### FORD EXTENDED SERVICE PLAN

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and help protect you from the cost of unexpected repairs. To add to your peace of mind and help protect your investment beyond your New Vehicle Basic Warranty, complement your ESP with a prepaid maintenance plan that covers all required scheduled maintenance items for your vehicle and 8 wear items. Ask your Dealer for a Ford ESP, the only service contract backed exclusively by Ford Motor Company of Canada, Limited, and honoured at all Ford and Ford Lincoln Dealerships across North America. Certain limitations and exclusions apply, see your Dealer for details.

### FORD CREDIT

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at [fordcredit.ca](http://fordcredit.ca).

Drive one.

# 2010 FORD MUSTANG

**INVADES YOUR SOUL  
& STEALS YOUR HEART**

Muscle goes modern for 2010 – Mustang hits the streets with an all-new allure. The look is sleeker. The V8 power is greater. The exhaust growl is throatier. And from lessons learned in championship Mustang racing, the ride, steering and handling are all tighter. The legend, advanced.

**Drive one.**

PERFORM WITH MORE **AGILITY** THAN EVER

Mustang GT Coupe in Brilliant Silver Metallic.  
Closed course. Professional driver. Do not attempt.

Pop the clutch and do it up. Springs, stabilizer bars and shocks were fine-tuned for a more engaging experience. Wheel/tire combos are beefier. Drag coefficient is lowered on GT and V6; also, downforce increases 23% and 37%, respectively. It all makes for one bad Mustang. Leaner and much meaner – in a really fun way, of course.

**315-HP V8 AND 210-HP V6**

Horsepower gains on the V8 are achieved by the addition of cold-air induction. Signature exhaust sounds emanate from larger tips on the V8 and V6. Electronic stability control (ESC), all-speed traction control and ABS work together to keep the rubber on the road. Push performance to the limit with a 3.73 rear axle ratio in the TrackPack option.

**BOLSTERED BUCKETS, PLUS**

Inside, muscular shapes mirror the motion and emotion of the exterior. Detailed surfaces and sculpted forms mix light and shadow to create dimension. Enhance the mood with available Ambient Lighting – select from 7 changeable LED hues for the MUSTANG sill plates, footwells, cupholders and door pockets.

# PREPARE TO BE BLOWN AWAY BY **REFINEMENT**

Dramatic to say the least, the cockpit is an all-new blend of world-class craftsmanship, premium materials and the latest technology. A seamless, soft-touch skin wraps the one-piece instrument panel. Gauges glow Ice Blue.<sup>™</sup> And genuine aluminum accents are available for added intensity. Prepare for launch.

## FORD SYNC<sup>®</sup> AND SIRIUS<sup>®</sup> SATELLITE RADIO<sup>1</sup>

SIRIUS Radio – with 100% commercial-free music that booms out over a 500-watt Shaker audio system – and voice-activated Ford SYNC are available. Press a button on the steering wheel and talk: Most digital media players and Bluetooth<sup>®</sup>-enabled phones are at your command.<sup>2</sup> SYNC also provides you with the assurance of direct-connect 911 Assist.<sup>™3</sup>

## NEXT-GEN NAVIGATION PACKAGE

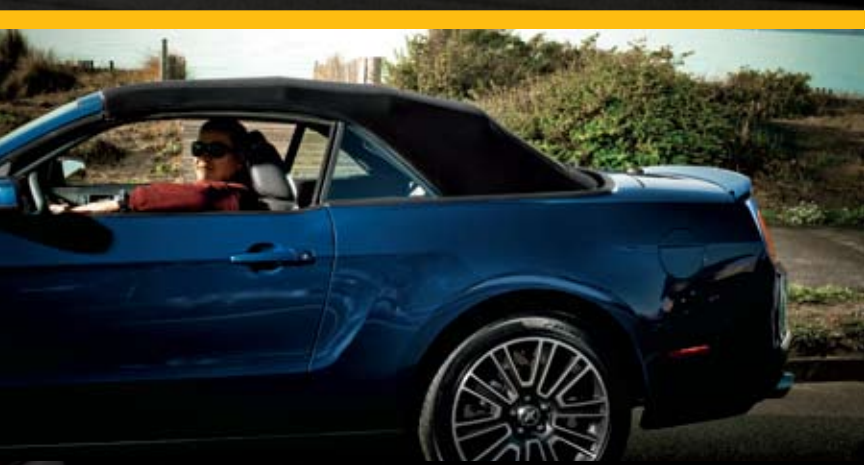

Featuring the same speech-recognition setup as SYNC, this GPS-based option offers Route Guidance – reading upcoming street names aloud. The system also has nearly 10 gigabytes of storage space: Manage music with the Jukebox function, rip up to 2400 songs and load pics to your home page. In addition to all that stuff, you also get dual-zone climate control and a Rear View Camera.

