

# 2020 | FEDERAL GOVERNMENT PRODUCT HIGHLIGHTS

# WE CAN HELP FEDERAL AGENCIES RUN SMOOTHLY

We're on contract with the U.S. General Services Administration (GSA), and we understand the diverse needs and requirements of government agencies. Our extensive fleet lineup – from Built Ford Proud cars and SUVs, to Built Ford Tough® trucks, vans and wagons, plus an unrivaled selection of law-enforcement vehicles – is aimed to get the job done both efficiently and effectively. The fact is, no one sells more commercial vehicles in America than Ford.

## WE HAVE A LOT TO OFFER

Explorer Limited Hybrid. Blue. Available equipment.

# WITH FORD FLEET, YOUR AGENCY CAN BE TRULY ELECTRIFYING

We give you the power of choice when it comes to electrified vehicles (EVs). Making EVs an integral part of your fleet mix, everyone can benefit from lower carbon emissions.

- Our hybrid technology features a gas engine plus an electric motor, and switches between the two – or some combination of both – to help optimize your drive. The gas engine and regenerative braking recharge the battery, which doesn't need to be plugged in.

**2020 Ford Hybrid Electric Vehicles:**  
Fusion Hybrid  
Escape with available hybrid powertrain  
Explorer with available hybrid powertrain  
Police Responder Hybrid Sedan  
Police Interceptor Utility with optional hybrid powertrain

- Our plug-in hybrids offer the best of both worlds. You can drive in electric mode while having the peace of mind of a gas-engine backup when you need it. They also feature convenient plug-in charging to help extend your all-electric range.

**2020 Ford Plug-In Hybrid Electric Vehicles:**  
Fusion Plug-in Hybrid  
Escape with available plug-in hybrid powertrain  
Police Special Service Plug-in Hybrid Sedan

We also offer more smart choices to help reduce your motor vehicle fleet petroleum consumption, including EcoBoost® and alternative fuels.

- Our range of EcoBoost engines<sup>1</sup> are the standard-bearers of proven performance, thanks in no small part to turbocharging, direct fuel injection and twin independent variable camshaft timing (Ti-VCT). EcoBoost technology has been employed in millions of engines worldwide.
- Our flexible-fuel vehicles (FFVs) thrive on E85, unleaded gasoline, or any blend of the two.
- Our 6.7L Power Stroke® V8 engine performs on B20 biodiesel, petrodiesel, or a mix of both.
- Our CNG (compressed natural gas)/Propane Gaseous Engine Prep Package is available for upfitting on a number of our Built Ford Tough® vehicles<sup>2</sup>

<sup>1</sup>Feature availability varies by model. <sup>2</sup>Upfit through a Ford Qualified Vehicle Modifier (QVM). Vehicle will be equipped with the standard factory gasoline fuel system. This package does not include CNG/propane fuel tanks and lines, etc. See your dealer for details.

FORD CO-PILOT360™ TECHNOLOGY¹ CAN HELP KEEP YOU IN COMMAND

In an increasingly crowded and distracted world, we can all use more confidence on the road. Our smart, advanced Ford Co-Pilot360 confidence-driving technology is there to help you.

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING (AEB)<sup>1,2</sup>

We should all drive defensively, but sometimes other people's lack of attention can create a hazard. This feature scans the road ahead and can alert you to potential collisions with vehicles or pedestrians detected in your path.<sup>3</sup> If an impact becomes imminent and you don't take corrective action, the brakes can apply automatically. But don't worry – they'll only activate if they're needed.

EVASIVE STEERING ASSIST<sup>1,2,4</sup>

Traffic is rolling along smoothly when suddenly there's a slow or stopped vehicle in your path. Evasive Steering Assist can help make it easier for you to potentially avoid a collision. It doesn't steer for you, but it can provide extra steering support if the system's warning goes off and you need to maneuver around the vehicle ahead.

BLIS® (BLIND SPOT INFORMATION SYSTEM) WITH CROSS-TRAFFIC ALERT<sup>1,2</sup>

How many times have you tensed up during an attempted lane change? BLIS can help detect and alert you to vehicles in your blind spots, while Cross-Traffic Alert can detect traffic behind you when you're slowly backing out of a parking space.

