

2017
CHRYSLER 300

POWERFUL LUXURY AT ITS FINEST

300C Platinum shown in Jazz Blue Pearl

300S shown in Redline Tri-Coat Pearl

MOST LUXURIOUS VEHICLE IN ITS CLASS^{1*}

Take your rightful place in any driveway with an impressive silhouette that demands attention with sophisticated execution. The athletic profile and face bring forth distinctive grilles and iconic design worthy of all that their wings carry. This commanding full-size sedan's sculpted aerodynamics, premium leather interiors and advanced technology make 300 a benchmark for powerful luxury. The Chrysler 300 offers premium engineering represented by the **most advanced available all-wheel-drive system in its class¹**, along with Best-in-Class V6 fuel efficiency.^{1†}

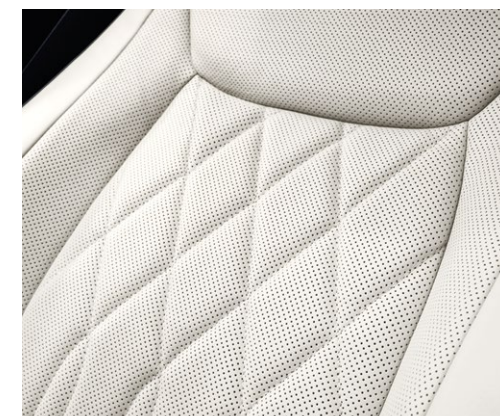

THE MOST ADVANCED
AVAILABLE ALL-WHEEL-
DRIVE SYSTEM IN ITS CLASS¹

CANADA'S BEST-SELLING
ENGINE — THE STANDARD
3.6L PENTASTAR VVT V6²

CANADA'S BEST-SELLING
V8 ENGINE³

Based on the past 6 years of registration.

The larger-than-life character of the Chrysler 300 is always ready to perform with **Canada's Best-Selling engine²** — the standard 3.6L Pentastar™ Variable Valve Timing (VVT) V6, along with the Class-Exclusive¹ TorqueFlite® 8-speed automatic transmission. Furthermore, **Canada's Best-Selling V8 engine³** (based on the past 6 years of registrations), the available 5.7L HEMI® VVT V8 with the 8-speed automatic transmission, gives drivers a taste of the sweet spot of power and efficiency.

LAP OF LUXURY

300C Platinum interior shown in Indigo and Linen

Apple CarPlay™ shown on touchscreen.

IMPECCABLE SURROUNDINGS

The multiple award-winning* 300C Platinum interior reveals an appreciation for classically elegant style produced with world-class materials. Recline in the comfort of premium quilted and perforated Nappa leather-faced seats, heated and ventilated front seats, as well as heated rear seats. The exquisite interior's rich Matte-finish Mocha real wood accents offer aesthetic warmth, while a heated two-tone leather-wrapped steering wheel with chrome accent ring fits your grip like a warm leather glove. The available leather-wrapped dash, door bolsters and centre console make every touchpoint sumptuous along with the exquisite convenience of Class-Exclusive¹ heated and cooled front cup holders.

4

*Awarded in 2012 and 2015.

COMPLEMENT YOUR LIFESTYLE

Spaciousness means more than physical comfort in the Chrysler 300. It allows a welcoming environment from the hectic world. The beauty and feel of premium materials and ergonomically designed seats help the driver and passengers alike find a peaceful and personal space to call their own. When heated, the driver and front-passenger seats offer two settings, or they can also be ventilated for faster cooling in warmer weather. With the available remote start feature, the driver's heated seat and steering wheel will automatically activate based on outdoor temperatures. Driver conveniences like standard Keyless Enter 'n Go™ with proximity entry and push-button start, and the smooth, automatic gear selection of the Class-Exclusive¹ electronic Rotary E-shift, are nearly effortless.

OPERATIONAL EXCELLENCE

CANADA'S BEST-SELLING ENGINE²

The standard 3.6L Pentastar™ VVT V6 yields a Best-in-Class¹ V6 fuel efficiency rating of 7.8 L/100 km (36 mpg) highway*, while producing a robust 292 horsepower and 260 lb-ft of torque. All-wheel-drive (AWD) models benefit from an active transfer case with front-axle disconnect, helping to make it the most technologically advanced AWD system in its class.¹ Achieving a Best-in-Class¹ AWD fuel efficiency rating of 8.7 L/100 km (32 mpg) highway*, the system seamlessly transfers from rear-wheel drive (RWD) to AWD as needed, returning to RWD when driving conditions warrant, to maximize fuel economy.

