

PUNTO

Life is . a series of
choices
Punto.

choose Punto. to be yourself.

T-shirt and shorts or jacket and tie? A weekend on the slopes or a premiere at the theatre? Whether you are a sporting type or have a desire for elegance, the Grande Punto delivers all you need to express your personality. The two lines, Sport and Comfort, designed to cater to different requirements and tastes, both with Blue&Me™ as standard, are perfect both for sports buffs and lovers of creature comforts, so that you can choose to be exactly who you are.

Sporting.

The Sporting versions can be described in a few brief words. New dark-tinted headlights, spoiler and aggressive alloy wheels that are a feast for the eyes are accompanied by a line-up of brilliant engines that deliver high performance and great fun even on urban roads. Each model comes with Blue&Me™ as standard so you can enjoy the ride with ease.

GP.

If you want to enjoy yourself, you have selected the right outfit. The Sport line adorns the Grande Punto with characteristic elements that make even short trips highly enjoyable. Both models, GP and Sporting, have been designed to deliver maximum driving pleasure and to meet the requirements of those who, at the wheel, don't simply want to drive but also to express their emotions.

Aggressive.

Inside, the Sport line features a young, aggressive cockpit with high-tech trims. Every detail – from the carbon-look fascia and the hand-stitched steering wheel, to the graphics of the instrument panel – conveys a feeling of dynamism and speed. The Sporting versions feature seats with extra lateral support.

Elegant.

With Giugiaro's unmistakable design cues that underline its sinuous styling, Grande Punto has no difficulty in standing out with spectacular style. You will be amazed by the fabrics and new latest-generation ergonomic fascia that wraps you in a high class environment, never ostentatious or superfluous.

Alluring.

You long for comfort and elegance? The Comfort line enhances the Grande Punto with high prestige finishes, new body colours and, especially, new customisation possibilities. A choice that will take you where you want to go with maximum ease and absolute comfort, without sacrificing style.

Punto.
CHOOSE to be unique.

Your car says a great deal about you. On the Grande Punto, you can choose between a host of styling details and accessories. Personalise it as you desire.

The aluminium 'Italian Flag' badge is the touch that can make the difference: it stands out on the pillar of the vehicle, thanks to an enamelled finish that makes it sparkle and shine.

The covers of the wing mirrors, in 4 colours, further enhance the customisation of your Grande Punto.

Like a tuxedo with its cuff-links, the key-holder covers coordinated with the external stickers imbue the Grande Punto with a touch of class.

5 different external sticker kits, each in different colours, combine with the body colour to make the Grande Punto even more unique.

Recognisable.

Satin, chrome, diamond-finish? 16" or 17"?
Multispoke, two-tone, 5-spoke? Grande Punto
offers you a wide choice of wheels, so you can
choose the ones which best suit you.

Punto. Choose to be communicative.

To be always at the centre of your world, choose Blue&Me™ technology, the integrated system developed in cooperation with Microsoft that guarantees instant access to everything you need without taking your hands off the steering wheel. The Blue&Me™ device guarantees maximum control in complete comfort: your music, your contacts, everything is just a click away.

Technology.

With Blue&Me™, you can make and receive phone calls, listen to text messages received, connect your media player and choose the right sound for each trip without ever taking your attention from the road because Blue&Me is always tuned in to your needs via the USB port, Bluetooth® technology and universal voice recognition.

