

panda

It may be the new kid on the block today, but we've loved it for thirty years. Despite its unassuming size, it has an infinite capacity for surprising us, as no other car comes close to being quite as simple, functional and innovative. And now it's more stylish than ever and packed with impressive features.

Because that sums up the Panda: simply more.

simply () more

What makes the difference between personality and imitation?

The Panda is inimitable because it has always been a car that lets substance dictate design. This is what makes it unique: the outside reflects the very spirit of the car. Functional, solid, intelligent, free spirited. With its unique style, the Panda, the Panda 4x4 and Trekking, express a desire to think outside the box every day.

Panda. Simply More.

simply (

) design

Sophisticated and unique, like all great Italian design, the Panda's good looks are down to soft yet bold lines, which create the unmistakable style that is there to be enjoyed. Your eye is drawn from the smiley front to the rear with its raised light clusters that give a streamlined look. The side panels and the third window with softened angles create the impression of an uninterrupted glazed surface.

simply  more

*Model shown with optional equipment

The Panda is designed starting from the interior, maintaining perfectly proportioned volumes for the exterior. Beautiful inside and out. And sure enough, **everything in the Panda is simply adorable**, from the dashboard enveloped in a colourful frame, with its spacious storage pocket, to the conveniently high-mounted gear stick and all the other little details you will enjoy discovering and using, like the new space-saving handbrake lever which resembles a computer mouse.

simply (i) more

What does it mean to fall in love with substance?

Climb into the Panda and you'll discover what turns
love at first sight into true, everlasting love. **Quality.**
It's something tangible relating to the various design
and production phases of the car: high-resistance materials,
acoustic comfort, finely crafted finishes.
Every element is designed, quite simply, to give you the best.

Panda. Simply More.

simply (

) quality

(quality)

*A car as advanced as this couldn't be made just anywhere.
To produce it, we needed an equally advanced and efficient car plant with
the capacity to turn out Italian-designed and built cars.
The **Pomigliano d'Arco** car plant in Naples: an industrial complex
refurbished over 12 months to provide technological and organisational
excellence, with new systems that are not simply the most advanced in
the Fiat universe, but among the most advanced in the world.*

simply () more

(quality)

Every detail in the Panda is designed to achieve the perfect marriage of style and functionality. This means that the Panda is not just beautiful, it also makes every trip a pleasure. The backrests, for example, are decorated with a squircle motif which, in addition to embellishing the interior, guarantees better air flow and breathability.

simply (more)

What turns
every thought
into a
solution?

Whatever you want to do with it, the Panda will amaze you with its ingenuity. Its creative spirit frees your own: modular spaces, storage compartments, controls on the steering wheel... *Everything is conveniently to hand, everything is easier.* With the Panda, functional design doesn't just solve problems: it's the key to endless possibilities.

Panda. Simply More.

simply (

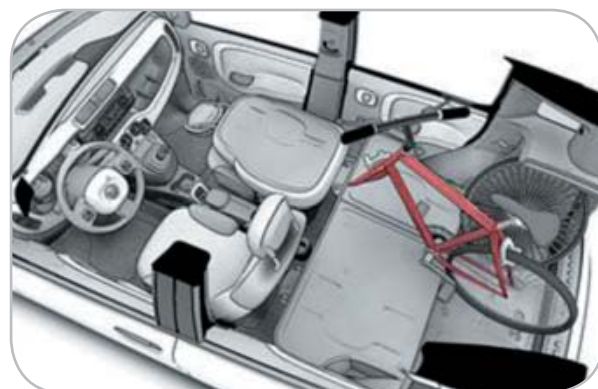

) genius

simply  more

*Model shown with optional equipment

*Optional equipment

The most versatile Panda ever seen.
In the rear, a choice of seat configurations caters to every requirement: either a single folding backrest, 60/40 split* or 50/50 split backrest with a sliding seatbase*.

The passenger seat, meanwhile, can be folded down into a table to maximise longitudinal loading space or to provide a chaise-longue for a back seat passenger*.

The Panda really has no limits: by folding the seats and adding the Cargo Box container*, the load platform becomes virtually flat, letting you take whatever you want with you.

On the road with the new Blue&Me TomTom 2 LIVE*, *your freedom is unlimited.* At the touch of a button, or using the voice commands, you can view the functions available on the navigator screen for using your mobile phone in complete safety thanks to Bluetooth® technology, reach your destination more quickly or listen to your favourite music.