LEGENDARY 5.7L HEMI® VVT V8 WITH FUELSAVER MULTI-DISPLACEMENT SYSTEM (MDS)

The 5.7L HEMI VVT V8 engine with FuelSaver Multi-Displacement System (MDS) is available on Chrysler 300S, 300C and 300C Platinum RWD models. It delivers an impressive combination of V8 horsepower and remarkable fuel economy as efficient as 9.4 L/100 km (30 mpg) highway*, optimized by the Class-Exclusive¹ TorqueFlite® 8-speed automatic transmission and FuelSaver MDS technology. This innovative technology seamlessly alternates between four-cylinder mode when less power is needed — and all eight cylinders when required. The result is acceleration that meets your demands with 363 horsepower and a surprising punch of 394 lb-ft of torque.

CLASS-EXCLUSIVE¹ TORQUEFLITE 8-SPEED TRANSMISSION

The standard TorqueFlite 8-speed automatic transmission provides world-class shift quality, outstanding fuel efficiency and commanding performance, thanks to a wide gear-ratio spread. A low first gear ensures quick takeoff, while close fifth- through eighth-gear ratios deliver smooth shifting and a lower cruising RPM for refined performance and optimal fuel economy.

SPORT MODE DYNAMICS

The available Sport (S) mode amplifies the ride and handling dynamics of 300S, 300C Platinum and 300C V8 models. Sport mode is engaged via an S gear on the Rotary E-shift. When selected, it enables more aggressive engine and transmission calibration, increased accelerator-pedal response and manual shift mode controlled by the steering wheel-mounted paddle shifters. The Sport button on the instrument panel centre stack activates Sport-tuned Electric Power Steering (EPS), enhancing the manual driving experience.

*Based on 2017 *EnerGuide* ratings. See page 19 for full details.

SEGMENT-LEADING¹ 7.8 L/100 KM HWY* FUEL EFFICIENCY

300S shown in Redline Tri-Coat Pearl

BOLD MANOEUVRES MADE TO OUTSHINE

300S ALLOY EDITION

Preferential treatment is obvious on 300S with its alluring combination of warm and cool hues and special metalworks styling. The Alloy exterior features Dark Bronze upper and lower grille surrounds, Dark Bronze aluminum wheels, a Liquid Titanium Chrome Chrysler wing badge, Dark Bronze badging and Titanium-finish exhaust tips. The interior mixes Black Nappa leather with Caramel stitching on seating surfaces, steering wheel, dash and door panels — all highlighted by Titanium-finish accents on the centre console.

300S Alloy Edition shown in Gloss Black

PREPARE TO BE SPOILED

The Nappa leather-faced performance seats in Black with Light Diesel stitching, or two-tone Black and Smoke, showcase the 300S interior style. The leather-wrapped steering wheel with paddle shifters and accent stitching, Piano Black accents and Matte Carbon hydrographics, along with a unique S overlay graphic treatment to the instrument cluster, brand this model with an attitude. You'll be inclined to switch to Sport mode and turn up your tunes on the 10-speaker BeatsAudio™ premium sound system, standard on the Chrysler 300S.

300S interior shown with Alloy Edition

TAKE ADVANTAGE OF TAKING AUTHORITY

Equipping the 300S with the forceful 5.7L HEMI® VVT V8 engine with FuelSaver MDS gives it ambition to own the road. With the added performance comes exclusive side-sill cladding and a rear spoiler, lending to the road-hugging styling cues. It combines a Black Chrome surround with the Gloss Black 300S grille, a Black Chrome lower front-fascia accent strip, 20-inch Hyper Black aluminum wheels and an available Black roof for an undeniable presence.

A BEAM OF BRILLIANCE

The 300S adds LED taillamps with Black surrounds, distinctive headlamps with Black bezels along with LED fog lamps, and a Gloss Black daylight-opening (DLO) surround moulding, giving it an extra dose of street attitude.

