CANADA'S BEST-SELLING ENGINE 3.6L PENTASTAR™ V6[2] ENGINE

BEST-IN-CLASS TOWING UP TO 3,600 LB[3]

CLASS-EXCLUSIVE STOW 'N GO® SEATING[4]

When you're behind the wheel of a Dodge Grand Caravan, you're not only driving Canada's Best-Selling minivan,[1] you're also driving a vehicle so versatile it can take you from a seven-passenger people-hauler to a 3,973-L (140-cu-ft) cargo-hauler, and everything in between. For more than three decades, Grand Caravan has been the go-to vehicle for parents, weekend warriors and small business owners. Loaded with flexible seating and more than 65 standard and available safety and security features, it's also the minivan that keeps you comfortable and protected. Simply put, no other vehicle holds the confidence of families, their hobbies and their livelihoods with as much ease. In our opinion, nothing tops this original.

BUILT FOR FAMILIES, DESIGNED FOR THE DISCERNING

This is true versatility: an interior that not only has flexible seating, an available 6.5-inch touchscreen radio and tons of storage, but also showcases superior craftsmanship, comfort and luxury.

Soft-touch surfaces, steering-wheel-mounted cruise and audio controls, and a sleek, functional dash welcome every driver. Opt for conveniences like heated front-row seats, a full-circumference heated steering wheel and Tri-Zone Automatic Temperature Control for optimum comfort. The available power dual-sliding doors, power liftgate and Super Stow 'n Go® seating let you load your precious cargo easily.

SECOND-ROW IN-FLOOR SUPER STOW 'N GO STORAGE

Properly secure all cargo.

CREW INTERIOR SHOWN IN LIGHT GREYSTONE

CLASS-EXCLUSIVE STOW 'N GO®[4]

Four steps, 81 seating configurations, endless possibilities. Grand Caravan is the only vehicle in its class[4] with available second-row Super Stow 'n Go,® which means you can flip, fold and tumble your way to the perfect ratio of passenger and cargo capacity.

Here's how easy it is to fold one of the second-row seats into the floor: 1. Ensure the headrests are down. 2. Pull the side handle to move the seat to the folded position. 3. Move the carpet, open the floor lid and push the seat down. 4. Close the floor lid. It's just that easy.

When the seats are upright, travel essentials can be tucked away in the second-row, in-floor storage bins for uncluttered access to the third-row seats — making life easier, especially for those helping little ones into child restraint seats.

The 60/40 split-folding Stow 'n Go third-row seats also fold into the floor bin with a few easy pulls on the conveniently numbered straps. When the vehicle is in Park, the seats can flip completely rearward for tailgate seating.

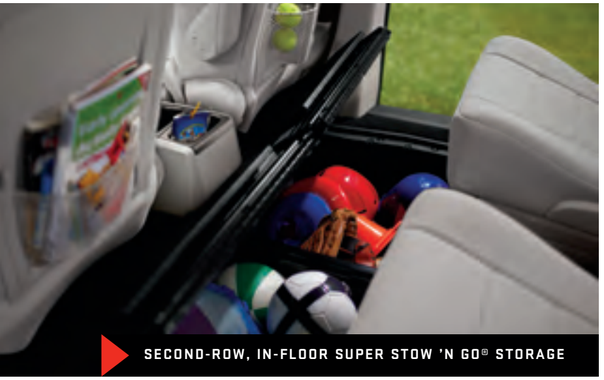
81 SEATING CONFIGURATIONS

140 CUBIC FEET OF CARGO SPACE TO HAUL IT ALL

CREW INTERIOR SHOWN IN LIGHT GREYSTONE

FRONT SEATBACK CARGO NET



SECOND-ROW, IN-FLOOR SUPER STOW 'N GO® STORAGE

REAR IN-FLOOR STOW 'N GO STORAGE

IT'S WHAT'S ON THE INSIDE THAT MATTERS

THE MOST CONCEALED STORAGE SPACE IN ITS CLASS[4]

Even when the space next to you and below your feet is free from travel clutter, Grand Caravan is still fully loaded. That's because this minivan has the most concealed storage of any vehicle in its class.[4] Up front, the available Super Console with unexposed storage is perfect for keeping track of small items and is within arm's reach of the driver for easy access.

When the available second-row Super Stow 'n Go seats are upright, their bins become underfloor treasure chests, where essential travel gear is neatly tucked away.

In addition to concealed storage, Grand Caravan also boasts ample storage behind the third-row seats, in-front seatback cargo nets and in-door map pockets.

BEYOND EXPECTATIONS

It's not surprising that Grand Caravan provides a wealth of versatility. After all, it's been Canada's Best-Selling minivan for more than 34 years. But it's the abundance of thoughtful details that really makes this vehicle stand out. Available features like the Class-Exclusive Super Console[4] not only create in-vehicle organization, but the stylish tambour doors conceal items and provide a sleek look. For extra convenience, a large storage drawer can also be accessed by both first- and second-row passengers.

The spacious dual-zone glove box boasts a charging port in the upper area and is the perfect place to keep electronics out of sight and protected.

Even when Grand Caravan is in Park, it still continues to give. The 60/40 folding third-row seats have available Class-Exclusive tailgate[4] seating that allows the seats to flip completely rearward into the tailgate position.

Properly secure all cargo.

MULTIPLEX OF MINIVANS

Whether it's a quick run to the grocery store or an epic cross-country trip, travelling without entertainment isn't an option. That's why Grand Caravan has plenty of available features to keep you and your family amused and engaged.

