CHEVROLET

2023
BLAZER

Look your best no matter the occasion.

The 2023 Blazer is the SUV that's well-built, roomy and always in good taste. You'll turn heads thanks to its strong stance, updated grille and front fascia, and five new wheel designs. Choose from four models, including the well-equipped 2LT and 3LT, the sport-tuned RS and the sophisticated Premier. Inside, a roomy, driver-centric interior includes up to 64.2 cubic feet[1] of maximum cargo space with the rear seats folded down. Even the second-row seats recline, while sliding forward or backward for more flexibility. Two engine choices provide effortless performance: a turbocharged 2.0L engine or a 308-horsepower V6. Peace of mind is added with standard Chevy Safety Assist,[2] a package of six driver assistance features.

Blazer lets you be your best.

Blazer RS in Radiant Red Tintcoat (extra-cost color) with available features.

1 Cargo and load capacity limited by weight and distribution. 2 Chevy Safety Assist includes Automatic Emergency Braking, Front Pedestrian Braking, Lane Keep Assist with Lane Departure Warning, Forward Collision Alert, IntelliBeam and Following Distance Indicator. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information.

1 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. 2 With available 3.6L V6 engine and trailering equipment. Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. 3 Cargo and load capacity limited by weight and distribution. 4 Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. 5 Vehicle user interface is a product of Google and its terms and privacy statements apply. To use Android Auto on your car display, you'll need an Android phone running Android 6 or higher, an active data plan, and the Android Auto app.

1 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. *2 A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information.* *3 When you select a monthly plan within 15 days of activating your 1-month trial, you'll receive the next 2 months of the plan you select at no additional charge when you associate an approved payment method on file to your account and authorize recurring payments for your service plan. The amount and frequency of each recurring payment is based upon the service(s) and payment interval(s) you select from the options provided. After the trial expires, OnStar will automatically bill your payment method monthly at then-current standard monthly rates. Plans containing 4G LTE data will be billed every 30 days by AT&T. You may cancel at any time by pushing your blue OnStar button or calling 1-888-466-7827. May not be combined with other offers or retroactively applied. Offer subject to change.*
