

# 2007 F-650/F-750 SUPER DUTY®

## OUTSTANDING SPECS

### 3 ENGINE FAMILIES

- CUMMINS® 5.9L TURBO DIESEL
- CATERPILLAR® 7.2L TURBO DIESEL
- POWER STROKE® 6.0L V8 TURBO DIESEL

### 21 HP/TORQUE RATINGS

- TOPPING OUT AT 300 HP AND 860 LB.-FT. OF TORQUE

### 8 ALLISON® AUTOMATIC TRANSMISSIONS

### 7 MANUAL TRANSMISSIONS

- FULLER® – 5
- SPICER® – 2

### 14 FUEL-CAPACITY OFFERINGS

#### FRAME CHOICES

- MAX. RBM – 3,580,800 IN.-LBS.
- MAX. WHEELBASE UP TO 281"

#### AXLE CHOICES

- MAX. FRONT RATING – 13,200 LBS.
- MAX. REAR RATING – 23,000 LBS.

#### CAB CHOICES

- REGULAR CAB
- SUPERCAB
- CREW CAB

## 21 HP/TORQUE RATINGS

- Topping out at 300 hp and 860 lb.-ft. of torque

## 8 ALLISON® AUTOMATIC TRANSMISSIONS

## 7 MANUAL TRANSMISSIONS

- Fuller® – 5
- Spicer® – 2

## 14 FUEL-CAPACITY OFFERINGS

## FRAME CHOICES

- Max. RBM – 3,580,800 in.-lbs.
- Max. wheelbase up to 281"

## AXLE CHOICES

- Max. front rating – 13,200 lbs.
- Max. rear rating – 23,000 lbs.

## CAB CHOICES

- Regular Cab
- SuperCab
- Crew Cab

## READY FOR ACTIVE DUTY

Their capability and reliability are defined by 3 words: Built Ford Tough. With GVWRs from 20,500 to 33,000 lbs., their rugged engines, transmissions, axles, frames and suspensions deliver outstanding hauling and towing strength, year after year. Ford uses continuous improvement to refine design and assembly, and medium-duty truck buyers rewarded our hard work with increased sales of 10.7% over the previous calendar year. A New Truck Limited Warranty provides 5-year/unlimited-mile protection on frame rails, and 2 years/unlimited mileage on select cab, chassis and engine choices.\* There's even a Ford Extended Service Plan available to provide coverage during the long service life for which Ford Trucks are legendary. When the toughest jobs call, these big guns answer.

\*See your dealer for details.

Regular Cab

SuperCab

Crew Cab

## MANAGE TIGHT SPACES

**LOW-PROFILE CAB** — Our top-of-frame to top-of-cab height is up to 12.4" shorter than the competition's, giving you more versatility when lower clearance or CG is needed. In fact, our overall ground to top-of-cab clearance is as low as 88.3" on Regular Cab.\*

\*88.3" overall height available on F-650 Super Duty® Pro Loader® Regular Cab only.

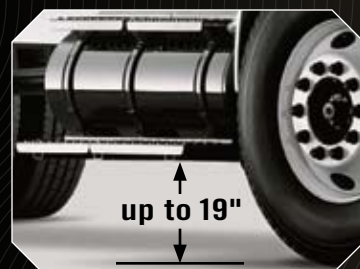

F-650 Super Duty Dock-Height XLT SuperCab in Oxford White

# YOU EXPECT MORE SO WE DELIVER

To keep up with the demands of your business, the Ford F-650/F-750 lineup is on a continuous improvement program. It's resulted in an available clean CA (cab-to-axle) length, both across the top and down the sides, for easy upfitting. We're always looking for ways to enhance strength and long-term durability. And a super-size order guide includes frame offerings, axle and suspension ratings, exhaust system and fuel tank combinations that serve a huge range of businesses and vocations. There's nothing wrong with expecting more unless you can't get it. When you check out the Ford F-650/F-750 line, you won't be disappointed.

