

CITROËN

C4

A close-up photograph of the front left corner of a silver car. The image shows the headlight assembly with a circular main lamp and a smaller side lamp, and a multi-spoke alloy wheel. The car's body is a bright silver color. The background is a soft, out-of-focus grey.

**C4**  
ALIVE WITH  
TECHNOLOGY

**ALIVE WITH TECHNOLOGY, MOVING  
WITH STYLE.** THE NEW CITROËN C4 IS  
MORE ALIVE THAN EVER.

A SEDUCTIVE BALANCE OF ADVANCED TECHNOLOGY AND UNIQUE STYLE, BOTH HATCHBACK AND COUPÉ FEATURE STRIKING NEW DESIGN ELEMENTS, SUCH AS THE RAISED BONNET PROFILE, REDESIGNED GRILLE AND BUMPER. THE MESSAGE IS CLEAR AT A GLANCE: THIS IS A DYNAMIC AND DESIRABLE CAR THAT'S PACKED WITH CITROËN INSPIRATION. LIFE JUST MOVED ON.

# **ELEGANCE WORKING BEAUTIFULLY.** THE NEW CITROËN C4 DOESN'T LOOK LIKE AN ORDINARY CAR. AND ITS UNIQUE CHARMS ARE FAR FROM JUST AESTHETIC. THEY WORK, BEAUTIFULLY.

AT THE FRONT, YOUR EYE WILL BE DRAWN TO THE UNIQUE 'BOOMERANG' CURVE OF THE HEADLAMPS. BOLDLY DESIGNED AND INSTANTLY RECOGNISED, THEY SWEEP ELEGANTLY INTO THE FRONT WINGS.

Smoothly integrated into a new grille design, the chrome double chevron logo helps to create a sharper, more dynamic front end. Most striking of all is the fact that the new C4 is not a car; it's a choice of two exciting models with distinct and different characters.

## COUPÉ. SPORTS PERSONALITY

The ground hugging profile of the new C4 Coupé sends a clear message. This is very far from ordinary. Low, aerodynamically efficient and charismatic, there is a sporty aura about the new C4 Coupé, balanced with the no-compromise comfort and sheer usability of a true Citroën.

# C4

ELEGANT  
DESIGN

## HATCHBACK. COMFORTABLY CUTTING EDGE

From that unmistakable 'arc of steel' protective roofline to those subtly curved sides and sensational rear lights, the new C4 Hatchback redefines what a comfortable, space-efficient 5-door hatch can be. This is both soothing and razor sharp, safe and exhilarating.

**THE PERFECT LAYOUT.**  
EVERYTHING IS WHERE IT  
NEEDS TO BE, FOR SAFETY,  
FOR COMFORT, FOR SHEER  
ENJOYMENT. THE UNIQUE,  
INTELLIGENT SIMPLICITY  
OF THE INTERIOR LAYOUT  
MAKES THE NEW CITROËN C4  
A TRAVELLING ENVIRONMENT  
LIKE NO OTHER

#### BEYOND THE COMFORT ZONE

Every new Citroën cossets you with real long distance comfort. Driver's seats are height-adjustable and VTR+, Exclusive and VTS models also include lumbar adjustment. The added indulgence of the optional Leather Pack brings tactile soft leather trim and the all-weather comfort of heated front sport seats.

### THE NERVE CENTRE

Stylish and ever more practical, the distinctive centred translucent instrument display has been carefully rethought. All the vital driving information needed is now included and clear to see at a glance. Especially as the display contrast can be adjusted to change the ambient light conditions for maximum legibility.

### THE WHEEL REINVENTED

A Citroën C4 trademark, the steering wheel has a centre that remains fixed at all times. This means that all the important controls and lights positioned there remain quickly and easily accessible, all the time. It means that a driver's hands can stay on the wheel and eyes can stay on the road. Amongst the fingertip functions there are the cruise control and radio/Hi-Fi buttons. Designed for class defining safety, the fixed-centre controls steering wheel ensures that the driver's airbag always deploys at the optimum angle.

**C4**  
THE PERFECT  
LAYOUT

C4

DRIVING  
PLEASURE

**THE DYNAMICS OF PLEASURE.**  
UNDENIABLY STYLISH AND ORIGINAL,  
PACKED WITH SAFETY AND COMFORT  
FEATURES, THE NEW CITROËN C4 IS  
ALSO ALIVE WITH THE TECHNOLOGY  
THAT DELIVERS A THRILLING DRIVE.

