

A high-angle, front-quarter view of a bright red Datsun 240-Z driving on a paved road. The car is angled towards the right. A man is driving, and a woman is in the passenger seat. The car has a 'DATSUN' badge on the front fender and a 'DATSUN' license plate. The background shows a grassy field and a clear sky.

DATSUN 240-Z

There's a fresh silhouette streaking across the horizon. When it glides to a halt, slip into it. You'll discover a whole new world for two in the Datsun 240-Z.

A New Kind of Economy Car

At last. Distinction. Uncompromising comfort. The ultimate driving experience.

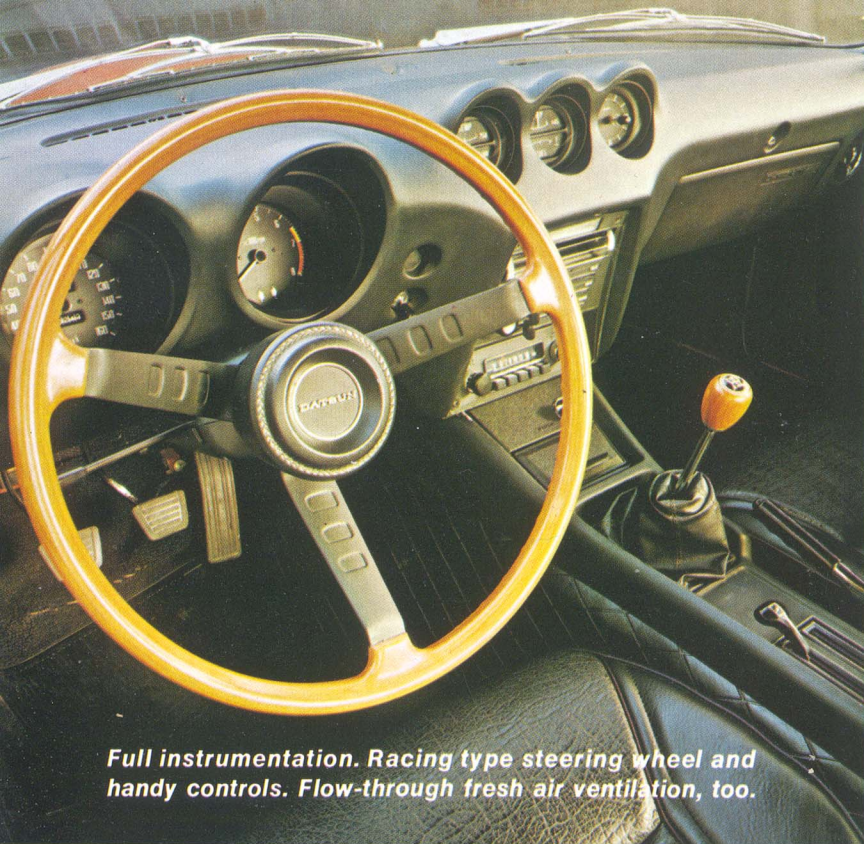

The Datsun Z-Car, letter-perfect in every Gran Turismo detail, is a new kind of personal car for Americans.

The Z-Car looks fast and is. Its soul-stirring, high-efficiency overhead cam engine supplies 150 smooth horses for 0-60 leaps in under 9 seconds. A safe power margin to roll you along at up to 125 MPH. And it delivers up to 25 miles per gallon!

