## SYNC® 3. The next generation is here.

Standard on SEL and Limited, new SYNC 3 technology<sup>1</sup> brings enhanced next-level connectivity to Flex. In addition to all the voice-activated benefits of the base SYNC system – placing and answering calls, and controlling music from your USB or smartphone – you'll love the innovative new features and easy-to-use new interface of SYNC 3.

**New hardware meets new software** on the easy-to-read 8" colour LCD touch screen that displays phone, audio and navigation<sup>2</sup> functions.

**High-speed performance**, including a capacitive touch screen with a convenient swipe feature, means you'll experience quick responses to your touch or voice commands.

**Enhanced voice recognition** lets you talk with simple, real-world commands and the system responds naturally to your voice, making hands-free calling that much easier.

**Siri® seamless integration** brings the power of Siri Eyes Free<sup>3</sup> and your iPhone<sup>®</sup><sup>3</sup> into your vehicle.

**Automatic updates over Wi-Fi<sup>4</sup>** let you keep SYNC 3 up to date with the latest software as new updates become available.

### SYNC. Say the word.™

**Hands-free calling** that lets you make a call with the simple push of a button along with the sound of your voice.

**Automatic phone book download** that transfers the names and numbers in your compatible phone automatically, once paired.

**Voice-activated music commands** that let you say what music you want to hear and listen to it easily with voice-activated search, or say "Bluetooth® audio" to stream content from your phone.

**Plug-in capability** with your MP3 player, USB or iPod.<sup>®</sup>

**The power liftgate<sup>1</sup>** makes it easy to access the rear cargo area, even when your hands are full. Flex is all about form and function.

**Listen to your favourites all across Canada** with SiriusXM.<sup>®1</sup> Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.<sup>3</sup>

## Impresses. All around.

A sky view in all 3 rows – courtesy of the multipanel Vista Roof<sup>®1</sup> – and class-exclusive 2nd-row outboard inflatable safety belts<sup>1</sup> are just a couple of the ways Flex is designed to take care of its passengers.

**A heated steering wheel<sup>1</sup>** treats the driver to comforting warmth on command – no need for bulky gloves when the outside temperature drops.

**Heated bucket seats<sup>1</sup>** allow 2nd-row passengers to recline comfortably while charging their devices with the 110-volt power outlet<sup>1</sup> conveniently located on the back side of the centre console.

**Chilled beverages or frozen treats** can be stowed in the class-exclusive 2nd-row refrigerated console<sup>1</sup> for easy access while you travel. Impressive? In so many ways.

<sup>1</sup>Available feature.

## Assists. Parking and more.

Flex driver-assist technologies<sup>1</sup> use ultrasonic sensors and sophisticated radar to help you park, avoid collisions and more.

**Make parallel parking easier** with class-exclusive active park assist.<sup>1</sup> It not only helps you find a spot, it actually steers the vehicle into place as you control the gear shifter, and brake and accelerator pedals.

**Get a heads-up** from adaptive cruise control and collision warning with brake support.<sup>1</sup> It helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and helps by pre-charging the brake system.

**Stay alert to traffic detected in blind spots** as you drive forward, or traffic nearing either side of the vehicle as you slowly back up, thanks to BLIS® (Blind Spot Information System) with cross-traffic alert.<sup>1</sup> It helps warn you using lights embedded in the sideview mirrors.<sup>2</sup>

Limited AWD. Ruby Red Metallic Tinted Clearcoat. Available equipment.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. <sup>1</sup>Available feature. <sup>2</sup>BLIS replaces standard integrated blind spot mirrors.

## Eases. Your mind.

With standard features like AdvanceTrac® with RSC® (Roll Stability Control™), which provides enhanced vehicle stability in a wide range of conditions. The system selectively applies individual brakes and modifies engine power to help keep all 4 wheels firmly planted.<sup>1</sup>