CLIMB IN AND GET COMFORTABLE. FROM THE FIRST TURN OF THE WHEELS  
YOU'LL APPRECIATE LIGHT, ACCURATE STEERING THAT COMMUNICATES WITH  
YOU – SUPPLYING PLENTY OF FEEDBACK FROM THE ROAD BELOW. FROM THE  
FIRST CORNER YOU'LL SENSE A POISED CHASSIS THAT FLOWS WITH PRECISION  
AND GRIPS HARD, YET SACRIFICES NONE OF THE TRADEMARK CITROËN RIDE  
COMFORT, GLIDING OVER EVERY POT HOLE AND BUMP...

A photograph of the interior of a car, showing the dashboard, steering wheel, and seats. The dashboard is light-colored with a digital display showing '0'. The seats are dark with a textured pattern. The steering wheel is black. The car's interior is well-lit, and the overall design is modern and functional.

## PERFECTLY POISED

Maintaining the new C4's no-compromise balance between sharp handling and silky ride is a no-compromise suspension design. At the front are MacPherson struts and coil springs, while at the rear, independent trailing arms and torsion bars keep things perfectly composed.

## HEARTS WITH MINDS

A well balanced front wheel drive car needs a great engine to exploit its potential. The new C4 offers a choice of four petrol engines and five brilliant diesels, all bristling with the technology that provides flexible performance, economy and low emissions. Try the muscular 2.0Hdi 16V 140hp diesel or the enterprising 1.6i 16V THP 150hp petrol engine to discover what we mean by the dynamics of pleasure.

## SHIFTING PRIORITIES

A highly capable car needs a gearbox to match. In addition to the smooth, well-judged ratios of the 6 speed manual there is the best-of-both-worlds high technology of the Electronic Gearbox System (EGS). Essentially two transmissions in one, allowing fast, precise manual changes to be made using the steering column mounted paddles, or let the efficient and seamless automatic mode do the work.

## CONFIDENCE INSPIRING

The new C4 can be driven safe in the knowledge that its talents include advanced stopping power. With powerful discs all round, ventilated discs at the front, ABS, Emergency Braking Assistance (EBA) and Electronic Brakeforce Distribution (EBD), the new C4 knows that excitement and safety are both part of a great dynamic balance.

**INTELLIGENT TECHNOLOGY.** IN THE NEW CITROËN C4,  
INNOVATION IS HARNESSSED TO DELIVER AN EXTRAORDINARY  
CHOICE OF TECHNOLOGY, FROM NAVIGATION, COMMUNICATION  
AND ENTERTAINMENT, TO SAFETY AND CLEVER STORAGE.  
WELCOME TO THE CAR THAT THINKS OF EVERYTHING.

## AUTOMATICALLY DARK

Using light sensors, the new C4's electrochrome rear view mirror on VTR+, Exclusive and VTS models darkens at the touch of a button to prevent dazzle from following headlamps.

## NAVIDRIVE PACK

Also new, the optional NaviDrive pack on Exclusive and VTS models displays high resolution aerial maps. Using a 30GB hard disk the system has 10GB of 'Jukebox' room for personal MP3 selection. With voice activated phone and integrated European mapping, the NaviDrive pack also brings access to Citroën's emergency service and Citroën Assistance. In the glove box there is a video auxiliary socket and between the front seats is a USB connection, for maximum go-anywhere entertainment and information.

## AUTOMATICALLY LIGHT

As night falls, deep shade covers the road or a tunnel appears, new C4's automatic headlamps activate to illuminate the way ahead on VTR+, Exclusive and VTS models.

## AIR AS YOU LIKE IT

The air conditioning from SX models onwards has an advanced filter and a recycling system which can be controlled from the centre console. The automatic digital system on Exclusive and VTS models has dual-zone adjustment, so front passengers can choose their own temperature setting.

## PERFECT SCENTS

The new C4's fresh air system goes further. Carefully integrated into the dashboard vents from SX models onwards, is a scented air freshener system that distributes a choice of soothing aromas around the cabin. New C4 appeals to all the senses!

## STORE MORE

Intelligent use of interior space is a Citroën signature. The new C4 proves the point with a spacious drawer under the passenger's seat on all models, a ventilated and illuminated glove box on most and a sunglasses holder well within the driver's reach on Exclusive and VTS.

# C4

ENVIRONMENTAL

# THE ENVIRONMENTAL BENCHMARK. A TRULY ADVANCED CAR MUST TREAD SOFTLY WHEN IT COMES TO THE ENVIRONMENT. THE NEW CITROËN C4 IS DESIGNED TO SET BENCHMARKS FOR LOW EMISSIONS AND FUEL EFFICIENCY.