BLIS (BLIND SPOT INFORMATION SYSTEM) WITH TRAILER COVERAGE<sup>1,2</sup>

It's rush hour. You've got a large item in tow. And you need to change lanes. The situation is a bit daunting. To help ease lane-change anxiety, this feature can alert you not only when a vehicle is spotted in your blind spot, but also when one is alongside your trailer.

REVERSE BRAKE ASSIST<sup>1,2</sup>

Backing up just got a lot less stressful. Reverse Brake Assist can detect both stationary and moving objects behind your vehicle. Not only that, it can apply the brakes if you don't stop in time. The system can recognize vehicles crossing your path at up to 37 mph.

PRO TRAILER BACKUP ASSIST™<sup>1,2</sup>

Whether you're a novice or a seasoned pro, backing up with a trailer can be challenging. This technology makes it as easy as turning a knob – simply rotate it in the direction you want the trailer to go, and Pro Trailer Backup Assist responds accordingly.

ACTIVE PARK ASSIST 2.0<sup>1,2</sup>

Find the parking space that's just right. When engaged, Active Park Assist 2.0 can actually help locate a potential spot. Then all you have to do is brake to a complete stop, shift into neutral, and hold down the Active Park Assist button – your vehicle takes care of the rest. Park Out Assist with side-sensing capability is included so you can confidently navigate out of a spot when someone's parked too close.

LANE-KEEPING SYSTEM<sup>1,2</sup>

It happens. Maybe you've wandered a little too close to the edge of your lane. The Lane-Keeping System can help, even during a moment of distraction. This feature scans your vehicle's position between the lines in the road ahead and can alert you if you're starting to edge out of your lane.<sup>5</sup> Having trouble staying on track? After you've drifted a few times, you'll see a coffee cup icon letting you know it's time to take a break.

ADAPTIVE CRUISE CONTROL (ACC) WITH STOP-AND-GO AND LANE CENTERING<sup>1,2</sup>

Few driving situations can feel as tedious as stop-and-go traffic. Not only does ACC help you keep pace on your journey, it also slows down your vehicle if the traffic ahead has stopped or slowed. As soon as things clear, you'll resume your set speed.<sup>6</sup> Plus, the added Lane Centering feature even scans lane markings to help you keep your vehicle centered between the lines.

HILL DESCENT CONTROL™<sup>1,2</sup>

Steep hills are often tricky to navigate, especially if you're towing a trailer. Hill Descent Control can help ease the situation by doing just what its name says. It helps you maintain a set speed when you're driving down an incline by automatically applying the brake when needed.

REAR VIEW CAMERA<sup>2</sup>

Between glancing in the rearview mirror and craning your neck, backing up requires a little multitasking. The Rear View Camera may not be an extra set of eyes, but it does provide a great view of what's behind your vehicle.<sup>7</sup> Be sure to keep the camera lens free of debris (like dust and snow) and you can navigate Reverse with more confidence.

AUTO HIGH-BEAM HEADLAMPS<sup>1,2</sup>

Now, unlit roads, dark peripheries, and other low-visibility situations don't have to catch you off guard. Auto High-Beam Headlamps can sense poor lighting conditions and switch on to light your path ahead. They can even sense oncoming headlamps and dim automatically, so you don't have to worry about blinding other drivers.

NAVIGATION<sup>1,2</sup>

Whether it means missing a timed delivery or losing your cool, a wrong turn can put a dent in your day. But like a sherpa for trips large and small, the Navigation System can help you stay confidently on course. And that's not all – it can also point you to the nearest gas stations.

<sup>1</sup>Feature availability varies by vehicle. <sup>2</sup>Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. <sup>3</sup>Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. <sup>4</sup>Evasive steering assist does not control steering. <sup>5</sup>Lane-Keeping System does not control steering. <sup>6</sup>If vehicle is stopped for more than 3 seconds, driver must intervene and press "RES" button or accelerator pedal to resume system operation. <sup>7</sup>Camera only operates at speeds under 6 miles per hour.

