NEON PERSPECTIVE

2000 Chrysler Neon blends the **fun and agility** of a sports sedan with the maturity and **substantial** feel that define the new breed of Chrysler cars. While its sculpted exterior lines share the sleek profile of other award-winning Chrysler sedans, the real similarities come through when you slip behind the wheel. **Spacious** accommodations, abundant power, superb handling... Chrysler Neon, available in LE and LX models, has it all. Along with **refined** amenities typically reserved for more expensive cars. 2000 Chrysler Neon: proof that great things can come in smaller packages.

CHRYSLER NEON LX SHOWN IN DEEP AMETHYST PEARL COAT.

NEON PERFORMANCE

Think fast. That's what Chrysler engineers did when they **refined** the muscular 2.0-litre SOHC 16-valve Neon engine. Smoother and quieter than ever, 2000 Neon generates an **impressive** 132 horsepower – enough muscle to outrun many cars in its class. Four-wheel fully independent suspension with front and rear stabilizer bars easily **handles everything** from potholes to the passing lane... while power rack-and-pinion steering puts quick, precise handling in the palms of your hands. Thick, ventilated front rotors help the power front disc/rear drum braking system slow things down in a hurry. And for even more **driving confidence**, Neon offers four-wheel disc anti-lock brakes with low-speed traction control.

RED PEARL COAT.

NEON COCKPIT

If the **roomy** five-passenger Neon interior seems virtually perfect, it's because Chrysler engineers designed it using virtual-reality technology. Speed and climate-control switches are **intuitively positioned** for easy access. Bold, white-faced gauges (optional on LE) provide at-a-glance information, and feature attractive blue-green lighting at night. A standard AM/FM stereo with cassette, CD changer controls and six speakers delivers your favourite tunes with resounding sound quality. And a **thoughtfully placed** selection of cup holders and handy storage compartments add convenience to every trip.

NEON REFINEMENTS

Smooth

Chrysler engineers took the fun-to-drive attitude of Neon and raised it to the next level with stiffer stabilizer bars, a revised suspension that provides increased travel to help eliminate "bottoming out," and additional performance-tuned components. They also gave Neon one of the longest wheelbases in its class, creating surprising interior room while contributing to smooth, stable road manners.

Solid

Neon features new, full-frame, stamped doors that use triple-sealed heavy-gauge trim to help seal out exterior noise and provide improved water control. Further structural refinements include the use of expandable foam silencers to create a surprisingly tight and hushed cabin environment.

Secure

The long list of Neon safety features includes high-strength steel door beams, energy-absorbing interior trim, integrated front crumple zones and Next-Generation air bags.* Thicker front disc brakes provide improved stopping ability, and feature a special anticorrosion coating. There's also an available remote keyless entry system that includes a security alarm along with the ingenious Sentry Key™ engine immobilizer.

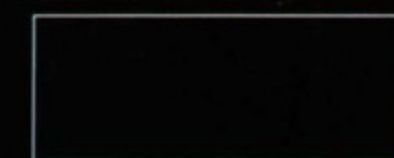

Smart

Neon is full of intelligent features, like theatre-style lighting that dims on cue thirty seconds after the last door is closed, or immediately, once you start the engine. If you accidentally turn the key again, a double-start override system disengages the starter to prevent damage. There's even a handy built-in bag hook on the back of the centre console and a special place for tools in the trunk.

NEON NICETIES

Chrysler Neon is one of the only cars in its class to offer an in-dash four-disc CD changer. And if you think that sounds great, you'll love the **ingenious** centre console with an armrest for two on top and a place for all your stuff inside. Flip it open and there's a rear passenger cup holder. You can also look into **further refinements** such as available power heated exterior mirrors and dual illuminated visor vanity mirrors. And to top it all off, Neon even offers a power sunroof, as part of the Value/Fun Group.

Get rolling with a choice of three stylish wheels.

NEON

STUFF

Do more with high-quality Mopar Accessories.

There's a roof-mounted bike rack and lots more.

Convenience and security in the palm of your hand.

NEON SPECIFICATIONS

SELECTED STANDARD AND OPTIONAL FEATURES	Neon LE	Neon LX

THE NEW BREED OF CHRYSLER

Leasing for Today's Lifestyles

A Chrysler Credit Canada Gold Key Lease offers a number of advantages including: lower monthly payments; a shorter term; payment and term flexibility; and various lease-end options.

DaimlerChrysler Canada University/College Graduate Rebate Program

Eligible students graduating from an accredited Canadian college or university are eligible for a rebate from DaimlerChrysler Canada upon the purchase or lease of a select new Chrysler, Dodge or Jeep® vehicle. See your retailer for details.

Physically Challenged Assistance Program

This program provides assistance towards the cost of purchase and installation of adaptive driving aids or passenger equipment on new vehicles. See your Chrysler, Dodge and Jeep retailer for details.

Warranty

Warranty coverage is an important part of the ownership experience. DaimlerChrysler Canada's 2000 warranty is designed to be simple and straightforward, while providing protection that meets the needs of Canadian drivers. It's this simple – almost everything is covered for 3 years or 60,000 km,* except for tires and a few wear items. All body sheet metal panels have rust-through coverage for 3 years, regardless of distance driven, and outer body panels are covered for 5 years or 160,000 km.* In addition, DaimlerChrysler Canada will provide a 24-hour roadside assistance plan for 3 years or 60,000 km.* See your Chrysler, Dodge and Jeep retailer for details.

**Whichever occurs first.*

DaimlerChrysler Canada Service Contracts

Optional DaimlerChrysler Canada service contracts can provide owners with additional peace of mind. They are available in a variety of time and distance combinations to meet your particular ownership needs for your Chrysler, Dodge or Jeep vehicle.

Financing Assistance

Chrysler Credit Canada offers qualified buyers a wide variety of new vehicle purchase financing plans, including Retail Financing, Gold Key Lease and University/College Graduate Plans.

Mopar Parts

When replacement parts are needed, be sure to specify genuine Mopar parts – the first choice of DaimlerChrysler engineers. Warranties range from 12 months unlimited mileage to lifetime. Ask for details.