## BUILT TO SUIT, BUILT TO LAST

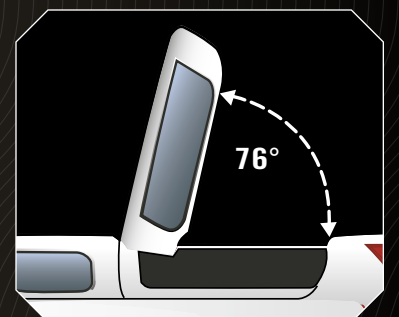

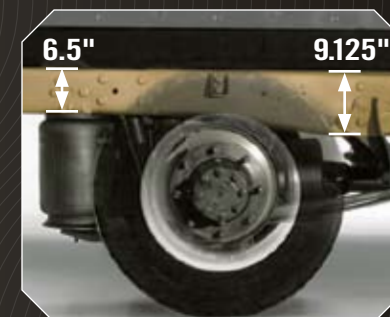

Sometimes the biggest hazards to your truck are those found on-site. Our available **13" SHALLOW TANKS\*\*** can help you clear those on-the-job obstacles. We also offer a range of available tank capacities, everything from **35 GALLONS** all the way up to dual tanks with **A COMBINED 160-GALLON CAPACITY**. And no matter what combination you choose, you'll enjoy the stability of full-size cab steps.

\*\*Deep tank shown.

Vehicle downtime is more than an inconvenience — it's a loss of income. So to help ensure durability and reliability of all F-650/F-750 components, rigorous testing simulates **OVER 150,000 REAL-LIFE MILES**. From pothole-test tolerance (suspension-rattling depths of up to 4.5") to hill-climbing ability (up and down a 30% grade), the aim of these grueling torture tests is simple: to deliver one seriously **LONG-LASTING WORK TRUCK**.

Thanks to the low 32.5" ground to top-of-frame height, the **F-650 Pro Loader® WITH AVAILABLE KICK-UP FRAME** is ideally suited for pickup and delivery applications that require a low and flat loadfloor with no interior encroachment. Up front, entry and exit into every cab style is easy, thanks to doors that open a full 60°. On 4-door Crew Cabs, **76° REAR DOOR OPENINGS** help make quick work of loading big gear or extra passengers.

## IT'S SO EASY

[www.commtruck.ford.com](http://www.commtruck.ford.com)

Capable

F-650 Super Duty® XLT Crew Cab with Flint Grey interior, available Leather Trim Package, 40/0/40 front captain's chairs, full-size rear vinyl bench and optional equipment

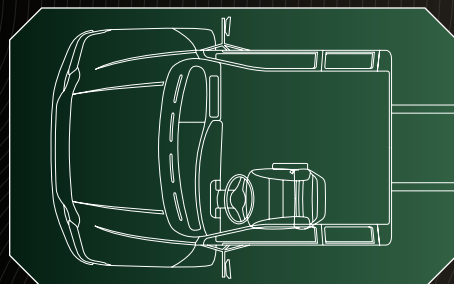

# IT SURE DOESN'T FEEL LIKE WORK

People work better when they're comfortable. So every F-650/F-750 gets standard air conditioning, plus lots of other comforts. You can choose vinyl-, cloth- or leather-trimmed seats, and optional dual front captain's chairs with a center console big enough for a laptop. Or specify the 3-across front seat and 3-passenger rear bench to take the whole crew. Then add power windows and locks for extra convenience. But do you really need that available 6-disc in-dash CD changer? Sure you do.

XL SuperCab with available cloth interior, Air-Ride driver's seat and 2-person intermediate-back folding front-passenger seat

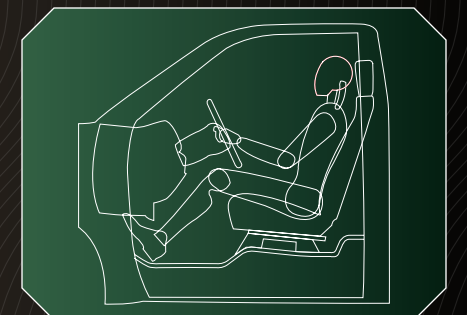

## CUSTOMIZE IT

With available **FRONT- AND/OR REAR-PASSENGER SEAT DELETES** (shown at left in SuperCab), cargo room can be as large as you need it in Ford F-650/F-750 Super Duty SuperCab or Crew Cab. Need room for a passenger and cargo? Then delete the rear bench, but keep the front-passenger seat. In fact, with all the various seating configurations, you can design your interior to match your unique business application. So don't settle for seating that isn't quite right. Customize it to your needs.

