QUEEN'S AWARD FOR EXPORT
ACHIEVEMENT FIVE

If you're searching for true quality in a car, your search is over. The Ford Scorpio is designed to meet your most exacting criteria. Comfort really matters in this car. The quiet luxury of the spacious interior holds many pleasant surprises. Painstakingly equipped, it has an enviably high level of specification. There is much comfort too in the knowledge that the Scorpio has the effortless engine power you would expect from a car of this class. Now CFC-free air conditioning has been added as standard on all Scorpio models, making every journey even more enjoyable.

It's just a driver's seat . . .

... until you relax into it.

It's just ergonomic design . . .

...until you turn the key.

It's just another engine . . .

. . . until you feel the power.

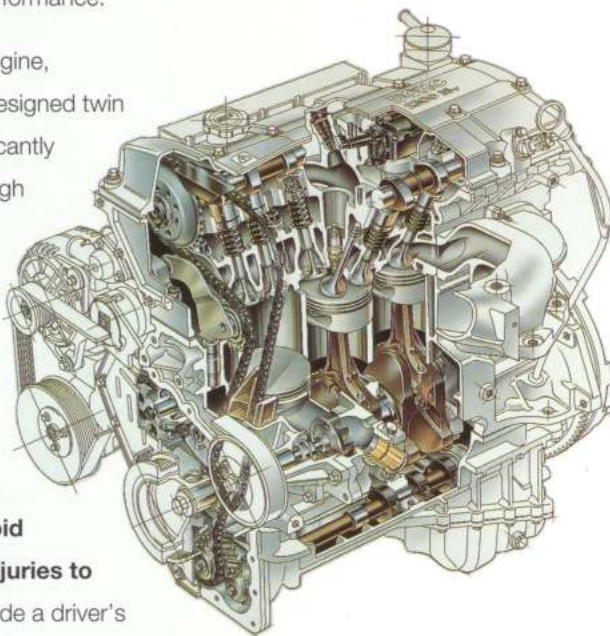

The cornerstone to the Scorpio's power is its range of responsive, silky smooth multi-valve engines, with automatic transmission widely available across the range. Press the accelerator and the microprocessor controlled engine management system ensures you get the maximum efficiency out of your engine. Built to deliver plenty of power and a wide torque band, Scorpio powertrains give you a smooth, effortless performance.

Making its debut in the Scorpio is the powerful new 147 PS 2.3i DOHC engine, available with either automatic or manual transmission. It has a specially designed twin balancer shaft assembly which results in increased smoothness, so significantly reducing noise levels inside the car. The engine's other virtues include a high degree of driveability, relaxed cruising and good mid-range acceleration.

The Scorpio's 2.5 litre intercooled Turbo Diesel engine incorporates many sophisticated features to control emissions and enhance running refinement. For added power and performance, it now produces 125 PS.

As with all Ford vehicles, occupant safety has the highest priority in the Scorpio's design – a product of Ford's Dynamic Safety Engineering (DSE) programme. DSE is designed to help drivers avoid accidents in the first place and to help reduce the risk of serious injuries to occupants in the event of collision. The Scorpio's safety systems include a driver's Airbag which is standard on all Scorpions (front passenger's Airbag is optional). In addition, its body conceals a safety cage and side impact beams.

The Scorpio also boasts some of the industry's most sophisticated security systems, including Ford's Safeguard immobiliser. All cars fitted with Safeguard have their own unique electronic signature making it practically impossible for even the most determined thief to crack it. Easy to use, Safeguard is activated every time the ignition key is removed from the car. This is just one of the factors that helped the Scorpio win a recent 'What Car' award for security.

