

500

STORIES. WITH YOU.

“

Introduction

Hi, pleased to meet you. The way you're looking at me, I'd say you can't wait to go out with me. It's only natural, mind you: how could you resist me? I'm colourful and attractive, but also cool, elegant or sporty – however you want me – fashionable, but beyond fashion at the same time. Just like a true icon. Are you ready to explore all my facets? This year, I'm even more high-tech and alluring, with an innovative TFT liquid crystal digital display, all-new interior, three brand-new body colours and three types of alloy wheels never seen before. Come on, let's get going: you'll see that you couldn't wish for a better travelling companion. You have my word as a 500.

”

Sport

“With me, life has added S.”

Sporty, sassy, seductive, sociable. There's always something special hiding inside an S. With my aerodynamic spoiler, **my new Italia Light Blue**, my gritty 16" alloy rims and my sports steering wheel, you certainly won't go unnoticed. But what makes me truly sexy is that I make everything fun. I think you're just like me, and that's why together we're going to be something big. Ready to eat up the road?

16" alloy wheels (optional)

500S main standard equipment.

- Abarth Design sports steering wheel with 8 buttons
- 16" alloy wheels with 195/45-16 tyres
- Automatic climate control (single zone) with pollen filter
- CD/MP3 radio
- Spoiler
- Sports Leather seats
- Passenger seat backrest pocket
- Hands-free Blue&Me™ system with Bluetooth® technology, voice recognition, steering wheel controls and digital audio file player with USB port
- 7 airbags
- Electric door mirrors with temperature sensor
- Chrome tailpipe
- Height-adjustable steering wheel
- Dualdrive™ electric power steering
- Electric windows and central locking
- Door opening/closing remote control with customisable cover
- Height-adjustable driver seat
- Height-adjustable rear head restraints

When you see it, you'll want to try it right away. It happens every time: my sports steering wheel creates an insatiable desire to drive. Left or right, straight to the heart of the action.

Lounge

“A special outfit
with a touch
of elegance.”

This is the story of an exceptional day. Let's celebrate my birthday, or yours, or both together with an exclusive evening. An aperitif with friends, a live jazz concert, or maybe dinner at a bistro in Paris. Why not? And maybe then, when we're tired of worldly pleasures, we can go for a ride in the moonlight, just the two of us. But we have to do things right if we want to be true aristocrats: always behave with style while being at our ease. This is why I chose elegant attire. It is classic but not obvious, and above all it is comfortable. It's called **Lounge. 15" alloy wheels, fine new Prince of Wales check fabrics.** A touch of class that suits me to a T and that I'm sure you're going to love. Come on and tell me, "How pretty you are this evening..."

Main Lounge standard equipment.

- Manual climate control system with pollen filter
- CD/MP3 radio
- Fixed sun roof with sun blind
- 15" alloy wheels with 185/55 tyres
- Hands-free Blue&Me™ system with Bluetooth® technology, voice recognition, steering wheel controls and digital audio file player with USB port
- Leather steering wheel with radio controls
- 7 airbags
- Electrically adjustable body colour door mirrors with defrosting and outside temperature sensor
- Chrome kit
- Chrome tailpipe
- Height-adjustable steering wheel
- Dualdrive™ electric power steering
- Electric windows and central locking
- Door opening/closing remote control with customisable cover
- Height-adjustable driver seat
- Split rear seat (50/50) with height-adjustable head restraint
- Passenger seat backrest pocket

Like all real ladies, I also have a number of hats, one for every occasion. **Glass roof** (with an elegant sun blind so you don't get burnt in the sun) **and soft top**, in my cabrio version. Which one will you choose?

Technology

“Every journey with me opens up a world of connections.”

Did you feast your eyes on my 7" TFT digital display? It's new! You can try it if you want: as well as being really cool, it keeps all the information you need when driving under control, like the information from the speedometer, the rev counter, the temperature or the Gear Shift Indicator, which suggests when to change gear, and the trip computer, which allows you to alter my set-up in different ways according to distance, instant fuel consumption, range, and so on. Naturally, everything is perfectly integrated with my tried-and-tested Blue&Me, so that you can also see the media player telephone on the same screen. I took you by surprise, didn't I? But I told you: you can't take your eyes off me ...

Safety

“I’ll admit it: I’m very protective.”

For me, the first rule for a good trip is to make sure it’s a safe trip. So I’ve made sure that I have all the best protection systems myself: 7 airbags, ABS + EBD to stay on top of things when you need to slam on the brakes, ESP + Hill Holder to stay on track in emergencies and set off more easily uphill, HBA boost sudden braking and Hazard device to set the hazard warning lights flashing when you need to stop unexpectedly.

Customisations.

“I have a real passion for accessories.”

Finally, it's time to talk about Mopar accessories. It is one of the things I like best: personalising my look with a more exuberant, sportier or more feminine touch, depending on the way I feel. And on how you feel. I have a wide range of components that we can characterise together according to our tastes, choosing totally coordinated lines, which is a very chic solution, or single parts.

There is space everywhere for you to run wild and make me more your own: body stickers, key covers, side badges, make-up holders, iPod holders, and even fragrance dispensers for the passenger compartment. I bet you have already stopped reading and are now studying the best combinations.

Mind you, don't forget to take a look at my rims. I have a real collection of them. You know, it is a bit like shoes. The more you have, the more you would like to have.

More care for your car

Accessories.

“To go out together, we need to have the same style.”

They’re colourful, practical, attractive and above all have a touch of my unmistakable style: they’re the items, clothing and accessories of the 500 collection with my own name on them. Choose the ones you like on the www.store.fiat.com side and you’ll see that you get noticed. I should know...
