- Rearview auto-dimming mirror with microphone

(1) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (2) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (3) Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight. (4) Must use Bluetooth® compatible phone. (5) Requires SIRIUS Radio. Subscriptions governed by SIRIUS Terms and Conditions available; at [siriuscanada.ca](http://siriuscanada.ca) (6) GPS mapping may not be detailed in all areas or reflect current road regulations. Garmin and the Garmin logo are registered trademarks of Garmin, Ltd. or its subsidiaries and are registered in one or more countries, including the U.S.

(7) Always check entire surroundings visually before backing up. (8) ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. <sup>t</sup> Excludes freight (\$1,400), air tax (\$100), insurance, registration, license, retailer administration fees, new tire. Duties in Quebec and dealer accessories are not included. Retailer may sell for less. Visit [dodge.ca](http://dodge.ca) for complete details. Printed June 2011.

**CHARGER R/T - \$37,995<sup>t</sup>**