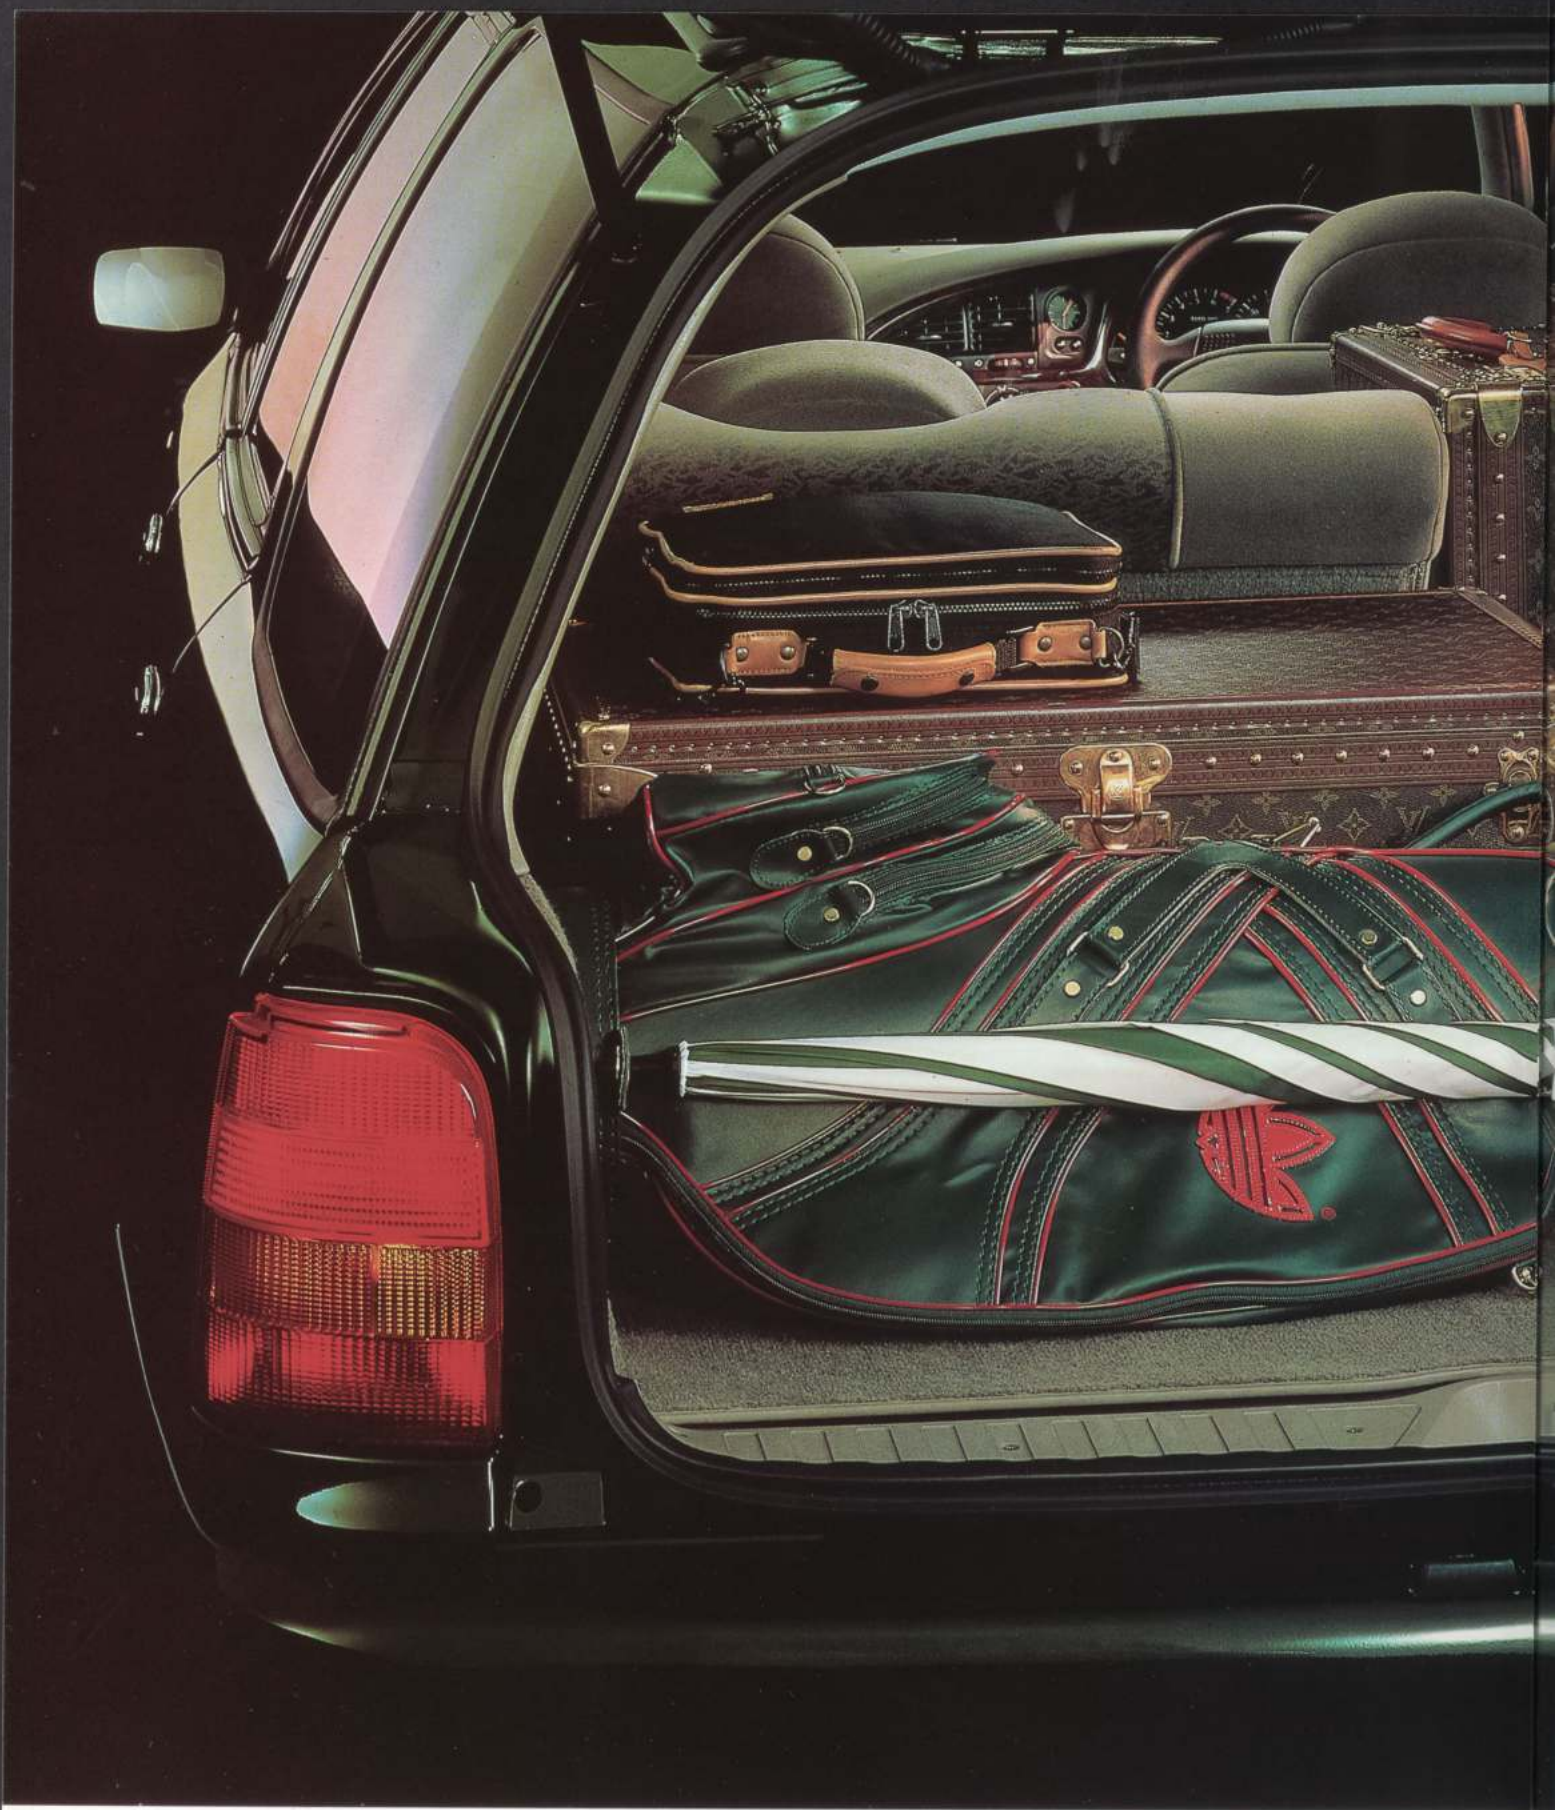

The standard driver's Airbag can be matched by an optional front passenger's Airbag.

It's just space for loading . . .

