

2010 | EDGE

 Ford
Drive one.

ATHLETIC & AESTHETIC.

Sleek lines create a dynamic stance and unmistakable look. The ergonomic interior is just as compelling – roomy and intensely flexible too, making short work of any task. Sports-sedan handling and 265-hp V6 acceleration combine for spirited appeal, while the 6-speed automatic delivers smooth efficiency. Take comfort from a slew of standard safety features, including AdvanceTrac® with RSC® (Roll Stability Control™). It all adds up to one smart do-everything crossover: Ford Edge, available in SE, SEL, Limited or Sport trim.

SEIZE THE OPEN SKIES.

The awe-inspiring Vista Roof™ encompasses nearly 40% of the top, equating to an overhead view 3X larger than the average moonroof. The front panel fully opens; the rear stays put. A wind diffuser and dual power sunshades are also intrinsic to this panoramic option.

A FRESH INFUSION OF SIENNA

Leather-trimmed seat surfaces are crafted in a stylish new look and detailed with contrast stitching. There's also a hint of dark, brushed-aluminum in this optional Limited Interior Appearance Package.

A MORE EFFECTIVE REAR VIEW

Designed specifically for Edge, the standard Blind Spot Mirrors integrate an innovative convex spotter for increased visibility along each side of the vehicle.

IN MOTION IT STIRS EMOTION.

FWD GETS UP TO AWD GETS UP TO

Fuel consumption ratings based on Transport Canada approved test methods.

Edge Sport in Sport Blue Metallic with available equipment.

Edge Sport sizzles. The 22-in. machined-aluminum wheels and large, bright dual exhaust tips glisten. Its suspension is performance tuned, and monochromatic paint extends to the unique side mouldings. Alcantara® Grey seat inserts synthesize interior harmony.

THE POWER OF 6

As in an aluminum-block V6 engine for every Edge, good for spirited 265-hp performance. It's teamed with a sophisticated 6-speed automatic transmission that ensures optimum fuel economy.

THE ABCs OF AWD

All-Wheel Drive (AWD) is available to predict traction and deliver the precise amount of engine torque — transferring it front to rear, and side to side among all wheels — even before slippage occurs. Standard on Sport.

ENRICHING. ENCHANTING. ENGAGING.

Edge Limited with Camel leather-trimmed interior with available equipment.

Ford SYNC,^{®1} voice-activated, in-vehicle communications and entertainment system is available to work with your paired Bluetooth[®]-enabled mobile phone and digital media player or USB drive — all at the touch of a button or by simple spoken commands. SYNC even offers 911 Assist.^{™2} SIRIUS[®] Satellite Radio³ fills airwaves on all models.

VOICE-ACTIVATED NAVIGATION, PLUS

This optional hi-tech helper displays colour graphics on a generous 6.5-in. LCD touch screen. It also provides nearly 10 gigs of storage space for photos (on your home page) and music (up to 2400 songs).

DUAL INVISION™ DVD HEADRESTS

An optional Ford Licensed Accessory, they function independently of each other and tout 7-in. adjustable monitors, game ports, infrared headphones and much more.

¹Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

²The vehicle's electrical system (including the battery), the wireless service provider's signal, and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be turned on, connected to SYNC, and the 911 Assist feature enabled in order for 911 to be dialed.

³See your Ford of Canada Dealer or contact SIRIUS at 1-888-539-7474 for more information.

RICH WITH POSSIBILITIES.

Edge Limited is loaded. Supple leather trim, and power front seating that's heated. The driver's seat is also memory-activated — sideview mirrors follow suit. Reverse Sensing provides alerts. There's 9-speaker Premium Sound for your ears. And Ambient Lighting for your eyes.

Edge Limited with Charcoal Black leather-trimmed interior.

INDIVIDUALIZED COMFORT

Dual-zone Electronic Automatic Temperature Control — with a particulate air filter — is available so the driver and front passenger can personalize the climate.

PERSONALIZED TRAVEL

Providing generous amounts of leg and head room, the comfortable rear seats are split 60/40, and each seatback reclines to a favourite position. Passengers in back will also appreciate the fold-down centre armrest.

Do it all: The available power liftgate makes loading things even easier. Automatically raise it or lower it using one of 3 convenient buttons — on the key fob, on the dashboard or in the cargo area itself. Edge is definitely adept at adaptability.

BRING IT ON

The available fold-flat front-passenger seat accommodates items a full 2.44 m (8 ft.) long. With rear seatbacks folded, there's 1971 litres (69.6 cu. ft.) of open space behind the first row.

THE EASYFOLD™ WAY

Handily located in the cargo compartment, the available EasyFold release allows you to lower the 60/40 split rear seatbacks at the push of a button: Create a flat loadfloor in mere seconds.

MASTER THE ART OF **VERSATILITY.**

IN THE NAME OF **ASSURANCE.**

This 5-passenger crossover comes equipped with advanced safety attributes, including an energy management system built into its structure. Side-intrusion door beams, energy-absorbing door-trim panels, and bumper-to-bumper flow-through rails help to divert collision forces away from occupants. Edge never lets its guard down.

a. SAFETY CANOPY® SYSTEM The patented Safety Canopy System deploys side-curtain airbags to enhance protection for outboard-seated occupants in the event of certain side-impact collisions.

b. PERSONAL SAFETY SYSTEM™ With its sophisticated network of sensors and dual-stage front airbags, the Personal Safety System enhances protection for the driver and front passenger in certain frontal collisions.

c. ADVANCETRAC® WITH RSC® (ROLL STABILITY CONTROL™)¹ The industry's only system with 2 gyroscopic sensors — one of which is a unique vehicle-roll motion sensor — AdvanceTrac with class-exclusive² RSC works with the 4-wheel disc Anti-lock Brake System (ABS), traction control and yaw control. It automatically determines when to apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.

d. SOS POST-CRASH ALERT SYSTEM™³ In the event of airbag deployment or safety belt pretensioner activation in certain collisions, the SOS Post-Crash Alert System automatically flashes the hazard lights and sounds the horn to attract attention.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

²Medium 5-Passenger CUV class with standard 6-cylinder engine.

³SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

SPECIFICATIONS

Standard Equipment

Mechanical

3.5L Duratec® V6 engine
6-speed automatic transmission

4-wheel power disc brakes with Anti-lock Brake System (ABS)

Front-wheel drive (FWD) or All-Wheel Drive (AWD)

Fuel tank capacity – 72-litre FWD; 76-litre AWD

Please note: The electronic version of the
Ford of Canada vehicle brochure is a condensed
version of the original printed version.

Competitive comparisons are based on 2009 competitive models, publicly available information and Ford data at the time of printing of the 2010 original printed version. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of the 2010 original printed brochure, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford of Canada Dealer is your best source for up-to-date information. Ford Motor Company of Canada, Limited, reserves the right to change product specifications at any time without incurring obligations. Colours may not be exactly as illustrated. Please see your sales consultant for specific colour and model availability. Please visit your local dealer or ford.ca for complete vehicle details.

FORD EXTENDED SERVICE PLAN

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and help protect you from the cost of unexpected repairs. To add to your peace of mind and help protect your investment beyond your New Vehicle Basic Warranty, complement your ESP with a prepaid maintenance plan that covers all required scheduled maintenance items for your vehicle and 8 wear items. Ask your Dealer for a Ford ESP, the only service contract backed exclusively by Ford Motor Company of Canada, Limited, and honoured at all Ford and Ford Lincoln Dealerships across North America. Certain limitations and exclusions apply, see your Dealer for details.

FORD CREDIT

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.
