

CHRYSLER  
SEBRING

Meet the all-new Chrysler Sebring. Starting with a clean slate, designers, engineers, and craftsmen shared a vision to create something better in every way. A car striking in design; with technology born to comfort, not complicate. A vehicle that embraces you and your life, with premium amenities and advanced safety systems choreographed to protect the most precious of cargo — the passengers within. And, finally, they wanted to create an automobile that ignites passion while conserving fuel. They succeeded in Sebring. In this offering, you will find the kind of accessible innovation that drivers the world over have come to expect from the vehicles of Chrysler.
