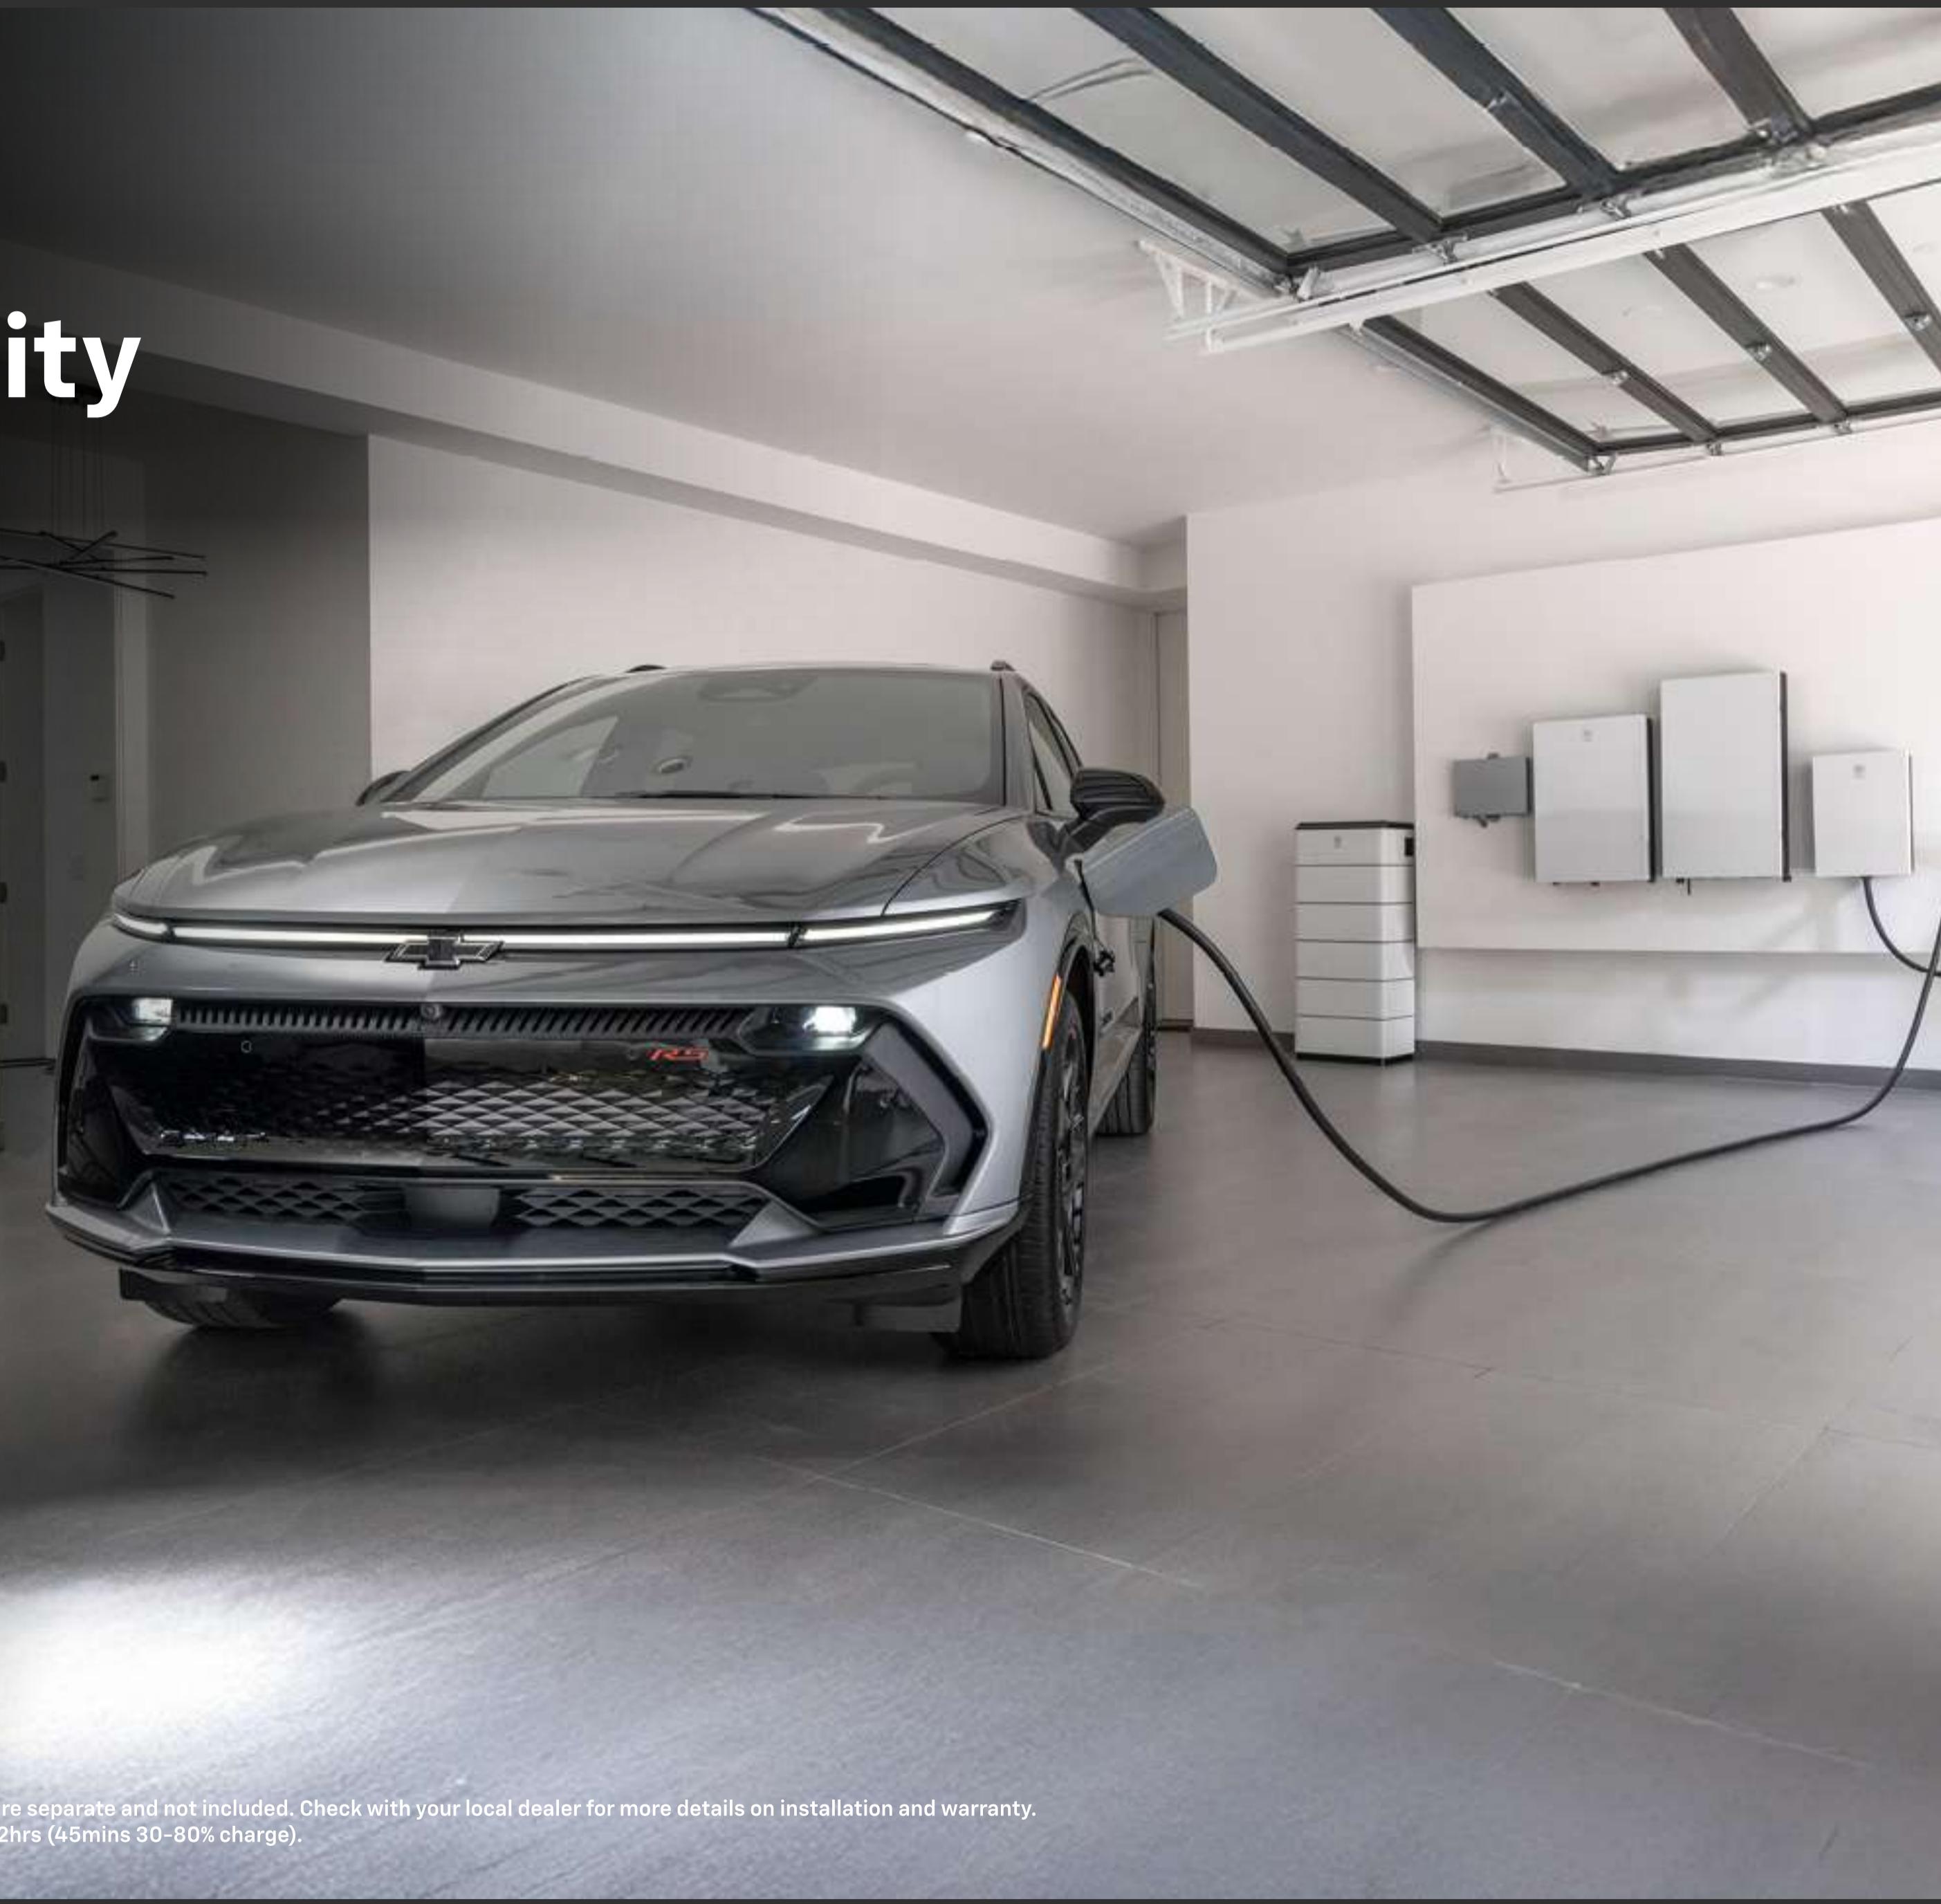

# Plug into simplicity

### Home charging

Plug in at home with standard 7 kW Level 2 (AC) charging<sup>1</sup>, for overnight charging

### On-the-go charging

Plug into one of the thousands of DC Fast Charge stations<sup>2</sup> nationwide to get about 155KW around 117KM of range in 10mins and fully charged within an hour. With 22kW Level 2 (AC) which can add up to 99 KM of range per hour of charging and fully charged within 5 hours.

1 The 7kW wall box charger is included with the purchase; however, installation fees are separate and not included. Check with your local dealer for more details on installation and warranty.

2 DC fast charging 55KW get 55 KM of range in just 10 minutes. Fully charged within 2hrs (45mins 30-80% charge).

## DRIVING TECHNOLOGY

# Boldly steering the future forward.

### Regen on Demand<sup>1</sup>

An innovative driver-controlled braking feature that converts some of the kinetic energy of Equinox EV's forward momentum into electricity and transfers it back to the battery for future use.

### One-Pedal Driving<sup>2</sup>

Gives drivers ultimate control of Equinox EV's electric propulsion system by letting you operate the vehicle using the accelerator pedal in most driving situations.

### Electronic Precision Shift

Shifts gear electronically with a mechanical connection, rather than using a traditional shifter.

1. Regenerative braking performance may be limited when the battery is cold or near full charge. See [www.chevroletarabia.com](http://www.chevroletarabia.com) for details. 2. One-Pedal Driving and deceleration features may be limited when the battery is cold or near full charge. See the Owners' Manual for details. Always use the brake pedal when you need to stop urgently. You should still use your brake pedal for emergency braking or when you need to stop suddenly.

