

FordMondeo

Feel the difference

0.965237 of a millimetre

That's the thickness of a clay shaving. And to our designers it can make all the difference, as they hone and refine their clay prototype until they find the perfect expression of energy in motion.

The result is what we call Ford kinetic Design and we're passionate about it.

Bold, beautiful lines that you can't help falling in love with.

Actual size.

The Ford Mondeo

Don't think. Feel

“I want a go”

Driver-oriented cockpit:

- ‘Ford Power’ starter button • Human Machine Interface (HMI) with Ford Convers+
- Bluetooth® with Voice Control • State-of-the-art touchscreen DVD navigation system with USB port

Some features available as option only. Please check with your Ford Dealer.

“Can I go around again?”

Refinement and outstanding driving dynamics:

- Interactive Vehicle Dynamics Control (IVDC) with Continuously Controlled Damping (CCD)
- MacPherson front suspension system • ‘Control Blade’ multi-link rear suspension system • Adaptive Cruise Control (ACC) with Forward Alert (FA) • Automatic headlights and rain-sensing wipers

Some features available as option only. Please check with your Ford Dealer.

“My needs change”

Ability without compromise:

- Up to 1,733-litre luggage capacity • Roof rails (Estate) • 60:40 split rear seatback and cushion • Hill Start Assist • 18" alloy wheels

Some features available as option only. Please check with your Ford Dealer.

Control at the touch of a button – minimising distractions from the road ahead.

Every model comes with the Human Machine Interface (HMI) system, featuring either a Standard, Enhanced or Ford Convers+ cluster display, enabling you to monitor and control key functions with your thumbs.

Intuitive

Mobile navigation

Turn your Bluetooth® enabled mobile 'smart' phone (mobile phone not included) into a navigation unit. Simply insert the navigation chip, enter your journey details and the phone will transmit route guidance via the car's audio system and cluster display. (Option not available on Mondeo in the UK).

The left toggle switch controls volume, seek, change radio station preset, as well as mode. The right toggle switch controls the cluster display (vehicle settings, trip computer). For cars equipped with Ford Convers+, the right toggle switch allows scrolling through multimedia lists, phone (mobile phone not included) radio and CD.

Ford Convers+

This advanced instrumentation provides an exceptional interface between you and your car, with high-quality, easy-to-read graphics on a 5" colour TFT screen. It allows you to control the in-car radio, CD player and your Bluetooth® enabled mobile phone (mobile phone not included). Ford Convers+ standard on Titanium, Titanium X and Titanium X Sport.

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Electronic Stability Programme (ESP) is designed to detect and automatically compensate for loss of control under extreme conditions, using brakes and throttle to keep your vehicle firmly on track.

The Ford Mondeo is a true driver's car. The steering, suspension and braking systems, though hidden from view, come into their own when called upon to perform on challenging roads.

Involving

Suspension

The Ford Mondeo's independent MacPherson front suspension system and independent 'Control Blade' multi-link rear suspension system deliver sporty driving dynamics with a refined ride.

Interactive Vehicle Dynamics Control (IVDC) with Continuously Controlled Damping (CCD)

IVDC delivers notable improvements to handling, stability and braking performance. Each damper is adjusted five times per second to guarantee the best possible occupant comfort and road contact. You can also switch between suspension modes – sport, normal and comfort – as the mood takes you. (Option; not available on Edge, Zetec, or any Mondeo models fitted with optional sport suspension or optional self-levelling rear suspension)

- 1. Independent front suspension
- 2. Rear independent Control Blade multi-link suspension
- 3. Hill Start Assist (Option, included with Adaptive Cruise Control or Interactive Vehicle Dynamics Control)
- 4. Lowered sports suspension (Option; standard on Titanium X Sport)
- 5. Cruise control

18" Y-spoke alloy wheels with low-profile tyres

Standard on Titanium X Sport; option on Titanium and Titanium X. Also part of Sport Pack (Zetec, Titanium, and Titanium X) and Style Pack (Estate versions of Zetec, Titanium, and Titanium X)

Ford PowerShift dual clutch automatic transmission offers smooth, rapid gear changes with exceptional performance and fuel economy.