300S Alloy Edition 20-inch wheel

LARGEST TOUCHSCREEN IN ITS CLASS¹

ALL-NEW NEXT GENERATION TECHNOLOGY

The available Uconnect® 8.4 NAV multimedia centre on the 300 includes smartphone linking through Android Auto or Apple CarPlay and improvements like faster startup and processing.⁴ The new system also offers multi-touch gestures with pinch, tap and swipe actions, along with vivid imagery, higher resolution and sharper graphics.

UCONNECT PHONE

Pair a Bluetooth® enabled phone with Uconnect by simply pressing the steering-wheel Phone button and following the prompts. Then send and receive calls hands-free.⁵

DRAG AND DROP MENU BAR

Customize the touchscreen dashboard with your top six features and services.

DO NOT DISTURB

Route incoming calls to voice mail and suppress texts. Choose to receive a visual prompt of calls and texts and send an automated reply.

VOICE TEXT REPLY⁶

With your compatible phone paired to the Uconnect system, Voice Text Reply announces incoming text messages and reads them to you when you press the Phone button and say, "Listen." It also allows you to reply with any of the 18 predefined responses.

VOICE RECOGNITION

Select radio stations and SiriusXM⁷ channels and available navigation destinations,⁸ and make phone calls.⁵

ANDROID AUTO™

Automatically provides a safer way to use your Android™ phone while driving, easily access Google Maps™ with voice-guided navigation and Google Play Music; make phone calls or send and receive messages by voice controls.⁴

APPLE CARPLAY™

A smarter, safer way to use an iPhone® inside your vehicle and seamlessly integrate it with the Uconnect touchscreen and Siri® voice control.

You can make calls, access music, send and receive messages, get directions optimized for traffic conditions and more while staying focused on driving.⁴

STAY FOCUSED ON THE ROAD

The Largest-in-its-Class¹ 8.4-inch touchscreen includes personalization features that enhance your ability to focus on the road with hands-free communication,⁵ Bluetooth streaming audio, voice command technology and available integrated 3D navigation.⁸

SIRIUSXM SATELLITE RADIO⁷

Get over 120 channels on your radio, including premium programming and Instant Replay to pause, replay and rewind programs. Also includes one-year subscription and Tune Start feature, which starts songs from the beginning when switching between favourite preset SiriusXM channels.

ONE-STEP NAVIGATION⁸

Available on Uconnect 8.4 multimedia centre with navigation, this full-feature navigation system includes 3D city and landmark imaging, digital terrain maps and one-step voice destination entry.⁸

FORECAST TO FORGE THROUGH

BEST-IN-CLASS¹ ALL-WHEEL-DRIVE TECHNOLOGY

300C shown in Gloss Black

BEST-IN-CLASS¹ ADVANCED ALL-WHEEL DRIVE (AWD)

Available on all models with the 3.6L Pentastar™ VVT V6 engine, the AWD system automatically engages as needed. It activates when wheel-slip is detected, wipers are activated, Sport mode and steering wheel-mounted paddle shifters are activated, or when the Electronic Stability Control (ESC)⁹ system is turned off. This advanced AWD system also activates when the ambient temperature dips below approximately 4°C (40°F) or when road slope significantly inclines or declines. The active transfer case with front-axle disconnect provides a seamless transition between rear-wheel drive and AWD. The result is outstanding all-weather performance while delivering Best-in-Class¹ AWD fuel economy.[†]

INNOVATIVE SAFETY FEATURES WITH AVAILABLE SAFETYTEC™ PACKAGES

Advanced safety features that respond and activate as needed are part of the available SafetyTec packages, including innovations such as Adaptive Cruise Control with Stop, Forward Collision Warning with Active Braking, Blind-Spot Monitoring with Rear Cross-Path Detection, Lane Departure Warning with Lane Keep Assist, Park-Sense® Front and Rear Park Assist and many more.¹⁰ They are additional layers of protection guided by the design principles of automatic intelligence to enhance the driver and passenger experience and safety. (See page 19 for SafetyTec 1 and SafetyTec 2 package details.)

