

LINEA
125*S*

More Power In Every Drive.

Some people prefer to drive themselves. Others prefer to be driven. But, no matter which side of the divide you stand (or sit) on, the Linea has much to offer to both, the passionate driver and the luxury seeker. For a person who loves driving, the new Fiat Linea is perfect. Perfect because it combines ergonomic design with precision engineering to give you a supreme driving experience, above all else. And if you're someone who prefers to be driven, the premium, thoughtfully designed interiors and entertainment system are sure to keep you comfortable and entertained on even the longest drives. Making every journey the most comfortable and powerful it can be.

LINEA
125S

Dynamic Yet Stately.

The new Linea embodies the best of Italian design.

Flamboyantly gorgeous on the outside, stylishly ergonomic on the inside. Beauty aside, its solid

build quality and design functionality make the new Linea nothing short of majestic.

Most Powerful Car In Its Segment.

The new Linea features 125 ps power & 208 Nm torque, making it the most powerful sedan in its segment.

MultiJet Diesel engine

Presenting an award winning engine from the house of Fiat that rules the diesel engine market in India. Powering more than 6 million vehicles globally, this tested performer is a benchmark for smooth power delivery, efficiency and reliability. That's not all, because its 93 ps of power gives you ample pickup and torque for even the longest journeys.

MultiJet

T-JET

T-Jet Petrol Engine

A state-of-the-art machine from the house of Fiat. The T-Jet petrol engine is a tuned 1368 CC, 16 valve turbocharged mill with enough grunt and raw power through the rev-band to tame any competition instantly. With 125 ps of power, you can now stand not just apart, but also ahead of the crowd.

Designed Around You.

Now push your boundaries further than ever before.

A 12.7 cms (5") Touch-screen Satellite Navigation system now comes standard with the Linea and offers accurate and sharp display of maps to help you explore the unexplored. Apart from that, the Linea also features

auto-headlamps and auto rain-sensing wipers, to minimise distractions while driving. Also, the remote

controlled boot is immensely useful when you have your hands full, making life a lot easier for you.

The Comfort of Security.

With the new Linea's core philosophy centering on drivability and comfort, extra care was taken to ensure that the new Linea meets stringent safety guidelines. After all, you can't truly savour a great drive if you aren't completely secure.

Premium Interiors

The interior of the new Linea is designed to feel premium as well as look it. Featuring leather upholstery, rear AC vents, cup holders and ambience controls, the Linea ensures that you are always comfortable. Because the longer you are in the new Linea, the more homely it gets.

The New Fiat Linea Features

AUTOMATIC HEADLAMPS

These classic GT-inspired headlamps turn on and off based on outside light conditions. So whenever you drive into a tunnel or a basement, the lights conveniently turn on.

TURN INDICATORS ON ORVM

Like all the little features in the new Linea, the turn indicators enhance the aesthetic appeal of the exterior. They complement its smooth flowing lines and add a hint of dynamism to the Linea's profile. They also provide better visibility for oncoming traffic.

RAIN SENSING WIPERS

Wipers that switch on and off automatically, as and when you need them to. So you can safely focus on driving without having to worry about twiddling knobs and levers when it rains.

CRUISE CONTROL

Lets you automatically control the speed of your new Linea. Which allows for greater comfort and fuel economy on long drives. So you'll cherish your journeys even more than usual.

USB AND AUX INPUTS

Allows you to connect most devices to the brilliant audio system. So plug your music in and blast your tunes on the 6 speaker system.

BEST-IN-CLASS GROUND CLEARANCE

With a natural advantage over the ground below, the new Linea is built to glide over speed breakers, potholes and bumps. Its generous elevation protects the undercarriage and makes your drive a breeze.

38.1cm (15") ALLOY WHEELS

The alloy wheels frame the dynamism inherent to the new Linea while adding a touch of magisterial class.

STRONG BUILD QUALITY

It's of little surprise that the new Linea boasts of extremely strong and robust build quality. It keeps you safe and more importantly, protects your loved ones.

REAR ARMREST WITH GLOVE BOX AND CUP HOLDERS

When you kick back and relax in the rear seat of the new Linea, not only will you have a luxurious armrest, you'll have the convenience of a place to safely keep your coffee as well as other odds and ends.

500 LITRE BOOT SPACE

The huge boot offers storage options aplenty, be it picnic baskets or lots of suitcases. Which is nothing less than you'd expect from the new Linea. Because when driving is such a joy, long journeys happen more often than not.

REAR AIR-CONDITIONING VENTS

Why should those seated in the front have all the fun? Now you get to sit back and be cool too.
