

07 DODGE CALIBER

Boxing
Club

DODGE CALIBER, IT'S ALL THE TOUGH YOU NEED.

It arrives on the scene with a confident swagger that's unmistakably Dodge. It pushes through the crowd with powerful front-wheel drive or the added authority of available all-wheel drive (R/T only). It leads with ingenious innovations and follows with tough-looking style, leaving pretenders wondering what hit them. One look at its muscular, broad-shouldered stance and you'll know why the experts are buzzing and the competition is sweating. Your life. Your rules. Your ride. This is the all new 2007 Dodge Caliber.

There's a tough new player in the compact car game that's taking names and kickin' asphalt. Dodge Caliber R/T clad in Inferno Red Crystal Pearl.

Caliber SXT taking it to the streets in Black, done up
with a slick Mopar[®] Rear Spoiler and sporty Mopar
Chrome Fuel Filler Door.

Caliber R/T shown in Sunburst Orange

Pearl, in studio and ready to rock.

LIKE A ROCK STAR

With its muscular good looks and stand-out-from-the-crowd style, Caliber has a road presence that seems larger than life. The fact that every piece of fascia is body coloured says something. The fact that each of its wheels is framed in bold fender flares says something even louder. So when it's all said and done, it's a head-turning package that says one thing loud and clear: This new Caliber is pure Dodge. Get the full 411 at dodge.ca.

SEE AND BE SEEN. Flanking the bold crosshair grille of its sculpted snout are Caliber's large wraparound headlamps. Seamlessly stretching from the front grille to the fenders, they gleam with pronounced crystalline appearance.

ON THE EDGE. Caliber's tail lamps continue the style established up front with the Herculean headlamps. Big enough to all but melt the paint off cars that pull up behind you at stoplights, these massive lamps work in conjunction with Caliber's six-light LED centre high-mounted stop lamp to make sure all followers are paying very close attention.

A GRIPPING CASE. Built to deliver all the confidence of a hardened vault hinge, Caliber's door handles are as inviting as they are secure. The ergonomic design is firm and solid (like a "meeting your future father-in-law" handshake) and they're made to last. The beefed-up pulls are Black on SE and SXT and feature Chrome inserts on the R/T.

SCULPTED HARD BODY. Caliber's muscular, square-shouldered posture is amplified by 15-in. or available 17- or 18-in. wheels and sculpted wheel arches that give it a wide, powerful stance like a football player at the line of scrimmage. It sends a message of confidence, style and unmistakable road presence.

And they called it MusicGate Power™. Why? Because it cranks out 458 watts of "rock the block, wake the neighbours, let's get this party started" power straight out of the box. This optional Boston Acoustics® nine-speaker sound system (including an integrated subwoofer) not only fills Caliber's cabin with serious tuneage, when you reach your destination and open the rear hatch, its rear speakers can swing down (like a gate – get it?) to direct your musical selections right where you want them. Caliber SE shown in Marine Blue Pearl. Get the rest of the high-amp sound story at dodge.ca.

Caliber SXT interior shown in Pastel Slate Grey with Inferno Red Centre Stack and seat accents. Dial up the style and go for two-tone leather-faced seats with perforated leather inserts (available on SXT and R/T). Reclining rear seatbacks (standard on SXT, SXT Sport and R/T) help friends chill in maximum comfort.

Caliber R/T, dressed up with Authentic Dodge Accessories by Mopar®,
including: Bright Pedal Kit, Carbon Fibre Style Gear Surround and Centre Stack.

IT'S HOT. IT'S COOL. IT'S FREAKIN' INGENIOUS.

The more you look, the more evidence you'll find that Caliber designers held nothing back when they created this tough new Dodge. Take the instrument panel – it has an electroluminescent gauge cluster that glows ice blue when lit, illuminating white gauges with black graphics and red pointers. And because the right tunes are an essential part of any road trip, you'll find an MP3-compatible stereo system. The secret – an input jack on the faceplate of the standard radio that lets you plug in your personal music player or, with the available upgraded sound systems, a CD player that's compatible with MP3-formatted discs. And as if that wasn't cool enough, there's a multi-level glovebox with lots of storage and an available Chill Zone™ beverage storage bin that keeps your favourite refreshments nice & cool. Plus there's plenty of room for all your on-the-road essentials. Get the rest of the inside story on Caliber at dodge.ca.