Mustang GT with heated, Charcoal Black leather-trimmed front seats and optional Premier Trim With Colour Accent Package. (U.S. model shown.)

Power in its purest form. An indescribable rush, revealing your true nature while making you one with it. The top powers down in seconds, Z-folding neatly out of sight. This convertible is truly *outta sight*. Pretty much a must-have for catching those rays – and all sorts of attention too.

## SOAK UP THE STARES

### WEATHERPROOF LOW-PROFILE RAGTOP

Breathtaking when going topless. Yet just as distinctive when hittin' the streets top-on. The convertible roof is constructed of 3 layers: waterproofed outside, tailored inside, and sound-deadened in between. Its glass rear window sports a defroster.

### REAR VIEW CAMERA

Agreed: With the top down you've got great views every which way. But with top up (or in the coupe), you'll appreciate this available hi-tech helper. A full-colour image of what's in back is projected in front of you on the 8-in. navigation screen that's included. An overlaid grid assists.

Mustang V6 Convertible in Red Candy Metallic with Tinted Clearcoat and available equipment.

Yeah, Alice digs this looking glass: The see-through, fixed roof awes the eyes with a lush panorama of changing skies and cityscapes. Tinted safety glass helps deflect UV rays, an acoustic layer reduces noise, and a manual shade is built in. Best of all, it's an option you can use 24/7/365.

GET A **GLASS ROOF** TO GO

**EASY FUEL™ CAPLESS FUEL-FILLER SYSTEM**

Taking a cue from the world of racing, fill-ups have never been easier. And there's the potential of reduced evaporative emissions – no more driving away with a missing or poorly installed gas cap. On the topic of efficiency, the V6 with 5-speed manual gets 7.6L/100 km (37 mpg) hwy. In the city, you can expect 11.7L/100 km (24 mpg).<sup>4</sup>

(U.S. model shown.)

**MYCOLOR®**

Take personalization to the next level with this awesome option. Turn the key and you're greeted with a sweeping motion of the cluster needles, as well as staged halo lighting. Create more than 125 background colour combinations for the full complement of 6 gauges; simply mix the red-green-blue palette to your liking.

<sup>5</sup>Ford Licensed Accessories.

Ford of Canada warrants that its authorized Dealers will repair or replace any Genuine Ford Accessory that is properly installed by the authorized Dealer that sold the accessory and found to be defective in factory-supplied materials or workmanship. The accessory will be warranted for whichever provides you the greatest benefit: 12 months/20,000 km (whichever occurs first), or the remainder of your 36-month/60,000-km (whichever occurs first) Basic Coverage in the New Vehicle Limited Warranty. Contact your local Ford of Canada Dealer for details.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's limited warranty. The warranty coverage will vary by accessory manufacturer. Contact your local Ford of Canada Dealer for details regarding the accessory manufacturer's limited warranty and/or for a copy of the FLA product limited warranty offered by the accessory manufacturer.

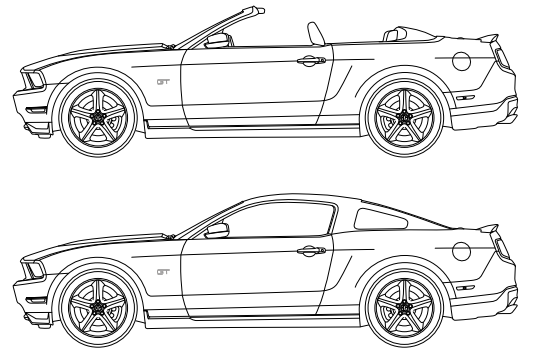

Ford ESP PremiumCare Plan. Depending on the Ford ESP Plan you select, some Dealer-installed Genuine Ford Accessories can be covered up to 7 years or 150,000 km. See your Ford of Canada Dealer for details.