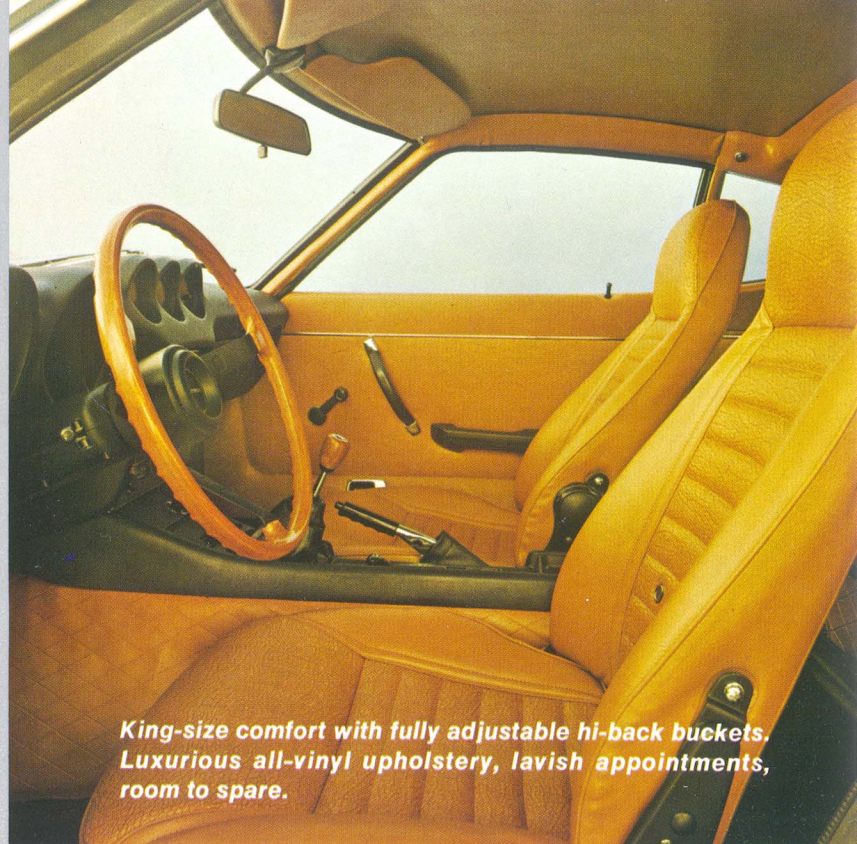

There's a fully independent, race-bred suspension on the front and rear wheels. That means road-hugging stability on all surfaces. Fat radial tires add traction. Power front disc brakes ensure quick, straight stops.

Inside you relax in deluxe, comfort-contoured bucket seats, lavish "GT" appointments and full-size American space.

Check all the fine car features. A full-synchromesh 4-speed, radio, electric antenna, carpets—the Z-Car sets new standards of economy car luxury.

Full instrumentation. Racing type steering wheel and handy controls. Flow-through fresh air ventilation, too.

King-size comfort with fully adjustable hi-back buckets. Luxurious all-vinyl upholstery, lavish appointments, room to spare.

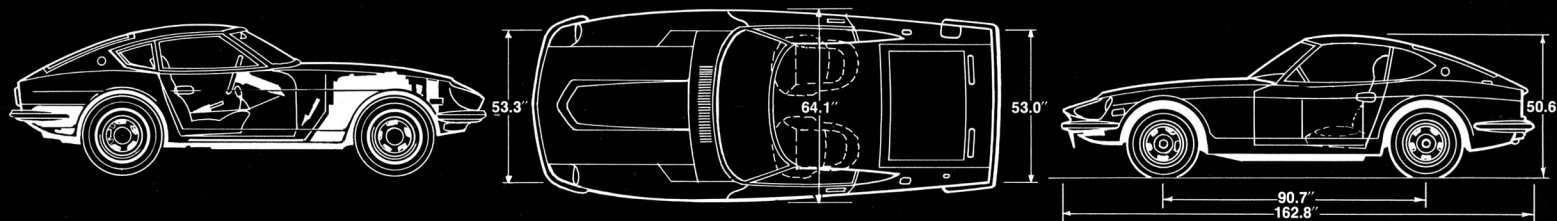

150 dazzling horsepower. Six cylinders. Overhead cam efficiency, durability and economy.

Flip-top trunk for all your travel needs. Easy access to spare tire under the fully carpeted floor. Counter-balanced tail-gate.

ENGINEERED FOR SAFETY, RELIABILITY, PERFORMANCE, COMFORT.