## AIMING LOW

The 1.6HdI 16V engine with 92hp or 110hp has incredibly low CO<sub>2</sub> outputs. The 110hp version with Diesel Particulate Filter System (DPFS) produces an extraordinary 118g/km when combined with the Electronic Gearbox System (EGS) on SX and 120g/km CO<sub>2</sub> on VTR+ models. And remember it still delivers smooth, punchy performance and a combined fuel consumption figure of 62.8mpg on SX and 64.2mpg on VTR+ models.

## ANYTHING PARTICULAR

Available on most of the diesel range, the Diesel Particulate Filter System (DPFS) uses advanced anti-pollution technology to remove harmful carbon particles from the exhaust gases, before they reach the great outdoors. Smoky diesels are history.

## EFFICIENCY ENGINEERED IN

All new C4 engines make a more environmentally sound choice, from the ultra-low emissions diesels to refined, efficient petrol. Each engine has been carefully engineered to meet Euro IV emissions standards, providing maximum enjoyment and minimal waste. Even the powerful 1.6i 16V THP 150hp petrol engine can return 53.3mpg on the extra urban cycle.

## EGS MEANS LESS CO<sub>2</sub>

The revolutionary Electronic Gearbox System (EGS) is essentially two gearboxes in one, for rapid and responsive manual changes, or a seamless automatic. And it's smarter still. Choose EGS and you will produce even less CO<sub>2</sub> than with a conventional manual!

## ENERGY SAVER® TYRES

With a reduction in rolling resistance of 20%, Michelin's Energy Saver® tyres, fitted on 1.6HdI 92hp SX and VTR and 1.6HdI 110hp DPFS EGS SX models, reduce the amount of energy needed to propel the car along the road which results in a reduction in fuel consumption. This is achieved with no loss of grip or stability, with shorter stopping distances in wet conditions. The tyre's innovative architecture generates fuel savings of nearly 0.2litres per 100km (in combined cycle), resulting in a reduction in CO<sub>2</sub> emissions of nearly 4g/km and around one tonne less CO<sub>2</sub> over the entire life of a new C4.

# **SAFETY TO THE POWER OF C4.** THE SHEER DEPTH OF SAFETY TECHNOLOGY THROUGHOUT THE NEW CITROËN C4 MAKES IT A VERY WELL PROTECTED PLACE TO BE, FROM ITS TYRE PRESSURE MONITOR AND MULTIPLE AIRBAGS, TO ITS OPTIONAL LANE DEPARTURE WARNING SYSTEM.

## STABILITY = SAFETY

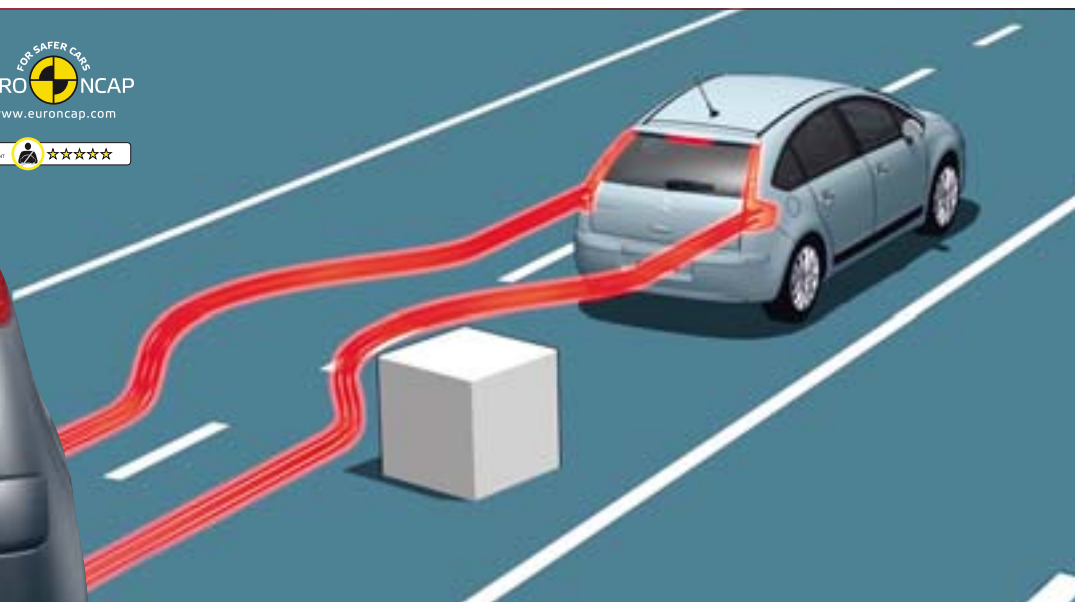

A Citroën is inherently stable and secure, thanks to its sophisticated suspension design, but the Electronic Stability Programme (ESP), standard on most models, adds another level of protection. By monitoring progress through a bend, it can sense if oversteer or understeer is developing, modify engine torque and apply one or more of the brakes to maintain stability and control.