Second- and third-row passengers can watch movies in high quality on a 9-inch screen when you opt for the Single-DVD Entertainment System with wireless headphones and remote control.

Models equipped with the DVD system also feature an HDMI input. When the show's over, passengers can tap into the entertainment system and hook up portable, compatible gaming systems for some friendly competition. Conveniently located ports let rear-seat passengers charge electronic devices via dual USB ports, a 12-volt auxiliary power outlet and a 115-volt two-prong power outlet.

Virtually any music player, including most cell phones, can plug directly into the available remote USB port. The music can even be controlled through steering-wheel-mounted buttons.

EASILY ACCESSIBLE
KEEP CONNECTED
STAY ENTERTAINED

uconnect®

There's more than one way to access your road-trip playlists. Use the standard auxiliary audio input jack or opt for the available Bluetooth® with remote USB port to stream audio from compatible devices. Available SiriusXM satellite radio[5] includes a one-year subscription and features favourite song, artist and game alerts as well as replay.

Navigating the world around you is simple when you opt for Garmin® navigation[6] The system helps locate nearby points of interest and provides user-friendly directions, including lane guidance.

There are several levels of available multimedia centres, and each one offers essential features to keep you entertained. User-friendly icons on the available 6.5-inch touchscreen provide controls for the AM/FM radio, personal devices like an iPod® and Bluetooth-compatible phone, as well as available SiriusXM satellite radio[5] and navigation[6] capability. Available hands-free communication[7] allows you to use your voice to select AM/FM radio stations and SiriusXM satellite radio[5] channels, as well as make/receive calls and send/receive text messages with a paired, compatible phone.[8]

CANADA'S BEST-SELLING ENGINE[2*]

WARDS 10 Best Engines

GT SHOWN IN GRANITE CRYSTAL METALLIC

Properly secure all cargo.

AWARD-WINNING 3.6L PENTASTAR™ V6* ENGINE

Take control of any situation with the performance that comes from 283 horsepower, 260 lb-ft of torque and the ability to tow up to an impressive 1,633 kg (3,600 lb) when properly equipped. Advanced engine technology allows for fuel economy as efficient as 9.4 L/100 km (30 mpg) highway,[†] which translates to an estimated 800 km (497 miles) highway on a single tank of gas.[‡]

The suspension tuning, an efficient and easy-to-operate gated shifter, plus fuel-economizer features that alter shift patterns all work together to boost overall ride quality and help improve real-world fuel efficiency.

BEST-IN-CLASS 3,600 LB (1,633 KG) TOWING[3]

Best-in-Class towing[3] up to an impressive 1,633 kg (3,600 lb) lets you confidently take the boat to the lake or the toys to the track. When you're pulling that much weight, it's comforting to know that Grand Caravan has standard Trailer Sway Control (TSC). This system helps you maintain control of the vehicle by using sensors to detect excessive sway and automatically take steps to reduce it.

*WardsAuto "10 Best Engines" winner in 2011, 2012 and 2013. [†]See page 23 for full fuel economy details. [‡]Driving range based on 2018 *EnerGuide* highway fuel consumption ratings and fuel tank capacity. Your actual driving range will vary based on powertrain, driving habits and other factors. Use for comparison purposes only.

65+

STANDARD/AVAILABLE SAFETY & TECHNOLOGY FEATURES

ACTIVE FRONT HEAD RESTRAINTS[9]

Active front head restraints[9] automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint[9] and the occupant's head, helping provide added neck protection for both the driver and front passenger. Standard.

SEVEN PASSENGER AIR BAGS[10]

In the event of a collision, side-curtain air bags[10] and front-seat-mounted side air bags deploy, blanketing outboard positions in all three rows of seating. A driver's knee blocker increases driver-impact protection by offering upper-leg protection as well as helping position the driver relative to the front air bag.[10] Advanced multistage front air bags[10] inflate with a force appropriate to the severity of the impact. Standard.

PARKVIEW® REAR BACK-UP CAMERA[11]

This system displays an accurate visual reference of what is behind your vehicle when the vehicle is in Reverse. It includes on-screen grid lines to show the proximity of the vehicle to obstacles.* Standard.

*Camera display in rearview mirror when not equipped with the 6.5-inch touchscreen.

PARK-SENSE® REAR PARK ASSIST SYSTEM[11]

When the vehicle is in Reverse, sensors detect the presence of objects within 1.98 metres (6.5 feet) in the back-up pathway and provide both an audible chime and a visual warning. Available.

ELECTRONIC STABILITY CONTROL (ESC)[12]

In adverse conditions, ESC[12] with electronic Brake Assist works with the advanced All-Speed Traction Control System to help the driver maintain vehicle directional stability and limit oversteering or understeering. Standard.

TRAILER SWAY CONTROL (TSC)

Utilizing sensors, this system recognizes when sway unique to trailering is occurring. The system then helps correct the sway by alternately applying brake pressure on the wheels. Standard.

BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH DETECTION[11]

Dual radar sensors are constantly monitoring driver blind spots, providing notification of an encroaching vehicle via illuminating icons on the appropriate sideview mirror and by an audible chime if the turn signal is activated. The system includes Rear Cross-Path Detection,[11] which monitors for vehicles/objects in perpendicular relationships to the vehicle, for example, while backing out of tight parking spots. Available.

Voice commands through phone require a Bluetooth-compatible phone. 8 Preset voice-to-text messaging and incoming text message reading require a MAP-enabled phone. 9 Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 10 The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 11 This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 12 No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 13 Not compatible with all garage door openers.