A

B

C

THIS INSIDE IS SERIOUSLY TRICKED OUT.

A. NEVER BIN BETTER. The available Chill Zone™ Beverage Storage Bin maintains already-chilled items at about 7°C [45°F] and features a contoured mat that holds four cans or four 591 mL bottles, or a combination of snacks.

B. ANOTHER BRIGHT IDEA. This available removable and rechargeable flashlight is built into the headliner of Caliber's rear cargo area. Its batteries automatically recharge when the flashlight is returned to its cradle.

C. ELECTRIC BLUE. There are two electroluminescent cup holders between Caliber's front seats that emit a muted blue light when lit.

D. THIS CRADLE WILL ROCK. Caliber's centre console features a fore and aft sliding armrest that flips open to reveal a rubber-lined cradle that can hold an MP3 player, cell phone, or PDA, keeping it within easy reach of the available 115-volt two-pronged outlet, a standard 12-volt power outlet and the auxiliary input jack.

E. BOOMBOX ON WHEELS. The available MusicGate Power™ 458-watt Boston Acoustics® nine-speaker sound system (including a subwoofer built into the rear cargo area) features speakers that swing down from the rear liftgate when open.

F. THIS INTERIOR CAN TAKE A SPILL. Available on Caliber SXT and R/T, YES Essentials™ anti-static seat fabric[†] enables upholstery to resist stains, odours, static and bacteria alike by beading spills for easy cleaning.

For more information on Caliber's ingenuity, log on to dodge.ca.

[†]Not compatible with aftermarket fabric protecting coatings.

MP3 player not included.

THE RIDE OF YOUR LIFE.

Keeping pace with a hectic modern schedule takes remarkable versatility. You have to be ready to adapt to any change – just the kind of spontaneous accommodations that Caliber was designed to provide. With seating for five, 60/40-split rear seatbacks with available reclining feature, an available fold-flat front passenger seat and a removable washable UltraFloor™ panel out back, Caliber's ingenious interior is up for anything, just like you.

Highest U.S. Government's Front and Side Crash Test Ratings
2007 Dodge Caliber*

*Based on U.S. National Highway Traffic Safety Administration (NHTSA) scoring system for 2007 model year Dodge Caliber.

Caliber R/T muscling along in Steel Blue Metallic.

HI-TECH PROTECTION.

Built to be ready for anything, Caliber has what it takes to tackle the world and shrug off those rare occasions when the world tries to tackle Caliber. Like the newest high-tech sporting equipment worn by the pros, Caliber is precision engineered to be tough enough to take it. Go to dodge.ca and score the rest of the story.

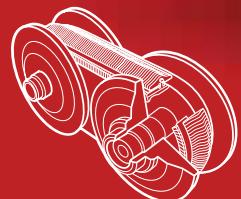

VEHICLE STRUCTURE/CRUSH ZONES. High-strength, hot-stamped steel helps Caliber's structural components and cross-car beams deliver outstanding impact protection. The combination of strengthened materials and engineered crush zones (sections of the core structure designed to divert and dissipate energy away from occupants) helps ensure that Caliber is tough to the core.

ANTI-LOCK BRAKE SYSTEM. New state-of-the-art electronics allow Caliber's available Anti-lock Brake System (ABS) to provide faster response times than previous systems. ABS, which is standard on Caliber R/T and Caliber models equipped with the CVT2 (available on all models), helps prevent wheel lock, increasing the driver's ability to maintain directional control when braking on slippery surfaces.

ALL-WHEEL DRIVE. When was the last time you had an electronically controlled coupling? A first for any Chrysler Group Passenger Car, Caliber R/T with available AWD takes control with an electronically controlled all-wheel-drive system with variable torque output. It seamlessly transfers power according to throttle position and road conditions, enhancing both straight-line traction and cornering stability.

ADVANCED MULTISTAGE AIR BAGS*. Multistage driver and front passenger air bags, with the front passenger Occupant Classification System (OCS)** for controlled air bag deployment, are standard on all Caliber models. Same goes for a driver's inflatable knee blocker. Side-curtain air bags* are also standard across all trim levels, extending added protection and peace of mind to both rows of outboard passengers.

*Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight. **The passenger occupant classification system (OCS) determines the conditions for activation or deactivation of the passenger side front air bag based on the weight of the occupant. It may not activate the passenger air bag if the occupant has incorrect seating posture or is moving in the seat. Always observe the passenger air bag indicator light to determine if the OCS is deciding properly. Passengers should sit properly in the seat with the seat belt fastened at all times.

LIFE ISN'T THE ONLY THING FULL OF VARIABLES.

Sure, you might not get excited about varying the working diameters of pulleys in a transaxle, but that doesn't prevent the gearheads at the Chrysler Group from getting wildly worked up. Why? Because the second generation Continuously Variable Transaxle (CVT2) in Caliber is the first ever offered in any of their vehicles. In the case of Caliber, the benefits are even greater than the historic significance. Caliber owners will appreciate advantages like improved drivability, performance, NVH (that's white-shirt for Noise, Vibration and Harshness) and noticeably better fuel economy ratings. City/Hwy: 9.0/7.3L/100 km (31/39 mpg) with 2.0-litre engine and CVT2.*

*EnerGuide estimated ratings/Transport Canada test methods.

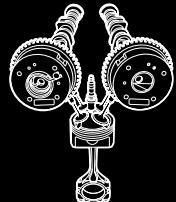

IT'S A CASE OF MORE USING LESS. More world-class engineering, that is. Caliber's second generation Continuously Variable Transaxle (CVT2) allows the engine to always run at the optimum rpm with the electronically controlled throttle body opening adjusting accordingly (think computer-controlled car wash spray gun nozzle, then add gas). The result – ideal engine speeds and the best fuel economy for every power requirement. The CVT2 also allows the fuel injection to remain off as the transaxle works its way down to what would be the lowest ratio, saving gas in yet another way that's totally imperceptible to everyone onboard.

IT'S MOVIN', IT'S GROOVIN'. The CVT2's pulleys have V-shaped grooves that seat the steel-spined connecting belt. When actuated by hydraulic pressure, one side of the pulley moves, increasing or decreasing the distance between the two sides, thereby changing the ride height of the belt on the pulley walls to select the perfect "gear" ratio for your driving speed. Translation: cutting-edge engineering that delivers smooth performance and fuel efficiency your wallet will really appreciate.

TIMING IS EVERYTHING. The benefits of constant variation are many: keeping your significant other guessing, leaving opponents a step behind, and Caliber's world-class transaxle. Each of Caliber's three all new World Engines features dual Variable Valve Timing (VVT). By controlling the valves on both camshafts, the engine's timing is continuously tuned to deliver maximum power or optimal fuel economy depending upon the command being given by your right foot at that instant. Learn more about Caliber's fuel-saving technology at dodge.ca.

AND NOW, ONE OF THOSE "YOU DIDN'T ASK, BUT IT'S NICE TO KNOW" THINGS. There are two high-pressure die-cast aluminum cylinder block castings; one for the 1.8-litre and 2.0-litre engines and one for the 2.4-litre engine. Wear-resistant grey iron sleeves are cast into each block. And, the blocks are computer-designed with cast ribbings to deliver maximum stiffness and quiet operation while maintaining minimal weight. There, now you know.

MEET THREE NEW WORLD POWERS.

Built in a dedicated GEMA (Global Engine Manufacturing Alliance) plant in Dundee, Michigan, Caliber is the first Chrysler Group vehicle to employ these all new World engines. Available in 1.8-litre, 2.0-litre and 2.4-litre displacements, these four-cylinder, DOHC masterpieces feature four valves per cylinder and dual Variable Valve Timing (VVT); advanced technology that enables them to deliver the rarest combination of performance, economy and thoroughly tested reliability. These power plants also give their drivers a level of horsepower they might expect from a much larger engine.

