## Falcon 500 Utility

Your double life Ute now sets new standards of comfort.

Illustrated:  
Falcon 500 Utility Interior with optional GS sports steering wheel (available at extra cost)

Don't let the stylish grille, raking bonnet and new luxury interior fool you for a moment. Falcon 500 Utility is built tough... tough enough to tackle a country as big and challenging as Australia.

With its strong torque box chassis construction, all-steel floor, two-stage seven leaf rear suspension and genuine 680 kg (15 cwt) load capacity you get all the hard working features you need to make light work of tough jobs.

Then there's the passenger compartment—now with contoured, high-backed bucket

seats, with a centre foldaway armrest, and deep pile carpeting. Plus door pull armrests, cockpit style dash—it's all there and more.

Comforting protection features include inertia-reel seat belts, steering column control stalk incorporating turn indicators, lane change warning, hi-lo beam, headlight flasher and horn button and big 285 mm (11.25") turbo-cooled power assisted disc brakes.

And for a ride as smooth as any sedan there's a 453 kg (10 cwt) "Sedan ride" option.

## Falcon Utility

Falcon utility is one ute that's far from standard. Cabin comfort now includes a deep-cushioned high-backed bench seat complete with a folding centre armrest.

Front wheel power disc brakes and inertia-reel seat belts are part of the comprehensive standard equipment listing too!

And as you'd expect Falcon utility looks after a load every bit as well as it looks after you. In fact, there isn't a longer or wider loading utility in its class. Or an easier utility to load... thanks to its two position, full drop down tailgate.

### *Falcon 500 and Falcon Utility common features:*

- 3.3 litre (200 CID) 6 cyl engine 3 speed all synchro column change manual transmission • 285.75 mm (11.25") front disc brakes, 254 mm (10") diam. self adjusting rear drum brakes • 7.75 x 14 BSW 4 ply tyres on 6JJ "safety rims" (680 kg (15 cwt) rating) • Inertia reel seat belts • Padded door pull armrests • Lockable glove box • Steering and ignition lock • "Blendaire" heater/demister • Rocker-switch type controls • Wrap-around instrument panel • Steering column stalk control for turn indicators, lane change, hi-lo beam, headlight flasher and horn button • Roof insulation • Full drop down tailgate • 680 kg (15 cwt) carrying capacity.

### *Additional equipment standard on Falcon utility:*

- High backed bench seat with folding centre armrest • Heavy duty floor mat.

### *Additional equipment standard on Falcon 500:*

- Contoured bucket seats with centre armrest • Deep pile carpeting • Interior courtesy light operated by both doors • Cigarette lighter • Tie-down tonneau cover • Side protection mouldings.

## Falcon 500 Van

Your double life van...  
now with more standard equipment than ever before.

Falcon 500 Van has been designed with the inbuilt strength and luxury it takes to lead a successful double life. So when you want Falcon 500 to work—it works. And when you want it to play it takes you all the way in first class comfort.

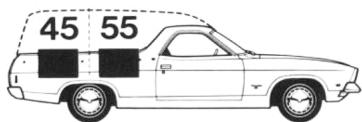

Comfort? The picture on the right tells the story. Falcon 500 Van now has high backed bucket seats with a foldway centre armrest. There's also deep-pile carpeting, lighter, door pull armrests, side glass in the load compartment and headlining that continues for the length of the van—Falcon 500 Van puts luxury into both your double lives.

Illustrated Right:  
Falcon 500 Van interior  
optional GS sports steering wheel  
(available at extra cost)

Strengths include sturdy torque-box chassis construction. A floor that's all steel and protected by a heavy duty rubber mat. Seven leaf two-stage suspension. Load rated wheels and tyres. And for superior ride and handling the bulk of Falcon's load weight is distributed forward of the rear axle.

For your protection front wheel power disc brakes are standard. As are inertia-reel seat belts, and a steering column control stalk incorporating turn indicators, lane change warning, hi-lo beam, headlight flasher and horn button.

Illustrated Left:

Headlining

Falcon Utility and Van have a 45/55 load weight distribution for superior ride and handling. You'll appreciate just how important this feature is when you're on the job.

## Falcon Van

Feature for hard-working feature, Falcon Van represents great value for money—on and off the job.

Double opening rear doors complete with dual rear windows open to 90°—with a positive locking stop. And for easy loading on or off a platform they swing open to a full 180°.

More attention than ever before has been focused on interior comfort, finish and features.

The full width bench seat is high-backed and deeply padded, with a centre folding armrest, 'Blendaire' two-speed heater/demister, lockable glovebox, steering column control stalk, and two speed wipers are just a few more items from Falcon Van's not so standard equipment listing.