The device combines the advantages of an infotainment system which is integrated and connected with those of a portable, next-generation navigator.

*Optional equipment

What lets you go beyond every limit?

Now you can choose to go on your way, whatever the route. With the Panda 4x4 and Panda Trekking, rough terrains are no excuse, because they are always ready to take on any challenge, with spirit and charm. Carefree and brilliant by nature, they have a precious talent: turning every little obstacle into a great occasion to have some fun.

Panda. Simply More.

simply (

) everywhere

4x4

simply (i) more

(everywhere)

4x4

The Panda has truly become unstoppable thanks to its automatic four-wheel drive system. You will immediately get that *feeling of adventure* that only a car like this can give you: the weight and compact size guarantee unique agility for the most compact 5-seater* off-road car on the market. Perhaps it's due to its high ride, or its front and rear bumper guards, or its chunky wings with protective plastic mouldings, or its purposeful stance: the Panda 4x4 gives the distinct impression of being well equipped to help you take on the challenge of any road type.

TREKKING

If you need to get around smoothly both in town and outside it, the Panda Trekking will win you over with its "all terrain" look and free spirit.

The Panda Trekking is equipped with front wheel drive with **Traction+**, the electronic system that increases the vehicle traction by distributing torque between the front wheels in the best possible way. Thanks to this system, the Panda Trekking also allows you to tackle slippery surfaces such as mud and snow, with ease, but with the fuel consumption and emission levels of a 4x2.

TREKKING

simply (i) more

What's
the **greatest**
strength
of all?

*The Panda loves people and loves the environment too.
That's why it has made protecting both its mission. All its safety devices
work to ensure you travel safely, while the engines and eco-friendly
technology cut your fuel consumption and emissions at the same time.
In perfect Panda style, it's a concrete way of showing you
how much it cares.*

Panda. Simply More.

simply (

) respect

(respect)

The Panda is a sincere car: it loves the environment, and is happy to prove it. That's why it offers a range of highly efficient engines, with low fuel consumption and respect for the environment. They range from the lively 69hp 1.2 Fire, and the 75hp 1.3 MultiJet II 16v to the range's champion in terms of eco-friendliness: the revolutionary 85hp TwinAir Turbo, which won the much-coveted Engine of the Year 2011 award for its ability to cut fuel consumption and emissions.

To reduce consumption and pollution at the same time, the Panda offers simple and effective solutions, like the Start&Stop system*, which stops the engine when you are standing at lights or in traffic and starts it again instantly when you set off.

Dualogic™ is the latest-generation robotised gearbox** that guarantees a comfortable and fun drive, while reducing fuel consumption and emission levels. You can select the automatic mode for stress-free city driving or long journeys, or the sequential mode to enjoy shifting gears at the touch of a lever and thus with minimum effort.

eco:Drive™

eco:Drive is your eco-friendly personal driving trainer which is always at your service.

Simply record your driving data on a USB drive plugged into the Blue&Me™ port*** and download the data to a computer for detailed analysis of your driving style and personalised tips on how to reduce fuel consumption and emissions.

*not available on 1.2 69hp engine

**Easy and Lounge 85hp TwinAir engine only

***optional equipment

(respect)

With the Panda, surprises are the order of the day, but only good ones.

That's why it comes with 4 airbags, ABS complete with Brake Assist System, front head restraints with anti-whiplash system and rear seatbelts with pretensioners and ISOFIX attachments all as standard. In addition to these, the Panda comes with an Electronic Stability Program* complete with Hill-Holder which helps the driver during hill starts.

*standard on all versions from July 2014

With the Panda, you can have fun driving without a care in the world, because it knows exactly when to put a brake on all its energy. This is thanks to **City Brake Control****, an innovative driving assistance system, capable of recognising obstacles in front of the car and of braking automatically when the driver fails to avoid them. By analysing certain parameters such as the position of the obstacles, the relative speed of vehicles, the turning angle and the pressure on the accelerator, City Brake Control intervenes, avoiding collision altogether or reducing its severity.

MODEL SHOWN IS FITTED WITH OPTIONAL EQUIPMENT

What does it take to be original?