CALIBER SPECIFICATIONS

1.8-LITRE DOHC VVT 16V I-4

Standard on SE and SXT with 5-speed manual
Power: 110 kW (148 hp) @ 6500 rpm
Torque: 168 N·m (125 lb-ft) @ 5200 rpm
Fuel Economy ratings, City/Highway:
8.5/6.8L/100 km (33/42 mpg)*

2.0-LITRE DOHC VVT 16V I-4

Available on SE and SXT with CVT2
Power: 118 kW (158 hp) @ 6400 rpm
Torque: 190 N·m (141 lb-ft) @ 5000 rpm
Fuel Economy ratings, City/Highway:
9.0/7.3L/100 km (31/39 mpg)*

2.4-LITRE DOHC VVT 16V I-4

Standard on R/T with 5-speed manual
(FWD only); included on R/T with CVT2
(FWD or AWD)
Power: 128 kW (172 hp) @ 6000 rpm
Torque: 224 N·m (165 lb-ft) @ 4400 rpm
Fuel Economy ratings, City/Highway:
(5-speed manual) 9.0/7.1L/100 km
(31/40 mpg)*

COLOURS/WHEELS

The design folks wisely resisted the urge to name Caliber's paint colours after Mediterranean Sea villages (despite all that Internet research during office hours). Why? Because it's always better to call 'em like you see 'em. Inferno Red Crystal Pearl, Sunburst Orange Pearl, Marine Blue Pearl...you get the picture; and that's the whole idea.

See your retailer for more details on available Mopar Accessory Packages.

• – Included P – Available within package noted 0 – Optional

⁽¹⁾Not compatible with all garage door openers. See your retailer for details. ⁽²⁾Interior accent colour availability is dependent on exterior colour. See your retailer for more details. Colour keyed inserts not applicable with optional YES Essentials™ trim. ⁽³⁾On SXT model, speed control is required. On SXT, MusicGate Power and Leather Interior Groups include leather wrapped steering wheel with audio controls.

⁽⁴⁾Not compatible with aftermarket fabric protecting coatings ⁽⁵⁾Late availability. ⁽⁶⁾Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight. ⁽⁷⁾The passenger occupant classification system (OCS) determines the conditions for activation or deactivation of the passenger side front air bag based on the weight of the occupant. It may not activate the passenger air bag if the occupant has incorrect seating posture or is moving in the seat. Always observe the passenger air bag indicator light to determine if the OCS is deciding properly. Passengers should sit properly in the seat with the seat belt fastened at all times. ⁽⁸⁾No system, no matter how sophisticated, can repeat the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt. ⁽⁹⁾Must use Bluetooth™ compatible mobile phone. Specifications, descriptions and illustrations contained in this catalogue are based on information believed to correct at the time this publication was approved for printing. However accuracy cannot be guaranteed. DaimlerChrysler reserves the right to discontinue models or options at any time or change specifications and materials, equipment or design without notice and without incurring obligation. Some of the equipment may not be exactly as shown in this catalogue. Some of the equipment, described or illustrated in this catalogue may not be standard, and may be available only at extra cost, as factory installed or retailer installed; items described as "available" may be standard on some models and optional, or not available, on others. Equipment referred to as "available" or "optional" may be at extra cost. Some options are required in combination with other options. For the price of the model with the equipment you desire or verification of specifications and equipment availability described herein, see your Chrysler, Jeep®, Dodge retailer.

Colour availability may vary by model. Due to printing limitations, the colours shown here and throughout the catalogue may vary slightly from the actual hue. See your retailer to view accurate colour chips. Dodge is a registered trademark of DaimlerChrysler Canada Inc., a wholly owned subsidiary of DaimlerChrysler Corporation. ©2006 DaimlerChrysler Canada Inc. All rights reserved.

2007 Chrysler, Jeep®, and Dodge vehicles are backed by a 5-year or 100,000-kilometre* fully transferable Powertrain Warranty with \$0 deductible, plus 24-hour roadside assistance.* Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins® Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.*

*Whichever comes first. *Some conditions may apply. The 5/100 Warranty does not apply to vehicles sold for certain commercial uses or to SRT including Viper models. See your retailer for details.

1. CHROME FUEL FILLER DOOR. It's the go-to accessory when you're looking for some extra bling. Uniquely sculpted one-piece design brightly complements every body colour and replaces your existing fuel door with a seamless fit.

2. NAVUS™ DASH MOUNTED NAVIGATION SYSTEM. They might tell you to get lost, but you won't with this advanced and affordable GPS Navigation System. The full-colour LCD display features touch screen controls, full map views with turn-by-turn direction prompts, voice instructions, automatic rerouting and much more.