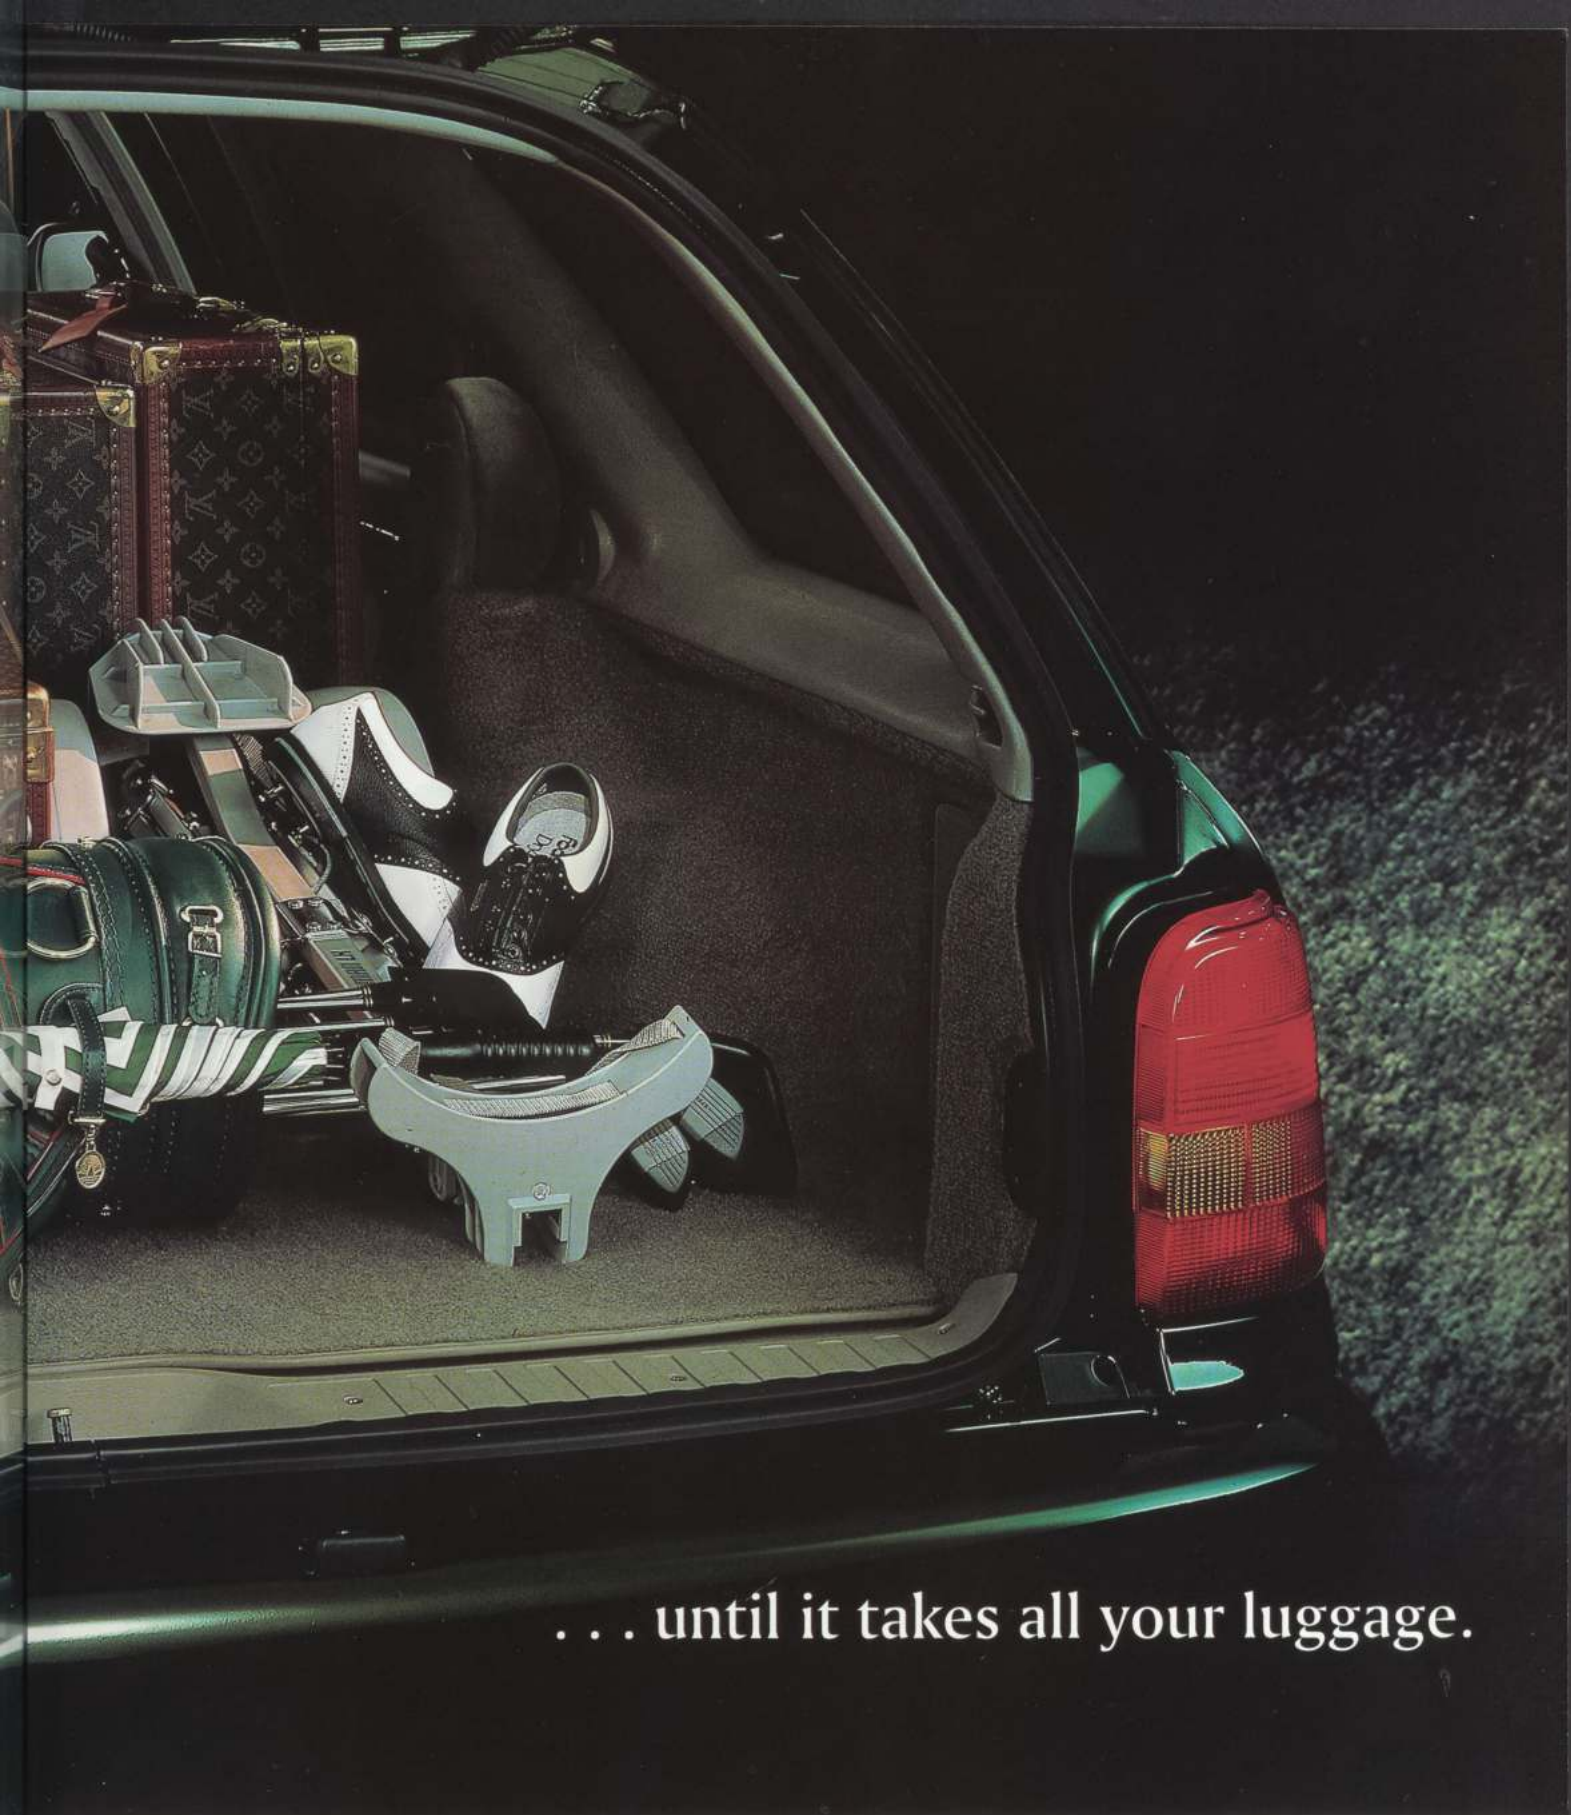

Estate luxury is taken into a new league with the Scorpio range. The beautiful interior boasts a generous 1.6 cubic metres* of luggage space and for added flexibility there's a choice of roof-mounted transportation systems available.

