

2010 | **FUSION** AND  
FUSION HYBRID

Drive one.

The All-New  
**FUSION HYBRID**

GETS  
UP TO

**61**  
MPG CITY<sup>1</sup>

The New  
**2010 FUSION**

Fusion SEL in Sangria Red Metallic (left) and Fusion Hybrid in Light Ice Blue Metallic (right).

## THE NEW **FUSION** & ALL-NEW **HYBRID**.

The dynamic new face proclaims its enthusiasm for the road: Fusion is a driver's car. Redesigned from the outside in, Fusion now offers more engine choices, including an efficient 2.5L I-4, a 3.0L V6 Flex Fuel and a 263-hp 3.5L V6. Plus, the all-new Fusion Hybrid gets up to 4.6L/100 km city, 5.4 hwy. (61 mpg city/52 hwy.).<sup>1</sup> Loaded with the latest in smart technology, like our available Ford SYNC<sup>®</sup> with new 911 Assist<sup>™</sup> and available, class-exclusive<sup>2</sup> BLIS<sup>®</sup> (Blind Spot Information System) with Cross Traffic Alert, the 2010 Fusion is hotter than ever.

**Drive one.**

The all-new Fusion Hybrid uses its 2.5L I-4 Atkinson-cycle engine, electric traction motor, electronically controlled Continuously Variable Transmission and 275-volt battery pack to run up to 76 km/h (47 mph) in pure electric mode. Regenerative Braking automatically helps keep the battery pack charged, so Fusion Hybrid can deliver up to 4.6L/100 km city, 5.4 hwy. (61 mpg city/52 hwy.)<sup>1</sup>

#### SMARTGAUGE™ WITH ECOGUIDE

Fusion Hybrid is the first in its class with 4.3-in. LCD screens flanking the luminous speedometer. There are 4 display modes: Inform, Enlighten, Engage or Empower. The vibrant Efficiency Forest grows (or loses) leaves according to your driving style.

Fusion Hybrid in Light Ice Blue Metallic.

#### DISPLAYS YOUR WAY

A built-in tutorial explains your options within each display mode. You can set your efficiency gauge style, choice of 3 languages, units of measurement and more.

# LESS PUMP TIME. MORE FUN TIME.

The standard new 175-hp 2.5L I-4 engine is all about fun and efficiency. In fact, with front-wheel drive and the available 6-speed automatic transmission on SE, it gives Fusion max fuel-sipping ability of up to 6.4L/100 km hwy. (9.4 city).<sup>1</sup> Looking for road-grabbing, heart-pounding fun? Go with the new, 263-hp 3.5L V6 engine on Fusion Sport. It digs in with the help of 249 lb.-ft. of torque and All-Wheel Drive, while still delivering 8.3L/100 km hwy. (12.6 city).<sup>1</sup>

#### **RUNS ON E85 FUEL**

The available 240-hp 3.0L V6 Flex Fuel engine keeps your refueling options open. It runs on E85, gasoline or any combination of the two.

#### **SIZZLING 6-SPEEDS**

The I-4 engine features a new 6-speed manual or an available 6-speed automatic. All V6 models get our new 6-speed SelectShift Automatic.<sup>TM</sup> which chooses the optimal gear for any situation and gives you the option to shift for yourself whenever you want. It's the best of both worlds.

Every Fusion starts with an independent double-wishbone suspension up front and a multilink twist-blade setup in back. A modified Sport-tuned suspension gives the new Fusion Sport a performance edge, while All-Wheel Drive helps keep you moving even if only one wheel has traction. That's serious fortitude.

#### MANOEUVRES SMARTER THAN EVER

Fusion is the only vehicle in its class with the available new BLIS® (Blind Spot Information System) with Cross Traffic Alert. When BLIS detects a vehicle in your blind spot, it flashes an amber light in your sideview mirror. Cross Traffic Alert sounds a warning when it detects a vehicle approaching either side of Fusion while you're moving in Reverse.

#### HELPS YOU BACK UP

The available new Rear View Camera displays an image on the available 8-in. Navigation screen, or in your rearview mirror (without Navigation). As you slowly back up, the available Reverse Sensing System sounds an alert to warn of certain objects behind the vehicle.

SIMPLY A **BLAST** TO DRIVE.

Fusion SEL in Sangria Red Metallic.