## MAXIMUM BRAKING

The standard Emergency Braking Assistance (EBA) automatically maximises brake effort when it detects strong braking input. This compensates for the fact that many of us don't brake with enough force in an emergency situation.

## SLOW FAST AND BE SEEN

The hazard warning lights activate automatically in the event of rapid deceleration to warn other drivers. They go off again when the new C4 accelerates away.

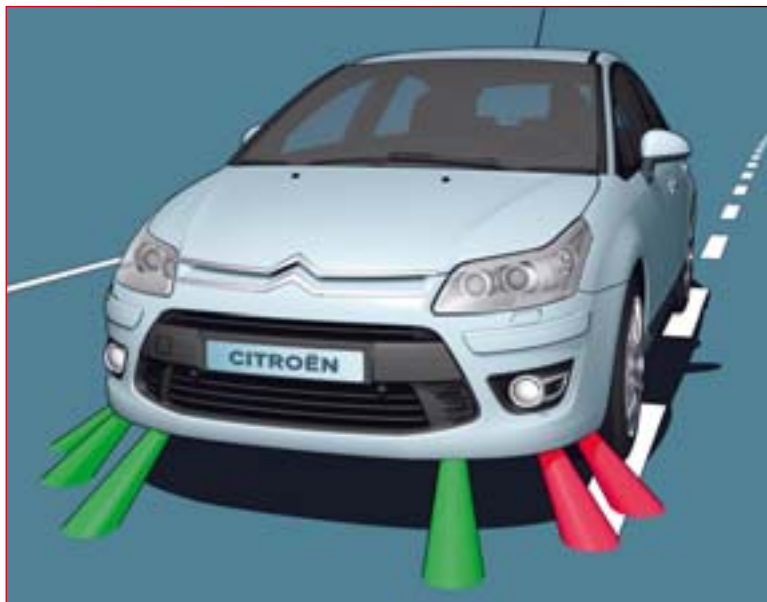

## TYRE PRESSURE MONITOR

Available on Exclusive and VTS models, the new C4's tyre pressure monitor regularly checks each tyre and gives the driver a visual and audible warning if a problem is detected – it's a very reassuring safety feature.

## ON ALERT, ON COURSE

Citroën's cutting edge optional Lane Departure Warning System (LDWS) works on motorways and major roads at speeds above 50mph. By using infra-red sensors this ingenious system detects any crossing of white lines. If your car drifts out of its lane without indicators being used, vibration is felt through the left or right side of the driver's seat, depending on the direction of drift. It's a brilliant way of letting you know that corrective action is needed.

## AIRBAGS EVERYWHERE

The new C4 features an army of airbags for maximum passenger protection. Front airbags are adaptive, so that they deploy with exactly the right power and speed for every kind of impact. Side window airbags built into the roof protect the heads of front and rear passengers should a side impact occur, while lateral airbags integrated into the front seats also protect against side impacts, and move occupants towards the centre of the passenger cell, away from the force of the collision.

## COME RAIN...

VTR+, Exclusive and VTS models benefit from rain-sensitive windscreen wipers that activate to clear your view at the first sign of a downpour. Rear wipers also operate automatically when the reverse gear is engaged and the front wipers are on and the automatic illuminating headlamps also turn on during a rain shower.

## DIVERSITY DEFINED.

THE NEW CITROËN C4 IS NOT A CAR. IT'S A DIVERSE RANGE OF HATCHBACKS AND COUPÉS, EACH ALIVE WITH A DIFFERENT CHOICE OF TECHNOLOGY, EQUIPMENT AND STYLE.

# EXPECT THE UNEXPECTED WITH THE NEW C4. AND EXPECT MORE.

### CITROËN C4 HATCHBACK

#### - LX FEATURES:

- ABS with Electronic Brakeforce Distribution (EBD)
- Emergency Braking Assistance (EBA)
- Driver's, front passenger's, front lateral and curtain airbags
- High-frequency multi-function remote control central locking with deadlocks
- Front seat belts pre-tensioners with force-limiters
- 15" steel wheels with 'Arromanche' wheel covers (set of four)
- 'Guide-me-home' headlamp function
- Variable power assisted steering
- Cruise control with speed limiter
- Electrically adjustable door mirrors
- Front electric windows with 'one-touch' operation and anti-pinch
- Multi-function on-board trip computer
- RDS stereo radio/MP3 compatible CD player