CAR

**Fusion**  
9C.1 (2.5L iVCT I-4 standard;  
1.5L EcoBoost® I-4 optional;

NEW 2020
POLICE INTERCEPTOR® UTILITY

GSA Standard Item: 100L1

Police Interceptor Utility. Agate Black. Available equipment.

STANDARD FEATURES

- 4.2" LCD screen in police instrument cluster and center stack "smart display"
- 11" space between driver's seat and front-passenger seat for aftermarket consoles
- 12V powerpoint
- 75-mph rear-impact-tested¹
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Airbags – Driver and front-passenger knee, front-seat side, plus Safety Canopy® System (side-curtain airbags) and rollover sensor
- Audio – AM/FM stereo with MP3 capability, Bluetooth® interface, USB port, clock and 4 speakers
- Battery – H7 SLI battery (80-amp-hr/730-CCA)
- Brakes – 4-wheel heavy-duty disc with police-calibrated Anti-Lock Brake System (ABS)
- Built-in steel intrusion plates in both front seat backs
- Class III trailer hitch receiver – 5,000-lb. capacity
- Column-mounted shifter
- Cooling system – Heavy-duty
- Cruise control
- Dash pass-through for aftermarket wiring
- DC/DC converter – 220-amp
- Dual-zone electronic automatic temperature control (DEATC)
- Easy Fuel® capless fuel filler
- Electric power-assisted steering (heavy-duty)
- Engine – 3.3L Direct-Injection Gas FFV
- Engine-hour and engine-idle meters
- Exterior key locks – Driver, front-passenger and liftgate
- Fleet ignition keys (4)
- Flooring – Heavy-duty vinyl
- Ford Telematics with Ford modem and complimentary 2-year trial subscription²
- Front-console mounting plate
- Full-size spare wheel and tire with Tire Pressure Monitoring System (TPMS; requires programming)
- Full-time Intelligent all-wheel drive (AWD)
- Glass – Solar-tinted 1st-row; privacy glass 2nd-row and rear cargo area

- Headlamps – LED low and high beams
- Headlamps – Wig-wag functionality including ping-pong (default), triple-burst, or ping-pong/triple-burst; includes pre-drilled holes for user-installed strobes
- Headliner – Easy-to-service
- Individual Tire Pressure Monitoring System (TPMS)
- Independent front and rear suspensions
- Liftgate release switch – Overhead console
- Locking glove box
- Mirrors – Power sideview, manual foldaway with integrated blind spot mirrors
- Personal Safety System™ for driver and front passenger; includes dual-stage front airbags
- Power door locks
- Power windows with front one-touch-up/-down with disable feature
- Powertrain mounts – Heavy-duty
- Rear spoiler
- Red/white dome light – 1st-row
- Scuff plates – Front and rear door-sill
- Seat – Front heavy-duty cloth driver's with 6-way power and manual lumbar
- Seat – Front heavy-duty cloth passenger
- Seat – Rear vinyl 35/30/35 split bench
- Steering wheel – Unique with 4 remappable latching switches
- Supplemental front-door tethers
- Taillamps – LED
- Tilt/telescoping steering column
- Tires – 255/60R18 BSW all-season
- Transmission – 10-speed automatic (police-calibrated)
- Two (2) 50-amp battery ground circuits – Power distribution junction block
- Universal equipment tray on top of instrument panel
- Wheels – Heavy-duty 18" steel
- Window – Rear defroster

STANDARD FORD CO-PILOT360™ TECHNOLOGY

- Autolamp Automatic On/Off Headlamps
- Rear View Camera with washer (displayed in 4.2" LCD center stack screen)
- SOS Post-Crash Alert System™

