

2013 **MUSTANG**

Go Further

YOUR TRACKING NUMBER IS 444.

With a 444-hp, quad-exhaust Hi-Po 302 engine and a lengthy list of upgrades, proceed directly to the Boss® 302's birthplace and rightful home – the racetrack. Activate the red Track Key^{1,2} to unlock Ford Racing powertrain control software with full race calibration and 2-stage launch control. The silver key returns you to everyday, fire-breathing “street” mode. Highlights include Brembo™ brakes with cooling ducts, RECARO® seats,² 5-way adjustable shocks and a refined suspension. A quad exhaust with 2 side and 2 rear outlets, a unique gauge cluster and a 3.73:1 gear ratio with a limited-slip differential are also included. With new reflective hockey stick graphics, it may look like the Boss of 1970; it sure doesn't act like it.

Boss 302. Gotta Have It Green Metallic Tri-coat. Available equipment.

¹Software purchase and activation required after registration of vehicle. ²Available feature.

2013 **MUSTANG**
ford.ca

How do you produce outstanding horsepower and fuel efficiency in every engine across the line? Start with one passionate development team and some of the industry's most advanced powertrain technologies. Our engineers, each a Mustang enthusiast, brought different innovations to the party to produce these already-legendary powerplants.

Twin independent variable camshaft timing, cast-aluminum engine blocks, cold air induction, dual overhead cams, and cylinder heads optimized for airflow are just a few of the ways we deliver power, low-end torque and fuel efficiency. Pick your Mustang, and open up the hood, or the throttle, on an honest-to-badness technological masterpiece.

ANTHOLOGY OF TECHNOLOGY.

3.7L V6

The all-aluminum 3.7L V6 is the first engine to deliver 305 hp and up to 6.3L/100 km (45 mpg) hwy.¹ A DOHC design with Ti-VCT technology, it uses 2 camshafts per cylinder bank. Intake and exhaust cams can be advanced independently of each other, providing exceptional valve timing control. This helps eliminate induction and exhaust compromises, and allows the engine to deliver key benefits including low-end torque, peak horsepower, increased fuel efficiency and reduced emissions.

5.0L V8

The goal for the 5.0L development team was clear – 400 hp. Ti-VCT technology was instrumental in hitting that mark, but there's more to the story, including tubular exhaust headers, fabricated to produce more power. Cylinder heads were optimized and a new intake manifold was designed to bring more air into the engine. A high-energy coil-on-plug ignition was selected for more efficient combustion. Piston cooling jets were designed to cool the engine and maintain reliability. After incorporating lessons learned during the development of the Boss 302® engine, the results were in: a goal-clearing 420 hp.²

Boss 302

To build an engine worthy of the Boss name, the powertrain team started with GT's 5.0L as a baseline, then got to work. Every component was analyzed, then modified to make sure the Boss 302 could withstand all-day thrashing all the way up to its 7,500-rpm redline. Improvements abound, including forged-aluminum pistons, upgraded connecting rods, revised oil pan baffling and much more. Without the benefit of a supercharger, the Boss delivers 444 hp and 380 lb.-ft. of torque, plus all the reliability of a Mustang GT.

¹10.8L/100 km city and 6.3L/100 km hwy (26 mpg city/45 mpg hwy). Coupe automatic. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption will vary. ²Figures achieved using premium unleaded fuel.

A LITERAL AND LATERAL THRILL RIDE.

With its 5.0L V8 engine producing 420 hp¹ and 390 lb.-ft. of torque,¹ the visceral thrill ride we call Mustang GT has power to burn. Starting now, you have more ways to control it. Opt for an automatic, and still shift gears yourself with the new SelectShift Automatic[®] transmission². Or go with a manual, and shift when you see fit in a classic way. The GT Brembo[™] Brake Racing Package² includes 14" vented front rotors and unique 19" alloy wheels. Along with class-best 7.9L/100 km (36 mpg) hwy,³ GT has a new hood with functional air extractors.

GT. Deep Impact Blue Metallic. Available equipment.

¹Figures achieved using premium unleaded fuel. ²Available feature. ³11.9L/100 km city and 7.9L/100 km hwy (24 mpg city/36 hwy), V8 automatic. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption will vary. Class is 300+ HP Sports Cars vs. 2012 competitors.

2013 **MUSTANG**

THE SUSPENSIONS OF DISBELIEF.

Handling this good can be difficult to believe. But you'll quickly get used to it. From the Boss® 302, all the way down the line, every model has been independently tuned, so you'll be sure to find your ideal Mustang. They each generate serious horsepower and torque, but more importantly, they get it all to the ground. So not only do they go hard, they turn and stop exceptionally.

Go.

To help turn horsepower into forward motion, every Mustang is equipped with AdvanceTrac® ESC (electronic stability control).¹ AdvanceTrac monitors vehicle speed, throttle position and steering wheel angle and, if necessary in slippery conditions, reduces engine torque and applies the brakes as needed. Select the Sport setting to push your Mustang to its limits while still retaining control. You can also turn AdvanceTrac off completely.

Turn.