THE DIFFERENT CHARACTERS OF THE NEW C4 – HATCHBACK AND COUPÉ – ARE SHARPLY DEFINED. THE LX HATCHBACK BRISTLES WITH ADVANCED FEATURES FOR YOUR COMFORT, ENJOYMENT AND SAFETY. THE VTR IS A HONED, PRECISE AND THRILLING SPORTS COUPÉ, PACKED WITH THE KIND OF FOCUSED, DYNAMIC FEATURES THAT KEEN DRIVERS WILL LOVE. THE SX HATCHBACK TAKES REFINEMENT TO ANOTHER LEVEL, LETTING THE CORE CITROËN BALANCE OF DYNAMIC PROWESS AND PEERLESS RIDE COMFORT SHINE THROUGH. A CAR TO SUIT YOUR CHARACTER? WHATEVER NEXT!

OPTIONS  
HATCHBACK  
& COUPÉ

OPTIONS ARE ABOUT FREEDOM OF CHOICE. FREEDOM IS ABOUT GOING WHERE YOU WANT AND DOING AS YOU PLEASE. THE NEW CITROËN C4 OPTIONS INVITE YOU TO DO SO IN STYLE AND IN SAFETY.

## LEATHER PACK

For pure luxury, choose the tactile quality and comfort of the Leather Pack, trimmed in soft leather and featuring heated front sport seats.

## HI-FI PACK

Want more 'punch' from your punk or extra clarity from your classical music? Choose the JBL Hi-Fi system with an amplifier and nine loudspeakers including a subwoofer.

FROM THE STYLISH TO THE FAILSAFE, FROM EXCITING TO SECURE, THE NEW CITROËN C4 OPTIONS MAKE LIFE ON THE MOVE A REVELATION – AND TOTALLY RELAXING. TAKE A LOOK AND DECIDE PRECISELY WHAT NEW C4 MODEL AND OPTIONS MATTER MOST TO YOU.

XENON DUAL-FUNCTION DIRECTIONAL HEADLAMPS

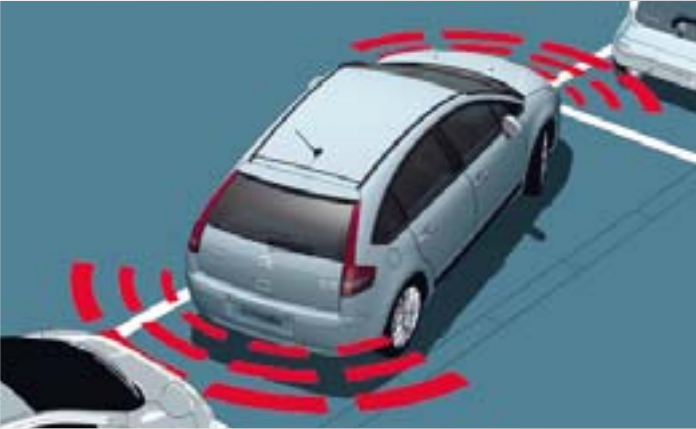

Citroën’s intelligent Xenon Dual-Function Directional headlamps effectively allow you to see round corners. As you turn the steering wheel the directional beam turns with you highlighting the road and any potential hazards.

## MAKING THE TECHNICAL PERSONAL.

ACCESSORIES ARE ALL ABOUT ADDING YOUR PERSONALITY TO THE MIX, WHETHER THAT MEANS CHILD SAFETY FEATURES, ENTERTAINMENT OR COMMUNICATION TECHNOLOGY. THE END RESULT WILL BE A CAR THAT FAITHFULLY REFLECTS YOUR NEEDS.

Visit [www.accessories.citroen.co.uk](http://www.accessories.citroen.co.uk) to view the full range of new C4 accessories.

### 'SURFING' CARPET SET

A range of stylish mats and carpet sets are available to protect your new C4 from wear and tear.

### ALLOY WHEELS

Along with the 15" 'Cronos' alloy wheels (right), Citroën offer an additional range of 15", 16" and 17" alloy wheels.

### ROOF BARS, ROOF BOXES, SKI & SNOWBOARD CARRIERS AND BICYCLE CARRIERS

Citroën traversing roofbars (A) are designed to match the contours of your new C4 and can be used with Citroën bicycle carriers, ski/snowboard carriers and roof boxes for quick and easy transport and storage solutions.

Citroën roof boxes (B+C) are available in 280, 340, 370 or 430 litre capacities.