LOADED WITH HOT **TECHNOLOGY.**

**SIRIUS**  
SATELLITE RADIO

**SYNC**  
Powered by **Microsoft**

Standard SIRIUS® Satellite Radio<sup>3</sup> streams sports, news, personalities and commercial-free music all across Canada. You can even listen online with your 6-month prepaid subscription. With new 911 Assist,<sup>TM</sup> the available Ford SYNC® system can directly contact a 911 operator if any airbag has deployed.<sup>4</sup> Developed in association with Microsoft®, SYNC integrates your Bluetooth®-enabled mobile phone and nearly any portable media player.<sup>5</sup> Visit [SyncMyRide.ca](http://SyncMyRide.ca) for details.

#### **SURROUNDS YOU WITH SONY®**

390 watts of continuous power. 12 speakers. 2 amplifiers. The class-exclusive, available Sony Audio System uses Dolby® Automotive Entertainment Program (DAEP) 5.1 Surround Sound technology to create a home theatre-style experience in your Fusion.

#### **LEADS THE WAY AND MORE**

The available new Navigation System features voice activation, an 8-in. LCD touch screen, and nearly 10 gigabytes of storage for photos and music. It even plays DVDs when Fusion is in Park.

# MULTITALENTED, JUST LIKE YOU.

Fusion is built to comfortably accommodate you and up to 4 of your friends. It's also ready to impress with fun features like available Ambient Lighting that lets you choose from 7 hues and change them whenever you like. Convenient storage is all around, including several areas of the dash, covered storage in the centre floor console, and a pocket/beverage holder in each front door. There's plenty of room for you and all your essentials.

## **GOES TO GREAT LENGTHS**

With the fold-flat front-passenger seat and quick-release 60/40 split-folding rear seat (SE and SEL), Fusion holds items up to 2.7 m (9 ft.) in length.

## **STOWS MORE THAN EVER**

The voluminous Fusion trunk provides more room for your travelling gear this year, boasting 467 litres (16.5 cu. ft.) of capacity (334 litres [11.8 cu. ft.] in Hybrid).

Fusion has more standard safety features than ever for 2010. Brake-Actuated Traction Control joins our standard AdvanceTrac® ESC<sup>6</sup> (electronic stability control) to help you stay on track. Of course, you'll also find 6 airbags standard on every Fusion, plus a unique new knee airbag for Fusion Hybrid drivers. The new SOS Post-Crash Alert System<sup>TM7</sup> flashes the hazard lights and sounds the horn to attract help after an airbag has deployed or a safety belt pretensioner has activated in certain collisions. Fusion's got you covered. All around.

#### **6 AIRBAGS STANDARD**

Every Fusion is equipped with the latest safety technology, including front-seat side airbags, 2-row side-curtain airbags, and our Personal Safety System<sup>TM</sup> with dual-stage front airbags.

# DESIGNED FOR PEACE OF MIND.

Fusion Sport in Brilliant Silver Metallic.

## Standard Features

Suspension – Rear: multilink independent

## Tire Pressure Monitoring System (excludes spare)

Front bucket seats

Tilt/telescoping steering column

Solar-tinted glass

## Footnotes & Disclaimers

<sup>1</sup>Fuel consumption ratings based on Transport Canada approved test methods.

<sup>2</sup>Midsize Sedan class.

<sup>3</sup>See your Ford of Canada Dealer or contact SIRIUS at 1-888-539-7474 for more information. “SIRIUS,” the SIRIUS dog logo, channel names and logos are trademarks of SIRIUS Satellite Radio Inc.

<sup>4</sup>The vehicle’s electrical system (including the battery), the wireless service provider’s signal, and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be turned on, connected to SYNC, and the 911 Assist feature enabled in order for 911 to be dialed.

<sup>5</sup>Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a trademark of the Bluetooth SIG, Inc.

<sup>6</sup>Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

<sup>7</sup>SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

<sup>8</sup>Always wear your safety belt and secure children in the rear seat.

#### FORD EXTENDED SERVICE PLAN

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you  
"Peace-of-Mind" protection designed to cover key vehicle components  
and help protect you from the cost of unexpected repairs. To add to your  
peace of mind and help protect your investment beyond your New Vehicle  
Basic Warranty, complement your ESP with a prepaid maintenance plan  
that covers all required scheduled maintenance items for your vehicle and  
8 wear items. Ask your Dealer for a Ford ESP, the only service contract  
backed exclusively by Ford Motor Company of Canada, Limited, and  
honoured at all Ford and Ford Lincoln Dealerships across North America.  
Certain limitations and exclusions apply, see your Dealer for details.

#### FORD CREDIT

Get the ride you want. Whether you plan to lease or finance, you'll find  
the choices that are right for you at Ford Credit. Ask your local Ford of  
Canada Dealer for details or check us out at [fordcredit.ca](http://fordcredit.ca).