## THE COMFORT ZONE

Thanks to its **OUTSTANDING DRIVING POSITION** and standard tilt steering column, you'll feel at ease behind the wheel of a Ford F-650/F-750. Since our engines don't intrude into the cabin, we're able to provide a natural driver's position. And with the available **AIR-RIDE SEAT**, both driver and front passenger can find their optimal fit, thanks to an air-activated suspension system, lumbar support and seat cushion (front tilt and length).

Comfortable

# CHOW TIME FOR THE POWER HUNGRY

The F-650/F-750 line has enough horsepower and torque to fill just about anybody's plate. Altogether, 3 different diesel engine families boast 21 available ratings, including a mighty 860 lb.-ft. of torque and a rousing 300 hp. Choose from 8 different Allison® automatic transmissions, and 7 manual options from Fuller® and Spicer®. With all the power available on this menu, you're sure to drive away satisfied.

## FEATURES & OPTIONS

F-650 Pro Loader®				
F-650*				
F-750				
F-750 S				
FRAME				
—	—	—	○	Frame extension, front — Bolt-on; 20" in front of grille
—	○	○	—	Frame extension, front — Integral-type; 20" in front of grille, without crossmember
AXLE & SUSPENSION — FRONT				
○	○	○	○	Auxiliary springs — Rubber
○	○	○	○	Axle lube — EmGard 50W synthetic oil
●	●	●	●	Shock absorbers — Double-acting
●	●	●	●	Wheel seals — Stemco Guardian with mineral oil-lubricated wheel bearings
AXLE & SUSPENSION — REAR				
○	○	○	○	Air suspension (requires air brakes or compressor)
—	○	●	●	Air suspension leveling valve — Dual height
○	○	○	○	Air suspension dump valve
○	○	○	○	Axle lube — EmGard 75W-90 synthetic oil
●	●	●	●	Multi-leafsprings — Vari-rate suspension
●	●	●	●	Shock absorbers (included with air suspension)
●	●	●	●	Wheel seals — Stemco Guardian with mineral oil-lubricated wheel bearings
BRAKES & BRAKE EQUIPMENT				
●	●	●	●	ABS — 4-channel Anti-lock Brake System
○	○	○	○	Airbrake with traction control — Automatic
○	○	○	●	Air brake system — Straight truck use only
—	○	○	○	Air brake system — Tractor use only (Regular Cab and SuperCab only)
○	○	○	○	Aircompressor (Bendix Tu-Flow 550, 13.2-CFM capacity with Caterpillar® or Power Stroke® engines)
○	○	○	—	Aircompressor (Cummins® 15.2-CFM capacity with Cummins engines)
○	○	○	○	Air dryer (Bendix AD/IP) with heater — Mounted inside left frame rail, back of cab
○	○	○	○	Air dryer (Bendix AD/IP) with heater — Mounted to battery box, left side, under cab
○	○	○	○	Air tank location — Optional (refer to Body-Builders Layout Book for location)
○	○	○	○	Drain valve (1) — Automatic (Bendix DV-2) with heater
●	●	●	—	Hydraulic booster
●	●	●	—	Parking brake control
○	○	○	○	Power parking brake — For hydraulic brake chassis with air source
—	—	○	○	Special GAWR — Provides rear tractor brake rating equal to axle rating up to 23,000 lbs. for single axles (required with tractor air brake system)
TRAILER CONNECTIONS				
○	○	○	○	Trailer Air Brake Package — 4-wheel
○	○	○	○	Trailer connection socket — 7-way
FUEL TANKS				
●	●	●	●	Steel — Shallow (13" deep)
—	○	○	○	Steel — Deep (16" deep)

● Standard   ● Select Availability   ○ Optional   — Not Available

\*Badged as Pro Loader when equipped with 19.5" wheels. \*\*Excludes F-750 S. †Always wear your safety belt.