Boosting efficiency

Our next generation range of turbo diesel engines is now joined in Ford Mondeo by the first of a new generation of high-efficiency EcoBoost SCTi turbocharged direct injection petrol engines, which combine higher power and a broader spread of torque with reduced emissions and excellent fuel economy. The range-topping 2.0 EcoBoost SCTi delivers 203 PS, with combined fuel consumption of 36.7 mpg.

Ford Mondeo's renowned dynamic capability is complemented by a range of advanced turbocharged petrol and diesel engines, and our sophisticated new Ford PowerShift automatic transmission.

Intelligent

Powerful and refined engines

Ford Mondeo's range of innovative engines – including turbocharged diesel and EcoBoost SCTi turbocharged petrol – combine high efficiency with low emissions. Our latest 2.0-litre 163 PS turbocharged diesel engine offers outstanding performance while still meeting stringent EC Stage V emissions standards (available with 6-speed manual and PowerShift automatic transmissions).

Feel the power, not the shift

Ford PowerShift is the next generation of automatic transmissions, featuring a new state-of-the-art 6-speed dual clutch automatic transmission.

Ford PowerShift cleverly selects the next appropriate gear at exactly the right moment, delivering lightning-fast gear changes with no disruption to the flow of power, just as smoothly and seamlessly as a baton pass in a perfectly executed relay race.

Ford PowerShift truly delivers improved fuel economy compared to a conventional automatic and also has a manual mode that allows you to switch gears at the flick of the lever.

Ford Easy Fuel

The Ford Easy Fuel capless refuelling system features a mis-fuelling inhibitor that can tell the difference between the fuel pump nozzles used for petrol and diesel, only accepting the correct type of nozzle for your car.

Ford Key-Free System with 'Ford Power' engine start/stop button

Lock or unlock the doors and start the car without ever holding the key. Just keep the key fob with you in your pocket or bag. (Option)

Durashift 6-speed manual

Engineered for the extra torque of our more powerful diesel engines, the Durashift 6-speed provides added in-gear flexibility, fuel economy and refinement.

Adaptive Cruise Control (ACC) with Forward Alert (FA) automatically adjusts your speed if the car in front is travelling at a slower speed. Forward Alert offers an audible and visual warning when there's a risk of colliding with the vehicle ahead – plus it includes Brake Support, which helps to reduce stopping distances. (Option; not available on Edge or Zetec)

Why do some cars feel safer than others? Is it the number of airbags? The way it feels planted to the road? Or is it the reassuring ‘thunk’ when you close the doors? The Ford Intelligent Protection System, together with active and passive safety technologies, helps deliver that feeling.

Safe

Halogen Adaptive Front lighting System (AFS) with static cornering lamps

Swivels the low beam headlights by up to 15 degrees to aim in the direction you are heading, with static cornering lights providing extra light for sharp bends and junctions. (Standard on Titanium X)

Safety without compromise

Ford Mondeo's holistic approach to safety is reflected by a 5-star adult occupant protection rating, the maximum rating awarded by Euro NCAP, along with a 4-star rating for child occupant protection.

- 1. Driver's and front passenger's airbags*
- 2. Driver's and front passenger's side airbags
- 3. Side curtain airbags
- 4. Driver's inflatable knee airbag
- 5. Horizontal stroking steering column and retractable pedals
- 6. Side impact door beams
- 7. ISOFIX fixing points for child seats on rear outer seats
- 8. Rigid steel safety cage
- 9. Hazard lights activated under heavy braking
- 10. Engine compartment cross-beam and energy-absorbing subframe
- 11. Electronically-controlled anti-lock brakes (ABS) with electronic brake-force distribution (EBD)
- 12. Electronic Stability Programme (ESP) with Traction Assist and Emergency Brake Assist (EBA)
- 13. Front and rear disc brakes
- 14. Adaptive Cruise Control (ACC) with Forward Alert (FA) (Option, not available on Edge and Zetec)

*Note: A child seat should never be placed on the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seats.

