- Two key fobs: Red delivers full power and torque while the Black key fob limits the driver to a reduced engine output

Note: Fog lamps not available

1. Based on 2014 Ward's Large/regular car segmentation. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 2. Preset voice to text messaging and incoming text message reading requires a MAP enabled phone. 3. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 4. Not compatible with all garage door openers. 5. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 6. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared take corrective action to avoid collisions. 7. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 8. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions.

†Prices as shown are MSRP. Excludes freight (\$1,695), air tax (\$100), insurance, registration, license, retailer administration fees, new tire. Duties in Quebec and dealer accessories are not included. Retailer may sell for less.