F-750 S				
ENGINE EQUIPMENT				
●	●	●	●	Air cleaner — Donaldson® with restriction gauge
○	○	○	○	Engine block heater
●	●	●	●	Engineexhaust brake — Jacobs (for Cummins ISB or Caterpillar engines)
○	○	○	—	Engine exhaust brake — Cummins VGT (Cummins ISB 245 hp-275 hp only)
●	●	●	●	Fan clutch — BorgWarner
○	○	○	○	Fuel tanks — Dual with transfer pump
●	●	●	—	Fuel/water separator — Racor,® electric, heated
—	—	—	●	Fuel/water separator — Racor, non-heated
○	○	○	○	Fuel/water separator — Racor, electric, heated (Caterpillar)
○	○	○	●	PowerTakeOff Provision (PTO) — Front-mounted, crankshaft-driven
●	●	●	—	Radiator — 516-sq.-in. cross-flow, aluminum, 2-row, series system
○	○	○	●	Radiator with fixed grille — 646-sq.-in. cross-flow, aluminum, 2-row, series system, with 609-sq.-in. charge air cooler
●	●	●	●	Starting motor — 12-volt
○	○	○	—	Starting motor — Leece-Neville M100R (Cummins ISB engines only)
○	○	○	○	Starting motor — Delco 12-volt, 41 MT type 400
DRIVELINES & CLUTCHES				
○	○	○	○	Clutch — Fuller® 14," single-plate, adjustment-free
○	○	○	○	Clutch — Fuller 14," 2-plate, adjustment-free
●	●	●	—	Driveline — Spicer® SPL90
○	○	○	●	Driveline — Spicer 1710
○	○	○	○	Driveline — Spicer SPL140
○	○	○	○	Synthetic transmission oil — EmGard 50W for manual transmissions
○	○	○	○	Synthetictransmission oil — Castrol Transynd for Allison® automatic transmissions
EXHAUST				
●	●	●	●	Singlehorizontal muffler, short tailpipe, aluminized steel; frame-mounted, right side (for Cummins ISB or Caterpillar engines)
○	○	○	—	Singlehorizontal muffler, short tailpipe (for PowerStroke engines only)
—	○	○	—	Singlehorizontal muffler, short tailpipe, left side (for Cummins ISB or Caterpillar engines)
○	○	○	○	Single horizontal muffler, vertical bright-finish tailpipe
○	○	○	○	Single horizontal muffler, vertical non-bright-finish tailpipe
○	○	○	○	Rain cap, non-bright-finish — For single vertical exhaust
ELECTRICAL				
●	●	●	●	Alternator — 130-amp Leece-Neville
○	○	○	○	Alternators — 100- to 270-amp range
○	○	○	○	Backup alarm — Electric, 102 decibels
●	●	●	●	Batteries — 625 CCA (2 for a total of 1250 CCA)
○	○	○	○	Batteries — 900 CCA (2 for a total of 1800 CCA)
○	○	○	○	Batteries — 625 CCA (3 for a total of 1875 CCA)
○	○	○	○	Batteries — 900 CCA (3 for a total of 2700 CCA)
●	●	●	●	Battery box — LH forward, under cab
●	●	●	●	Body-builder wiring — At back of cab at frame
—	○	○	—	Body-builder special beverage wiring harness
○	—	○	○	Body-builder wiring — To end of frame
○	○	○	○	Daytime running lamps
●	●	●	●	Electrical system — 12-volt
●	●	●	●	Emergency flashers
●	●	●	●	Fuses — SAE blade-type
●	●	●	●	Headlamps— Rectangular halogen sealed-beam (includes front side marker lamps with reflectors)
○	○	○	○	Jump-start stud — Remote-mounted
○	○	○	○	Roof marker/clearance lights delete
—	○	○	○	Stop, turn, tail and backup lights
●	●	●	●	Taillights— 2 with integral stop, turn, backup and license plate
○	○	○	○	Taillights — Delete
○	○	○	○	Turn-signal lamps — Fender-mounted, front- and rear-facing

†NOTE: Due to industry-wide tire availability shortages, tire substitutions may be required at time of vehicle production.