AVAILABLE FEATURES

- 1st- and 2nd-row carpeting
- 18" full-face wheel covers
- 100W siren/speaker
- Ballistic door panels – Level III+ and Level IV+
- Battery – H8 AGM (92-amp-hr/850-CCA)
- BLIS® (Blind Spot Information System) with Cross-Traffic Alert
- Cargo storage vault
- Climate controls – Auxiliary rear air conditioning
- Dark Car feature
- Daytime running lamps
- Engine – 3.0L EcoBoost®
- Engine – 3.3L V6 Direct-Injection Hybrid Engine System
- Engine block heater
- Front-console mounting plate delete
- Front Interior Visor Light Bar (LED)
- Front Warning Auxiliary Lamps
- Glass – Solar-tinted 2nd-row (clear)
- Glass – Solar-tinted 2nd- and 3rd-row (clear)
- Global lock/unlock feature
- Hidden door lock plungers with inoperable rear door controls
- Inoperable rear door controls
- Keys – Keyed alike
- Mirrors – Heated sideview
- Mirrors – Sideview with LED side marker lamps
- Noise suppression bonds

- Perimeter alarm (requires key fob)
- Police Engine Idle feature
- Police Interceptor badge delete
- Police Perimeter Alert
- Power passenger seat (8-way) with manual recline and lumbar support
- Pre-Collision Assist with Automatic Emergency Braking (AEB) with unique temporary disable switch for law enforcement use
- Pre-wiring for grille lamp, siren and speaker
- Rear auxiliary liftgate lights
- Rear bumper step pad
- Rear Camera On Demand
- Rear-console mounting plate
- Rear quarter glass LED side marker lamps
- Rear spoiler traffic warning lights (LED)
- Rear View Camera (viewable in electrochromic rearview mirror); no-charge option
- Red/white dome light – Rear cargo area
- Remote Keyless Entry System (key fob)
- Reverse Sensing System
- Seat – Rear center seat delete
- Seat – Rear heavy-duty cloth
- Spot lamps (LED)
- Spot lamps prep kit
- Underbody deflector plate
- Wheels – 18" painted aluminum

Agate Black*	*Metallic.

Horsepower, torque, payload, towing and EPA-estimated fuel economy ratings are independent attributes and may not be achieved simultaneously.

¹The full-size spare tire secured in the factory location is necessary to achieve police-rated 75-mph rear-impact crash-test performance attributes. ²2-year subscription for Ford Telematics starts on vehicle sale date. Subscription features may be limited. Factors causing this limitation may include, but are not limited to, issues related to cellular coverage carrier outages and carrier network service interruptions. Complimentary service ends after 2 years. ³Dimensions and capacities shown may vary due to optional features and/or production variability. Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers. ⁴Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary. ⁵Calculated via combined performance of the engine and electric motor(s) with peak battery power. The calculations utilize SAE J1349 engine results and Ford electric motor dyno testing. Your results may vary. ⁶Available on select models. Restrictions may apply. See your dealer for details. ⁷New for 2020.

- Mirrors – Manual-folding, power, heated sideview with integrated turn signal indicators; LED security approach lamps; LED spotlights; driver's side auto-dimming feature; and black mirror caps
- Mirrors – Manual-folding/-telescoping trailer tow with power, heated glass; integrated turn signal indicators; LED security approach lamps; LED spotlights; and black mirror caps
- Pre-Collision Assist with Automatic Emergency Braking (AEB)
- Reverse Sensing System
- Seat – 10-way power front-passenger
- Stowable bed extender
- Stowable loading ramps
- Tailgate step includes step and grab bar

ENGINE

ENGINE	Transmission	Horsepower (hp @ rpm)	Torque (lb.-ft. @ rpm)
3.5L EcoBoost 4-valve V6	10-speed SelectShift automatic	375 @ 5,000	470 @ 3,500