Scorpio estates include all the comfort and features of Scorpio saloons. The additional benefit is that Scorpio estates are even

more versatile with their greatly enhanced capacity for luggage.

For sheer luxury, Scorpio estates are in a class of their own.

*Measured by the VDA method with rear seats folded forward.

... until it takes all your luggage.

The 60:40 split rear seat with flexible carrying capability also folds fully for maximum capacity.

A tonneau cover, standard on all estates, conceals loads from prying eyes. Optional volume sensing alarm is also available.

Scorpio Ghia

An impressive array of thoughtful features makes the Scorpio Ghia an ideal choice for the discerning motorist. With air conditioning now standard, the interior is even more welcoming than before.

*Ghia shown features
optional equipment.*

Scorpio Ghia X

Unmistakably luxurious, the Scorpio Ghia X reveals an interior designed for an enhanced driving experience. It has an abundance of clever features such as the new 6000 series CD radio with automatic volume control. Above all, however, the Ghia X upholds the pleasure principle to the full.

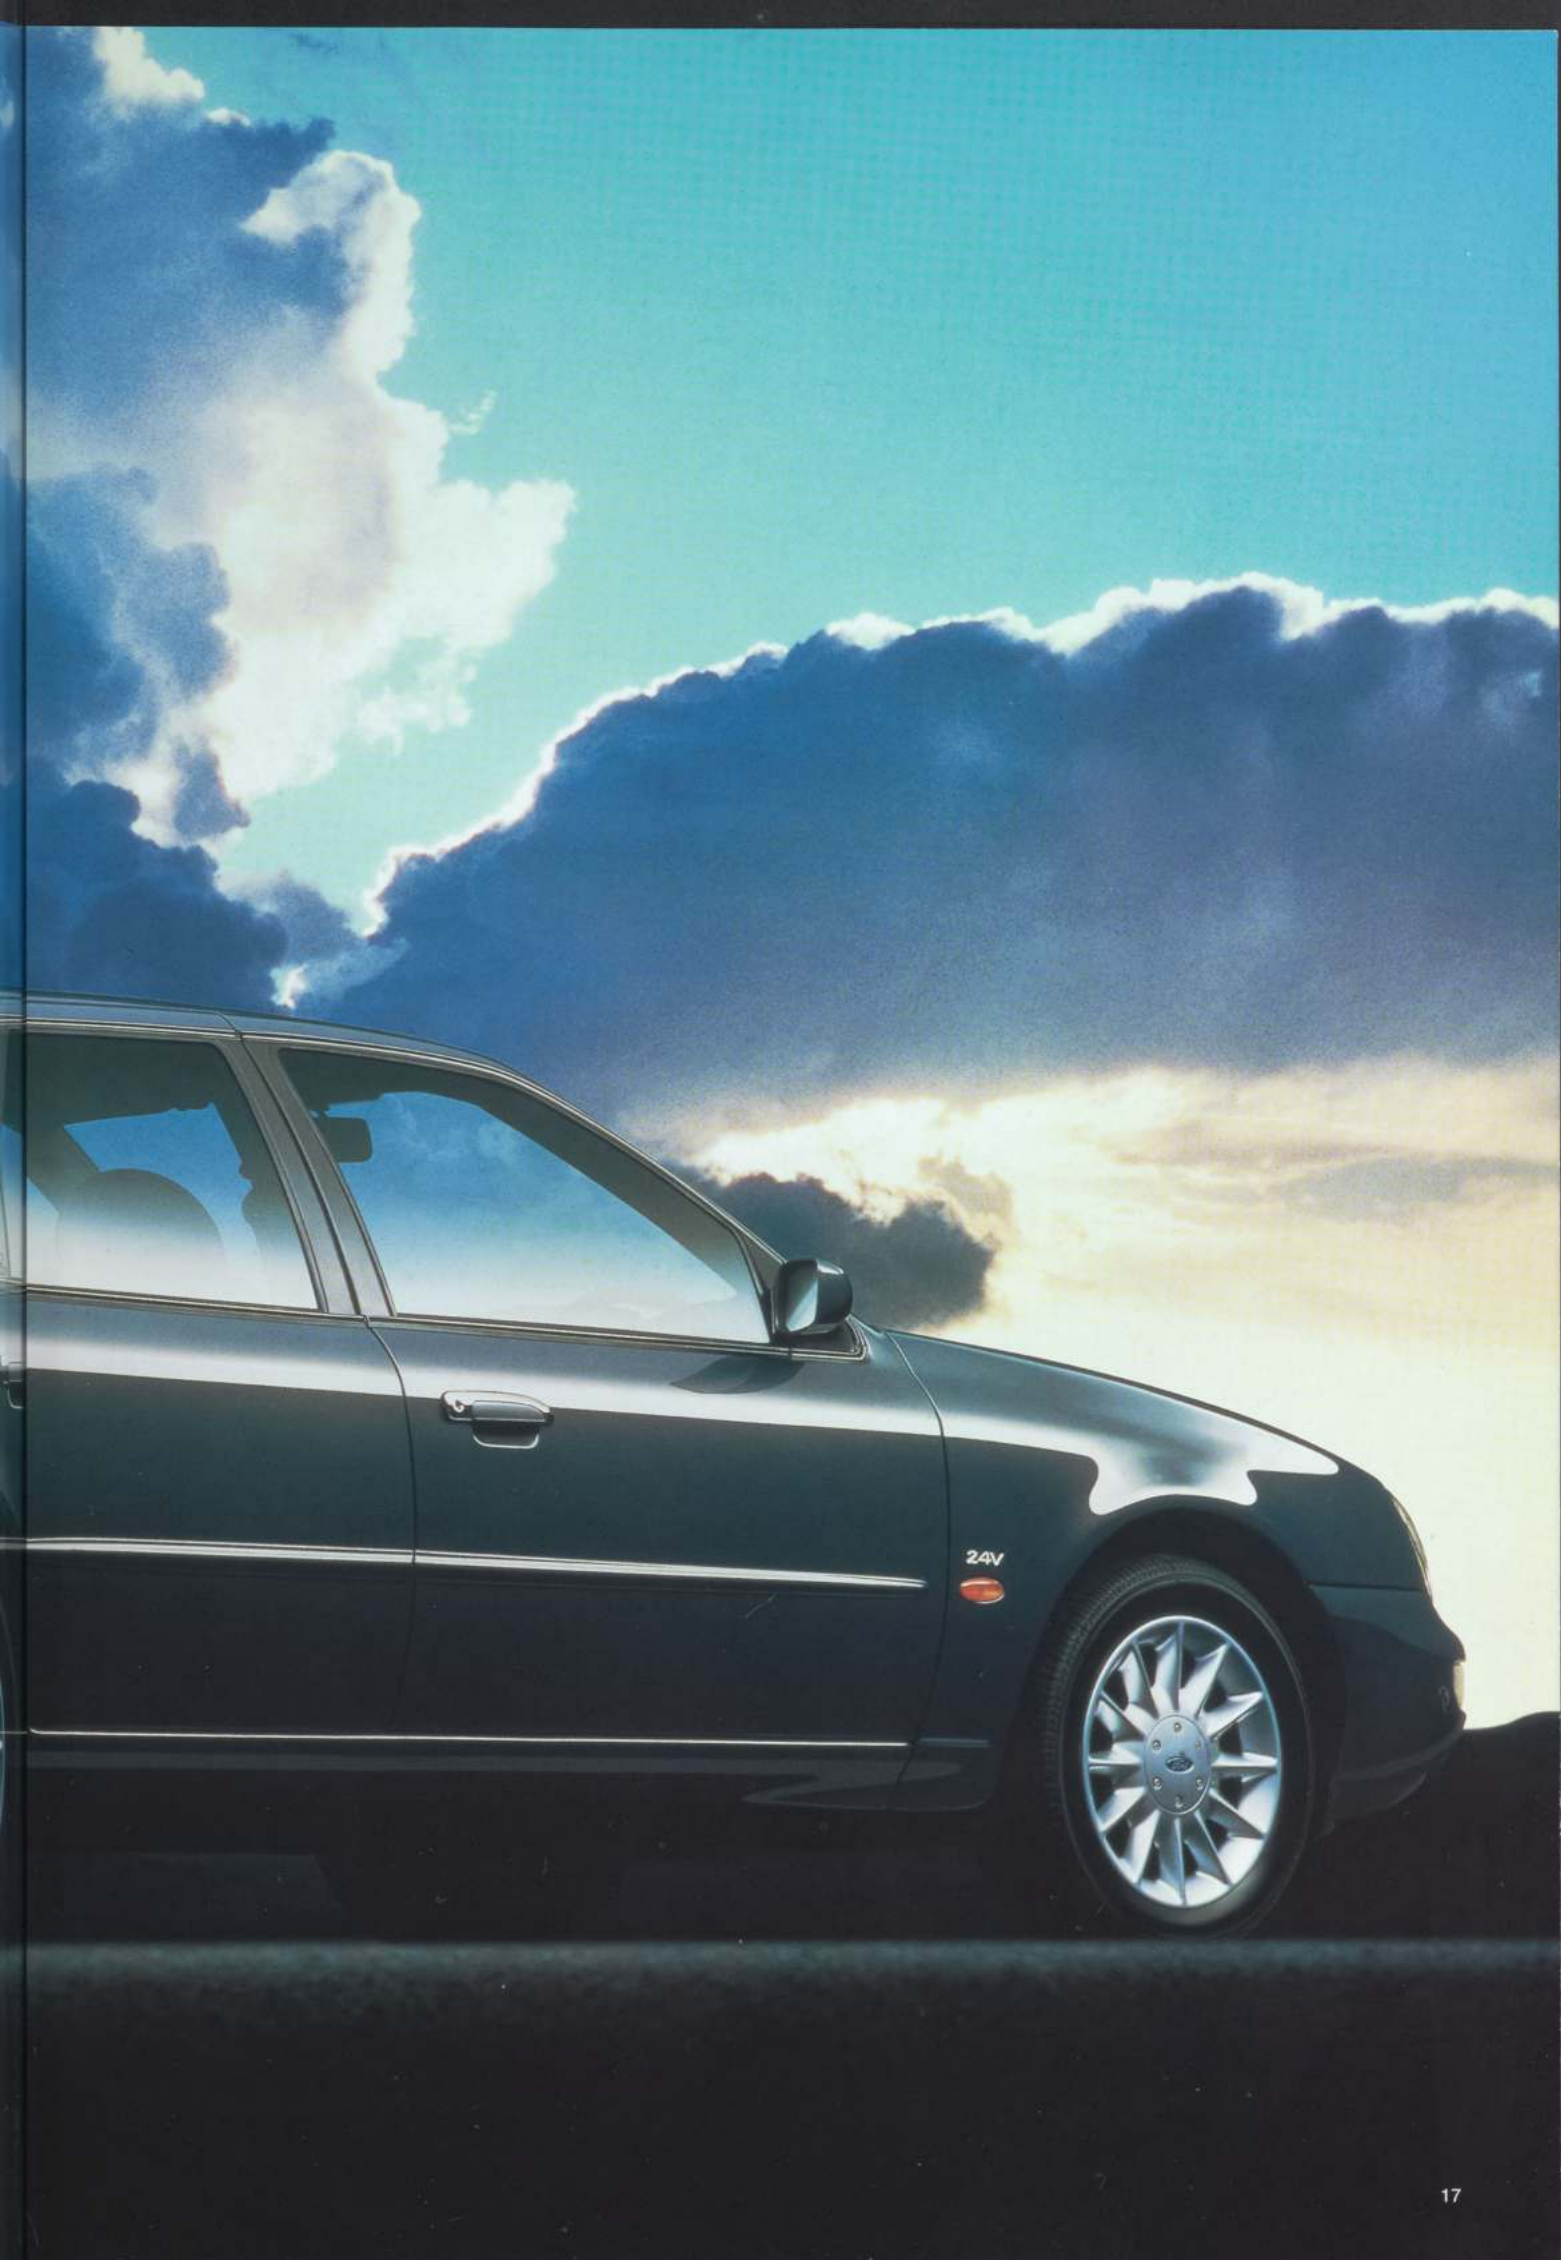

*Ghia X shown
features optional
equipment.*

Scorpio Ultima

The dramatic sweep of the body lines and an elegantly styled interior confirm the Scorpio Ultima as a luxury car of rare distinction. Inside the tranquillity of the cabin an extensive range of features, including fully adjustable electrically-operated heated front seats, CD autochanger and air conditioning with Automatic Temperature Control, balance flair with purpose.

Ford Audio Systems

Ford is one of the largest vehicle audio manufacturers in the world with dedicated research, development and manufacturing facilities in Europe, producing high quality sound systems to suit your needs.