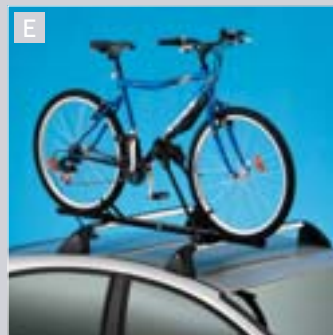

Citroën Ski and Snowboard Carriers (D) are also available. Quick to install and lockable to protect against theft, they enable you to carry up to 6 pairs of skis.

Citroën bicycle carriers (E) are a secure and hassle-free way of transporting your bike. Please contact your local Dealer for information about additional fixings that may be required.

## STORAGE

Expand the capabilities of your new C4 with various storage accessories including cargo nets and foldaway boot storage compartments. A parcel shelf storage bag (right) is available on Coupé models. Check the web site for other clever storage solutions.

## MP3 ADAPTOR

Enjoy music from your own MP3 player and control your song selection through the dashboard stereo thanks to this clever little MP3 adaptor.

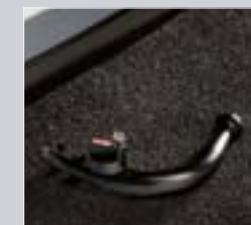

## MUDFLAPS

Contoured front and rear mudflaps are available for both C4 Hatchback and Coupé models.

## TOWBARS

Citroën towbars have been developed to ensure the highest standards of safety and strength. Conventional and fixed swan neck towbars are available along with demountable towballs.

## ENVIRONMENTAL COMMITMENT

Citroën is a leader in the manufacture of low CO<sub>2</sub> emissions vehicles.

All Citroën vehicles are designed to be 85% recyclable.

**WHATCAR?**  
GREENAWARDS2008

Citroën was a double winner at the 2008 WhatCar? Green Awards. The new C5 1.6HDi VTR+ saloon won Best Family Car and Grand C4 Picasso 1.6HDi SX won Best MPV.

## INTRODUCING THE ECOLOGICAL CAR

The Citroën C-Cactus concept (above), a car designed on ecological principles. It includes a significant proportion of recycled or recyclable materials and, like the plant it is named after, it is low on liquid consumption. At the same time, C-Cactus is designed to be no more expensive than a mid-range family car. This can be attributed to the use of new materials and to a rational design process using a smaller number of parts. C-Cactus is an essential vehicle reflecting a new vision of the car, many of its thoughts and themes will appear in modern Citroën vehicles to come.

# GREEN EFFICIENCY. CITROËN HAS BEEN PIONEERING CLEANER, MORE FUEL-EFFICIENT MOTORING, SUCH AS THE COMMON RAIL HDi ENGINES NOW FITTED IN ALL NEW CITROËN DIESELS, LONG BEFORE ALL THE HYPE...

CITROËN HAS ALWAYS BEEN AT THE FOREFRONT OF GREENER TECHNOLOGY AND THE NEW C4 IS NO EXCEPTION. IT'S WHY WE HAVE WON THE GREENFLEET AWARD OF CAR MANUFACTURER OF THE YEAR FOR THE LAST TWO YEARS. TODAY, WE HAVE ONE OF THE UK'S WIDEST RANGES OF LOW EMISSION VEHICLES – THREE OF WHICH ARE IN THE TOP FOUR FOR LOW CO<sub>2</sub> AND FUEL-EFFICIENCY. WE ALSO PRODUCE THE UK'S MOST ECONOMICAL LIGHT COMMERCIAL VEHICLE, THE C2 ENTERPRISE VAN.

On the technology side, we've been equipping more of our vehicles with more environmentally friendly breakthroughs, such as Stop & Start SensoDrive. When the driver brakes to a halt, the engine stops, and starts again the moment the brake pedal is released – research has shown that it can improve fuel consumption by up to 15% in heavy traffic. Our Electronic Gearbox System (EGS) also boasts impressively greener credentials, with less pollution and up to 5% more economy than a conventional manual gearbox system. In addition, Citroën has expanded the use of the exceptionally efficient, self-regenerating Diesel Particulate Filter System (DPFS) in our models.

Cleaner, greener driving without taking away from the drive – that's what you can continue to expect from the new C4.

## AIRDREAM - A BENCHMARK

When it comes to the environment we wanted to show our genuine commitment as well as our profound expertise, so we have devised a benchmarking scheme with the signature 'Airdream' reserved exclusively for the cleanest vehicles in our range. To qualify for the AIRDREAM signature, vehicles must meet three standards: 1. Stop & Start, Natural Gas or CO<sub>2</sub> emissions must be less than 120g/km, 158g/km for DPFS diesel engines or bio-diesel compatible vehicles and 200g/km for vehicles running on E85 fuel. 2. Manufacturing quality of ISO14001. 3. 95% of recoverable materials.

