

2013 **EDGE**

Go Further

The Edge. Powerfully advanced.

Driven by your choice of 3 efficient engines, Ford Edge is an amazingly capable 5-passenger crossover. Its standard 3.5L Ti-VCT V6 delivers 7.2L/100 km (39 mpg) hwy and 11.1L/100 km (25 mpg) city.¹ Our remarkable 2.0L EcoBoost® engine² gives you plenty of low-end torque for acceleration and passing, plus 6.6L/100 km (43 mpg) hwy and 9.9L/100 km (28 mpg) city.¹ And the 305-horsepower 3.7L Ti-VCT V6 on Edge Sport is the most powerful V6 in its class.³ SYNC® with MyFord Touch™² makes it easy to stay connected to your calls, music and more with both hands on the wheel. Plus, there's a new SEL Appearance Package² with eye-catching 20" wheels. Available in all-wheel drive² or front-wheel drive, the 2013 Ford Edge can help you maintain your cruising distance,² change lanes² and back out of parking spaces.² Experience yours today.

Limited. Mineral Grey Metallic. Available equipment. SEL. Deep Impact Blue Metallic. SEL Appearance Package. Available equipment.

¹FWD. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption will vary. ²Available feature.

³Class is Midsize Utilities vs. 2012 competitors.

2013 **EDGE**
ford.ca

Turbocharge your day. Efficiently.

Get up and go in Edge with our state-of-the-art, turbocharged, direct-injection 2.0L EcoBoost® 4-cyl. engine² and 6-speed automatic transmission. It helps Edge deliver 6.6L/100 km (43 mpg) hwy,¹ plus plenty of low-end torque for acceleration on demand. Our new active grille shutters, included with the EcoBoost engine, help Edge make itself even more aerodynamic and fuel efficient. When closed, they help to reduce vehicle drag caused by air travelling through the radiator. Spirited and smart – that's Edge with EcoBoost.

6.6 L/100 km (**43** MPG) HWY¹
9.9 L/100 km (**28** MPG) CITY¹

Limited. Tuxedo Black Metallic. Available equipment.

¹Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption will vary. ²Available feature.

2013 **EDGE**
ford.ca

SYNC. Say the word. Stay connected.

Once paired, voice-activated Ford SYNC^{®1} recognizes your Bluetooth[®]-enabled mobile phone and automatically transfers your contacts to support voice calling. It also includes 911 Assist[®] with GPS location reporting. Choose SYNC with MyFord Touch^{™1} (shown) for ultimate control over your entertainment, phone, navigation and climate. The latest version features simple graphics, fast touch-screen responses and easy-to-use controls. Add the Navigation System² for interactive maps you can zoom and scroll – complete with 3D landmarks. MyFord Touch recognizes thousands of voice commands, so you can keep both hands on the wheel and your eyes on the road.

Listen to your text messages.

Do your friends prefer texting? Let Ford SYNC¹ handle it. The system can read their text messages aloud to you from your paired phone. It even translates commonly used emoticons and abbreviations, such as :-)) and LOL.

Entertain yourself – and friends.

Use voice commands to control your music from a media player, USB drive, portable hard drive or almost any device you plug into the media hub. Stream Internet radio or music from your smartphone via Bluetooth. Upload a photo to the home screen. When in Park, you can even connect a video camera or other device to show off the footage from your latest vacation.

Limited. Charcoal Black leather trim. Available equipment.

¹Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyFord Touch offers voice recognition and screens in English, French and Spanish. ²Available feature.

Let Edge maintain the gap for you.

Space is a good thing. Especially on the highway. When you choose adaptive cruise control and collision warning with brake support¹, Edge uses radar sensors to help maintain your choice of 4 preset gaps from the vehicle in front of you. It also uses those same front sensors to alert you to a potential collision. If one is detected, the system flashes a warning across your windshield, sounds an alarm, pre-charges the brakes and increases brake-assist sensitivity to provide full responsiveness when you do brake.

It even illuminates obstacles you may not notice.

Just shift into Reverse and the rear view camera¹ shows you what's behind the vehicle. As you slowly back up, BLIS[®] (Blind Spot Information System) with cross-traffic alert¹ is designed to scan for approaching vehicles. If any are detected, you are alerted with a warning sound, a message centre notice and an amber light in the corresponding sideview mirror.² While you're driving, the same light alerts you if traffic is detected in a blind spot.

Limited. Kodiak Brown Metallic. Available equipment.

¹Available feature. ²BLIS replaces standard integrated blind spot mirrors. Driver-assist features are supplemental and do not replace the driver's judgment.

2013 **EDGE**
ford.ca

Travel in luxurious comfort.

Leather-trimmed, heated front seats featuring 10-way power adjustment are standard on Edge Limited, making it easy for you and your front passenger to find your optimum positions. The standard tilt/telescoping steering column adjusts to match your driving style too. In back, your friends can relax and stretch their legs – taking full advantage of 2nd-row leg room that is unsurpassed in the class.¹

SiriusXM® Satellite Radio^{2,3} lets you tune in to your favourites all across Canada. Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.

Enhance your listening experience further with the 390-watt Audio System from Sony.⁴ Its unique Sony-designed finish panel features touch-sensitive switches and is completely flat except for the multifunction dial. Standard steering wheel-mounted controls for the audio, cruise and vehicle menus let you make adjustments with both hands on the wheel.

Limited. Charcoal Black leather trim. Available equipment.

¹Class is Midsize Utilities vs. 2012 competitors. ²Available feature. ³SiriusXM Satellite Radio subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see sirius.ca.

2013 **EDGE**
ford.ca

Proceed confidently.

When you encounter wet or slippery conditions in Edge, standard AdvanceTrac® with RSC® (Roll Stability Control™) automatically enhances vehicle control to help you keep all 4 wheels firmly planted.¹ The standard sideview mirrors each feature an integrated convex blind spot mirror that helps alert you to vehicles and objects nearby so you can avoid them. Our advanced Personal Safety System™ front-seat side airbags and Safety Canopy® System are all standard equipment. In the event of airbag deployment or fuel pump shutoff, Ford SYNC®² with 911 Assist® uses your phone to call 911, and can even give the operator an urgent message for you.³ It all adds up to serious peace of mind.

SEL. Ingot Silver Metallic. Available equipment.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature. ³The vehicle's electrical system (including the battery), the wireless service provider's signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed.

2013 **EDGE**
ford.ca

Well beyond bells and whistles.

Always on the go? Intelligent Access with push-button start gets you inside, and on the move, in a hurry. Socially active? Reinforce your life-of-the-party status with an amazing sound system. You can even play DJ with your own music files pulled from a USB drive or your MP3 player plugged into the media hub. Let the power liftgate do the lifting for you – at the touch of a button. And treat yourself to sweeping overhead views. It's your Edge. Equip it to reflect your style.