Navigation system operates only in certain metropolitan areas. See your retailer for details.

3. REAR SPOILER. Not only does it provide a little aerodynamic incentive that's free of vibrations, it also pumps things up in the head-turning department with athletic style. Prepainted with a durable clear coat finish to match select body colours.

AUTHENTIC DODGE ACCESSORIES BY MOPAR®

A. REMOTE START. Hit the ground running with the ability to start your Caliber from up to 240 metres away. This remote start system was designed to operate seamlessly with your vehicle's electronic security key. Two-way remote option also available.

B. REMOVABLE ROOF RACK AND ROOF BOX CARGO CARRIER. Now you can increase the cargo capacity of your Caliber to keep up with your active lifestyle. Removable Roof Rack accommodates all Mopar sports and cargo carriers.

C. IPOD® INTERFACE MODULE Plug in, and it's time to play. Simple "plug and play" hookup allows you to easily connect your iPod in the custom port to play through your vehicle's speakers.

D. DOOR SILL GUARDS. Add a tasty touch of stainless steel style to your vehicle while protecting its interior door sills from scratches. Caliber logo featured on front guards. Set of four.

E. FRONT AIR DEFLECTOR. Say yes to bold style and no to gravel and other debris scratching and damaging your new Caliber with this popular accessory.

F. 17-INCH 5-SPOKE CHROME-PLATED WHEEL AND 17-INCH MOPAR UNIQUE CHROME WHEEL. These wheels help you make a statement coming and going, with a guaranteed long-lasting shine to back it up. They're also machined to match your Caliber's hubs exactly.

G. HITCH RECEIVER. Your Caliber will really haul when it's equipped with our 1 1/4" hitch receiver. Designed to handle up to 680 kilograms (1500 pounds) of gross trailer weight, with proper equipment.

Check Owner's Manual for hitch type, load capacity and heavy-duty equipment required.

H. PREMIUM CARPET FLOOR MATS. Thick enough that you'll want to go barefoot. Durable enough to take a pounding from the elements. And boldly designed with serged-edge binding that matches select body colours to expose a real Performance presence. Sold in sets of four. Premium Carpet Cargo Mat also available.

I. CARBON FIBRE INTERIOR APPLIQUE KIT. When it's high time for a high-tech look. Kit includes carbon fibre trim for both driver and passenger front and rear interior door panels and switch surrounds. Colours include Satin Silver, Carbon Fibre and Orange-Black.

J. ROOF MOUNT BICYCLE CARRIER. Roof mount bicycle carriers come in fork mount and upright styles. Carrying clamps feature rubber inserts to help protect bike surfaces. Both styles attach to Sport Utility Bars and two carriers can be used on one roof rack. Properly secure all cargo.

K. BRIGHT PEDAL KIT. Stainless steel pedal covers add plenty of bold brightwork to your footwell, to get your pulse racing. Rubber on pedals provides contrast against the high-tech look as well as plenty of positive traction. No drilling required.

L. MOULDED SPLASH GUARDS. Give your Caliber premium protection against unwelcome road debris while adding some straight-on style. Splash Guards available for rear only.

DO IT UP YOUR WAY.

The Exterior Effects Package featuring Authentic Dodge Accessories by Mopar, cranks up Caliber's take-no-prisoners attitude with a Chrome Fuel Filler Door, Rear Spoiler, Hood Cover and 17-inch 5-Spoke Chrome Wheels. Dial it up even further with available integrated Fog Lights and Side Window Air Deflectors.

THE MOPAR® DIFFERENCE: DESIGNED FOR YOUR DODGE. PERIOD.

Start with something purely Dodge. Then add Authentic Dodge Accessories designed and engineered to meet the stricter standards expected from the official parts and accessories division of DaimlerChrysler Corporation. That's the Mopar difference — a difference you can't find anywhere else in the aftermarket.

From the convenience and security of a Remote Start System, to the bold styling of a Rear Spoiler, every Authentic Dodge Accessory by Mopar is jointly designed by Dodge and Mopar engineers to offer your Caliber premium protection, convenience, style or entertainment. With Mopar Accessories, you'll make a statement — and get the uncompromising level of quality — that your ride deserves.