By investing in state of the art electronic testing equipment, Ford can design a sound system specifically to complement each vehicle, ensuring that all its components are precisely matched.

Audio systems equipped with an RDS EON decoder pick up inaudible signals transmitted on the FM waveband to provide station name display, automatic re-tuning and up to the minute traffic information.

Lastly, each audio system has a unique 4 digit Keycode and a removable control panel for additional security.

Upgrade Flexibility

A wide variety of audio options is offered as Dealer or factory fit. This gives you the flexibility to upgrade the standard system in your vehicle. For further details on the Upgrade programme, please consult your Ford Dealer.

The 5000 RDS EON Stereo Radio/Cassette with removable control panel is standard on the Ghia. It is a fully electronic

unit and it includes a wide array of features designed to deliver superb sound reproduction.

The FD 6000 Radio/CD player is available as standard on the Ghia X. Its attributes include automatic volume control along

with a host of other technically advanced features to make the most of in-car entertainment.

The 7000 RDS EON Stereo Radio/Cassette with removable control panel is standard in the Ultima and optional in the Ghia X.

With a powerful 80W audio power, it is an example of modern design and electronic control at its very best.

The 6-disc Autochanger, Model 2060, is standard on the Ultima and optional on the Ghia X. Controlled through a

compatible Radio/Cassette, it is sure to enhance any journey with its clean sound and RDS traffic compatibility.

^{††} Represents the lightest kerbweight assuming full fluid levels and fuel levels, subject to manufacturing tolerances and options, etc., fitted.