Driver's knee bolster airbag

The driver's knee bolster airbag helps prevent injuries through contact with the steering column.

Human Machine Interface (HMI), air conditioning, Quickclear heated windscreen, stereo CD/radio, cruise control, trip computer, power-operated front windows and mirrors – all standard with Edge.

Generous levels of equipment and a stylish and spacious package start with Edge.

Edge

Features

- 16" 7-spoke wheel covers
- Advanced Bluetooth® Hands-Free and Voice Control System
- Air conditioning
- Electronic Stability Programme (ESP) with Traction Assist and Emergency Brake Assist (EBA)
- Seven airbags, including driver's knee airbag
- Thatcham approved alarm
- Ford Easy Fuel capless refuelling system
- Human Machine Interface (HMI) with Standard cluster display
- Cruise control
- Stereo CD/radio
- Quickclear heated front windscreen
- Power-operated front windows and heated door mirrors
- Headlight courtesy delay
- Remote control central locking
- Leather steering wheel
- Body colour bumpers

Model shown above is finished in Panther Black metallic paint. (Option)

Top right: Electronic Stability Programme (ESP) is designed to detect and automatically compensate for loss of control under extreme conditions, using brakes and throttle to keep your car firmly on track. (Standard)

Human Machine Interface (HMI) with Standard cluster display

The right-hand steering wheel-mounted toggle switch lets you move easily through the menus that are displayed on the cluster display, providing simple, logical control of the vehicle settings and trip computer.

Dual-zone Electronic Automatic Temperature Control (DEATC), driver's seat power height adjust and leather gearshift knob reflect higher levels of refinement on Zetec.

Zetec benefits from extra interior and exterior styling cues and additional comfort and convenience features.

Zetec

Additional to Edge

- 16" Y-spoke lightweight alloy wheels
- Front fog lights
- Air conditioning with Dual-zone Electronic Automatic Temperature Control (DEATC)
- Power-operated rear windows
- Driver's seat power height adjust with manual lumbar adjustment
- Leather gearshift knob
- Body colour door handles
- Front and rear carpet mats
- Brushed-finish front-door-opening scuff plates
- Chrome lower grille surround
- Illumination of driver and passenger sunvisor mirrors

Model shown above is finished in Sea Grey metallic paint. (Option)

Top right: Air conditioning with Dual-zone Electronic Automatic Temperature Control (DEATC).

Opposite: Model shown features Sony CD with DAB audio system and USB. (Option)

Front fog lights for increased visibility in poor driving conditions.

Titanium features the high-level Ford Convers+ cluster with colour screen.

Titanium offers the ultimate in modern, contemporary styling and innovative technological features.

Titanium

Additional to Zetec

- 17" Y-spoke alloy wheels
- Ford Convers+ instrument cluster with colour screen
- Rear seat air conditioning vents
- Sony 6CD with DAB audio system
- Power-operated, heated and folding door mirrors with puddle lights
- Sports-style front seats
- Auto-dimming rear-view mirror
- Brushed-chrome interior trim
- Leather-wrapped handbrake
- Front interior ambient lighting
- Front and rear map reading lights
- Front footwell lights
- Blue glass
- Silver painted upper and lower grilles
- Chrome finish on upper doorline
- Automatic headlights and rain-sensing wipers

Model shown above is a Titanium finished in Chill metallic paint (Option) and Park assist (Option).

Titanium X features Alcantara/leather seat trim with variable climate control (heated and cooled) ventilated front seats.