ADAPTIVE CRUISE CONTROL (ACC) WITH STOP¹⁰

Utilizing radar and video sensors, this available feature identifies vehicles in the forward path and maintains a safe, driver-selectable distance. ACC with Stop has the ability to stop the vehicle while it is in motion, hold for two seconds, then resume with traffic. If the vehicle is stopped longer than two seconds, an audible chime alerts the driver to press the Resume button to continue driving at the preset cruise speed.

LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST¹⁰

With a forward-facing camera mounted inside the rearview mirror, this available system can gauge the vehicle's position and movement between the road lines. If the LDW system detects the vehicle drifting out of its lane without turn signal activation, the driver is warned out through a slight vibration in the steering wheel. If the drift is not manually corrected, the Electric Power Steering (EPS) system can realign the vehicle to its correct lane position.

A MODERN MARVEL OF SAFETY AND SECURITY

Offering over 70 standard and available safety and security features. State-of-the-art engineering forges with the latest in advanced technology, evolving structural integrity that measures beyond a driver's vision.

300S shown in Bright White

PARK-SENSE® FRONT AND REAR PARK ASSIST¹⁰

Parking your Chrysler 300 in close range to other vehicles or objects is made easy with available ultrasonic sensors positioned in the front and rear fascias. They provide object detection and driver feedback, including audible chimes and a visual reference located in the 7-inch full-colour customizable in-cluster display centre.

ELECTRONIC STABILITY CONTROL (ESC)⁹

In adverse conditions, ESC and Brake Assist work with an All-Speed Traction Control System to help maintain vehicle stability, limit oversteer or understeer, and selectively apply brake force when needed.

REACTIVE FRONT HEAD RESTRAINTS¹¹

The reactive front head restraints automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant's head, helping to reduce the chance of injury.

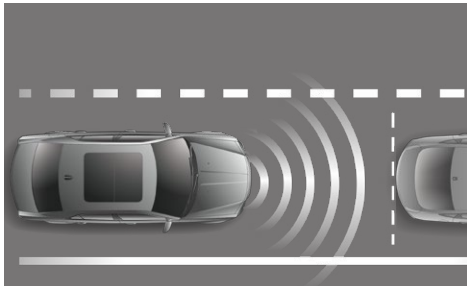

PARKVIEW® REAR BACK-UP CAMERA WITH DYNAMIC GRID LINES¹⁰

This available system displays a visual reference of what is behind your vehicle when the vehicle is in Reverse. The dynamic grid lines adjust when the steering wheel is turned to assist you when manoeuvring into parking spaces or narrow areas.

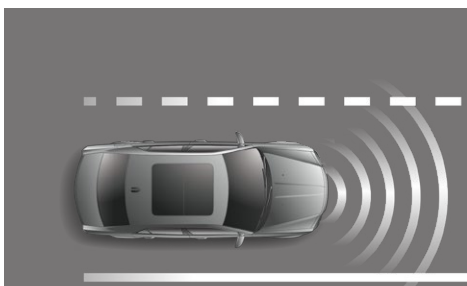

ADVANCED LED LIGHTING TECHNOLOGY

Automatic bifunctional halogen projector headlamps feature integrated LED daytime running lamps that form a signature "C" shape for unmistakable road presence. The available Bi-xenon High Intensity Discharge (HID) headlamps feature adaptive forward lighting to better illuminate road curves, and automatic levelling to keep the headlamps aimed down at the road regardless of road slope, ensuring a visible path ahead.

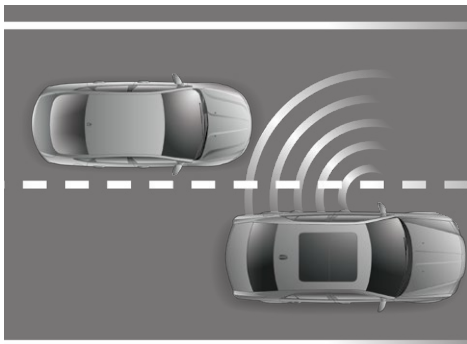

FORWARD COLLISION WARNING (FCW) WITH ACTIVE BRAKING¹⁰

Using radar and video sensors, this available system detects whether the vehicle is approaching another vehicle or large obstacle in its path too rapidly. When an object is detected, the system will provide audible and visual warnings and can assist the driver in avoiding the incident by actively applying the brakes. The driver has the ability to adjust the sensitivity and turn brake support on or off.