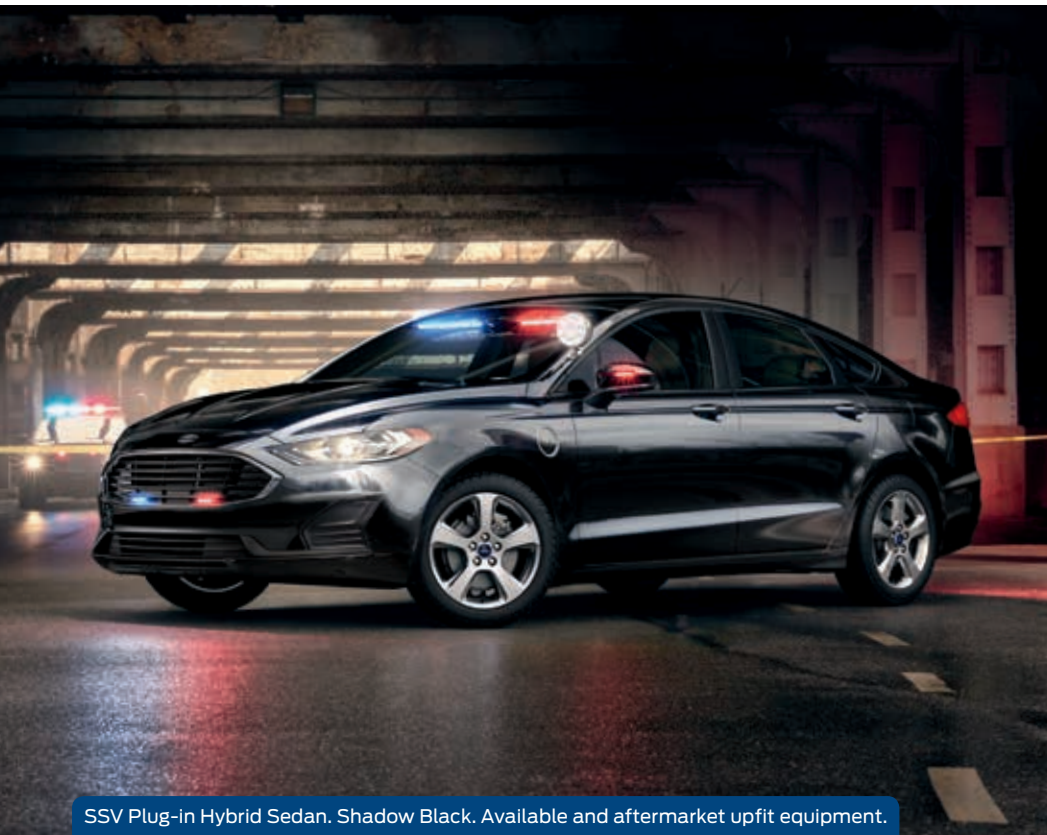

Police Responder Hybrid Sedan and F-150 Police Responder were designed and developed to meet the same federal fuel system crash standards as retail vehicles and other manufacturers' police vehicles. Ford Police Interceptors are the only vehicles on the market designed for the 75-mph rear-impact crash test.

Horsepower, torque and EPA-estimated fuel economy ratings are independent attributes and may not be achieved simultaneously.

¹Available on select models. Restrictions may apply. See your dealer for details. ²New for 2020. ³Based on 2019 model-year ratings. ⁴Calculated via combined performance of the engine and electric motor(s) with peak battery power. The calculations utilize SAE J1349® engine results and Ford electric motor dyno testing. Your results may vary. ⁵Actual mileage will vary. See fueleconomy.gov for more information.

2020 SSV PLUG-IN HYBRID SEDAN

SSV Plug-in Hybrid Sedan. Shadow Black. Available and aftermarket upfit equipment.

SPECIAL SERVICE PLUG-IN HYBRID SEDAN¹

3.3-kW onboard charger
7.6-kWh lithium-ion battery
Capable of driving up to 85 mph in all-electric mode
Charge in about 2.6 hours using the available 240V (Level 2) charge cord, or charge in approximately 7 hours with the standard 120V (Level 1) convenience charge cord
Engine – 2.0L Atkinson-cycle I-4 engine mated to an electronically controlled continuously variable transmission (eCVT) with rotary gear shift dial
External charge port and light ring
Police-purposed interior with a variety of police-purposed features and packages available

2020 F-150 SSV

F-150 XL SuperCrew® 4x4. Agate Black. Available and aftermarket upfit equipment.