Titanium X takes Ford Mondeo to new heights of luxury and sophistication.

Titanium X

Additional to Titanium

- Halogen Adaptive Front lighting System (AFS) with static cornering lights
- Park Assist – Front and rear sensors
- 'Ford Power' starter button
- Alcantara/leather seat trim
- Variable Climate control (hot and cold) ventilated front seats
- Rear seat centre armrest with cup holders and stowage

Model shown above is a Titanium X finished in Chill metallic paint. (Option)

Model shown above is fitted with roof rails with a silver-painted finish. (Option)

Model shown above is fitted with 18" Y-Spoke alloy wheels. (Option)

The halogen Adaptive Front lighting System (AFS), with swivelling low beam and static cornering lights on Titanium X, is typical of its advanced technical specification.

With cockpit details like Carbotex appliquéés and red stitching on the Alcantara / leather trimmed sports seats, the unique sports interior styling of Titanium X Sport boldly signals its performance credentials.

From every perspective, the Titanium X Sport is the epitome of modern sports style.

Titanium X Sport

Additional to Titanium X

- 18" Y-spoke alloy wheels
- Unique sports bodystyling, including front bumper skirt, rear bumper skirt with integrated diffuser, and side skirts, finished in contrasting colour
- Rear spoiler (excluding 5-door 2.0 TDCi with PowerShift automatic)
- Sport suspension
- Alcantara/leather seat trim with red detail stitching
- Straight twin exhausts with finishers (excluding 2.0 TDCi engines)
- Bi-Xenon with static cornering lights
- Unique sports interior styling, including red detail stitching to steering wheel, door panel inserts, gearshift gaiter, and carpet mats
- Centre stack finished in high-gloss piano black
- Carbotex (carbon fibre-effect) trim spears
- Pedal set and footrest with aluminium covers

Model shown above is a Titanium X Sport finished in Panther Black metallic paint. (Option)

Model shown opposite includes DVD 7" Touchscreen Navigation system and USB/MP3/iPod® connectivity port. (Option)

Pedal set and footrest with aluminium covers add a further sporty dimension.

Choose the Ford Mondeo that suits you best. From the stylish and well-equipped Edge to the advanced and sporty Titanium X Sport.

Mondeo Individual Exterior Styling Pack: eye-catching exterior contours and details in contrasting colour create a powerful, dynamic presence that sets your Mondeo apart from anything else on the road. (Standard on Titanium X Sport; also available as an accessory)

Scuff plates with 'Individual' script
Elegant polished stainless steel scuff plates welcome you aboard, while helping to protect the paintwork. (Accessory)

A single glance at the Ford Mondeo is all it takes to connect with its 'Ford kinetic Design' – that sense of dynamic forward movement, even when it's standing still. Now you can make it even more exciting to look at with the Ford Mondeo Individual Exterior Styling Pack. (Accessory)

Mondeo Individual exterior styling

Ford Mondeo Individual Exterior Styling Pack*

- Body colour front bumper skirt
- Body colour rear bumper skirt with integrated diffuser (Silver or Anthracite effect^o)
- Lower front grille surround in contrasting colour (Silver or Anthracite effect^o)
- Unique honeycomb design upper and lower front grilles
- Unique body colour side skirts
- Unique front fog light kit (fog light bezel with Silver or Anthracite effect^o)

Rear spoiler

For an even greater degree of exclusivity and expressive style, a body colour rear spoiler is also available for 5-door and estate. (Option and Accessory. Not part of the Mondeo Individual Exterior Styling Pack, shown above. Not available on 5-door with Ford PowerShift automatic transmission)

Ford Individual alloy wheels

Specially-developed 18" Ford Individual 5-spoke alloy wheels in Mystique Silver provide the perfect finishing touch to your Ford Mondeo. The unique Mystique Silver paint gives them a visual depth, as depending on the sunlight, the iridescent colour varies between light and dark grey tones for a stunning individual appearance. (Accessory)