## EMISSION CONTROL TECHNOLOGY

C2 and C3 Stop & Start models (right) reduce CO<sub>2</sub> emissions and fuel consumption by as much as 27%\*. This is achieved by automatically switching off the engine as the car rolls to a stop and remains in standby while the brake pedal is depressed. The system automatically restarts the engine instantaneously the second your foot lifts from the brake.

\*According to independent Autocar magazine tests

## C4 CARE

# ESSENTIAL CARE.

CITROËNS ARE RENOWNED FOR THEIR RELIABILITY – AND THE NEW CITROËN C4 IS NO EXCEPTION. WITH THE ADDED REASSURANCE OF A WARRANTY, ROUTINE SERVICING AND MAINTENANCE, AS WELL AS 24-HOUR ROADSIDE ASSISTANCE, YOU ARE PROTECTED AT EVERY TURN.

### CITROËN ADVANTAGE

Enjoy your Citroën for years to come with Citroën Advantage. This extended warranty gives you long-term cover if you're planning to keep your new Citroën for more than three years, or anticipate your mileage to be more than 60,000 miles over this time.

To find out more, contact your Citroën Dealer or call Customer Contact Centre on 0844 463 3500.

### CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens.

To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

### CITROËN ASSISTANCE

For all models except C6: In response to a free telephone call, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. C6: Citroën Assistance covers all incidents and for a period of 3 years.

Full details are available on request from Citroën UK via [cuk\\_contactcentre@citroen.com](mailto:cuk_contactcentre@citroen.com)

### CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year\* warranty package, plus a 12 year anti-perforation\*\* warranty and a 3 year paint warranty.

\* 2 year's unlimited warranty. No-fee customer option of 1 year's Dealer provided extended warranty, only on cars sourced from Citroën UK Limited.

Note: dealer provided warranty is limited to 60,000 miles for cars.

\*\* Against all internal to external perforation to bodywork or underbody.

# DRIVE YOUR WAY.

GET BEHIND THE WHEEL OF YOUR NEW C4, WITH CITROËN'S DRIVENOW RANGE OF FINANCE AND CAR INSURANCE PRODUCTS. HERE YOU CAN FIND EVERYTHING YOU NEED FOR AN ENJOYABLE MOTORING EXPERIENCE. LET YOUR JOURNEY BEGIN...

**C4**  
FINANCE &  
INSURANCE

Own your vehicle with this flexible package designed to fit your budget.

A new Citroën car every two or three years with monthly payments structured to suit your budget.

Enjoy the convenience of a new car without the stress and hassle of ownership.

TO FIND OUT MORE ABOUT CITROËN PRODUCTS AND SERVICES, GO TO [WWW.CITROEN.CO.UK](http://WWW.CITROEN.CO.UK) OR CONTACT YOUR CITROËN DEALER.

A tried and tested finance package that allows you to own your vehicle.

An alternative to vehicle ownership that allows you to control your business cash flow and gain tax efficiencies.

Own a vehicle with a finance solution that offers ultimate flexibility to complement your business cash flow.

A non ownership finance solution that keeps costs fixed and risks low.

FOR MORE INFORMATION ON CITROËN FLEET AND BUSINESS SALES, PLEASE CALL CITROËN FLEET CONNECT ON **08457 940 940** OR LOOK US UP AT [WWW.CITROEN.CO.UK/FLEET](http://WWW.CITROEN.CO.UK/FLEET)

\*\*\* Citroën Insurance is arranged by Banque PSA Finance and underwritten by UK Insurance Limited. Conditions apply. Full details available on request. Credit subject to status and to over 18s only.

A guarantee may be required. Written quotations available on request from Citroën Financial Services, Quadrant House, Princess Way, Redhill, Surrey RH1 1QA. Citroën Financial Services is a trading name of Banque PSA Finance. Telephone calls may be recorded or monitored for training or quality purposes.

**CITROËN INSURANCE\*\*\*** IS THE ONLY MOTOR INSURANCE DESIGNED SPECIFICALLY FOR CITROËN DRIVERS, WITH COVER DESIGNED AROUND YOUR NEEDS.

To help you drive away your new car without delay, we offer DRIVENOW Instant Cover insurance, providing you with 7 days comprehensive car insurance, for free!

Simply put, Citroën Insurance offers real benefits, quality support and the usual high standards you can expect from a big name brand.