OPTIMUM WEIGHT DISTRIBUTION

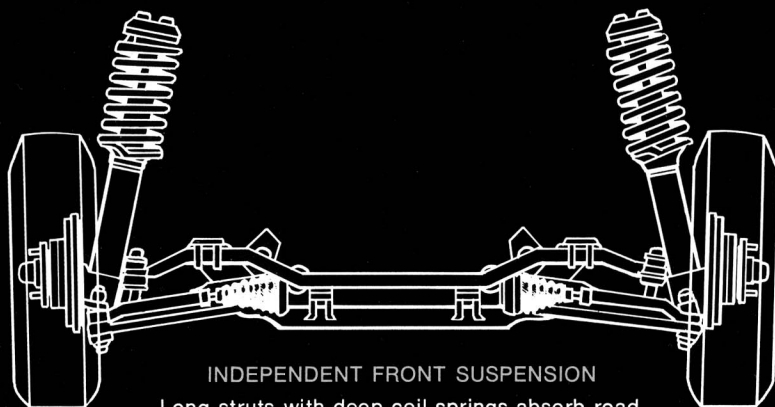

52.4% on the front, 47.6% on the back. Maximum traction, maneuverability.

SURE-FOOTED — ROOMY

Wide front and rear tracks for stability. Big, wide cockpit for comfort.

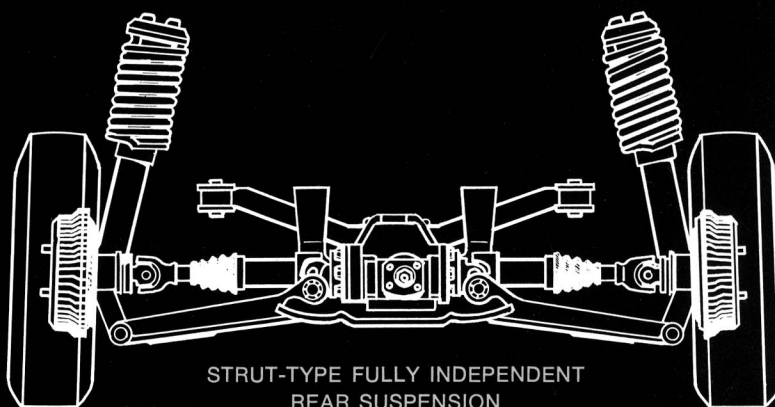

SENSIBLE DIMENSIONS

Perfect length for great ride. Plenty of head room, low silhouette. Easy parking, 31.5' turning circle.

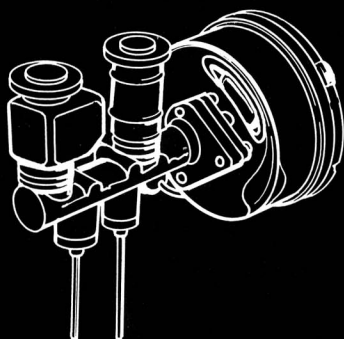

INDEPENDENT FRONT SUSPENSION

Long struts with deep coil springs absorb road shock. Anti-roll bar and compression link smooth and steady ride.

STRUT-TYPE FULLY INDEPENDENT REAR SUSPENSION

Rugged deep coil rear suspension plants wheels firm and square. Long struts and shocks ride sure and easy.

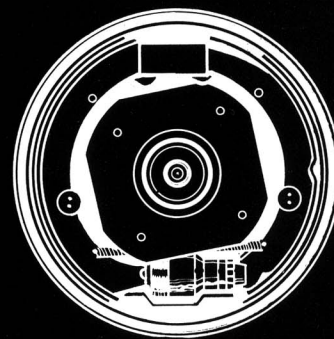

DUAL HYDRAULIC BRAKING SYSTEM

Fail-safe stopping power with dual hydraulic systems for front and rear wheels.

POWER FRONT DISC BRAKES, REAR DRUMS

10.7" discs and big pads up front where 80% of the stopping action is. Plus AL-Fin drums on rear wheels for positive braking in any weather.
