

PANDA 4X4 ANTARCTICA

## PANDA 4X4 ANTARCTICA. LIMITED EDITION. EVOLUTION TAKES 4X4 LEAPS FORWARD.

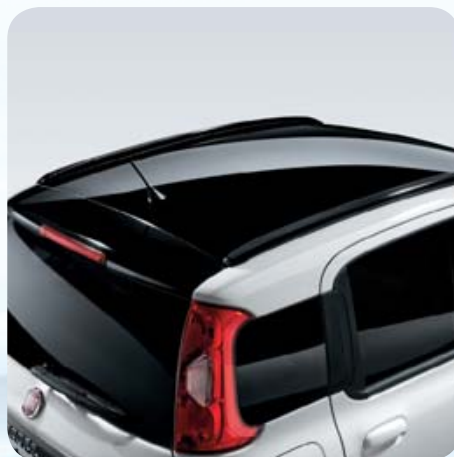

Panda 4x4 celebrates 30 years on the road with the new limited edition Panda 4x4 Antarctica; the most advanced model of a car that has been a non-stop hit since 1983, thanks to its winning style and design. A story which keeps on going and which you'll be able to remember fondly, thanks to the special badge on the driver's side pillar that highlights its uniqueness.

EVOLUTION IS AN AMAZING THING.  
**ADAPT TO THE STYLE OF THE TIMES.**

Panda 4x4 Antarctica stands out from the crowd immediately with its two-tone body (white with black roof) and funky orange details, like the hub caps on the 15" diamond-finish alloy wheels and the door mirror fairings.

AS TIME GOES BY,  
DESIGN JUST GETS BETTER AND BETTER.  
**DISCOVER HOW.**

Behind the darkened rear privacy glass, Panda 4x4 Antarctica makes you feel at home in its unique, distinctive interior. The eco-leather and fabric interiors sport a livery of grey and orange. The driver's seat is height adjustable and the 60/40 split, three-seater bench seat in the back comes complete with headrests. To complete the comfort, the Panda 4x4 Antarctica is equipped with air conditioning and the Blue&Me™ system with USB/AUX-in and steering wheel controls.

## EVOLUTION IS AN UPHILL CLIMB. BEST TACKLE IT WITH FOUR WHEEL DRIVE.

When it comes to traction, Panda 4x4 has it covered. Ideal for tackling rough terrain with exceptional grip, all year round. Thanks to the innovative intelligent transmission system with automatic insertion, ESC (Electronic Stability Control) complete with ELD function (Electronic Locking Differential), a new suspension layout (MacPherson wheel arrangement at the front and interconnected wheels with torsion beam layout at the rear) and specifically developed tyres, the Panda 4x4 is equipped to take on the challenge of any road type.

### 0.9 TWINAIR TURBO 85 HP START&STOP

Displacement: 875 cm<sup>3</sup>  
Emissions level: Euro 6  
EC max power: 63 kW (85 HP) at 5,500 rpm  
EC max torque: 145 Nm (14.8 kgm) at 1,900 rpm  
Gearbox: 6 speeds + Reverse  
Top speed 103 mph  
Acceleration 0-62 mph: 12.1 sec.  
Consumption (Directive 2004/3/EC) mpg (l/100km):  
urban/extra-urban/combined 47.9 (5.9) / 65.7 (4.3) /  
57.6 (4.9)  
CO<sub>2</sub> exhaust emissions (combined): 114 g/km

### 1.3 MULTIJET 16v 75 HP START&STOP

Displacement: 1248 cm<sup>3</sup>  
Emissions level: Euro 5+  
EC max power: 55 kW (75 HP) at 4,000 rpm  
EC max torque: 190 Nm (19.4 kgm) at 1,500 rpm  
Gearbox: 5 speeds + Reverse  
Top speed 99 mph  
Acceleration 0-62 mph: 14.5 sec.  
Consumption (Directive 2004/3/EC) mpg (l/100km):  
urban/extra-urban/combined 56.5 (5.0) / 61.4 (4.6) /  
60.1 (4.7)  
CO<sub>2</sub> exhaust emissions (combined): 125 g/km