## DRIVING TECHNOLOGY

# A electric connection unlike any other.

**17.7-inch Diagonal Touchscreen<sup>1</sup>.**

**11-inch Diagonal Driver Information Center**

Standard.

### Standard Head-Up Display

Allows you to keep safety in sight and your eyes on the road, empowering you to stay focused and in control.

### 3-Year OnStar<sup>®2</sup> Protect and Connect Plan<sup>3</sup> Included

Experience seamless connectivity with OnStar<sup>®2</sup> with Vehicle Mobile App<sup>6</sup>, Google Built-In<sup>5</sup>, 24/7 Roadside assistance and more. With complimentary in-vehicle Wi-Fi<sup>4</sup>, connectivity becomes a seamless part of your ownership experience — enabling the full power of Google Built-In<sup>5</sup> to come to life.

<sup>1</sup>Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

<sup>2</sup>OnStar Connected Services require equipped vehicle and active OnStar plan. OnStar plans not available in all countries. See FAQs for equipped vehicles, service availability and system limitations. OnStar Connected Services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. <sup>3</sup>Requires paid OnStar subscription. Services are subject to user terms and limitations. Remote start requires GM factory-installed and enabled remote start system. Lock/unlock feature requires automatic locks. The Connect Plan does not include emergency or security services. See Plans and Pricing for details. <sup>4</sup>Customers who have purchased a MY25 Chevrolet Equinox EV are eligible for a 10GB monthly Wi-Fi plan in the UAE, or a 25GB monthly Wi-Fi plan in Kuwait and Bahrain for 1 year from the date of OnStar activation, in addition to their 3GB/90 day (whichever comes first) initial data trial. <sup>5</sup>Google built-in services are subject to limitations, and availability may vary by vehicle, infotainment system and location. Certain Google actions and functionalities may require account linking. User terms and privacy statement apply. Google, Google Play and Google Maps are trademarks of Google LLC. <sup>6</sup>Available on select Apple and Android devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. User terms and limitations apply. Device data connection required. See [onstararabia.com](http://onstararabia.com) for details.

Connected by OnStar®

## Connected to the road ahead with OnStar®<sup>1</sup>

3 Years OnStar®<sup>1</sup> Connect & Protect Plan<sup>2</sup> now standard with complimentary monthly Wi-Fi<sup>6</sup> for 1 year from date of activation.\*

OnStar®<sup>1</sup> Connected Services<sup>3</sup> will elevate your driving and ownership experience with your Equinox EV. This comprehensive package offers seamless integration with the myChevrolet App<sup>4</sup> and Google Built-In<sup>5</sup> compatibility and more. Whether you need to check your vehicle's status remotely, plan a route, or connect with a 24/7 OnStar® Advisor, the Equinox EV keeps you in touch with what matters.

With over 25 years experience in delivering in-vehicle services, OnStar®<sup>1</sup> gives you added peace of mind knowing that a trained advisor<sup>6</sup> is ready to help 24/7.

Take the same connectivity and entertainment that you love and enjoy at home with you on your travels, thanks to a robust built-in 4G LTE Wi-Fi<sup>6</sup> that delivers a fast and dependable experience, making it utterly seamless.

## SAFETY FEATURES

# Keep safe from sun-rides to sunset.

### Automatic Emergency Breaking

Using camera technology, Automatic Emergency Braking can help you avoid or reduce the severity of a collision with a detected vehicle you're following. It can automatically provide hard emergency braking or enhance the driver's hard braking.

### Front Pedestrian Braking Alert

At speeds below 80 km/h, Front Pedestrian and Bicyclist Braking can help you avoid or reduce the severity of a collision with a pedestrian or bicyclist it detects directly in front of you. It provides alerts and can automatically provide hard emergency braking or enhance the driver's hard braking. It has limited nighttime and low visibility performance.

### Following Distance Indicator

Following Distance Indicator displays the following time in seconds between your vehicle and a detected vehicle in front of you to help you maintain a safe following distance.

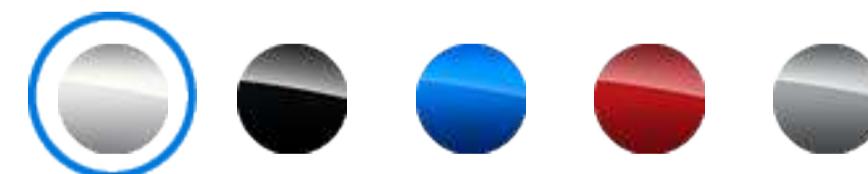

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information.

## Exterior colors

Iridescent Pearl Tricoat

Extra cost. Two-tone black roof available.