ADVANCED BRAKE ASSIST¹⁰

The available Advanced Brake Assist feature automatically increases brake force to ensure the shortest possible stopping distance in emergency braking situations. This system works with the FCW system using both camera and radar inputs.

BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH DETECTION¹⁰

When driving forward, the available BSM system continually monitors the vehicle's side blind zones using dual radar sensors. When an object is detected, an indicator illuminates in the appropriate sideview mirror and, if the turn signal is activated, an audible notification sounds. In Reverse, Rear Cross-Path Detection automatically monitors for objects and vehicles in perpendicular relationships to the vehicle and is ideal when backing out of tight parking spaces or alleys.

300 TOURING

- POWERTRAIN**

 - 3.6L Pentastar™ Variable Valve Timing (VVT) V6 with TorqueFlite® 8-speed automatic
 - Rear-wheel drive (RWD)
- SELECT STANDARD EQUIPMENT INTERIOR AMENITIES**

 - 7-inch full-colour customizable in-cluster display centre
 - 12-volt centre console power outlet
 - Acoustic windshield and front-door glass
 - Air conditioning with dual-zone automatic temperature control, air filtering and humidity sensor
 - Auto-dimming rearview mirror
 - Dual remote USB ports for charging
 - Full-length floor console with illuminated front cup holders
 - Illuminated rear assist handles
 - Leather-wrapped steering wheel with mounted audio and cruise controls
 - Media Centre:
 - Hands-free communication with Bluetooth® streaming audio⁵
 - Media hub with USB and auxiliary audio inputs
 - SiriusXM satellite radio with 1-year subscription⁷
 - Uconnect® 8.4 multimedia centre with 8.4-inch touchscreen (NAV-ready¹²) and 6 speakers
 - Power 12-way driver's seat including 4-way lumbar adjust
 - Power windows, front 1-touch up and down
 - Premium cloth high-back front bucket seats with 60/40 split-folding rear seat
 - Rear-seat armrest with cup holder
 - Rotary E-shift
 - Sun visors with illuminated vanity mirrors
 - Tilt/telescoping steering column
- EXTERIOR FEATURES**

 - Automatic bifunctional halogen projector headlamps with Chrome surrounds
 - Black grille with bright surround
 - Body-colour door handles
 - Body-colour, power, heated mirrors, manual folding
 - Chrome-accented LED taillamps
 - Comfort suspension
 - Dual bright exhaust tips
 - Wheels and Tires:
 - 18-inch polished aluminum wheels
 - P225/60R18 BSW Touring tires

SAFETY & SECURITY

 - 4-wheel antilock disc brakes with Brake Assist, Rain Brake Support and Ready Alert Braking
 - 7 air bags¹³
 - Compact spare tire
 - Electric Power Steering
 - Electronic Stability Control (ESC)⁹ with Hill Start Assist, Electronic Roll Mitigation, Trailer Sway Control and All-Speed Traction Control
 - Keyless Enter 'n Go™ with proximity entry and push-button start
 - Reactive front head restraints¹¹
 - Security alarm
 - Sentry Key® antitheft engine immobilizer
 - Tire pressure monitoring display

DISCLAIMERS: (1) Based on *WardsAuto* Large Regular vehicle segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. Most luxurious claim based on Chrysler 300C Platinum model. (2) Based on IHS Markit Automotive Canadian New Vehicle Total Registrations from CYE 2011 – 2015 and CYTD July 2016 for all Cars, Light Duty and Medium/Heavy Duty Trucks. (3) Based on IHS Markit Automotive Canadian New Vehicle Total Registrations from CYE 2011 – 2015 and CYTD July 2016 for all Cars, Light Duty and Medium/Heavy Duty Trucks with a V8 engine. (4) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates may apply. (5) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. (6) Preset voice-to-text messaging and incoming text message reading require a MAP-enabled phone. (7) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. (8) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. (9) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. (10) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. (11) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (12) Additional fees will apply for dealer-activated navigation. (13) The Advanced Front Air Bags in this vehicle are certified to the federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (14) Not compatible with all garage door openers. (15) Siri Eyes Free requires an iPhone equipped with Siri. Certain features not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features.