CALL US TODAY ON **0870 024 2725** AND DISCOVER MOTOR INSURANCE DESIGNED EXCLUSIVELY FOR CITROËN DRIVERS.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays. Max call charge from a BT landline is 8p per minute. Calls from other networks may vary. Citroën Insurance is underwritten by UK Insurance Ltd. Conditions apply.

...AND EVEN MORE!

Whether you want protection against unforeseen circumstances that may affect your ability to make your monthly payment, or financial protection against a 'total loss' insurance claim, we will have a DRIVENOW product to suit your needs. And you have the confidence of knowing it's all backed up by the brand you know and love, Citroën!

### FIXED-CENTRED CONTROLS STEERING WHEEL

A Citroën innovation that makes for safer driving in every way. Whilst the rim of the steering wheel turns normally, the centre hub remains static which means that all the audio, information and driving controls operated from here stay in exactly the same place. It also means that the driver's airbag can be specially sculpted to deploy more favourably than the round ones necessary in cars with conventional steering wheels.

### GPS NAVIGATION

Part of the NaviDrive system, the new C4's sophisticated navigation aid has enhanced graphics and a number of useful features including an overhead 3D view of your route which is so much easier to read. It's also possible to enlarge junctions and intersections on screen and includes European mapping and live traffic information.

### GSM TELEPHONE (WITH NAVIDRIVE)

With a duplicate SIM card provided by your mobile phone supplier, which you can insert into a C4 with NaviDrive, this enables the new C4's audio system to become your mobile phone whilst you are on board.

### JUKEBOX FUNCTION (WITH NAVIDRIVE)

Up to 180 hours of music recorded from MP3s or CDs can be stored on the NaviDrive system's hard disc. For ease of use it's possible to set up playlists on the system. All controls are easy to understand and operate.

### LANE DEPARTURE WARNING SYSTEM (LDWS)

When the new C4 is travelling at speeds in excess of 50mph infrared sensors at the front of the car detect the white lines on the road. If the car starts to cross a white line without the indicator being on the driver is alerted by the vibration device built into his seat.

### XENON DUAL-FUNCTION DIRECTIONAL HEADLAMPS WITH CORNERING LIGHTS

A dynamic AFS with lamps that respond to the steering, adjusting the direction of the beam in the direction of the turn by up to 15 degrees. These headlamps contain a directional twin xenon elliptical module for use in the dipped and full-beam positions, and a complex surface "long-range" halogen unit for full-beam only. This combined assembly delivers an extremely high level of forward visibility.

### HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO<sub>2</sub> emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engined cars.

### DIESEL PARTICULATE FILTER SYSTEM (DPFS)

Our unique DPFS collects exhaust particulates (soot) that would have been bound for the air around us and burns them off at 550 degrees C. This means that 'black smoke' is eliminated completely. And because the filter is constantly burning the particulates it is self-cleaning and requires no maintenance.

### EURO NCAP

Euro NCAP makes available to consumers independent information about a car's comparative safety rating in its class. Each vehicle is tested in three areas - Adult Occupant Protection (up to 5 stars), Pedestrian Protection (up to 4 stars) and Child Protection (up to 5 stars).

### ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. New C4's ABS system is further enhanced with EBA and EBD (see below).

### ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

### EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

### ELECTRONIC STABILITY PROGRAMME (ESP)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESP's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

### ELECTRONIC GEARBOX SYSTEM (EGS)

A revolutionary alternative to conventional gearboxes, Citroën's innovative EGS allows you to operate in either 'manual' or 'automatic' modes. 'Manual' gear shift are made using the paddles by the steering wheel, or the sequential lever. In 'automatic' mode the gearbox will control gear change for you, maximising your drive comfort and optimising fuel consumption - to the order of 3 to 5% lower than a conventional manual gearbox, also helped by a sixth gear.

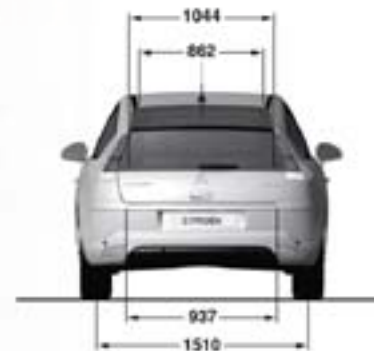

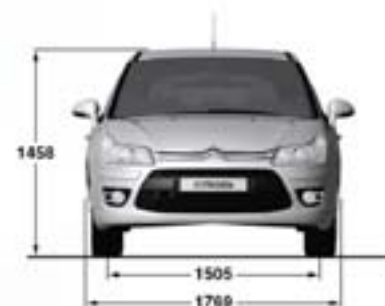

### ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On new C4, Isofix is installed on the two outer rear seats.