Key:

This table shows the availability of engine and gearbox combinations on Scorpio models and their resulting kerbweights.

Note:

All vehicles are 5-speed unless Auto stated. All petrol engines are equipped with a Catalytic Converter.

Towing limits

quoted in this catalogue represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on an 8 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. For further guidance, refer to the National Caravan Council's Towing Code.

Roof rack load

is a maximum of 75kg on all models.

Engine data

	Engine technical features	Maximum power ^a	Maximum torque ^a
2.0 DOHC EFI 8V (Catalyst) 1998 cc	Cylinders – 4 in-line • Fuel injection with EEC-V engine management system • Electronic breakerless ignition	85 kW (115 PS) at 5500 min ⁻¹ (rpm)	167 Nm at 2500 min ⁻¹ (rpm)
2.3 DOHC EFI 16V (Catalyst) 2295 cc	Cylinders – 4 in-line • Fuel injection with EEC-V engine management system • Electronic breakerless ignition	108 kW (147 PS) at 5600 min ⁻¹ (rpm)	202 Nm at 4500 min ⁻¹ (rpm)

Figures in L/100km (mpg) are from officially approved tests under the Passenger Car Fuel Consumption Order 1983 and in accordance with EEC Directive 93/116/EC.

*In 4th Gear

The Government fuel consumption test figures shown in the chart do not express or imply any guarantee of the fuel consumption of a car of the class in question. See back cover.

Note All vehicles are 5-speed unless Auto stated. Only the A4LDE has electronically-controlled sport, economy and winter modes. All petrol engines are equipped with a Catalytic Converter.

Note:

Urban

An engine started from cold in laboratory conditions operated at varying speeds, maximum 31 mph, average 12 mph over a theoretical distance of 4km (2.5 miles).

Extra Urban

Conducted immediately after the urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 75 mph over a distance of 7km (4.3 miles).

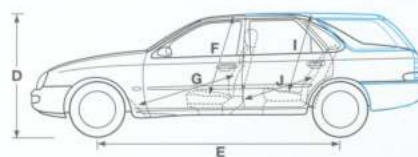

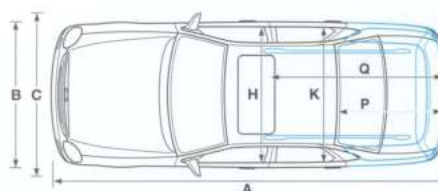

Combined

This is an average of the two parts of the test, weighted by the distances covered in each part.

	Ghia	Ghia X	Ultima
Audio			
Stereo Radio/Cassette – Model 5000 RDS EON, with removable control panel, 'Keycode' anti-theft coding, 4 speakers	■		
Stereo Radio/CD – Model 6000 RDS EON, with removable control panel, 'Keycode' anti-theft coding, 4 speakers		■	
Stereo Radio/Cassette – Model 7000 RDS EON, with removable control panel, 'Keycode' anti-theft coding, 4 speakers and CD Autochanger – Model 2060			■
Remote control column stalk for volume, station, AM/FM and CD	■	■	■
Carpet and Trim			
'Burr walnut' effect facia, gearlever surround and door inserts	■	■	■
Carpet mats – Front		■	■
Door bins – Front, carpet-covered	■	■	■
Lighting			
Courtesy lights – Header-mounted, front and rear door-operated	■	■	■
Courtesy lights – Delayed switch-off		■	■
Courtesy lights – Front and rear footwells			■
Glovebox illumination	■	■	■
Luggage compartment lights	■	■	■
Reading lights – Front and rear		■	■
Instruments and Controls			
Cruise control			■
Fuel computer – Multi-function (petrol only)	■	■	■
Instruments – Speedometer, tachometer, digital odometer, digital trip recorder, fuel gauge, water temperature gauge	■	■	■
Graphic information module – 5-way door ajar, low air temperature	■	■	■
Warning indicators for oil pressure, low fuel, direction indicators, glow plugs-on (diesel only), high beam, ignition/alternator, brake failure, handbrake on, Airbag(s), 'lights on' audible warning, automatic transmission engaged audible warning	■	■	■
Auxiliary warning lights – Low washer fluid, high engine coolant temperature (diesel only)	■	■	■
Illuminated heater controls – 3-speed fan with four pollen-filtered vents, two dedicated side window demists	■	■	■
Rear compartment heating ducts	■	■	■
Steering column – Reach and rake adjustable	■	■	■
Airbag – Driver's	■	■	■
Steering wheel – Leather-trimmed		■	■
Seats and Seat Belts For seat fabric see page 25			
Front seat – Driver's, electric height adjust	■	■	■
Front seat – Driver's, adjustable lumbar support, pneumatic	■	■	
Front seats – Driver's and passenger's electric 10-function seat adjustments: height, reach, cushion tilt, seat back rake, and lumbar adjustment			■
Head restraints – Fully adjustable, front and rear	■	■	■
Rear seat – 60:40 split back, folding centre armrest and, on 4-door only, one-piece forward-tilt seat cushion	■	■	■
Seats – Leather-trimmed, with heated front seats (Ultima Leather models)		■	■
Seat belts – Front, inertia reel, with grabbers and height-adjustable mounts. Two rear inertia reel and one centre lap static	■	■	■
Comfort and Convenience			
Accessory socket/cigar lighter, front and rear	■	■	■
Air-conditioning – CFC-free	■	■	
Air-conditioning – CFC-free with Automatic Temperature Control			■
Centre console and storage box with padded lid, cassette and CD storage, coin slots and trinket tray	■	■	■
Clock – Analogue quartz	■	■	■
'Electrochromatic' rear view mirror (self-dimming)		■	■
Storage – Driver's tipping coin box,	■	■	■
Personalised entry – Driver's electric seat and door mirror memory – 3 programmes		■	■
Sunroof – Electrically-operated tilt/slide screened glass with louvred blind		■	■
Windows – Front, one-shot lowering on driver's and front passenger's sides.	■	■	■
One shot closing and 'bounce back' facility on driver's side		■	■
Windows – Front and rear, electrically-operated	■	■	■

Cruise control for a relaxing drive is standard on the Ultima and optional on the Ghia and Ghia X.

A CFC-free air conditioning system, with pollen filter helps to keep the interior pleasantly cool. For an even more cosseted existence, Automatic Temperature Control is included on the Ultima.

Audio system remote control on the steering column allows drivers to adjust the sound, whilst keeping their eyes on the road.

[®] Subject to status and the signing of a 12 month airtime contract. The contract may be terminated by giving 30 days written notice after the end of the 12 month period. Available in conjunction with the purchase in the UK of a new Ford vehicle (excluding the Channel Islands and Isle of Man, named daily rental companies (Avis, Hertz, Budget, Eurocar, Euro Dollar, Flightform, Thrifty and their licensees/agents and Daily Rental), Ford and Dealer demonstrator programme vehicles, FRCS/Service rental vehicles, direct service vehicles).

* Note: A rear-facing child seat should never be placed in the front passenger seat if the Ford vehicle is equipped with either a standard or optional front passenger Airbag.

EXTRA
COVER

Maintenance Plans

Your Ford Dealer can advise you on extended warranties. Extra Cover, the optional extended warranty from Ford can also incorporate Service Cover which allows you to add routine servicing or full maintenance cover to your plan.