### *Falcon 500 and Falcon Van common features:*

3.3 litre (200 CID) 6 cyl engine • 3 speed all synchro column change manual transmission • 285.75 mm (11.25") front disc brakes, 254 mm (10") diam, self adjusting rear drum brakes • 7.75 x 14 BSW 4 ply tyres on 6Jx14 "safety rims" (680 kg (15 cwt)) • Inertia reel seat belts • Padded door pull armrests • Lockable glovebox • Steering and ignition lock • 'Blendaire' heater/demister • Rocker-switch type controls • Wrap-around instrument panel • Steering column stalk control for turn indicators, lane-change, hi-lo beam, headlight flasher and horn • Roof insulation • Rear opening doors with panel windows • 680 kg (15 cwt) carrying capacity.

*Falcon 500 standard equipment includes the following additional items:*  
Contoured bucket seats with foldaway centre armrest • Interior courtesy light operated by both doors • Cigarette lighter • Complete headlining in load area • Floor mat in load area • Interior paint in load area.

# Add some dash to your double life

Your business is your business. You know best what you want your Double Life ute or van to do. So Ford gives you a range of options to choose from.

There's a smooth-changing, four-on-the-floor transmission. Your choice of four engines: two big V8's and two smooth sixes. High-intensity, quartz halogen driving lights integrated in the bold grille.

An underbody protection package. A wide choice of colours and interior trims. Air conditioning. Bucket seats. The GS rally pack for Falcon 500 utes and vans that includes bold GS body stripes, comprehensive dashboard instrumentation and a GT bonnet complete with "NASA" air scoops and bonnet locking pins. And your choice of radial ply tyres with the 453 kg

(10 cwt) sedan ride option.

Finally, when you settle on a Falcon utility or van you can be certain that you've put your money on a well built commercial. In fact Falcon's the ideal commercial for you and your Double Life!

Compression	8.8:1	9.1:1	9.4:1	9.1:1

Note: 5.8 litre (351 CID) V8 available 453 kg (10 cwt) Utility only.

**ENGINE FEATURES:** Up to 10,000 kilometre oil changes; 12-volt electrical system; 54 plate 46 amp/hour battery; 35 amp heavy-duty alternator; corrosion resistant muffler.

**CLUTCH:** (Manual Transmission): Diaphragm spring type, single cushion disc, dry plate, hydraulically operated. 3.3 litre (200 CID) and 4.1 litre (250 CID) 6 cylinder engine: Diam. 241 mm (9.5"), Friction area 503 mm<sup>2</sup> (78 in<sup>2</sup>). 4.9 litre (302 CID) 8 cylinder engine and 5.8 litre (351 CID) 2V 8 cylinder engine: Diam. 241 mm (9.5"), Twin Plate. Friction area 1100 mm<sup>2</sup> (170.4 in<sup>2</sup>).

**MANUAL TRANSMISSION:** 3 forward gears all synchro — 1 reverse. Steering column change. Ratios (to 1) 6 cylinder engines: 1st — 2.95, 2nd — 1.69, Top — 1.00, Reverse — 3.67. 8 cylinder engines (all synchromesh): 1st — 2.71, 2nd — 1.69, Top — 1.00, Reverse — 3.37. 4 forward speeds — 1 reverse. Floor change, all synchromesh. Ratio (to 1) 1st — 2.82, 2nd — 1.84, 3rd — 1.32, Top — 1.00, Reverse — 2.56.

**CRUIOMATIC TRANSMISSION:** Three speed automatic with Select-Shift operation to provide both manual and automatic operation. Ratios — Six cylinder: 1st — 2.39, 2nd — 1.45, 3rd — 1.00, Reverse — 2.09. Eight cylinder engine ratios (to 1): 1st — 2.46, 2nd — 1.46, Top — 1.00, Reverse — 2.20.

**REAR AXLE:** Ratios — 3.3 litre (200 CID) 3.50:1, 196.85 mm (7.75") diameter ring gear; 4.1 litre (250 CID) 3.23:1; 4.9 litre (302 CID) 2.92:1, 190.5 mm (7.5") diameter ring gear. 5.8 litre (351 CID) Manual 3.00:1; Cruisomatic 2.75:1 with 228.6 mm (9.0") diameter ring gear.

**FRONT SUSPENSION:** Angle-poised ball-joint type. Heavy-duty coil springs with internally mounted hydraulic double-acting shock absorbers. Torsion bar ride stabilizer.

**REAR SUSPENSION:** Semi-elliptic asymmetrical 2-stage 7-leaf variable rate leaf springs. Diagonally mounted hydraulic double-acting shock absorbers. Rubber bushed shackles. 453 kg (10 cwt) option has 6-leaf springs.

**BRAKES:** Dual line system with inbuilt warning light on instrument panel. Floating caliper-type disc front brakes, turbo cooled and ventilated 285.75 mm (11.25") diam. — non power (power discs optional). Self adjusting hydraulic 254 mm (10") x 44.45 mm (1.75") rear drums with bonded linings.

**STEERING:** Recirculating ball type steering. Gear ratio. Manual 20:1. Also variable ratio power steering optional. Steering wheel 406.4 mm (16") diam.

**WHEELS:** 14" x 6JJ, pressed steel, ventilated disc, safety rims, 5-stud mounting type.