## BUSINESS PREFERRED NETWORK

Each of the select dealerships in our Business Preferred Network (BPN) is committed to providing quality commercial-oriented products, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a BPN customer, your business vehicles receive priority service at your BPN dealership, to help get your vehicle back on the road quickly.

## FINANCIAL SERVICES

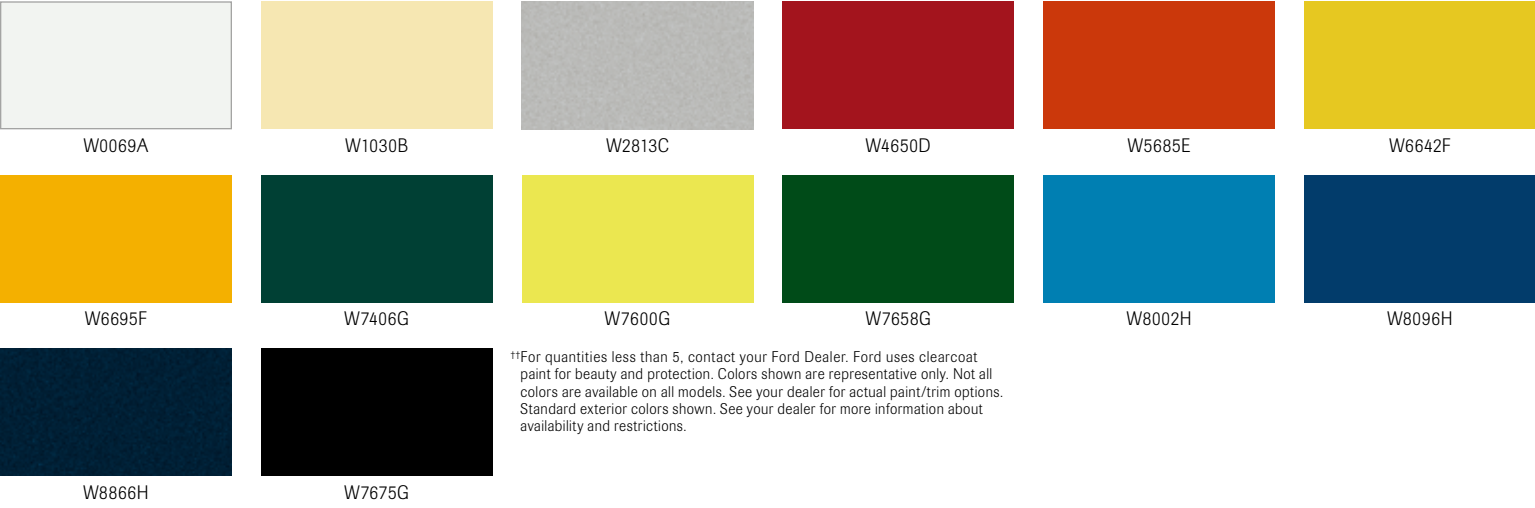

Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommercialLease<sup>SM</sup> programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at [www.fordcredit.com/comlend/](http://www.fordcredit.com/comlend/).

## EXTERIORS

## SPECIAL EXTERIORS (for orders of 5 or more)<sup>††</sup>

<sup>††</sup>For quantities less than 5, contact your Ford Dealer. Ford uses clearcoat paint for beauty and protection. Colors shown are representative only. Not all colors are available on all models. See your dealer for actual paint/trim options. Standard exterior colors shown. See your dealer for more information about availability and restrictions.

**F-650/F-750 Super Duty New Truck Limited Warranty**  
Provides 2-year/unlimited-mile coverage on cab/chassis and 6.0L Power Stroke® Turbo Diesel, and 5-year/unlimited-mile coverage on frame rails. Ask your Ford Commercial Truck Dealer for complete details.

**Other Limited Warranties**  
Caterpillar®, Cummins®, and Allison® offer limited warranties on their components. See your Ford Commercial Truck Dealer for complete details on these and other limited warranties.

For a purchase or lease, the Ford **Extended Service Plan** (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP, the only service contract backed exclusively by Ford and honored at all Ford dealerships.