To properly dial in every Mustang, suspension testing and tuning was performed at racetracks around North America during model development. On average, up to 7 separate test drivers were utilized at each track to provide feedback and expertise. Suspension components were selected specifically for each model. So no matter which Mustang you choose, you'll find the right balance of handling, steering and cornering ability.

Stop.

To improve Mustang braking performance, V6 and GT are equipped with unique brakes and rotors, while the GT Brembo™ Brake Racing Package² includes Brembo 14" vented front rotors with Brembo 4-piston calipers. The GT Brake Performance Package² delivers upgraded front and rear brakes with unique front corner modules and tuning.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature.

ALL THE DNA. EVEN MORE FUN.

With a 3.7L Ti-VCT engine pumping out 305 horses and the perfect note from the X-pipe dual exhaust, Mustang V6 is all Mustang. With class-leading 6.3L/100 km (45 mpg) hwy,¹ it proves it kilometre after efficient kilometre. Twin independent variable camshaft timing makes it all possible, and provides maximum acceleration through all 6 gears. Starting this year, you can shift each of those gears yourself with the new SelectShift Automatic[®] transmission.² Considering the V6 Performance Package is now available on automatic Mustangs for the first time, it may be the year of the automatic. But worry not. Consistent with Mustang heritage, a manual transmission still comes standard.

V6 Premium. Performance Package. Race Red. Available equipment.

¹10.8L/100 km city and 6.3L/100 km hwy (26 mpg city/45 hwy), Coupe automatic. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption will vary. ²Available feature.

2013 **MUSTANG**
ford.ca

WITH UP TO 444 HP, HANDS GO ON THE WHEEL.

Behind the wheel of a high-performance vehicle like any of the 2013 Mustangs, your focus should be on the road ahead. Which means keeping your hands on the wheel. Fortunately, it's easy to do just that.

SYNC. Say the word.

No more searching for your phone. No device on your ear. Once paired, voice-activated Ford SYNC^{®1} recognizes your phone and automatically transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod.[®] Just touch a button on the steering wheel and say things like "Call home," or "Play genre: Alternative Rock." SYNC also offers 911 Assist.[®]

Full-colour, voice-activated travel guide and SiriusXM.

Listen to your favourites all across Canada with SiriusXM[®] Satellite Radio.² Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment. The Navigation System³ features a vibrant 8" LCD touch screen with interactive maps you can zoom and scroll. It also responds to voice commands for hands-free control. Play DVDs while Mustang is in Park and store nearly 10 gigs of your digital music.

GT. Charcoal Black. Available equipment.

¹Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. SYNC voice recognition available in English, French and Spanish. ²SiriusXM Satellite Radio subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see sirius.ca. ³Available feature.

WIN THE FEATURE RACE.

With the 2013 Mustang lineup, cool features are as abundant as horsepower. It starts with the available, all-new Pony projection lamps. When the unlock button is activated, each sideview mirror casts an image of the famous Mustang Pony on the ground. Other highlights include standard features like LED tail lamps and MyKey® to available features such as Reverse Sensing System, voice-activated Navigation System, rear view camera and all-new Track Apps.™ With so many possibilities, the thrills keep coming.

Our commitment to you: Peace-of-Mind Protection

- Basic Coverage: 3 years/60,000 km
- Powertrain Limited Warranty: 5 years/100,000 km
- Corrosion Warranty: 5 years/unlimited distance
- Roadside Assistance: 5 years/100,000 km

Certain conditions apply. For more information on these warranties and coverages, ask your local Ford of Canada Dealer or visit ford.ca.

Ford Extended Service Plan. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your Ford of Canada Dealer for details.

□ **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca. □ **Genuine Ford Accessories.** Ford of Canada warrants that its authorized Dealers will repair or replace any Genuine Ford Accessory that is properly installed by the authorized Dealer that sold the accessory and found to be defective in factory-supplied materials or workmanship. The accessory will be warranted for whichever provides you the greatest benefit: 12 months/20,000 km (whichever occurs first), or the remainder of your 36-month/60,000-km (whichever occurs first) Basic Coverage in the New Vehicle Limited Warranty. Contact your local Ford of Canada Dealer for details. □ **Ford Licensed Accessories (FLA)** are warranted by the accessory manufacturer's limited warranty. The warranty coverage will vary by accessory manufacturer. Ford Licensed Accessories are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Ford of Canada Dealer for details regarding the accessory manufacturer's limited warranty and/or for a copy of the FLA product limited warranty offered by the accessory manufacturer.

□ **For prompt, courteous answers to your questions: Ford Customer Relationship Centre 1-800-565-3673; Ford Credit Customer Service Centre: 1-877-636-7346.**

Competitive comparisons are based on 2012 competitive models, publicly available information and Ford data at the time of printing of the 2013 original printed version. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of the 2013 original printed brochure, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford of Canada Dealer is your best source for up-to-date information. Ford Motor Company of Canada, Limited, reserves the right to change product specifications at any time without incurring obligations. Colours may not be exactly as illustrated. Please see your sales consultant for specific colour and model availability. Please visit your local dealer or ford.ca for complete vehicle details.