Front fog light kit

Carefully sculpted into the front bumper design with a special contrast colour bezel for high performance style. (Part of Mondeo Individual Exterior Styling Pack and available as an Accessory)

^oThe colour contrasts with the body colour of the vehicle: Frozen White, Moondust Silver and Hypnotic Silver have an Anthracite effect; all other available exterior colours have a Silver effect.
*Not available with:
• 205/55 R16 tyres
• 1.6-litre Duratec petrol engine or 1.8-litre TDCi engine
• Fixed tow bar (Accessory), but is available with detachable tow bar (Option and Accessory)
• Mudflaps

The human ear can distinguish between up to 330,000 different tones – how will you entertain yours?

Bluetooth® with Voice Control

Enables you to make hands-free calls, while the Voice Control system technology lets you control your Bluetooth®-compatible mobile phone (mobile phone not included), audio system, optional DVD touchscreen navigation and Dual-zone Electronic Automatic Temperature Control (DEATC) (excluding Edge) with the sound of your voice.

Ford Mondeo offers you a wide range of optional premium quality audio, navigation and communication systems, including the latest Bluetooth® wireless technology. Clever features for a more enjoyable drive.

Entertaining

Human Machine Interface (HMI) with Enhanced cluster display

The HMI system with Enhanced cluster display is available on Edge and Zetec if the car is specified at extra cost with Tyre Pressure Monitoring System, or a Navigation system and puts you in control of these optional features. In addition, it provides the turn-by-turn icons of the optional Navigation systems.

USB Connectivity Port

Built-in connectivity for your iPod®, MP3 player or USB stick. Lets you listen to and operate, your player via the car's audio system, with the playlist shown in the Convers+ display. (Convers+ is standard on Titanium, Titanium X, and Titanium X Sport). A dedicated connector cable is available as an accessory for operating most MP3 players and iPods®. The feature also allows music stored on a compatible mobile phone (mobile phone not included) to be listened to in the car via Bluetooth® Audio streaming. (Option)

Stereo CD/radio – Model 6000CD

This stereo radio/CD player features 'Keycode' anti-theft coding, 24 programmable stations, eight speakers and remote control via the left steering wheel toggle switch (Standard on Edge and Zetec). Image shows 'Ford Power' starter button which is not available on Edge or Zetec

Sony DAB audio systems

Add a new dimension to your in-car music with a Sony DAB audio systems. Featuring Programme Type (PTY) MP3 compatibility and Digital Sound Processing, 40 programmable stations and eight premium speakers for enhanced sound quality.

With it's in-dash 6CD autochanger, the Sony DAB 6CD audio system (shown) offers hours of unbroken entertainment (Standard on Titanium, Titanium X, and Titanium X Sport) (also available with the optional USB connectivity Port).

Advanced Navigation system and USB port

This system features a 5" full-colour map (UK and Western Europe) display to provide turn-by-turn instructions to your destination. Includes integrated stereo radio, CD player with MP3 compatibility, Traffic Message Channel (TMC) enabled, eight premium speakers and remote audio control via the steering wheel toggle switch. Includes USB/MP3/iPod® connectivity port. (Option)

DVD 7" Touchscreen Navigation system and USB port

This state-of-the-art system uses a 7" colour touchscreen, which allows simple navigation within the menus or control of DEATC, CD, radio and Bluetooth® enabled mobile phone (mobile phone not included) functionality. Includes UK and Western Europe navigation data on DVD, Traffic Message Channel (TMC) and USB/MP3/iPod®connectivity port. (Option; not available on Edge)

Ford Individual MultiMedia DVD system

Ford Mondeo's in-car entertainment features a built-in DVD player with two independently-operated LCD 7" screens and two wireless headphones. So even your more demanding passengers can enjoy their own personal space with movies and computer games. (Option)

18" Y-spoke alloy wheel. (Standard on Titanium X Sport; also available on Titanium and Titanium X as an option or on Zetec, Titanium, Titanium X as part of Sport Pack and Style Pack (Estate only) or as an Accessory)

A range of distinctive alloy wheels designed to be the perfect complement to the dynamic styling of your Ford Mondeo.

