What you've been waiting for...

All the style of a Ka, with a little more oomph!

## Ford Sportka

The most original car on the streets just got better. Based on the iconic design that makes the Ka so distinctive, the new Sportka keeps the sleek lines and unmistakable curves... and adds a little more oomph! If you liked the original, you'll love Sportka.

With a zesty 1.6L engine under the bonnet, sports-tuned suspension, sleek alloys, flared wheel arches and a rear spoiler – Sportka defines the next generation of cool hatchbacks. From your first time behind the wheel, you'll feel the difference: a blend of reassuring power and intuitive handling that makes light work of any journey. Beauty and the beast? This is both.

### More powerful 1.6L engine

Punchy performer. 95 PS power for rapid response. Alloy-effect gearshift. Hit the fun button.

### Spirited suspension

Sporty dynamics. Modified dampers and springs. Agile ride. Nice mover.

### Bigger and wider low-profile alloys

16" alloys. Sexy spokes. Wider tyres. More rubber on the road. Gripping stuff.

### Wider track

Bigger footprint. Sharper handling. Rides on rails. Looks the business.

### Distinctive styling

Sits lower. Sculpted bumpers. Flared wheel arches. Slick spoiler.

### Lighting the way

Central reversing light. Front fog lights. Cuts through the night.

### Dressed to impress

Optional sports-styled leather seats with colour-coded stitching (matching the door panels). Alloy-effect on steering wheel and air vents. Black floor mats with Sportka logo. Looks the business.

### No messing around

Remote central locking and alarm as standard.
