THE WORLD IS A RAT RACE. YOU'RE THE CAT.

You were born to be alive. Dodge SX 2.0 was created to help you live every moment to its fullest and keep up with the crowd in this fast paced world of ours. What choice do you have? You either play the game or sit in the stands. So, if you're already on the field or getting ready in the dressing room, 2003 Dodge SX 2.0 can make you an all-star.

Dodge SX 2.0 lets you choose between two impressive engines... the 2.0-litre, available with 5-speed or optional automatic, or the 2.0-litre High-Output, which comes with a performance 5-speed. Now you know where the 2.0 in the name comes from.

*Certified to federal regulations that allow less forceful front air bags. Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned for the child's age and size.

A LITTLE BIT OF SELF CONTROL IN THIS CRAZY WORLD.

Behind the wheel, Dodge SX 2.0 puts you in total control. Radio and climate control buttons and knobs are raised for easy access. Available speed control switches are steering wheel-mounted. Available power window and mirror switches are perfectly situated on the driver's door armrest. On a more aesthetic plane, the instrument bezel is colour-matched to the finely crafted exterior on Sport and R/T models. It's the total package: intelligent engineering that's easy on the eyes too.

One of the coolest vehicles on the road obviously deserves one of the best sound systems. That's why we loaded up SX 2.0 with a CD player and six speakers, plus we offer you an optional 6-disc in-dash CD changer. So, whether you listen to reggae or rock, the soundtrack for life's adventures will be as powerful and moving as the car you're driving.