All available as Accessories unless stated otherwise.

Standard = Standard on your vehicle.
Accessory = Available from your Ford Dealer.

Note The 18" wheels available on Ford Mondeo are designed to deliver more sporting driving characteristics and a firmer ride quality compared to standard 16" and 17" wheels.

Stylish body colour rear spoiler for the Estate.
(Standard on Titanium X Sport; single option and also option as part of Sport Appearance Pack on Titanium X and any Sport Pack (excluding Edge); also available as an Accessory)

Thule XTENDER ski/snowboard carrier
Innovative, fully-lockable ski carrier suitable for up to six pairs of skis or four snowboards. Comfortable slide-out function extends outside the roof area for easy access to your ski equipment. (Accessory)

Choose from a wide range of purpose-designed transportation and stowage options and accessories to further enhance your Mondeo's exceptional versatility and load-carrying capacity.

Intelligent stowage

Estate dog guard

Available in two different versions for the Estate: one to fit behind the front row of seats (Accessory only) and the other behind the rear seats* (Option and Accessory). Meets European ECE-17 safety requirements.

Britax Römer child seat
Various child seats available for all ages, also with ISOFIX. (Accessory)

Roof base carrier

Lockable base carriers are available for all models. (Accessory). **Thule Extender** holds up to six pairs of skis or four snowboards. This innovative and accessible **ski carrier** extends outside the roof area to make loading and unloading easier (Accessory).

Waeco coolbox

High-performance 35-litre capacity box cools down to 30°C below the ambient temperature or down to a minimum of 1°C. Integrated 230V AC connector. (Accessory)

Thule roof box

Designed to carry a wide variety of loads and protect them from weather conditions and theft. (Accessory, available in a wide range of sizes).

Carpet floor mats

Premium velour front and rear mats, tailored to suit your chosen interior. Driver's mat is fixed to prevent slippage. (Accessory)

Mudflaps

Help to protect your bodywork from unsightly stone chips and road spray. (Accessory. Not suitable for vehicles with full bodystyling kit)

Eibach suspension lowering kit

Enhances driving performance and handling as well as giving a more sporty appearance. Lowers the car by approximately 30 mm. (Accessory)

Unique aluminium pedal covers

Including a matching footrest, add a further sporty dimension (manual transmission only). (Accessory)

Scuff plates with 'Mondeo' script

Polished stainless steel scuff plates both welcome you on board and protect the paintwork. (Accessory)

Sliding load floor

Allows far easier loading and unloading of heavy or awkward items. Can carry loads of up to 200kg inside car. Maximum load on rear edge if extended is 120kg. (Option not available in the UK)

Rear bumper protection foil

Safeguard your investment with this transparent protection foil. (Accessory)

Ford accessories are designed to help you get the most out of your lifestyle.

Thule ProRide bike carrier

Smart, lightweight aluminium, lockable bike carrier with self adjusting holder for bike frames up to 80mm in diameter. (Accessory)

Get the most out of your Ford Mondeo with a wide range of high-quality products designed specifically for your new car. More Ford Boutique items can be found in a separate catalogue or at your local Ford Dealer.