The Panda has always been a car that lets you give free rein to your imagination.
Have fun choosing from the colours, trim levels and off-road versions to create a car that's just as unique as you. The combinations are endless. You can choose the practical, essential Pop version, designed for those who love the beauty of simplicity. Or you can let yourself go with the Easy trim level: a vast range of colours, patterns and optionals really worth discovering. But if you're the kind of person who never settles for less than the best, then the Panda for you is called Lounge: the top of the range for style and functionality. And if you want to venture beyond the asphalt, the Trekking or 4x4 are your ideal companions. The choice is yours.

Panda. Simply More.

CIAO FIAT
MOBILE

CIAO FIAT MOBILE is the original Fiat application for your iPhone. It's designed to always be on hand, wherever you go, and offers you all the information and services you want, quickly and simply. Launched first in Europe, this iPhone application is dedicated to all motorists, offering customers an innovative, simple and direct service. With a touch of a finger, access a wide range of services: YOUR PROFILE, FIND A DEALERSHIP, ROAD TEST, OWNER HANDBOOK, CONTACT US, NEWS AND PROMOTIONS, FIND YOUR CAR, DUE DATES, TRAFFIC AND ROADSIDE ASSISTANCE.

CIAO FIAT
00 800 342 800 00

CIAO FIAT MOBILE is completely free. Download it now from App Store. For more details, visit the website: www.ciaofiatmobile.it. CIAO FIAT is the customer support and relations service which can be contacted on the universal freephone number 00800 3428 0000. The number can be reached from major European countries and is easy to remember as it corresponds to entering "FIAT" on your telephone keypad (00800-FIAT 0000 becomes 00800-3428 0000). CIAO FIAT is ready to provide you with roadside assistance and information services; anything you need to know about our models (versions, optional extras, promotions, prices), our services, test drive bookings and FIAT dealerships, meeting any need or request linked to the car's use. The information service is available Monday to Saturday from 9am till 6pm. Our Customer Relations department and myFiat team are available Monday to Friday from 9am till 6pm. Fiat Roadside Assistance is available 24 hours a day, 7 days a week. Calls are free from landlines but are chargeable from some mobiles. In some European countries, a fee may be charged to the caller by some mobile networks depending on the tariffs applied by the particular local operator.

FIAT CUSTOMER BENEFITS All new Fiats come with 1 Year's Roadside Assistance - Fiat Group Automobiles UK Ltd offers the Fiat Roadside Assistance Service (in the Countries and according to the methods shown in the owner's policy information) for a period of 12 months from date of first registration in the UK. The Fiat Roadside Assistance Service for customers is guaranteed 24 hours a day, every day of the year.

2 YEAR, UNLIMITED MILEAGE MANUFACTURER WARRANTY Any repairs required as the result of faulty materials or manufacture are carried out free of charge – both for parts and labour.

3RD YEAR DEALER WARRANTY As with the 2 year warranty the 3RD YEAR DEALER WARRANTY is unlimited mileage and covers any repairs required as a result of faulty materials or manufacture which are carried out free of charge – both for parts and labour.

3 YEAR PAINTWORK WARRANTY Any paintwork defects due to faulty materials or manufacturer will be rectified free of charge during the first three years.

8 YEAR ANTI PERFORATION WARRANTY Any perforation of the bodywork due to corrosion will be repaired free of all parts and labour charges during the first 8 years.

FIXED SERVICE COSTS All Fiat dealers operate a "Menu Pricing" programme, which guarantees fixed service and replacement costs, with no hidden extras. The price you see is the price you'll pay, unless you have given your consent for further work to be carried out.

FIAT FINANCIAL SERVICES*

Fiat Financial Services offers a comprehensive range of finance and insurance plans including Fiat i-Deal, traditional Hire Purchase, Guaranteed Asset Protection Insurance and SMART Insurance. Please ask your Fiat dealer for more information or visit the www.fiat.co.uk website. Written quotations available on request.**

FIAT CONTRACT HIRE***

Fiat Contract Hire provides hassle free motoring for private and business customers - you benefit from low initial outlay, regular rentals and no worry about disposing of your vehicle at the end of the contract. You can also include a full maintenance package within the monthly rental. For more information, please contact your Fiat dealer, or call 01753 519222.

FIAT MOTOR INSURANCE Comprehensive car insurance is available at competitive premiums, with up to 65% No Claims Bonus transferable from your existing policy after five consecutive years of claim free driving. For a quotation, either ring 0800 876 6071, or visit online through www.fiat.co.uk