Petrol and diesel models

24 Months/18,000 miles
24 Months/24,000 miles
24 Months/36,000 miles
24 Months/unlimited miles*
36 Months/24,000 miles
36 Months/36,000 miles
36 Months/60,000 miles

* 80,000 miles for Service Cover contracts

Note:

- All Extra Cover plans begin from the New Vehicle Warranty commencement date, irrespective of the Extra Cover sale date, and continue until the completion of the time and mileage allowance, whichever occurs first.
- Extra Cover can be purchased within 12 months of the New Vehicle Warranty commencement date.
- Service Cover can only be purchased within 2 months of the New Vehicle Warranty commencement date.

A very useful optional feature is the concealed high pressure telescopic jet wash system which sprays the headlights to keep them clean for optimum performance.

Ford and Ford Credit Services

We have established a dedicated range of services that meets the needs of both business and private motorists. Each service has been specifically tailored to provide you with expert help and advice. So, whether you're in the process of buying a new car, acquiring parts and accessories or simply organising a routine service, you'll find our network of over 1000 Dealerships are there to make your life easier.

**EXTRA
COVER**

Ford Aftercare Services

Every new Ford car is covered by a 12 month, unlimited mileage Warranty. This can be further enhanced for one or two years by Ford Extra Cover – the Ford optional extended Warranty plan.

The bodywork of all Ford cars is covered against corrosion for 12 months and against perforation caused by faulty manufacture or materials for six years.

The Ford Commitment

Ford Commitment gives you complete protection for your new vehicle and is valid for 12 months from the date of registration.

The benefits include a replacement or refund scheme, 24 hour RAC UK and European Roadside Assistance and the Ford Customer Assistance Centre Helpline.

For terms and conditions of this scheme please **call The Ford Scorpio Information Service** or contact your Ford Dealer.

Customer Order Price Protection Plan

The price on your order is guaranteed for 3 months from the date of your order.

Rapid Fit

Rapid Fit offers you the convenience of a "no-appointment necessary, while-you-wait" service for routine maintenance work.

Tax Free Sales

Most cars in the Ford range are available for Tax Free Personal Export.

Options

Ford Credit

Ford Credit finances every second new Ford car sold in Britain.

Options

Options is an innovative way for customers to drive a new Ford more often for less than you thought possible.

Ford Acumen

Ford Acumen Personal Leasing Plan is the intelligent way to drive a new Ford more often. An innovative personal leasing plan provides you with a way to drive a new Ford every two years (subject to status).

Ford
Contract
Motoring

Ford Contract Motoring

Combining the benefits of contract hire with a national service network.

MotorQuote

Ford MotorQuote

MotorQuote car insurance service offers Ford customers a guaranteed quotation at an affordable price.

Value Guaranteed Insurance

Value Guaranteed Insurance (VGI) is a new insurance product from Ford Credit which gives motorists added protection.

