

2013 **TRANSIT CONNECT**

Works hard to help your business thrive.

You've launched out on your own. Now you need a partner that works as hard as you do. The 2013 Ford Transit Connect, quite possibly the ideal commercial vehicle, combines manoeuvrability and efficiency with cargo space and durability. It's also Built Ford Tough,[®] with a payload rating of up to 721 kg (1,589 lbs.),² cargo space of up to 3,670 L (129.6 cu. ft.) when properly equipped, and best-in-class fuel efficiency of 7.4L/100 km hwy.¹ Right-sized and purpose-built, Transit Connect works hard, parks easily and goes a long way. And it does it all while conveying a professional image for you and your business. Day in and day out. Get ready to go further in a 2013 Ford Transit Connect.

XLT Van. Frozen White. Available equipment.

¹Class is Large Vans. 9.5L/100 km city and 7.4L/100 km hwy (30 mpg city/38 hwy) for Wagon, 9.9L/100 km city and 7.4L/100 km hwy (29 mpg city/38 hwy) for Van. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption will vary. ²When properly equipped. Van GVWR is 2,270 kg (5,005 lbs). Load rating represents maximum allowable weight of people, cargo and body equipment combined, and is reduced by the weight of the optional equipment. Vehicles throughout this PDF may be shown with optional and aftermarket upfit equipment.

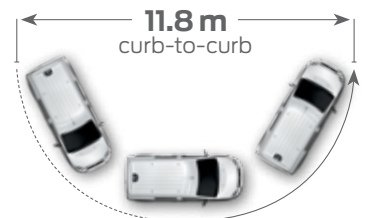

2013 **TRANSIT CONNECT**
ford.ca

Fits perfectly into your daily routine.

Loading and unloading cargo, manoeuvring through heavy traffic, and even parallel parking are no problem with Ford Transit Connect. Designed with a low load height (under 2'), it makes getting things in and out as simple as possible. And, at just under 2.1 m (6'8") tall, it easily negotiates low-clearance areas. But don't let its compact size fool you: It's a truck built to take on whatever you can throw at it. Add in an 11.8-m (39') curb-to-curb turning diameter for working in tight places, along with a rear view camera¹ and Reverse Sensing System¹ for help in parking, and you have everything you need to get the job done – and quickly get on to the next one.

XLT Van. Silver. Available equipment.

¹Available feature. Driver-assist features are supplemental and do not replace the driver's judgment.

2013 **TRANSIT CONNECT**
ford.ca

Holds the long, tall and short of your business.

Behind its surprisingly comfortable front seats, you'll find up to 3,670 L (129.6 cu. ft.) of cargo space to fill in Transit Connect. You can easily carry items up to 2.1 m (6') long, 1.3 m (4'2") wide and more than 1.3 m (4'4") tall. The flat load floor and near-vertical walls on van models help you make the best use of all that space to transport larger loads, and it's easily washable for quick cleanup after the work week is done. With low side and rear load heights, a sliding side door on both the driver and passenger sides, plus swing-out rear doors with a 180° or an available 255° hinge angle, Transit Connect is like your warehouse on wheels.

Upfits for accessibility. Transit Connect is an outstanding mobility choice. Aftermarket upfits¹ at Ford QVM Modifiers can equip yours with a fully automatic wheelchair lift, raised roof, wheelchair restraint system, power assist seat, hand controls and more. Visit the Mobility section on ford.ca for additional information.

XLT Van. Frozen White. Available equipment.

2013 **TRANSIT CONNECT**
ford.ca

Delivers on toughness, durability and safety.

Transit Connect proves tough things, not just good things, come in small packages. While compact, it's rugged and durable, built with high-strength steel and a reinforced body shell. Designed to withstand hard, on-the-job duty, Transit Connect is certified to Ford Light Commercial Vehicle Durability Standards, with testing to 240,000 customer-equivalent km. AdvanceTrac® with RSC® (Roll Stability Control™) measures the roll rate 100 times per second, automatically determining how to modify engine power and apply individual brakes to help keep all 4 wheels firmly planted.¹ Engineered for the kind of tough conditions that most drivers will never see, Transit Connect lets you get right to work. No matter how hard the job.

XLT Premium Wagon. Dark Blue. Available equipment.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

2013 **TRANSIT CONNECT**
ford.ca

Keeps you well connected on the road.

Handle calls and more with SYNC.

No more searching for your phone. No device on your ear. Connect to your world with voice-activated Ford SYNC.^{®1} Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. Just touch a button on the steering wheel and say "Call: Kevin" or "Call: Tom at work." SYNC. Say the word.

Switch songs and playlists.

SYNC allows voice-activated control of your media player, too. Just plug it into the USB port and your entire music collection can be accessed by voice. Ask for your favourite artist or playlist ("Play genre: Country"), and SYNC responds in an instant.

XLT Premium Wagon. Grey cloth trim. Available equipment.

¹Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. SYNC voice recognition available in English, French and Spanish.

2013 **TRANSIT CONNECT**
ford.ca

Features room for the whole crew.

Transit Connect Wagon is perfect for a busy company. There's plenty of room for 5 with the standard 2nd-row 60/40 split-fold seat, and you can carry up to 2,220 L (78.4 cu. ft.) of cargo behind it, or up to 3,361 L (118.7 cu. ft.) when folded. With XLT Premium, you also get an enhanced rear cargo area including a storage pocket in the passenger door, rear-quarter flip-open windows and more. It all adds up to one very accommodating ride.

XLT Wagon. Available equipment.

2013 **TRANSIT CONNECT**
ford.ca

Equips you to be your best.

Transit Connect is already a hard worker right from the factory, but it can do even more with custom aftermarket upfits. Durable bulkhead partitions and flexible storage systems make the most of the one thing that sets it apart: versatility. Tailored specifically for you, your Transit Connect will help make you even more productive.

The available modifications or upfits include: wire, steel and solid bulkheads; racks and bins shelving units; interior cargo packages; drawer storage cabinets; refrigeration units, catering and food service packages; rooftop ladder racks; utility carriers; window security screens; and more.

The suppliers listed below are participants in either Ford of Canada's Pool Account or Ship-Thru Programs and can help make your Transit Connect the perfect vehicle for your business needs. Please contact your local Ford of Canada Dealer for complete details.

Auto Truck Group Canada
Farmbro Inc.
GW Anglin Van & Truck Equipment
Les Entreprises Gaevan

Masterack Crown
Sterling Fleet Outfitters
Van Pro Inc.
Vanterior Truck Outfitters

Extras that make your job easier.

With standard air conditioning to keep things cool, power windows and integrated blind spot mirrors that let you know what's there *before* you change lanes, Transit Connect also offers ways to make it your own. Choose from a rear view camera that lets you see what's behind you when slowly backing up, a Reverse Sensing System,¹ and more. Infinitely versatile, the 2013 Transit Connect has the options that will help make your workday easy, secure and efficient.

- Power windows
- Rear view camera¹
- Air conditioning
- Integrated blind spot mirrors
- Front overhead storage shelf with retaining net

¹Available feature.
Driver-assist features are supplemental and do not replace the driver's judgment.

Create a more meaningful driving experience: Connect with Ford Custom Accessories for authentic personalization possibilities. The cost of select accessories – ordered and paid for at the time you buy or lease your Transit Connect – can be rolled into your monthly payment. And coverage for select accessories falls under the New Vehicle Limited Warranty. See your Ford of Canada Dealer for details.