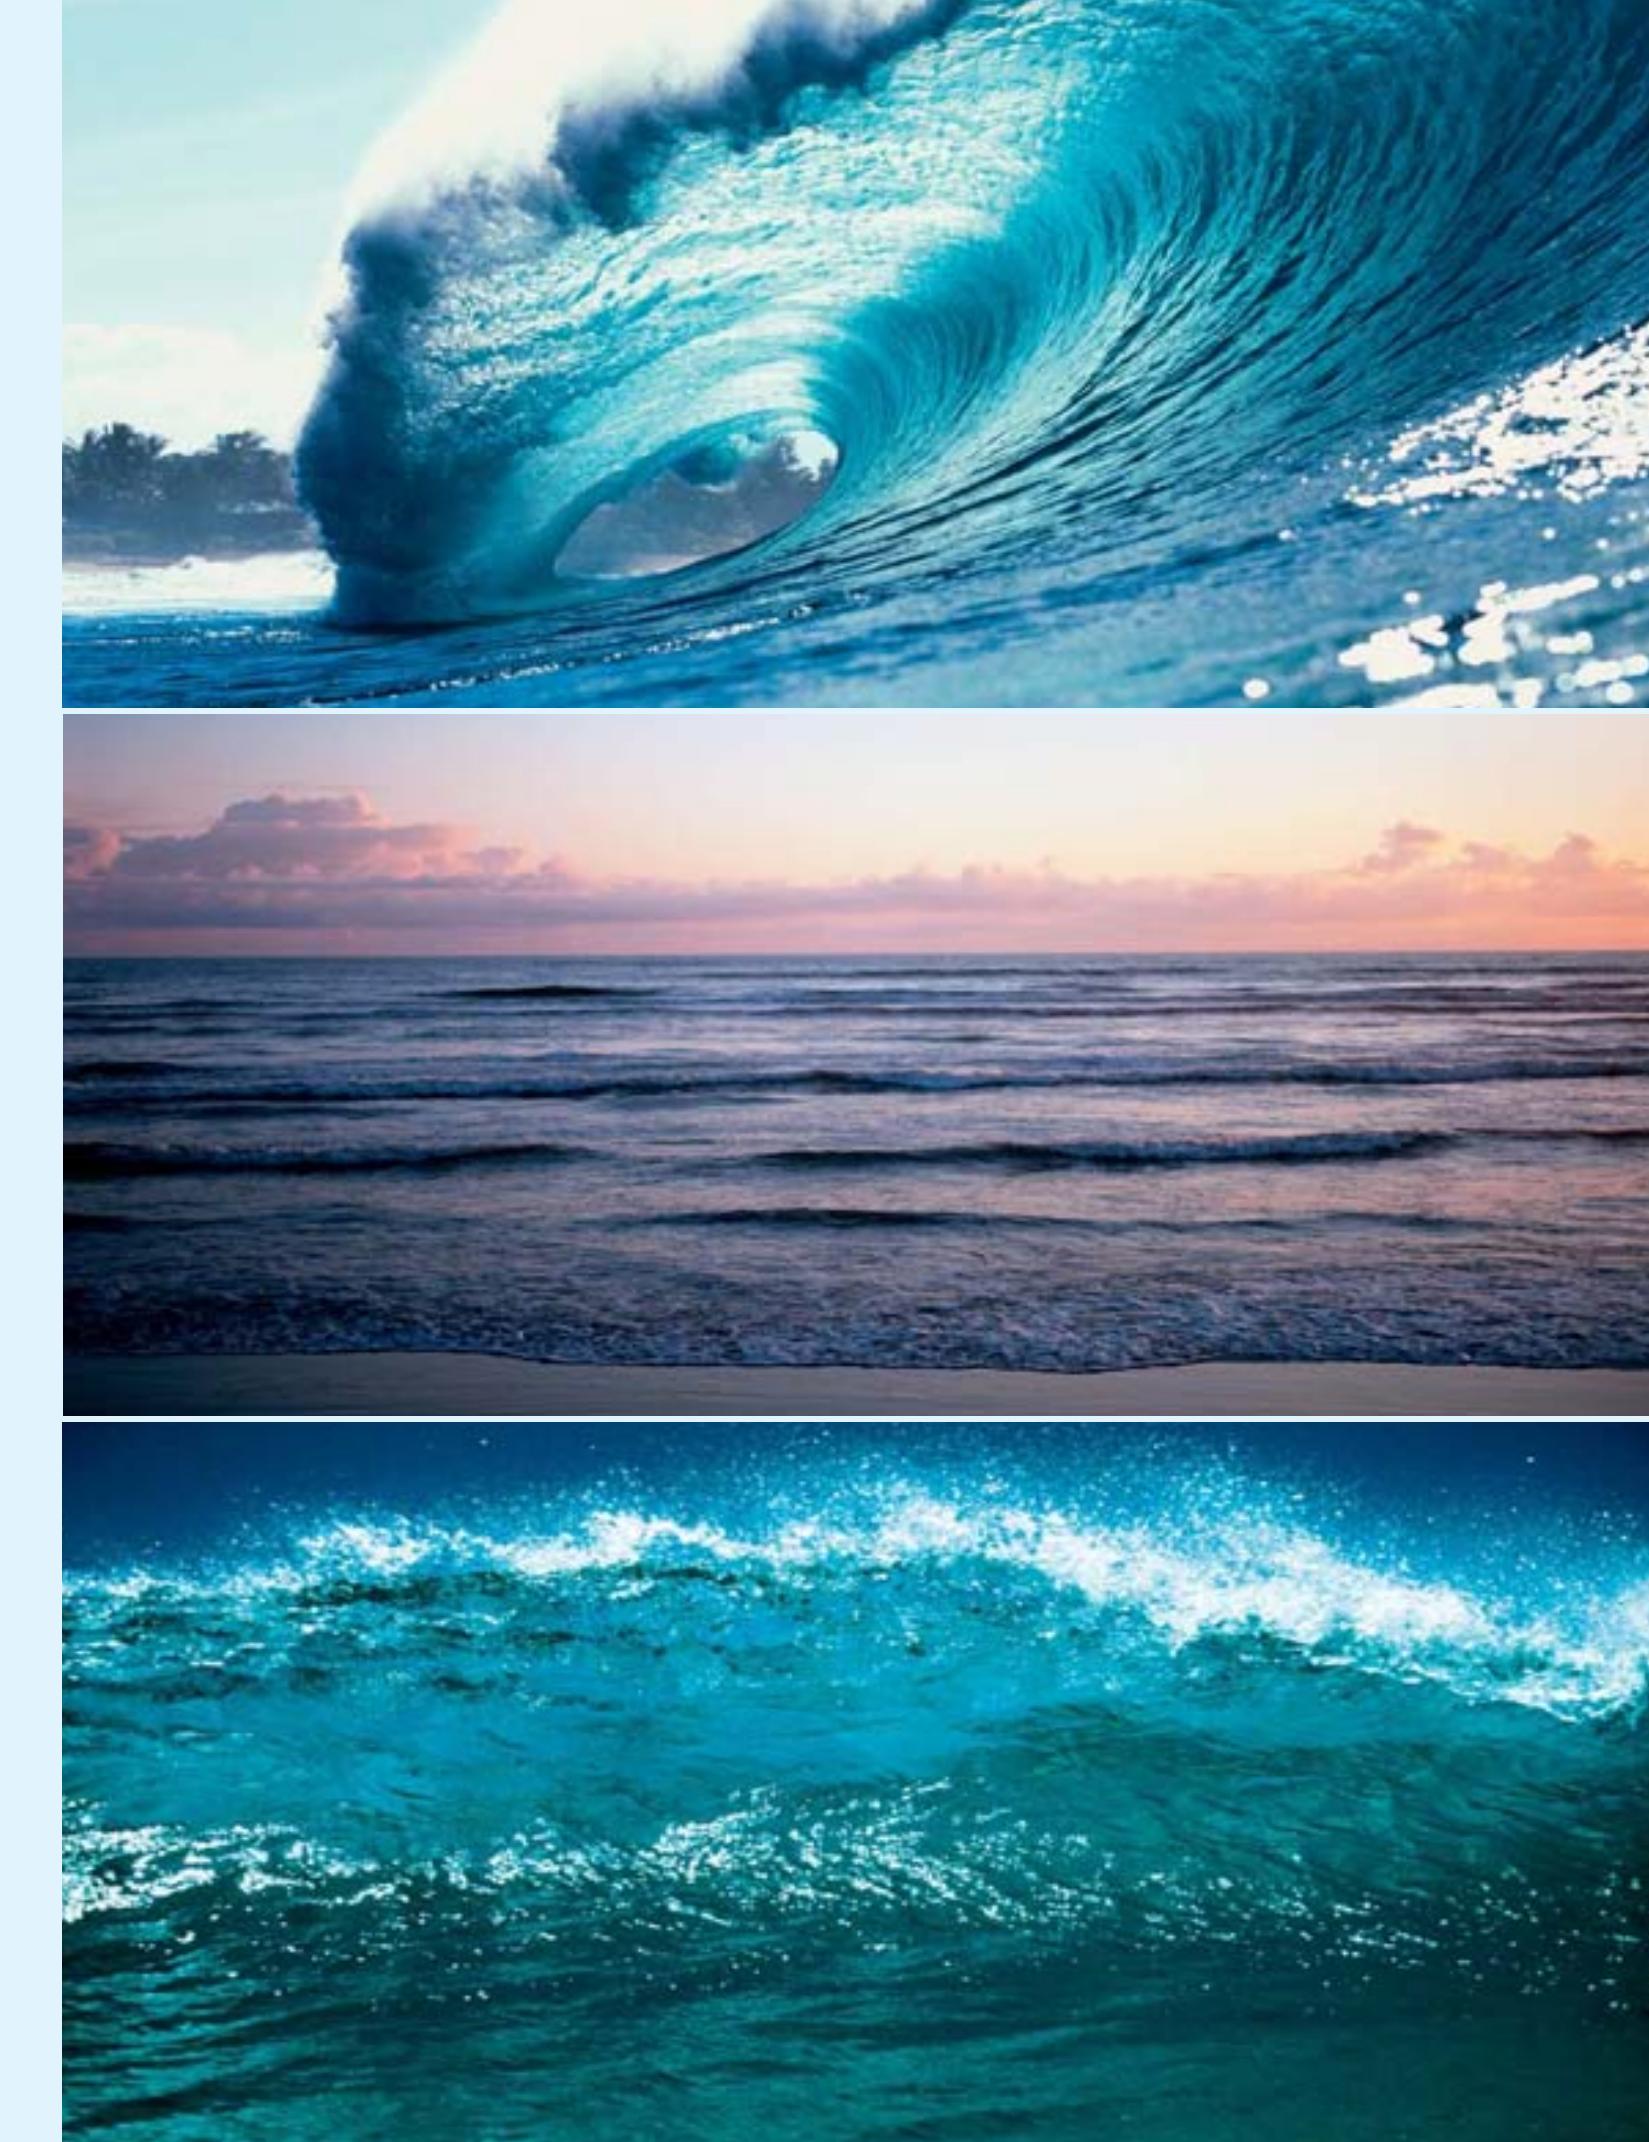

The USB port makes the technology even easier to use.
Located in the glove compartment, it allows you to constantly update your playlists.

Punto. Choose to be brilliant in complete safety.

The bonnet of the Grande Punto hides great engines that deliver class-beating performance and very low consumption. You can choose the most suitable solution from a wide range of petrol and diesel engines, both on the Comfort and Sport line. The only thing you don't have to choose on the Grande Punto is safety. Passenger safety is at maximum levels: Grande Punto has in fact received 5 EuroNCAP stars, the most elite award in the field of car safety.

On Grande Punto you can choose between three petrol engines including the brilliant 120bhp T-Jet and three 75 to 120bhp MultiJet diesel engines

Protected.

To understand why the Grande Punto range has been awarded 5 EuroNCAP stars, just take a look at its equipment.

Active safety with ABS + EBD and optional ESP. This device, developed in cooperation with Bosch, integrates ASR/MSR/HBA and Hill Holder, the system that facilitates hill starts. Passive safety with two double-stage front airbags, and on all but the Active, side airbags and curtain airbags, energy-absorbing deformable body, anti-whiplash front seats and seat belts with pre-tensioners and load limiters.

Choose to be particular.

The Grande Punto's dark-tinted headlights give a more aggressive look to the Sport line.

"Would you like an even more aggressive Grande Punto? Then choose the new sporting kit which includes front and rear airdam, sideskirts and rear spoiler".