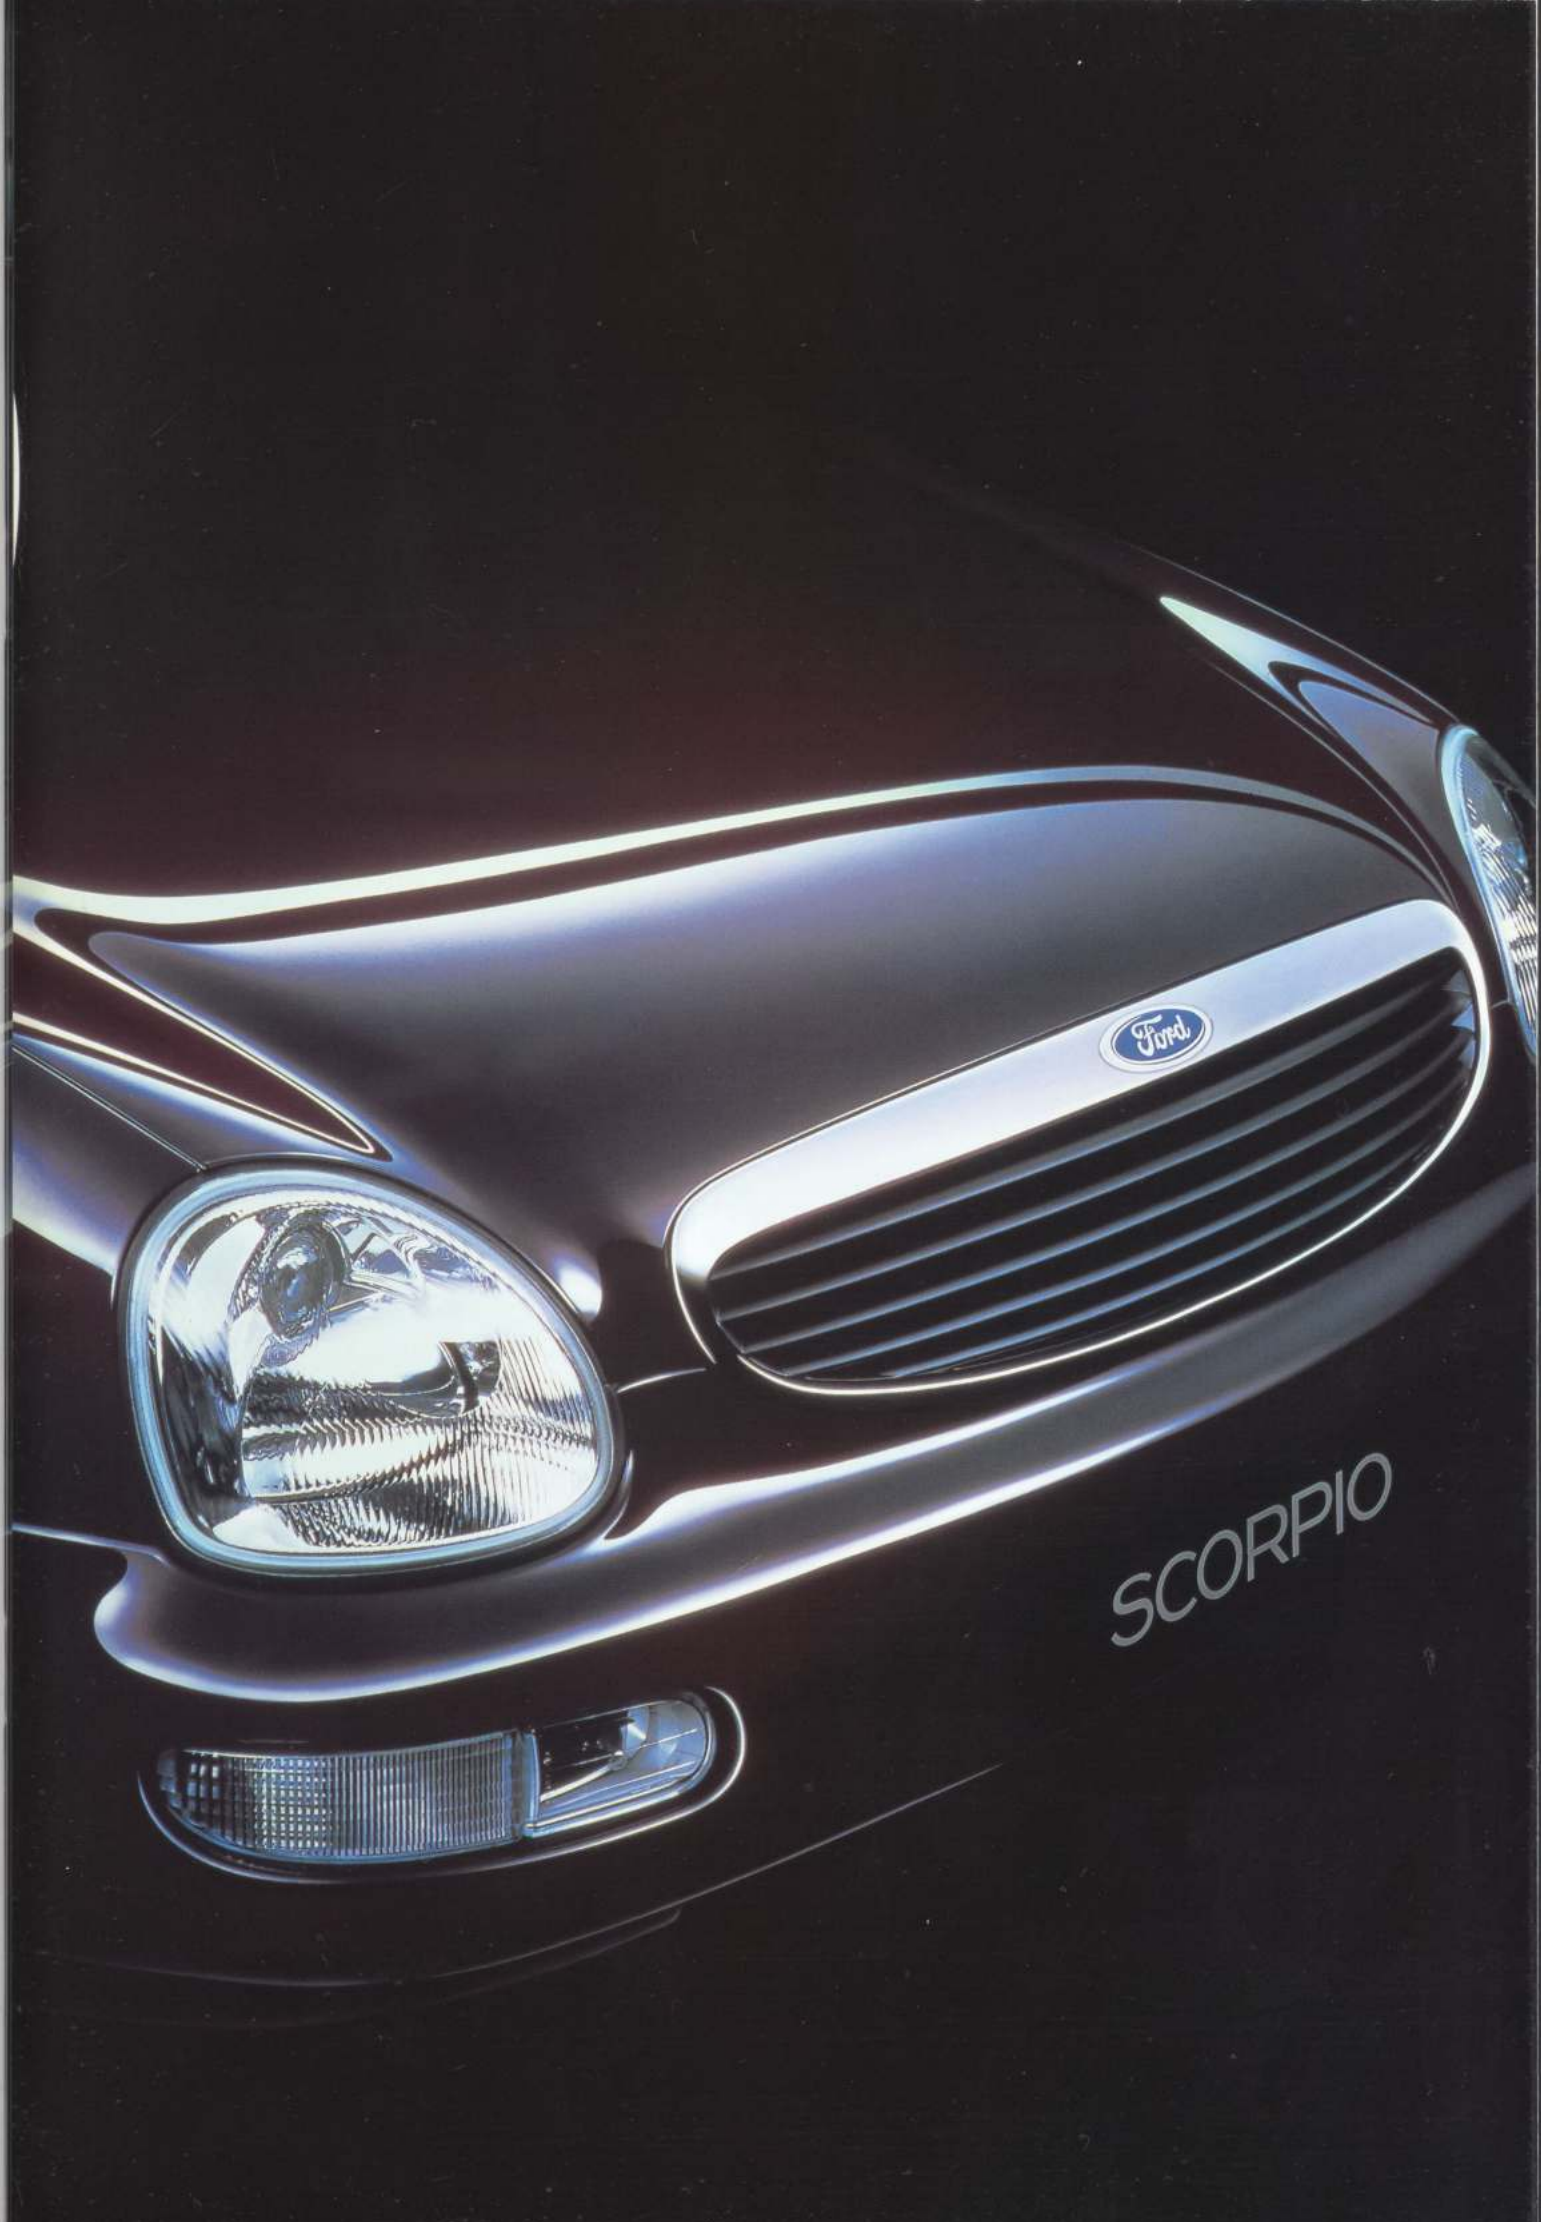

Motability

Ford is fully committed to the needs of the disabled, and their carers, through the Motability programme.

Call The Ford Scorpio Information Service on 0345 287 287

There are terms and conditions applicable to all these programmes. For further details, clarification or copies of literature available please call the above telephone number.

Finance is provided subject to status to over 18s only. Written quotations are available on request from Ford Credit Europe plc, PO Box 46, Brentwood, Essex, CM13 3AR. Guarantees and Indemnities may be required. Certain categories of business user do not qualify for the Options or Ford Acumen plan.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption.

Insurance Groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer.

Optional Equipment. Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary.