SPECIAL SERVICE VEHICLE (SSV) PACKAGE¹ (66S)

Available on XL SuperCab and SuperCrew only.
Alternator – 240-amp
Column-mounted shifter

NEW 2020 SUPER DUTY® CHASSIS CAB

Chassis Cabs Class¹  
Models: XL, XLT, LARIAT  
See chart for GSA Standard Item codes

STANDARD FEATURES

- 7-wire trailer tow harness (blunt-cut and labeled)
- 26.5-gal. fuel tank capacity (SRW)
- 40.0-gal. fuel tank capacity (DRW)
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Airbags – Driver and right-front-passenger front, front-seat side and Safety Canopy® System with roll-fold side-curtain airbags
- Engine – 6.2L 2-valve V8 FFV (F-350 SRW/DRW)
- Engine – 7.3L V8 gas (F-450/F-550)
- FordPass Connect™² with 4G LTE Wi-Fi hotspot capability (enables FordPass™ App³ when activated)
- Front tow hooks (2)
- Front twin-coil monobeam suspension (F-350 4x4, F-450, F-550)
- Front Twin-I-Beam with coil spring suspension (F-350 4x2)

- Mirrors – Manually telescoping trailer tow (XL, XLT)
- Passenger airbag deactivation switch (Regular Cab and SuperCab)
- Power takeoff (PTO) provision with transmission-mounted live-drive mobile and stationary modes, and split-shaft capability (diesel engine)
- SecuriLock® Passive Anti-Theft System
- Stationary elevated idle control (SEIC)⁴
- SYNC®
- Tire Pressure Monitoring System (TPMS; excludes spare) (F-250, F-350)
- Transmission – TorqShift® 10-speed SelectShift® automatic
- Upfitter switches (6)

STANDARD FORD CO-PILOT360™ TECHNOLOGY

- Hill Start Assist
- Rear View Camera
- SOS Post-Crash Alert System™
- Trailer Sway Control

AVAILABLE FEATURES

- 26.5-gal. midship fuel tank
- 110V/400W power outlet
- Aft-of-axle frame extension
- Audible Lane Departure Warning
- Dual diesel fuel tanks (40.0-gal. aft-of-axle; 26.5-gal. midship)
- Electronic shift-on-the-fly (ESOF) 4-Wheel-Drive System with manual locking hubs
- Engine – 6.7L Power Stroke V8 Turbo Diesel
- Flooring – Carpet delete
- LED sideview mirror spotlights
- Mirrors – PowerScope® trailer tow
- Operator-commanded exhaust filter regeneration (with diesel engine)
- Power takeoff (PTO) provision with transmission-mounted live-drive mobile and stationary modes (gas engine)

- Pre-Collision Assist with Automatic Emergency Braking (AEB)
- SYNC 3
- Trailer brake controller with Smart Trailer Tow Connector
- Upfitter interface module
- Windshield wiper de-icer

FLEET EXCLUSIVES

## FORD FLEET

### North American Fleet, Lease & Remarketing Operations

Some features discussed may be optional. Vehicles may be shown with optional and aftermarket equipment and without standard antenna. Features may be offered only in combination with other options or subject to additional ordering requirements/limitations. Select features and packages are shown. Please visit [fleet.ford.com](http://fleet.ford.com) for a complete Ordering Guide. Information in this Federal Government Product Highlights brochure was developed from Ordering Guides as of January 2020. Information is provided on an "as is" basis and could include technical, typographical or other errors. Ford makes no warranties, representations, or guarantees of any kind, express or implied, including but not limited to, accuracy, currency, or completeness, the operation of the information, materials, content, availability, and products. Ford reserves the right to change product specifications, pricing and equipment at any time without incurring obligations. All specifications and ratings based on preliminary data. Note: This brochure does not include all vehicles offered by Ford to the GSA. To view the full lineup, please visit GSA's AutoChoice website at [gsa.gov/portal/content/100012](http://gsa.gov/portal/content/100012). • Colors are representative only. Visit [fleet.ford.com](http://fleet.ford.com) for actual paint/trim options. • For more information on AdvanceTrac® with or without RSC, visit [fleet.ford.com](http://fleet.ford.com). Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. • Always wear your safety belt and secure children in the rear seat, if equipped, and follow airbag warning label instructions. • SYNC®: Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. • Michelin is a registered trademark of Michelin North America, Inc. • All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com). All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. • The Bluetooth word mark is a trademark of the Bluetooth SIG, Inc.