Ford Boutique

1. Bicycle carrier

Specially designed to carry modern bikes with frames up to 80 mm in diameter. Also features integral locks to keep bikes safe and secure. (Accessory)

2. Ford Boutique Mountain Bike

For off-road and fun excursions, choose the Ford Boutique Mountain Bike, which features an 18-speed Shimano shift and a 26" frame. (Accessory)

3. Load protection net

Keeps your items secure in the luggage compartment while you're on the move. Meets European ECE-17 safety requirement. (Accessory and available on Estate only)

4. Luggage compartment protection

Anti-slip mat (5-door) or boot space liner (Estate) moulded to fit perfectly into the vehicle. Protects your luggage compartment from dirt and wet. (Accessory)

5. Tow bar

Available as fixed (Accessory) or detachable (Option and Accessory) version. To be used in combination with an electrical connector kit. (Accessory)

ClimAir® wind deflector

Reduces turbulence and noise, allowing you a more enjoyable drive with the windows down, even when it's raining. (Accessory, available for front and rear windows)

*Products from selected suppliers.

We are all beginning to understand the impact that mobility is having on climate change. While we can't change things overnight, we are working very hard to find solutions.

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

Ford ECONetic Technologies

Ford has developed a range of sustainable technologies, which vary by model, in order to improve fuel economy, reduce CO₂ and lower cost of ownership. These include Ford EcoBoost advanced, fuel-efficient petrol engines, Ford PowerShift transmission and Ford Auto-Start-Stop.

Low emission diesel ECONetic derivatives are now available, Ford Fiesta ECONetic delivers more than 76.3 mpg, emitting just 98 g/km of CO₂ and Ford Focus ECONetic with Auto-Start-Stop delivers more than 74 mpg, emitting just 99 g/km of CO₂.

Longer term Ford ECONetic Technologies will expand to include electric and hybrid-electric vehicles, biofuel-capable vehicles, plug-in hybrids and hydrogen fuel cell-powered vehicles

Protecting the future

Using our Product Sustainability Index, a design for sustainability management tool, we are addressing the environmental, social and economic impacts of our vehicles from the earliest stages of their development*.

We are working on a wide range of vehicle technologies from biofuels to hybrids and clean diesels, and in the long term to hydrogen fuel-cell technology with the potential for near zero CO₂ emissions.

Improving our manufacturing facilities

Elsewhere, we are working to minimise the impact of our facilities on the environment, for example by pioneering on-site generation of electricity from sun and wind.

Breathe easier

The allergy-tested interiors of Ford Fusion, Ford Focus, Ford C-MAX, Ford Kuga, Ford Mondeo, Ford S-MAX and Ford Galaxy models were the first worldwide to receive the approval of the independent German TÜV organisation.

Recycling for good

In the interests of sustainability, many of our components contain recycled and renewable content. All Ford vehicles are at least 85% recyclable and 95% recoverable in accordance with ISO 22628. We offer free take-back for qualifying vehicles at the end of their lives. All our take-back points are fully licensed and must also meet additional Ford quality standards for the professional receipt, treatment and recovery of end-of-life vehicles.

This brochure has been produced on paper based on fibres from sustainable forestry, using a 100% chlorine-free (TCF) bleaching process.

*For more about this topic, see www.ford.com/go/sustainability
**Dependent on feedstock used and production process. (Source: EUCAR CONCAWE study.)
Ford supports the sustainable production of biofuels.

Ford Credit

When it comes to financing your vehicle, your Ford Dealer can remove the need for lengthy phone calls, endless online surfing and form-filling. They can help you complete an application and will get a decision, usually within 15 minutes.

So what can your Ford Dealer provide? **Ford Options** offers increased flexibility if you want to change your car more often; **Ford Acquire** is ideal for private and business users who want a more straightforward financing plan; **Ford Business Partner** Contract Hire* provides an affordable, convenient and flexible way to finance your business vehicle; and **Ford Insure**** is our comprehensive motor insurance product, designed specifically for Ford drivers.

Finance subject to status. Guarantees/indemnities may be required. Freepost Ford Credit.

*Business Partner Contract Hire is provided by Lex Vehicle Leasing Limited, trading as Ford Business Partner, Heathside Park, Heathside Park Road, Stockport SK3 0RB.

**Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc (No. 93792). Registered in England and Wales at St Mark's Court, Chart Way, Horsham, West Sussex, RH12 1XL. Authorised and regulated by the Financial Services Authority. For your protection, telephone calls will be recorded and may be monitored.

Services

Ford Protect

Your new Ford is protected by a 3-year/60,000-mile Ford Protect Classic Plan Warranty, and comes with Ford Assistance roadside cover throughout the UK and Europe for 1 year. You can also upgrade to a Ford Protect Premium Plan, giving you the option of scheduled servicing and extended Ford Assistance.

Ford Service

Like any vehicle, your new Ford needs servicing regularly to keep it in the best condition and to maintain its value. The Ford authorised repairer network is independently quality checked to ensure the highest standards of workmanship are maintained. Ford has the largest repairer network in the UK, and uses Ford-trained technicians, Ford-specific tools and the latest computerised diagnostic equipment specifically for your Ford.

Ford Accident Repair Centres

Should your Ford require accident repair, an approved Ford Accident Repair Centre is the best place to return your vehicle to its pre-accident condition. Repairers displaying the Ford Accident Repair Centre sign meet the rigorous customer service, technical and quality standards demanded by Ford. Ford trained technicians, the latest repair equipment and the use of original parts mean that the future safety and value of your vehicle are assured.

*In 4th gear. ⁹⁰Ford test figures. ^{90a}All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are from officially approved tests in accordance with 80/1268/EEC as amended. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a car of the class in question (see back cover). All the figures are based on tests conducted on vehicles with Edge equipment level and with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle. **Urban:** An engine started from cold in laboratory conditions operated at varying speeds, maximum 50km/h, average 19km/h over a theoretical distance of 4km. **Extra Urban:** Conducted immediately after the Urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 120km/h over a distance of 7km. **Combined:** This is an average of the two parts of the test, weighted by the distances covered in each part. **Note:** All vehicles are Durashift 5-speed manual except where shown.

⁹¹Represents the minimum kerbweight assuming full fluid levels and 90% fuel levels, including driver at 75 kg; subject to manufacturing tolerances and options etc., fitted. **Key** This table shows the availability of engine and gearbox combinations on Ford Mondeo models and resulting kerbweights. **Note:** All vehicles are 5-speed Durashift manual except where shown. **Towing limits** Figures quoted represent the maximum braked trailer towing mass, with ability for the vehicle to restart on a 12% gradient, either a) max. permissible or b) at Gross Vehicle Mass. The performance and economy of all models will be reduced when used for towing. For further guidance, refer to the National Caravan Council's Towing Code. **Roof rack load** is a maximum of 75 kg. **Nose weight limit** is a maximum of 90kg on all models.

● = Standard, ○ = Optional, at extra cost. □ = Included with another feature or part of an option pack, at extra cost

Electronic Stability Programme (ESP)

ESP is designed to detect and automatically compensate for loss of control under extreme situations, using the brakes to help restore control.

Anti-lock brakes

The anti-lock braking system (ABS) with electronic brake-force distribution (EBD) prevents the wheels from locking up under braking, thereby reducing the risk of skidding.

Ford Key-Free System

The Ford Key-Free System automatically unlocks the car and allows you to start the engine without using a key; the system operates by you simply carrying the keyfob on your person. (Option on Titanium X and Titanium X Sport; and option as part of Keyless entry and start system with 'Ford Power' starter button on Titanium)

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption.

Insurance groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Allergy-tested interior All materials used in the manufacture of the interior of this vehicle meet the strict requirements of the TÜV TOXPROOF Criteria Catalogue for Vehicle Interiors by the TÜV Produkt und Umwelt GmbH and are designed to minimise the risk of allergic reactions. With doors and windows closed, the interior materials selected – together with the integrated pollen filter – protect the passengers against most allergising particles from the outdoor air. At higher temperatures, the additional use of air conditioning is recommended.

Ford and BP – working together to reduce fuel consumption and emissions.
