

# SCORPIO

1998 Edition 1

SCORPIO. INSPIRES THINKING.

Scorpio inspires thoughts of many things. It is probably the most generous and ingenious prestige car on the market today. Scorpio delivers complete, quiet luxury at an affordable price. Leather seats, air conditioning with pollen filter, CD player, and audio remote control located on the steering column, are standard across the range. A thoughtful touch is the automatic volume control which adjusts audio volume according to your road speed to maintain listening pleasure. Driver and front passenger airbags, plus side airbags<sup>†</sup> and remote controlled central, double locking, are also standard. And, to make selection easier, you can choose automatic or manual transmission, saloon or estate, for no extra cost.

<sup>†</sup>Available on models manufactured from Spring 1998

Ghia 2.5 TD Estate

SCORPIO. THE CAR THAT INSPIRES THINKING.

Ultima 2.9i 24V

Ultima 2.9i 24V

For added luxury, all Scorpio models have leather seats.

All Scorpio models feature air conditioning. To enhance comfort on Ultima, Automatic Temperature Control provides independent adjustment for driver and passenger.

Scorpio's audio system remote control on the steering column allows you to adjust audio settings without taking your hand off the steering wheel.

## SCORPIO BODY COLOURS

### Solid colours

### Metallic colours

Tourmallard Green

Charcoal Green

Dark Aubergine

When it comes to reducing stress and increasing your time for quality thought, Scorpio's innovative 'attention-to-detail' features do the thinking for you. For example, on the Ultima, the driver's seat is programmable and automatically adjusts to your preferred position at the push of a button, either in the car or from the key fob; the passenger-side door mirror tilts when reverse gear is engaged, to enable the driver to see the kerb; and the rear-view 'electrochromatic' mirror automatically dims to reduce glare from following headlights. So you can relax, concentrate on your driving and enjoy the power, space and comfort, without distraction. From the supremely smooth 2.3i to the powerful 2.9i 24V Cosworth-developed engine, Scorpio has the power to master any driving condition.

Scorpio Ghia features a single slot CD player, whilst a 6-disc CD autochanger is securely mounted in the boot of both Ghia X and Ultima.

Driver's and front passenger's airbags, plus side airbags\* are standard across the range.

\*Available on models manufactured from Spring 1998.

With the addition of the automatic transmission diesel, Scorpio offers a choice of engines to suit all requirements.

To truly experience Scorpio, you need to do so from the seat of power, behind the wheel, on a test drive. What an inspiring thought!

Figures in L/100 km (mpg) are from officially approved tests under the Passenger Car Fuel Consumption Order 1983 and in accordance with EEC Directive 93/116/EC. The Government fuel consumption test figures shown in the chart do not express or imply any guarantee of the fuel consumption of a car of the class in question. Fuel consumption will be affected by many factors, including driving style, road and traffic conditions and maintenance of the car. \*Computed figures in 4th gear.

**Note:** All vehicles are 5-speed unless Auto stated. Automatic has electronically-controlled sport, economy and Winter modes. All petrol engines are equipped with a Catalytic Converter. All fuel consumption figures are calculated with 215/55 R16 tyres.
